

WARRANTY POLICY

OVERHAUL

Units, which have undergone overhaul, will be covered by a warranty period of twelve (12) months from the date of overhaul, or 500 hours from installation, which ever occurs first. This warranty will cover all replaced parts and labor required to correct any malfunction. Parts and/or labor, required to correct any malfunctions found to be non-related to the original overhaul, will be considered the responsibility of the customer and charged accordingly.

REPAIR

Units, which are repaired, but not overhauled, will be covered by the warranty period of six (6) months from the date of such repair, or 250 hours from installation, which ever occurs first. This warranty will cover only the parts, that were replaced at the time of the repair and the labor required to correct any malfunction. Parts and/or labor required to correct malfunctions found to be non-related to the original repair will be considered the responsibility of the customer and charged accordingly.

FUNCTIONAL TEST

Units, which are functionally tested, and found to be within operating specifications, as defined by the manufacture, will not be covered by any warranty period.

WARRANTY LIMITATIONS

Costs associated with the removal and installation of the unit must be paid by the customer. No other warranties shall be expressed or implied by law or otherwise, and no further obligations or liabilities shall be incurred by World Class Accessory, Inc., through the service of any product. World Class Accessory, Inc., shall not be obligated hereunder, if examination discloses, that reported defects or malfunctions are due to the use of, abuse, alterations, broken seals, improper storage, shipping, handling, installation, operation, or general misuse in conjunction with standard practices to ensure reliability, as determined and outlined by the represented manufacturer.
