## STAINLESS STEEL DOOR FITTINGS

We know that Space Shuttles, Aeroplanes, Ships, Metro-Railways, Ultra Modern Equipments, Hazardous Containers and what not have a sizeable presence of Stainless Steel. Now there is a worldwide acknowledgment that Brass in the kitchen, aluminium and alloys in home decoration fail to match the shine, durability and aesthetic designing of Stainless Steel appliances. Be it a home, office or lounge, it is a reflection of individual uniqueness and all fittings used there speak, though silently, of the taste, standing and cultural background of the owner and users.

Sara Metsteel (P) Ltd. has acquired the services of the best designers in India who had worldwide exposure. This is why *Sara* makes Stainless Steel Door Hinges, Tower Bolts, Al-Drops, Handles, Door-Silencers, Door Stoppers and numerous other door fittings have a telling presence and defy time with their epic endurance.
