

MODEST NEEDS

How Your Donation Helps

APPLICANTS MAKE REQUESTS

A person or family experiencing a temporary crisis makes a short term financial request to fund a specific need, such as rent or a health care bill.

DONORS CREATE AN ACCOUNT

Once a donation account is made, donors can contribute funds for a one-time gift or monthly pledge. This can be done via credit card, bank account, or PayPal.

DONORS BROWSE APPLICATIONS

There are many requests, some partially funded and some just getting underway. Donors read the stories that accompany the requests, choose which applications they'd like to fund, and with how much money from their account. They may also choose to fund Modest Needs' operating budget or special programs.

FUNDS ARE SENT

Modest Needs does not send funds directly to any applicant. Instead, a payment is made directly to the vendors or creditors designated in the application.

SMALL CHANGE. A WORLD OF DIFFERENCE
