Cost effective & High quality standards:

Powergear is a strong global brand in tailor made lighting track systems and universal adapters for the professional lighting market. Powergear offers a high quality 3 circuit (3-phase) lighting track system which is fully compatible with 3-phase adapters of all major brands. The comprehensive range of innovative accessories – like the twisted L and T connectors – gives the designer maximum freedom to create the ultimate track plan. To guarantee cost-effectiveness and flexibility, we make use of our own manufacturing facilities with our products being produced under certified ISO9001 and ISO14001 regulations and ENEC, CE and UL labels which are relevant for the European and/ or US market.

Customer service:

From our European head office for sales, service and distribution we offer swift and efficient deliveries and strive to provide the highest level of customer service possible. The growing Powergear distribution centre network ensures availability throughout all European countries, making Powergear the winning brand in Lighting Track.

Flexible solutions:

Due to our strong customer focus, Powergear is willing and able to offer flexible opportunities to fulfill the specific needs of a customer. From a fully customized product to our standard product and every step in between is part of the Powergear offer and service. This means that Powergear can offer a solution in own package or label of the customer, but also a complete private label concept. In general it means that Powergear is willing to walk the extra mile to satisfy our customer.

ADAPTERS

- Great compatibility to all major lighting track systems.
- For the OEM market Powergear offers a wide range of 3 circuit and 3 circuit DALI adapters.
- Innovative range of in-track drivers giving new opportunities for minimalistic design in lighting fixtures.
- Multi current driver is concealed in the adapter.
- Connected solutions based on Casambi technology

48V TRACK SYSTEM

- High quality 48V track system for the professional lighting market.
- Maximum freedom to create the ultimate track plan.
- Modular joint, multiple mounting methods, quick and easy to install.
- Minimalistic design.
- Focused on residential and high end retail lighting solutions.
- Available in dimming and DALI function.
- Also available in recessed version.
- Adapters incl. driver, DIP switch current selection.

Low Voltage 2 Circuits

48V 2*15A Max.

Low Voltage Single Circuit DALI

48V 15A Max.
