

## PATTA-I

## LED outdoor recessed ceiling light, round DL IP65 black 1800-3000K

The innovative PATTA-I recessed light is suitable for ceiling thicknesses up to 20 mm. Thanks to its IP65 rating, it is suitable for use outdoors and in wet rooms. The light is available in black, white or silver grey, and in a round or square shape. It is fitted with a powerful, din-to-warm LE-D, which allows the light colour to be individually adjusted. Thanks to the integrated LED driver, the light can be connected directly to the 230 V mains voltage.

## TECHNICAL DATA

| Item no.:                                | 1002098                    |
|------------------------------------------|----------------------------|
| Primary nominal voltage                  | 220-240V ~50/60Hz mA/V     |
| Secondary power / secondary volta-<br>ge | 350mA                      |
| Height                                   | 4 cm                       |
| Diameter                                 | 8 cm                       |
| Installation diameter                    | 6 cm                       |
| Installation depth                       | 6 cm                       |
| Net weight                               | 0.229 kg                   |
| Gross weight                             | 0.281 kg                   |
| IP Code                                  | IP 20 / IP 65              |
| Safety class                             | II                         |
