

KENKUA SPOT

E27 Indoor LED recessed wall light, chrome, 3000K

The KENKUA SPOT WL impresses with a successful combination of steel and glass elements and, as well as being the main light source, it is equipped with an LED reading light with a warm white light colour. With the beam angle selected for the LED reading light, it is almost glare-free and thereby ensures a comfortable light which relaxes the user. Thanks to the tilting and swivelling joint piece, the LED can be appropriately aligned. The E27 lamp socket behind the main lampshade and the built-in LED converter make the KENKUA SPOT WL ready for direct connection to the 230V mains power supply. The luminaire contains built-in LED lamps.
