

PARA CONE GL GU10

black / transparent pendant light

Those who want a particularly warm lighting effect should choose the conically shaped reflector of the PARA CONE GL GU10 light. The black and transparent version can be individually combined with a wide range of colours and sizes of other PARA CONE lamps to create a cloud of light. The aluminium and glass housing is impressive, not least because of its high quality. Experience PARA CONE in action and convince yourself of a successful lighting experience.
