

Uruguay IDB-UTEC and 4Geeks

WE HAVE LAUNCHED TOGETHER SEVERAL
FULL-STACK ARTIFICIAL INTELLIGENCE
PROGRAMS

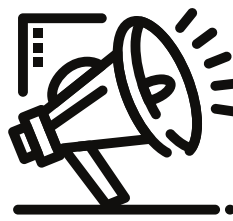

HOW IT STARTED 2021

It has been a partnership that started in 2021 but has lasted many years (some programs are still being offered)

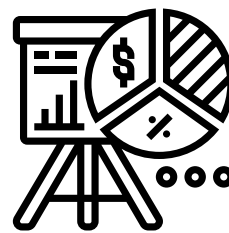

UTEC

"Universidad Tecnológica del Uruguay" is the main entity supervising and in charge of the projects, and has been focusing on providing access to communities all around Uruguay

+5K Applications

We have received more than 5k applicants interested in the programs offered in Uruguay. We have implemented two main Programs in Uruguay: (i) Full-stack and (ii) AI and Machine Learning

200 Students

We have graduated over 200 students in Uruguay thanks to the partnership

Uruguay is one of the real success stories of a partnership in Education where Multilateral institutions (IDB), National entities (UTEC), and private sector come together with a program that creates direct benefits to everyone selected.
