The Floor Price, Cap Price and Issue Price (determined and justified by our Company in consultation with the Book Running Lead Manager as stated in "Basis for Issue Price" on page 89 of this Red Herring Prospectus) should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.				
GENERAL RISK				
Investments in Equity and Equity related securities involve a degree of risk and investors should not invest any funds in this issue unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the Red Herring Prospectus. Specific attention of the investors is invited to the section "Risk Factors" beginning on page 26 of this Red Herring Prospectus.				
ISSUER'S ABSOLUTE RESPONSIBILITY				
Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to our Company and the Issue which is material in the context of this Issue, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which make this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.				
LISTING				
The Equity Shares of our Company offered through this Red Herring Prospectus are proposed to be listed on the Emerge Platform of National Stock Exchange of India Limited in terms of the Chapter IX of the SEBI (ICDR) Regulations, 2018 as amended from time to time. Our Company has received an approval letter dated August 31, 2023 from National Stock Exchange of India Limited for using its name in the Red Herring Prospectus for listing of our shares on the Emerge Platform of National Stock Exchange of India Limited. SECTION II - SUMMARY OF OFFER DOCUMENTS

SUMMARY OF OUR BUSINESS OVERVIEW

Our Company is engaged in the business of manufacturing of *electric equipments*, including electrical panels, instrument transformers, and vacuum contactors, catering to consumers from institutions, industries, electricity transmission and distribution utilities. Our Company has two (2) plants to manufacture the products with emphasis on quality and performance.

In addition to production and manufacturing, we are also providing *services related to distribution and management of power* in which our operation includes establishment of electrical infrastructure which involves power quality audit, site analysis, online cloud based multiple monitoring and data analysis for better management to reduce losses at Transmission, distribution and User level. We are also engaged in managing electrical distribution network for the distribution companies (“DISCOMs”).

Further, Our Company is also engaged in turnkey projects which involves supply, installation, erection, commissioning, and maintenance of electrical infrastructure up to 33 KV, managing greenfield LED streetlight and technical operation and maintenance of one of the electrical division in Odisha.

SUMMARY OF OUR INDUSTRY

APFC Industry

The Global Automatic Power Factor Controller market was valued at USD 4.23 billion in 2021 and is expected to reach USD 5.24 billion by the year 2028, at a CAGR of 3.1%.

An automatic power factor controller project is developed to enhance the power factor automatically whenever the power factor falls below a certain level. As we know demand for electrical energy is rising day by day. More and more inductive loads are being utilized in industry and domestic applications. Inductive loads are the key factor for low power factors in the power system. Hence, we require to design a method to enhance the power factor automatically.

Furthermore, an automatic power controller project offers a solution to this problem. Low power factor incorporates a redundant burden on the power system and transmission lines. By improving the power factor of the power system automatically, power system efficiency can be boosted. Furthermore, the power factor correction prototype is designed using a pic microcontroller, transformer, relays, current transformer, and zero-crossing circuit.

Global Electricity Meters Industry

The global electricity meters market was valued at USD 9.88 billion in 2021 and is expected to grow at a CAGR of 6.3% during the forecast period. The expanding economy, combined with industrial development, is expected to drive the market demand for increased energy consumption. The developing metering infrastructure provides opportunities for automakers to use technological innovations to benefit end-users directly.

Global Electric Power Transmission and Distribution Equipment Market

The global electric power transmission and distribution equipment market was valued at USD 202.6 billion in 2021 and is expected to expand at a compound annual growth rate (CAGR) of 5.7% from 2022 to 2030. The advancement in electric power transmission and distribution equipment to fulfill the rising demand for electricity from the residential, commercial, and industrial sectors is propelling the global market growth. In addition, the introduction of various on-shore and off-shore projects by the government to generate electricity to cater to rising energy demand will result in the deployment of efficient switchgear, transformers, and meters for smooth power transmission and distribution.

Indian Electrical Equipment Market

According to market research and advisory firm Technavio, the Indian electric equipment market is expected to increase by USD 33.74 billion from 2021 to 2025 to reach USD 70.69 billion. The sector's growth momentum is expected to accelerate at a CAGR of 9% and it contributes 1.5% to India's overall GDP. Although India has adequate power generation capacity, still a substantial proportion of the population has limited access to electricity, mainly because of the lack of proper transmission and distribution infrastructure. Hence, electrification is a megatrend which is driving growth and creating new opportunities to participate in infrastructure development as well as demand emanating from semi-urban and rural markets.

SECTION III- RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties summarized below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with the chapters titled “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page numbers 123 and 243, respectively, of this Red Herring Prospectus as well as the other financial and statistical information contained in this Red Herring Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in the section titled “Financial Information, as Restated” beginning on page number 206 of this Red Herring Prospectus.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Red Herring Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

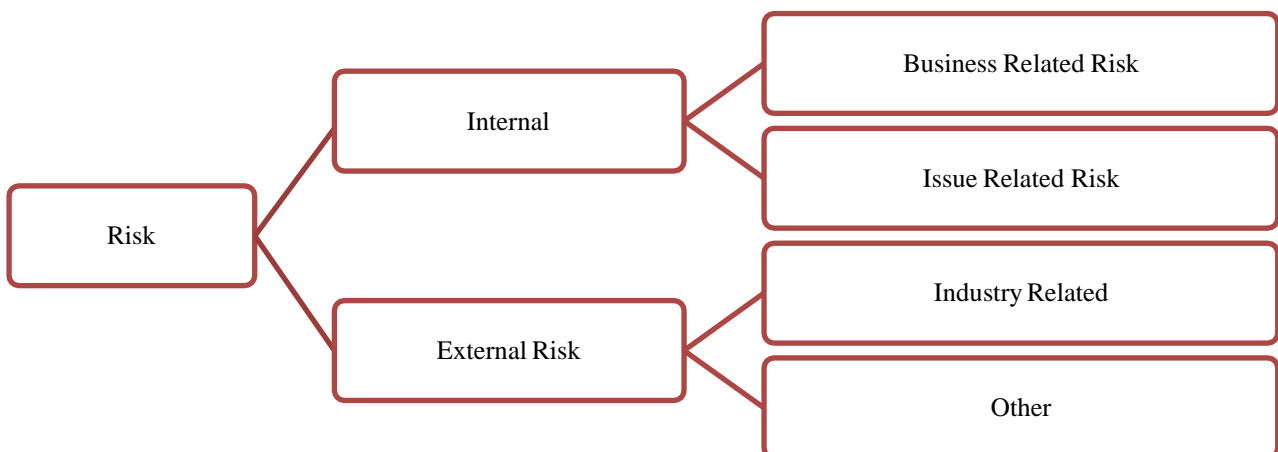

This Red Herring Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Red Herring Prospectus. These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined based on their materiality, which has been decided based on following factors:

1. Some events may not be material individually but may be material when considered collectively.
2. Some events may have an impact which is qualitative though not quantitative.
3. Some events may not be material at present but may have a material impact in the future.

Classification of Risk Factors

Internal Risk Factors

1. *Our present promoters of the Company are first generation entrepreneur.*

Further, we hereby undertake that all the plant & machinery proposed to be acquired from IPO proceeds shall be installed by the Company at registered office which is owned by the Company situated at Plot No. 87/4, MIDC, Satpur, Nashik- 422007, Maharashtra, India for the Advance Metering Infrastructure (AMI) segment. Please refer chapter “Financial Information as restated” for the emphasis of matter included in the auditors report provided by the statutory auditor of the Company.

4. We do not have long term contracts with our suppliers and therefore, there may be potential unavailability of raw materials in future, which may adversely affect our business operations.

Our ability to manufacture and make timely deliveries of our products is dependent upon the availability of raw materials and the cost incurred over them.

Our consolidated raw material expenditure for the following period are as follows:

(Amount in Lakhs, except %)

Particulars	For the period ended on March 31, 2023	For the year ended on March 2022	For the year ended on March 2021
Raw Material Consumption	3,187.80	3,775.67	2,164.17
% of Revenue	69.16%	72.84%	29.14%

We generally do not enter into agreements with our suppliers and transact with them on an order-by-order basis, and we cannot assure you that we will continue to enjoy undisrupted relationships with our suppliers in the future. We cannot assure you that we will be able to procure such specific raw materials in a timely manner or at commercially acceptable terms, or at all, resulting in delays in production and delivery of our products.

If we are unable to obtain adequate supplies of raw materials in a timely manner or on commercially acceptable terms, the cost of raw material consumption can increase, which could have an adverse effect on our business, prospects, results of operations and financial condition.

5. The restated financials of our Company show a downward trend of revenue during the last financial year and stub period. If these trends continue, our business operations and financial condition may be adversely affected.

As compared to previous years, the revenue for the financial year ending on March 31, 2021 exhibited an increase as we executed one of our major projects under EPC segment “Greenfield LED Street Lighting Projects” in 2019 to 2021. Because of this, the restated financials of our Company show a downward trend in revenue during the financial year ended March 31, 2022 and the period ended March 31, 2023. If these trends continue or we are unable to get these projects in the future, our business operations and financial conditions may be adversely affected.

The table showing downward trend of our Company’s revenue in the past periods are shown below:

(Amount in Lakhs)

Particulars	For the period ended on March 31, 2023	For the year ended on March 2022	For the year ended on March 2021
Revenue from operations	4,644.03	5,183.70	7,427.35

6. Our Company operation and growth is dependent upon successfully implementation our business strategies.

The success of our business depends substantially on our ability to implement our business strategies effectively, like expansion of our product range with a focus on value added products. We have successfully executed our business strategies in the past but there can be no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and the results of operations.

- 7. Our Company has negative cash flows from its operating, investing activities and financing activities in the current and past years, details of which are given below. Sustained negative cash flow could impact our growth and business.**

Our Company had negative cash flows from our operating activities (largely due to overdue receivables, increase in inventory, and payment to trade payables) and investing activities (largely due to purchase of investments and of fixed assets, capital advances paid and an increase in the capital work in progress) in the current and previous years as per the Restated Financial Statements and the same are summarized as under.

(Amount in Lakhs)

Net Cash Generated from	For the period ended on March 31, 2023	For the year ended on March 2022	For the year ended on March 2021
Operating Activities	401.83	(428.21)	560.76
Investing Activities	(747.39)	6.20	(311.15)
Financing Activities	694.45	298.25	(109.33)

Any such negative cash flows in the future could adversely affect our business, financial condition and results of operations. For more details, kindly refer to the page no. 206 in the chapter title “*Financial Information as restated*”.

- 8. We have obtained some of our contracts through government tenders, unavailability or any failure to secure these tenders in the future may adversely affect our business operations and financial conditions.**

Our Company generates a significant portion of revenue from the contracts through government tenders. In the past, our Company has done various projects which are secured by us through government tenders process, For instance “Greenfield Street Light Project in Odisha”. Our inability to secure them or if we lose any existing contract, or the unavailability of these tender, in the future may adversely affect our business operations and financial conditions.

- 9. If we experience delays and/or defaults in client payments, we may be unable to recover all expenditures.**

Due to the inherent characteristics of our business operations, we occasionally allocate resources to projects before obtaining payments from our clients that are adequate to cover the expenses incurred during the process. In difficult economic times, some of our clients may find it increasingly difficult to pay invoices for our services in a timely manner. Delays in client payments may require us to make a working capital investment, which could impact our cash flows and liquidity. If a client fails to pay invoices on a timely basis or defaults in making its payments on a project in which we have devoted significant resources, there could be an adverse effect on our results of operations or liquidity.

- 10. Our business operations are subject to various operating risks at our sites, accidental risk, the occurrence of which can affect our results of operations and consequently, financial condition of our Company.**

Our business operations are subject to operating risks, such as breakdown or failure of plant & machineries and equipments used at the sites, shortage of consumables, performance below expected levels of output or efficiency, natural disasters, and labour disputes. The occurrence of these risks, if any, could significantly affect our operating results, and the slowdown / shutdown of business operations may have a material adverse effect on our business operations and financial conditions.

Further, Usage of machinery, handling of materials by labour during manufacturing process, testing of electrical equipments or otherwise, lifting of materials by humans, etc. may result in accidents, which could cause injury to our labours, employees, other persons on the site and could also damage our properties thereby affecting our operations. Occurrence of accidents could hamper our manufacturing process and consequently affect our profitability.

11. Our Company has obtained unsecured loans amounting to Rs. 558.35 Lakhs that may be recalled by the lenders at any time.

We have outstanding unsecured loans of Rs. 558.35 Lakhs as at March 31, 2023, which may be recalled by the lenders at any time. In the event that the lenders seek a repayment of any such loans, Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all, which may affect the result of operation and financial conditions of our business. For further details, please refer to the chapter titled “*Financial Indebtedness*” beginning on page 254 of this Red Herring Prospectus.

12. Our contingent liabilities as stated in our Restated Financial Statements could adversely affect our financial condition.

Below are the contingent liabilities, as on March 31, 2023, as disclosed in our Restated Financial Statements in accordance with applicable accounting standards:

(Amount in Lakhs)

Particulars	As at		
	31-03-2023	31-03-2022	31-03-2021

Capital Commitments	0.00	112.84	212.84
Capital Work in progress	Amount not ascertainable	Amount not ascertainable	Amount not ascertainable

In the event, that any of these contingent liabilities or a significant proportion of these contingent liabilities materialize, our future financial condition, result of operations and cash flows may be adversely affected.

For further details, please refer to the chapter titled “*Financial Statement as restated*” beginning on page 206 of this Red Herring Prospectus.

13. Significant portion of our revenue has been generated from some states of India, any loss of business from these states may adversely affect our revenues and profitability.

Though our Company supply its products on PAN India basis across all the states in India. However, a significant portion of our revenue is concentrated in some states across India. Any factors relating to political and geographical changes, growing competition and any change in the demand for our service by customers of these states may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these states, and loss of business from one or more of them may adversely affect our revenues and profitability.

The contribution of top five states in our total revenue is as follows:

(Amount in Lakhs, except %)

Sr. No.	States	March 31, 2023	% of Total Revenue	March 31, 2022	% of Total Revenue	March 31, 2021	% of Total Revenue
1	Odisha	2,357.93	51.15%	4157.46	80.20%	6537.06	88.01%
2	Maharashtra	1,744.81	37.85%	341.04	6.58%	229.93	3.10%

3	Chhattisgarh	115.22	2.50%	2.76	0.05%	-	-
4	Karnataka	106.14	2.30%	324.3	6.26%	215.59	2.90%
5	Gujarat	73.68	1.60%	82.19	1.59%	22.47	0.30%
	Total	4397.78	95.41%	4907.75	94.68%	7005.35	94.31%
	Total Revenue	4609.44	100.00%	5183.70	100.00%	7427.35	100.00%

14. Our top ten customers contribute significant portion of our revenues during the current and previous financial years. Any loss of business from one or more of them may adversely affect our revenues and profitability.

Following are the details of the revenue, our Company has generated from its Top 10 Customers:

(Amount in Lakhs, except %)

Particulars	For the period ended on March 31, 2023	For the year ended on March 31, 2022	For the year ended on March 31, 2021	For the year ended on March 31, 2020
Top 10 Customers	3,971.10	4,079.50	5,518.89	555.64
% of Revenue	86.15%	78.70%	74.31%	26.78%
Revenue from operations	4,609.44	5,183.70	7,427.35	2,075.06

Our Company's business operations and profitability are highly dependent on these customers, if case of any type of loss of these customer could adversely affect our business operations and financial conditions.

Any decline in our quality standards, growing competition and any change in the demand for our products by these customers may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

15. The Statutory Auditor of the Company in its report has given emphasis on certain matter.

The statutory Auditor in his independent audit report for the period ended March 31, 2023 and financial year ended March 31, 2022, and March 31, 2021 emphasized on matter " The Company does not have valid and clear title deed in the name of the company for one of its factory premises situated at F-97, MIDC, Satpur, Nashik, Maharashtra although the Management represents it is in physical possession of the said property. The company has spent an amount of Rs. 89.49 Lakhs as on March 31, 2023 towards improvement on the said asset.

In case of failure to obtain the valid title of the said property, the Company has to vacate the said office, thereby the business operation and financial position of the company will be affected.

16. Our inability to effectively manage project execution may lead to project delays which may affect our business and results of operations.

Our business is dependent on our ability to effectively manage the execution of our projects. An inability to effectively manage our operations, including ineffective or inefficient project management procedures could increase our costs and expenses, result in project delays and thereby affect our business operations & profitability. The effectiveness of our project management processes and our ability to execute projects in a timely manner may be affected by various factors such as availability of resources, timeline, stakeholder involvement, and budget. If such factors are not effectively considered and utilized during project execution, it can have a negative impact on the project and its outcomes, which may affect our business and results of operations.

17. Our Company operations requires significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.

Our Company's business operations require a significant amount of working capital. In our business, working capital is often required to finance the procurement of raw material and for salaries of employees. In the event, we are unable to source the required amount of working capital, we might not be able to efficiently satisfy the demand of our clients in a timely manner or at all. Even if we are able to source the required amount of funds, we cannot assure you that such funds would be sufficient to meet our cost estimates, which could have adverse effect on our financial conditions and results of operations.

There exist substantial requirement of working capital and financing in the form of fund and non-fund based working capital facilities to meet our requirements. The details of our working capital for ended March 31, 2023, March 31, 2022 & March 31, 2021 are as under which is showing continuous increase:

Particulars	For the year ended on March 31, 2023	For the year ended on March 31, 2022	For the year ended on March 31, 2021

18. There is no monitoring agency appointed by our Company and the deployments of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lakh. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the Audit Committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

19. Our company unable to work on its full potential and utilized its full capacity for the production and manufacturing of products.

As our company is into the manufacturing business, utilisation of its full capacity is very important to maximize the efficiency and profitability of our business.

The details of capacity utilisation by our Company in the past periods are shown below:

Product Category*	Particulars	For the period ended 31st March, 2023	For the period ended 31st March, 2022	For the period ended 31st March, 2021
Electrical Panels	Installed Capacity	200	200	200
	Actual	198	193	182
	%	99.00%	96.50%	91.00%
Current / Potential Transformer	Installed Capacity	6,800	6,800	6,800
	Actual	900	797	1,206
	%	13.24%	11.72%	17.74%
Vacuum Contractor	Installed Capacity	600	600	600
	Actual	586	413	402
	%	97.67%	68.83%	67.00%

The trend shows that our manufacturing facilities are not operating at optimum capacity utilization and there can be no assurance that we will be successful in achieving such utilization levels. Further, if we are unable to utilise our full capacity, that may affect the results of operations and financial conditions.

20. The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles “Objects of the Issue”.

The fund requirement and deployment, as mentioned in the “Objects of the Issue” on page 78 of this Red Herring Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan.

We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter Objects of the Issue is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter Objects of the Issue will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

21. Our Company may incur penalties or liabilities for non-compliances with certain provisions of the GST Act and other applicable laws in the last Years.

Our Company have incurred penalties or liabilities for non-compliance with certain provisions including lapsed/ made delay in certain filings and/or erroneous filing/ non-filing of e-forms under Company Act applicable to it in the past years. Such non-compliances/delay Compliances/ erroneous filing/ Non-Filing/ Non Registration may incur the penalties or liabilities which may affect the results of operations and financial conditions of the company in near future. The details of late filings in past years are given below:

23. *The average cost of acquisition of Equity Shares by our Promoters is lower than the issue price.*

Our Promoters' average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this Prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page no. 71 of this Red Herring Prospectus.

24. *Our major revenue is sourced from sale of our products such as APFC Panels and Green field street lighting Projects. Our inability or failure to manage and attract more clients in this regards could adversely affect our business.*

A major portion of our business revenue is derived from the sale of APFC panels and green field street lighting project. If there is a disruption in the form of new technology in the APFC panels or then it may lead to disruption in the business. If our company is unable to adapt to the new technology in a timely manner or if the demand for APFC panels and other electric equipments does not grow faster enough or it takes longer to reach higher volumes than we anticipate, or if we are unable to get the project like green field streetlight, our revenue may disrupt and thereby our business, operational and financial results may be adversely affected.

25. *Our Promoters, Directors have provided personal guarantees to loan facility availed by us, which if revoked may require alternative guarantees, repayment of amount due or termination of the facilities.*

Our Promoters, Directors have provided personal guarantees to certain loan facilities availed by us. In the event that any of these guarantees are revoked or withdrawn, the lenders for such facility may require alternative guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facility. We may not be successful in procuring alternative guarantees satisfactory to the lender, and as result may need to repay the outstanding amounts under such facility or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial conditions. For further details about indebtedness of our Company, please refer to the chapter "Financial Indebtedness".

26. *Any disagreements or disputes with our Chinese suppliers regarding the imported raw materials could have an impact on our operational outcomes and financial state.*

For manufacturing our products, we import certain raw materials from China. In case of any disputes or conflicts arising between our company and the suppliers in China who provide us with raw materials, it could lead to significant operational disruption for our business. These disruptions can lead to a decrease in our overall productivity and efficiency, affecting our ability to fulfill customer orders and meet market demands.

Further, potential disputes with these suppliers in the future or any strain in the political ties between India and China could have an adverse impact on our ability to import. Such circumstances would subsequently influence our operational performance and financial performance of our company.

27. *Global Shortage in chip supply could have adverse effects our manufacturing process.*

As per the report by J.P Morgan "Supply chain issues and autos: When will the chip shortage end?"

The chip shortage is all but over, according to J.P. Morgan Research. In fact, there may even be oversupply in the short term, though looking further ahead, some shortages could linger as certain types of chips remain more in demand than others.

Semiconductors or chips are a crucial element in the manufacturing of consumer electronics such as smartphones, cameras, and computers. In cars, they are needed for everything from entertainment systems to power steering. At the height of the chip shortage, global auto production slumped 26% during the first nine months of 2021.

"We're nearing the end of the supply crunch after more semiconductor capacity comes online in 2022 ... Looking ahead, we don't predict any major constraints.

If the shortage as predicted does not end in near future, this could have an adverse impact on our business.

28. Our profitability and business operations is significantly dependent on our ability to successfully anticipate the industry and client requirements. Any failure on our part to do so, may have an impact on our operations, which could have an adverse effect on our revenue, reputation, financial conditions, results of operations and cash flows.

Our profitability, business operations and its success is significantly dependent on our ability to ensure continued demand for our products in existing and proposed markets, which requires us to continuously anticipate and respond in a timely manner to customer requirements and preferences. If we are unable to successfully anticipate customer requirements or are unable to modify our current portfolio of products or develop new products, in a timely manner, we may lose customers.

Though we are committed to product innovation to respond to changing technology in the electric equipment industry, there can be no assurance that we would be successful in developing new products that respond to such changes or changes in customer requirements and preferences or that our products would gain acceptance in our existing or new markets. Any enhancement to our existing offerings or new offerings that we develop and introduce involves significant commitment of time and resources and is subject to a number of risks and challenges including:

- ensuring the timely deployment of new offerings and features;
- adapting to emerging and evolving industry standards, technological developments by our competitors and changing client requirements;
- operating effectively with existing or newly-introduced technologies, systems, or applications of our existing and prospective clients.

The development of alternative technologies or a fundamental shift in technologies in key markets for our electric equipment could have an adverse effect on our business. Moreover, failure to correctly anticipate trends and adapt to the changing technological environment may result in reduced demand for our products which could have adverse effect on our revenue, reputation, financial conditions, results of operations and cash flows.

29. Our Company has entered into certain related party transactions in the past and may continue to do so in the future.

As of nine months period ended March 31, 2023 we have entered into several related party transactions with our Promoters, individuals and entities forming a part of our promoter group relating to our operations aggregate amount to Rs. 2286.98 Lakhs. In addition, we have in the past also entered into transactions with other related parties. However, the related party transactions entered into with Promoters/ Directors/ Promoter Group is in compliance with Section 188 of Companies Act, 2013 and other applicable rules, as may be applicable.

For further details, please refer to the chapter titled “*Financial Information – Restated Financial Information – Annexure VI-36: Restated Statement of Related Party Transactions*” beginning on page 238. While we believe that all our related party transactions have been conducted on an arm’s length basis as per the Companies Act, 2013, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future.

30. We operate in highly competitive markets and our inability to compete effectively may lead to lower market share or reduced operating margins, and adversely affect our results of operations.

We operate in a highly competitive market, with participants in the organized and the unorganized sectors. There are no entry barriers in our industry, which puts us to the threat of competition from new entrants. We

face competition from other manufacturers, traders, suppliers and importers of electric equipment in relation to our offerings.

There are various principal factors affecting competition in our business which includes:

- Quality of the products and services Company offers
- Consumer preferences and demand
- Relationship with Clients
- Brand recognition and reputation in the market
- Pricing strategy
- timely delivery of the products and services.

In the event of inability to compete effectively in the market, this can increase competition in the market, lower our market share, reduce our operating margins and adversely affect our results of operations.

31. In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. As a result, our directors will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. We cannot assure you that our directors or our Key Management Personnel would always exercise their rights as shareholders to the benefit and best interest of our Company, thereby adversely affecting our business and results of operations and prospects.

32. If we fail to maintain an effective system of internal controls, we may not be able to successfully manage or accurately report our financial risk.

Effective internal controls are necessary for us to prepare reliable financial reports and effectively prevent and detect any frauds or misuse of funds. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may decline over time. There can be no assurance that additional deficiencies or lacks in our internal controls will not arise in the future, or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies or lacks in our internal controls. If internal control weaknesses are identified in a delayed manner, our actions may not be sufficient to correct such internal control weakness. Such instances may also adversely affect our reputation, thereby adversely impacting our business, results of operations and financial condition.

33. Any infringement of third party intellectual property rights or failure to protect our intellectual property rights may adversely affect our business.

Our Company undertakes regular updates and changes in our products to keep up to date with prevalent technology and market requirements. We cannot assure that that our products do not or will not inadvertently infringe valid third party intellectual property rights, which may expose us to expensive legal proceedings. If we are unsuccessful to defend ourselves against such claims in relation to use of intellectual property right, we may be subject to injunction and/or required to pay compensation which may adversely affect our business.

Further, we do not register any of the designs developed by us under the Designs Act, 2000 for any of our products. As such, it would be difficult for us to enforce our intellectual property rights in any of these designs or products, in the event our competitors or other companies in the electric equipment industry copy our designs or develop and market products manufactured using the same or similar technology as our electric equipment. Therefore, in case of failure to protect our intellectual property rights may adversely affect our business operation and financial conditions.

34. We require certain quality certifications, approvals, licenses, registrations and permits to operate our business, and failure to obtain or renew them in a timely manner or maintain the statutory and regulatory permits and approvals may adversely affect our operations and financial conditions.

Our Company is an ISO 9001:2015 certified company for design, manufacturing and supply of CT-PT, metering unit and cubical, automatic capacitor panel (APFC) fixed capacitor banks, MCC, PCC, VFD panels, thyristor switches & contactors, energy management system and energy meters, engineering and execution of electrical turnkey projects. Further, we require certain statutory and regulatory permits, licenses and approvals to operate our business.

Though, we believe that we have obtained those certifications, permits and licenses which are adequate to run our business. There can be no assurance that the relevant authorities will issue or renew any of such certifications, permits or approvals in time or at all. Failure to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business. For further details, please refer to section titled “Government and Other Statutory Approvals” beginning on page 260 of this Red Herring Prospectus.

35. Certain Agreements, deeds or licenses, statutory approvals and certificates may be in the previous name of the company, we have to update the name of our company in all the statutory approvals and certificates due to the conversion of our Company.

As of January 10, 2023, our company Akanksha Power and Infrastructure Private Limited was converted into a public limited company, as per the shareholder's resolution. This was followed by a fresh certificate of incorporation dated April 24, 2023. As a result of this conversion, we must update the name on all of our statutory approvals and certificates, including the PAN.

However, we cannot guarantee that we will be able to update all of these documents in a timely manner, in case of failure to update these documents could result in legal and financial complications, which may subject us to increased compliance costs, which may in turn result in an adverse effect on our financial condition.

36. We are subject to stringent labour laws or other industry standards and any strike, work stoppage, Lock-out or increased wage demand by our employees or any other kind of disputes with our employees could adversely affect our business, financial condition and results of operations.

Our manufacturing activities are labour-intensive. We are subject to a number of stringent labour laws that protect the interests of our workers. We have not experienced significant labour unrest in the past, strikes, lock-outs and other labour action but such may have an adverse impact on our operations, and if not resolved in a timely manner, could lead to disruptions in our operations. We cannot guarantee that we will not experience any strike, work stoppage, lock out or increased wage demand or other industrial action in the future and any such event could adversely affect our business, results of operation and financial condition.

37. We are dependent on our promoters and our management team and the loss of, or our inability to hire, retain, train, and motivate qualified personnel could adversely affect our business, results of operations and financial condition.

Our promoter and managing director, Mr. Bipin Bihari Das Mohapatra has over 23 years of experience in the electric equipment industry and is responsible for the growth of our business and is closely involved in the overall strategy, direction and management of our business.

We are also dependent on our senior management, directors and other key personnel, and believe our senior management and their understanding of the industry trends and market changes have been instrumental in the success of our brand amongst our customers. The loss of the services of our key personnel and any of our other executive officers, and our inability to find suitable replacements, could result in a decline in sales, delays in product development, and harm to our business and operations.

As on June 30, 2023 we have 439 permanent employees. We cannot guarantee that we will be able to recruit and retain qualified and capable employees.

We may incur significant costs to attract and recruit skilled personnel, and we may lose new personnel to our competitors or other technology companies before we realise the benefit of our investment in recruiting and training them. If we fail to attract new personnel or fail to retain and motivate our current personnel who are capable of meeting our growing technical, operational, and managerial requirements on a timely basis or at all, our business may be adversely affected.

38. Our Promoters, together with our Promoter Group, will continue to retain majority shareholding in our Company after the Issue, which will allow them to exercise significant control over us. We cannot assure you that our Promoters and Promoter Group will always act in the best interests of the Company or you.

The majority of our issued and outstanding Equity Shares are currently beneficially owned by our Promoters and the members of our Promoter Group. Upon completion of the Issue, our Promoters and members of our Promoter Group will own 1,12,60,200 Equity Shares, or 60.81% of our post-issue paid up equity share capital, assuming full subscription of the Issue. Accordingly, our Promoters and members of our Promoter Group will continue to exercise significant influence over our business policies and affairs and all matters requiring shareholders' approval, including the composition of the Board of Directors, the adoption of amendments to our constitutional documents, policies for dividends, lending, investments and capital expenditures.

The interests of our Promoters and Promoter Group as the Company's controlling shareholders could conflict with the Company's interests or the interests of its other shareholders. There can be no assurance that our Promoters and Directors will exercise their rights as shareholders to the benefit and best interest of our Company.

39. We are subject to various laws and regulations and required to comply with several regulatory compliance requirement, in jurisdictions where we operate, including environmental and health and safety laws and regulations, which may subject us to increased compliance costs, which may in turn result in an adverse effect on our financial condition.

Our operations are subject to various national, state and local laws and regulations. We are subject to laws specific to the industry in which we operate, as well as laws generally governing business in India, including those relating to the protection of the environment and occupational health and safety, including those governing the generation, handling, storage, use, management, transportation and disposal of, or exposure to, environmental pollutants or hazardous materials resulting from our manufacturing processes.

Our inability to control the costs involved in complying with these and other relevant laws and regulations and Failure to comply with these laws and regulations can result in severe penalties, including fines, legal action, and damage to the business's reputation, which could have an adverse effect on our business, financial condition, results of operations and cash flows.

For more details, please refer to chapter titled "*Key Regulations and Policies*" on page 164 of this Red Herring Prospectus.

40. Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders' approval.

We propose to utilise the Net Proceeds towards the objects of the Company as mentioned in chapter titled "*Objects of the Issue*" beginning on page 78. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds without obtaining the shareholders' approval through a special resolution. In the event of any

such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders' approval may adversely affect our business or operations.

Further, our Promoters would be liable to provide an exit opportunity to shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement of our Promoters to provide an exit opportunity to such dissenting shareholders may deter the Promoters from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

41. Significant differences exist between Indian GAAP and other accounting principles, such as Ind AS, IFRS and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

Our restated summary statements of assets and liabilities, restated summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the year ended March 31, 2023, 2022, and 2021 have been prepared in accordance with the Indian GAAP.

We have not attempted to quantify the impact of US GAAP, IFRS or any other system of accounting principles on the financial data included in this Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. Ind AS, US GAAP and IFRS differ in significant respects from Indian GAAP. Accordingly, the degree to which the Restated Financial Information included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited.

42. Our Company is subject to foreign exchange control regulations which can pose a risk of currency fluctuations.

Our Company is involved in business transactions with international clients located globally and has to conduct the transactions in accordance with the rules and regulations prescribed under FEMA. Our international operations make us susceptible to the risk of currency fluctuations, which may directly affect our operating results. In case we are unable to adhere to the timelines prescribed under the applicable laws or are unable to mitigate the risk of currency fluctuation, it may adversely affect our business, results of operations, financial conditions and cash flows.

43. Our Company has not paid any dividend in past 3 financial years and our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and declaration of dividend will depend upon financial performance of our Company at the time of declaration. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements (if any) in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past and there can be no assurance that our Company will declare dividends in the future. For further details, please refer to the chapter titled "Dividend Policy" on pages 205 of this Red Herring Prospectus.

44. Industry information included in this Red Herring Prospectus has been derived from an industry report from various websites. The reliability on the forecasts of the reports could be incorrect and would significantly impact our operations.

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Prospectus.

45. Our Company's future funding requirements, in the form of further issue of capital or other securities and/or loans that might be availed by us, may turn out to be prejudicial to the interest of the shareholders depending upon the terms and conditions on which they are raised.

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

This space has been left blank intentionally.

Issue Related Risk Factors

46. *There are certain restrictions on daily movements in the price of Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Following the Issue, we will be subject to a daily circuit breaker imposed by NSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

47. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.*

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

- Volatility in the Indian and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors,
- Adverse media reports on Company or pertaining to our Industry;
- Changes in our estimates of performance or recommendations by financial analysts; and
- Significant developments in India's economic and fiscal policies;

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

48. *Market price of our share will be decide by market forces and issue price of equity share may not be indicative of the market price our share price after the issue.*

After listing and trading permission of equity shares, the price of the shares shall be driven by free market forces. The market price of a company's share is determined by the forces of supply and demand in the stock market. These forces are influenced by a variety of factors, including the company's financial performance, industry trends, economic conditions, and investor sentiment.

When a company issues equity shares, it sets an issue price based on various factors such as the company's valuation, the prevailing market conditions, and the demand for its shares. However, the issue price is not necessarily indicative of the market price of the shares after the issue.

Once the shares are listed on the stock exchange, their price is determined by the forces of supply and demand in the market. If there is strong demand for the shares, the price may rise above the issue price, and if there is weak demand, the price may fall below the issue price.

Therefore, while the issue price of equity shares provides a starting point for the company's valuation, it is not necessarily a reliable indicator of the market price of the shares after the issue. Investors should carefully evaluate all relevant factors and information before making investment decisions in the stock market.

External Risk Factors

49. *Global growth is expected to decelerate sharply to 1.3 per cent in 2023 resulting in very high inflation that could directly affect the financial conditions of the company. resulting in very high inflation that could directly affect the financial conditions of the company.*

As per the world economic outlook – April 2023, the baseline forecast is for growth to fall from 3.4 percent in 2022 to 2.8 percent in 2023, before settling at 3.0 percent in 2024. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7 percent in 2022 to 1.3 percent in 2023. In a plausible alternative scenario with further financial sector stress, global growth declines to about 2.5 percent in 2023 with advanced economy growth falling below 1 percent. Global headline inflation in the baseline is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices but underlying (core) inflation is likely to decline more slowly. Inflation's return to target is unlikely before 2025 in most cases.

As a result of this decline in the economy growth and increase in the inflation, our industry will be highly affected and our company may face significant challenges. This could lead to a decline in demand for the company's products or services, as well as increased difficulty in accessing financing or managing currency risks.

50. *Outbreaks of contagious diseases, such as the recent outbreak of COVID-19, may have a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.*

India experienced multiple waves of COVID-19 which had impacted global supply chains and resulted in shortages of materials and components used in the manufacturing operations and an inability to meet the manufacturing targets and this impact continues till date. The COVID-19 pandemic had resulted in restrictions on travel and transportation and prolonged closures of workplaces, businesses and schools, with employees being asked to work from home and citizens being advised to stay at home. Consequently, there was a significant disruption in attendance at the manufacturing facilities.

There can be no assurance that any future outbreak of contagious diseases will not have a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.

51. *Changes in the Government Policy could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company's business could cause its results of operations to suffer. Any significant change in India's economic policies could disrupt business and economic conditions in India generally and the Company's business in particular.

52. *A slowdown in economic growth in India could adversely affect our business, results of operations, financial condition and cash flows.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the country in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports of materials, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows.

53. Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. There can be no assurance that we will be able to pass on any additional costs to our clients or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

54. Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include STT, GST, income tax and other taxes, duties or surcharges introduced on a permanent or temporary basis from time to time. Imposition of any other taxes by the Central and the State Governments may adversely affect our results of operations.

55. You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. You have either short-term or long-term capital gains depending on the holding period of your investment. Capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000, without the benefit of the indexation. Any change in tax provisions may significantly impact your return on investments.

56. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

57. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade the global equity markets as well generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the BRLM have entered into a tripartite agreement dated September 15, 2023 with Share India Securities Limited the Market Maker for this Issue, duly registered with NSE Emerge to fulfill the obligations of Market Making:

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.

2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. On the first day of the listing, there will be pre-opening session (call auction) and thereafter the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

9. **Risk containment measures and monitoring for Market Makers:** Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
10. **Punitive Action in case of default by Market Maker:** Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. **The Company has not issued any convertible instruments like warrants, debentures etc. since its incorporation and there are no outstanding convertible instruments as on date of this Red Herring Prospectus.*

*** the % has been calculated based on existing (pre-issue) Paid up Capital of the Company.*

9. Our Company has not issued any Equity Shares out of revaluation reserve or reserves without accrual of cash resources.
10. Except as disclosed in this Red Herring Prospectus, our Company presently does not have any intention or proposal to alter its capital structure for a period of six (6) months from the date of opening of the Issue, by way of split/consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise. However, during such period or a later date, it may issue Equity Shares or securities linked to Equity Shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement if an opportunity of such nature is determined by its Board of Directors to be in the interest of our Company.
11. We have 29 shareholders as on the date of filing of this Red Herring Prospectus.
12. As on the date of this Red Herring Prospectus, our Promoters and Promoters' Group holds total 1,12,60,200 Equity Shares representing 83.28% of the pre-issue paid up share capital of our Company.
13. None of our Promoters, their relatives and associates, persons in Promoter Group or the directors of the Company which is a promoter of the Company and/or the Directors of the Company have purchased or sold any securities of our Company during the past six months immediately preceding the date of filing this Red Herring Prospectus.
14. The members of the Promoters Group, our Directors and the relatives of our Directors have not financed the purchase by any other person of securities of our Company, other than in the normal course of the business of the financing entity, during the six months immediately preceding the date of filing this Red Herring Prospectus.

15. Details of Promoter's Contribution locked in for 3 years:

As per Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018, an aggregate of 20% of the post-Issue Capital shall be considered as Promoter's Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute 20.00% of the post-issue Equity Share Capital of our Company as Promoters Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters Contribution from the date of filing of this Red Herring Prospectus until the completion of the lock-in period specified above.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, *Minimum Promoters Contribution as mentioned above shall be locked-in for a period of 3 years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.*

Explanation: The expression "date of commencement of commercial production" means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilized as stated in the offer document, is expected to commence.

We further confirm that Minimum Promoters Contribution of 20.00% of the post issue paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoters Contribution has been brought into to the extent of not less than the specified minimum lot and has been contributed by the persons defined as Promoters under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoters Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

The details of the Equity Shares held by our Promoters, which are locked in for a period of 3 years from the date of Allotment in the Offer are given below:

Name of Promoter	Date of Transaction and when made fully paid-up	Nature of Transaction	No. of Equity Shares	Face Value (Rs.)	Issue/ Acquisition Price per Equity Share (Rs.)	Percentage of post-Offer paid-up capital (%)	Lock in Period
Bipin Bihari Das Mohapatra	01-06-2023	Bonus Issue	18,54,000	10	NIL	10.01%	3 Years
Chaitali Bipin Dasmohapatra	01-06-2023	Bonus Issue	18,51,000	10	NIL	10.00%	3 Years

The Equity Shares that are being locked in are not ineligible for computation of Promoters contribution in terms of Regulation 237 of the SEBI ICDR Regulations. Equity Shares offered by the Promoters for the minimum Promoters contribution are not subject to pledge. Lock-in period shall commence from the date of allotment of Equity Shares in the Public Issue.

We confirm that the minimum Promoters contribution of 20.00% which is subject to lock-in for 3 years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets;
- Equity Shares acquired during the preceding three years resulting from a bonus issue by utilization of revaluation reserves or Unrealised profits of the issuer or from bonus issue against equity shares which are ineligible for minimum Promoters contribution;
- Equity Shares acquired by Promoters during the preceding one year at a price lower than the Issue Price;
- The Equity Shares held by the Promoters and offered for minimum 20% Promoters Contribution are not subject to any pledge.
- Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters Contribution subject to lock-in.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription “Non-Transferable” and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

Equity Shares locked-in for one year

In addition to above Equity Shares that are locked-in for three years as the minimum Promoters’ contribution, the promoters and public pre-issue shareholding of Equity Share capital of our Company, *i.e.* 98,15,520 Equity Shares shall be locked in for a period of one year from the date of Allotment in the Public Issue. Further, such lock-in of the Equity Shares would be created as per the bye laws of the Depositories.

Pledge of Locked in Equity Shares:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the locked-in Equity Shares held by our Promoters can be pledged only with any scheduled commercial banks or public financial institutions as collateral security for loans granted by such banks or financial institutions, subject to the following:

- In case of Minimum Promoters' Contribution, the loan has been granted to the issuer company or its subsidiary (ies) for the purpose of financing one or more of the Objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoters' contribution, the pledge of equity shares is one of the terms of sanction of the loan.

However, lock in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock in period stipulated has expired.

Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable:

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoters' Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
- The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock- in period stipulated has expired.

16. Our Company, our Promoters, our Directors and the BRLM to this Offer have not entered into any buy-back, standby or similar arrangements with any person for purchase of our Equity Shares from any person.

17. Our Company has not issued shares for consideration other than cash or out of revaluation of reserves, including Bonus Shares, at any point of time since Incorporation except the following:

21. There are no safety net arrangements for this public Offer.
22. As on the date of filing of this Red Herring Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other financial instruments into our Equity Shares.
23. As per Regulation 268(2) of SEBI (ICDR) Regulations, 2018, an over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off while finalizing the basis of allotment to the nearest integer during finalizing the allotment, subject to minimum allotment lot. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased to ensure that 20% of the post issue paid-up capital is locked-in.
24. All the Equity Shares of our Company are fully paid up as on the date of this Red Herring Prospectus. Further, since the entire money in respect of the Offer is being called on application, all the successful applicants will be allotted fully paid-up equity shares.
25. As per RBI regulations, OCBs are not allowed to participate in this Issue.
26. There is no Buyback, stand by, or similar arrangement by our Company/Promoters/Directors/BRLM for purchase of Equity Shares issued / offered through this Red Herring Prospectus.
27. As on the date of this Red Herring Prospectus, none of the shares held by our Promoters/ Promoter Group are pledged with any financial institutions or banks or any third party as security for repayment of loans.
28. Investors may note that in case of over-subscription, the allocation in the Issue shall be as per the requirements of Regulation 253 of SEBI (ICDR) Regulations, as amended from time to time.
29. Under subscription, if any, in any category, shall be met with spill-over from any other category or combination of categories at the discretion of our Company, in consultation with the BRLM and NSE.

30. The Issue is being made through Book Building Method.
31. BRLM to the Issue viz. Narnolia Financial Services Limited and its associates do not hold any Equity Shares of our Company.
32. Our Company has not raised any bridge loan against the proceeds of this Issue.
33. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
34. Our Company shall comply with such accounting and disclosure norms as specified by SEBI from time to time.
35. An Applicant cannot make an application for more than the number of Equity Shares being Issued/Offered through this Red Herring Prospectus, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investors.
36. No payment, direct or indirect in the nature of discount, commission, and allowance or otherwise shall be made either by us or our Promoters to the persons who receive allotments, if any, in this Offer.
37. Our Promoters and the members of our Promoter Group will not participate in this Issue.
38. Our Company has not made any public issue since its incorporation.
39. Our Company shall ensure that transactions in the Equity Shares by the Promoters and the Promoter Group between the date of filing the Red Herring Prospectus and the Offer Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transaction.

Our Company believes that listing will enhance our Company's corporate image, brand name and create a public market for its Equity Shares in India. The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution.

Fund Requirements

Our funding requirements are dependent on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial conditions. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure.

We intend to utilize the proceeds of the Fresh Issue, in the manner set forth below:

S. N.	Particulars	Amount (In Lakh)	% of Gross Proceeds	% of Net Proceeds
1.	Capital Expenditure	500.00	[•]	[•]
2.	Working Capital Requirement	1500.00	[•]	[•]
3.	General Corporate Purposes**	[•]	[•]	[•]
4.	Issue Expenses*	[•]	[•]	[•]
	Total	[•]	[•]	[•]

*As on September 20, 2023 the Company has incurred a sum of Rs 13.90 Lakhs towards issue expenses.

**The amount utilized for general corporate purposes shall not exceed 25% of the gross proceeds of the Issue.

The requirements of the objects detailed above are intended to be funded from the proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail rescheduling, revising or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

Details of Utilization of Issue Proceeds

1. Capital Expenditure

Our Company intends to deploy Net Proceeds aggregating to Rs. 500.00 Lakhs towards Capital expenditure, which includes Specialized Test bench and certain Second-Hand machineries.

We intend to buy following under the capital expenditures:

S. No.	Particulars	Quantity	Amount (in Lakhs)
1.	Specialized Test bench with software* (CPS-3)	1	200.00
2.	Second-Hand Machineries**	Refer the list given below	300.00

1. Specialized Test bench with software*

The company is proposed to manufactured Hybrid Smart Energy meters, Since it is Dual Redundant communicative meters which required an specialized manufacturing and quality assurance. M/s Matritica developed such calibrators, which take care of end to end testing starting from Printed Circuit Board (PCB) Assembly to Finished Goods (FG), a complete un-maned traking of Dual Hybrid dynamic communicated energy meters.

This one device consists of two sets, each set is having the capacity to test 6 single phase meters and 4 units 3 phase meters. The fixing and testing time would be minimum 15 minutes. Therefore, the company shall require a Specialized Testing Machine with software, designed to test the semi-finished meters, for functional control and verification of semi-finished products.

Name of the Product	Specialized Test bench with software (use for the testing of semi-finished meters)
Details of Quotation	We have entered into a Purchase Agreement dated April 06, 2022 with MATRITCA Ltd for 1 (one) Specialized Test bench with software
Name of the Vendor	MATRITCA Ltd (ADD Group)
Validity of Such Quotation	This Quotation is valid as on the date of this addendum and the same shall be updated in the RHP
Amount involved	202.00 Lakhs

NOTE: In case of increase in amount of quotations at the time of purchase of product, the excess amount will be funded by the company from internal accruals.

2. Second-Hand Machineries**

In order to manufacture the Hybrid smart energy meters (single phase, 3 phase meter, data concentrator unit and distribution transformer meter/ high tension meters), Gas & water smart meter (Bulk and Consumer meters), which our company is going to manufactured.

The company intend to by certain Second-Hand machineries from Hanbit Automation Technologies Private Limited details of which are given below:

The expected life of Machinery mentioned in the object chapter of the DRHP is “Expected balance life” of machineries.

As per the Certificate of the K. R. Bedmutha Techno Associates Pvt. Ltd., Chartered Engineers attached as Annexure 1, it is mentioned that the expected life of the machinery is purely based on the style of use and maintenance quality. Based on the present status, the expected balance life as given by the authorized chartered engineers is calculated from the date of inspection. Thus, the given life of machineries are balanced expected life which will be counted from the date of Inspection i.e., July 25, 2023.

Following are the details of entity from whom our Company is proposing to buy the Above-mentioned machineries:

Name of the Entity: Hanbit Automation Technologies Private Limited
Place of Registration: Hyderabad
Year of Incorporation: 2011
Paid up share capital: Rs. 17,53,960/-
Turnover for the financial year ended March 31, 2021 is 1205.15 Lakhs.

2. Working Capital Requirements:

Our Company proposes to utilise Rs. 1,500.00 lakhs towards funding its working capital requirements in the ordinary course of business. We have significant working capital requirements, and in the ordinary course of business, we fund our working capital needs through internal accruals. Our Company, in order to support its incremental business requirements, funding growth opportunities and for other strategic, business, and corporate purposes requires additional working capital and such funding is expected to lead to a consequent increase in our revenues and profitability.

Basis of Estimation

The estimates of the working capital requirements for the financial years ending on March 31, 2024, and March 31, 2025, have been prepared based on the management estimates of future financial performance. The projection has been prepared using a set of assumptions that include assumptions about future events and management’s actions that are not necessarily expected to occur. On the basis of existing and estimated working capital requirement of our Company on standalone basis, and assumptions for such working capital

requirements. The proposed funding of such working capital requirements as set forth below:

Justification of Working Capital and Holding Period:

Current Assets

Trade Receivables

In the fiscal year 2020, the outstanding debtors amounted to Rs. 482.18 lakhs, with an average collection period of 85 days. This figure extended to 102 days in the fiscal year 2021, accompanied by a rise in outstanding debtors to Rs. 2,069.32 lakhs. Out of this outstanding, Rs. 1,359.49 lakhs pertain to the turnkey project. This increase in the debtors' value can be attributed to the amplified sales of services and turnkey projects, with the maximum execution occurring during fiscal year 2020-21 for Cluster D & fiscal year 2021-22 for Cluster E. Outstanding for this project for fiscal year 2020-21 is Rs. 1,359.49 Lakhs out of total receivables. Invoices for these executed projects was raised over the period fiscal year 2020-21 to fiscal year 2022-23

In FY 2022, the outstanding debtors escalated to Rs. 2,257.56 lakhs, indicating a prolonged collection period of 158 days. This extension in the collection timeframe can be attributed to a substantial proportion of the company's turnkey and services revenue being accounted for during the concluding quarter of FY 2022, extending through the stub period ending on December 31, 2022. Notably, the receivables stemming from the turnkey project amounted to Rs. 853.77 lakhs for FY 2022 and Rs. 933.65 lakhs for the stub period concluding on December 31, 2022. The same had reduced to Rs. 715.59 lakhs for the fiscal year 2022-23.

Following a consistent trajectory, the revenue generated from power sales has remained relatively stable, fluctuating within the range of approximately 1,200 Crores to around 1,350 Crores. However, a notable change has taken place as the sales of power have now ceased completely from fiscal year 2022-23.

This shift has occurred due to the reason that, our company had a franchise agreement with NESCO since 2010 till 2021, through which we used to supply power to some districts of Orissa. Thus, the segment-wise revenue bifurcation provides for Sale of Power till FY 2021-22. After 2021, Orissa electricity distribution companies were taken over by Tata. After which, we entered into the contract of AMC (Annual Maintenance Contract) with Tata, under which we take care of operation and maintenance only. The revenue generated from operations and management is classified under the head of Sales of Services and Turnkey Execution.

In the upcoming fiscal years 2024 and 2025, the receivables are projected to rise to Rs. 2,549.59 lakhs and Rs. 2,897.26 lakhs, accompanied by receivable periods of 110 days and 100 days in FY 2024 and FY 2025 respectively.

The driving force behind this growth is the company's strategic move into the Smart Energy Meter Segment. Our Company will participate in government tenders for the smart energy meter segment. This sector currently represents one of the most significant untapped markets for metering companies and is poised to emerge as a primary revenue stream for the company in the coming years. While this expansion may necessitate the management of inventory, potentially influencing receivables, it is crucial to note that discontinuing contracts related to services, turnkey projects, and power sales is part of the company's shift in focus. By concentrating solely on product sales, the company aims to bring down debtor days and restore a consistency reminiscent of the earlier times when allied service sales were less pronounced.

Furthermore, in anticipation of the high-demand smart metering business, the company envisions a shorter receivable period compared to that associated with Turnkey Projects Receivable days. This strategic outlook

aligns with the company's goal to optimize operations and enhance financial efficiency.

Inventory Days

Inventory forms an integral component of the company's operations, given its core focus on manufacturing a range of products including smart meters, power stations, APFC panels, transformers, and vacuum contractors. These products are then distributed to both businesses and consumers. Notably, the sales of the company, particularly in the products category, have demonstrated an upward trajectory over the defined time frame.

The company's inventory turnover period typically spans between 25 to 35 days. However, during FY 2020, this period extended to 111 days. This divergence can be attributed to the substantial acquisition or production of inventory for the Odisha Steel Light Cluster D & Cluster E turnkey project, which was slated for execution in FY 2021. The billing for this project occurred in FY 2021, extending until the fiscal year 2022-23

Similarly, the company's inventory figures have undergone noteworthy shifts. In FY 2020, inventory stood at Rs. 628.81 lakhs, notably decreasing to Rs. 189.49 lakhs in FY 2021. Subsequently, the company reverted to its standard practice, maintaining inventory at Rs. 285.23 lakhs (equivalent to 20 days) in FY 2022 and at Rs. 491.51 lakhs (equivalent to 36 days) during the Stub Period leading to December 31, 2022. The same had increased to Rs. 872.99 lakhs (equivalent to 69 days) for FY 2022-23

Other Current Assets	19	3	5	8	5	5

**Short Term Loans and Advances & Other Current Assets are calculated as Value divided by Revenue multiply 365 Days.

The category of Short Term Loans and Advances encompasses several items, including an amount of Rs. 267.91 lakhs advanced to suppliers for the FY 2023. Additionally, advances of Rs. 120.85 lakhs to related parties and Rs. 4.50 lakhs to others were made during FY 2020.

Likewise, within the classification of Other Current Assets, various components such as retention money, TDS receivable, salary advances, business development advances, TPNODL Wallet A/c, prepaid expenses, and interest receivable on fixed deposits are included. The aggregate value of these assets has maintained a consistent range of approximately Rs. 60 lakhs to around Rs. 100 lakhs from the fiscal year 2020 through fiscal year 2023.

When considering the duration associated with Short Term Loans & Advances and Other Current Assets, the timeframe spans between 16 to 22 days for the former, while the latter occupies a range of 3 to 5 days.

Current Liabilities

Trade Payables

Initially, trade payables stood at Rs. 175.49 Lakhs, corresponding to a 33-day period. This figure expanded to Rs. 937.19 Lakhs, reflecting a 50-day interval. The inclusion of the Odisha Turnkey Project introduced an additional component to the payables, necessitating settlement within 30-35 days from the accrual date. However, this trend reversed in FY 2022, with payables decreasing to Rs. 593.89 Lakhs over 45 days. It rose again to Rs. 612.15 lakhs in FY 2023, observed over 53 days. The completion of the turnkey project reinstated creditor days to their original state, influenced solely by the sales of products or power.

In a similar vein, spanning FY 2024 to FY 2025, a consistent pattern emerges wherein payable days remain within the range of 30 to 50 days. This enduring consistency underscores the company's commitment to prompt payments regardless of fluctuating revenues or market conditions within its operating sector. Consequently, the company's operational setup requires substantial working capital to facilitate timely payments to creditors.

Other Current Liabilities

Other Current liabilities include Short Term Borrowings, Other Current Liabilities & Short Term Provisions.

Short Term Provisions	7	1	2	14	5	5

*Current Liabilities i.e. Short Term Borrowings, Other Current Liabilities & Short Term Provisions Days are calculated as Value divided by Total Expenses multiply by 365.

Short-term borrowings have exhibited growth from Rs. 622.20 Lakhs during FY 2020 to Rs. 1,422.35 Lakhs as of FY 2023. It is projected to taper off such amount in subsequent years. This reduction aligns with the company's intention to not renew certain CC Limits that were initially secured for Turnkey Projects. The flow of short-term borrowing days correspondingly substantiates the variations in values.

Likewise, within the ambit of Other Current Liabilities, which encompass outstanding expenses, advances from customers, and statutory liabilities, there has been an ascent from Rs. 76.60 Lakhs to Rs. 208.91 Lakhs between FY 2020 and FY 2023. This trend is poised to persist, with figures projected to reach Rs. 311.47 Lakhs for FY 2023-24 and Rs. 369.03 Lakhs for FY 2024-25.

Similarly, Short-term Provisions, comprising provisions for employee benefits, gratuity, and taxes, have escalated from Rs. 37.10 Lakhs in FY 2020 to Rs. 159.20 Lakhs in the FY 2023. Looking ahead, these provisions are forecasted to stabilize at Rs. 103.82 Lakhs in FY 2023-24 and Rs. 123.01 Lakhs in FY 2024-25, collectively accounting for a 5-day period.

QUANTITATIVE FACTORS

Information presented below relating to the Company is based on the Restated Financial Statements. Some of the quantitative factors which form the basis or computing the price are as follows:

1. Basic & Diluted Earnings Per Share (EPS):

Financial Year	EPS (Basic & Diluted)	Weight
2022-23	2.29	3
2021-22	1.90	2
2020-21	3.90	1
Weighted Average EPS		2.43

**Not Annualized*

Note:

- a) EPS Calculations have been done in accordance with Accounting Standard 20 - Earning per share issued by the Institute of Chartered Accountants of India.
- b) Basic earnings per share are calculated by dividing the net profit after tax by the weighted average number of Equity Shares outstanding during the period.
- c) Weighted Average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.
- d) For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except where the results are anti-dilutive.

2. Price to Earnings (P/E) ratio in relation to Issue Price of Rs. [●]/- per Equity Share of face value Rs. 10/- each fully paid up.

Set forth the description of historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company

For evaluation our business, we consider that the KPIs, as presented above, as additional measures to review and assess our financial and operating performance. These KPIs have limitations as analytical tools and presentation of these KPIs should not be considered in isolation or as a substitute for the Restated Consolidated Financial Information. Further, these KPIs may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use our operating results and trends and in comparing our financial results with other companies in our industry as it provides consistency and comparability with past financial performance.

7. GAAP Financial Measures

GAAP Financial measures are numerical measures which are disclosed by the issuer company in accordance with the Generally Accepted Accounting Principles (GAAP) applicable for the issuer company i.e., measures disclosed in accordance with Indian Accounting Standards ("Ind AS") or Accounting Standards ("AS") notified in accordance with Section 133 of the Companies Act, 2013, as amended (the "Act"). These measures are generally disclosed in the financial statements of the issuer company.

Net Change in Cash and cash equivalents	348.90	-123.77	140.29

8. Non- GAAP Financial measures

Non-GAAP Financial measures are numerical measures of the Technical Guide on Disclosure and Reporting of KPIs issuer company’s historical financial performance, financial position, or cash flows that:

- i. Exclude amounts, or are subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measures calculated and presented in accordance with GAAP in the financial statements of the issuer company; or
- ii. Include amounts or are subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measures so calculated and presented. Such adjustment items should be based on the audited line items only, which are included in the financial statements. These Non-GAAP Financial measures are items which are not defined under Ind AS or AS, as applicable. Generally, if the issuer company takes a commonly understood or defined GAAP amount and removes or adds a component of that amount that is also presented in the financial statements, the resulting amount is considered a Non-GAAP Financial measure. As a simplified example, if the issuer company discloses net income less restructuring charges and loss on debt extinguishment (having determined all amounts in accordance with GAAP), the resulting performance amount, which may be labelled “Adjusted Net Income,” is a Non-GAAP Financial measure.

GLOBAL OUTLOOK

The global economy is yet again at a highly uncertain moment, with the cumulative effects of the past three years of adverse shocks—most notably, the COVID-19 pandemic and Russia’s invasion of Ukraine—manifesting in unforeseen ways. Spurred by pent-up demand, lingering supply disruptions, and commodity price spikes, inflation reached multidecade highs last year in many economies, leading central banks to tighten aggressively to bring it back toward their targets and keep inflation expectations anchored.

Although telegraphed by central banks, the rapid rise in interest rates and anticipated slowing of economic activity to put inflation on a downward path have, together with supervisory and regulatory gaps and the materialization of bank-specific risks, contributed to stresses in parts of the financial system, raising financial stability concerns.

The unexpected failures of two specialized regional banks in the United States in mid-March 2023 and the collapse of confidence in Credit Suisse—a globally significant bank—have roiled financial markets, with bank depositors and investors re-evaluating the safety of their holdings and shifting away from institutions and investments perceived as vulnerable. The loss of confidence in Credit Suisse resulted in a brokered takeover. Broad equity indices across major markets have fallen below their levels prior to the turmoil, but bank equities have come under extreme pressure (Figure 1.1).

Prior to recent financial sector ructions, activity in the world economy had shown nascent signs of stabilizing in early 2023 after the adverse shocks of last year (Figure 1.2, panels 1 and 2). Russia’s invasion of Ukraine and the ongoing war caused severe commodity and energy price shocks and trade disruptions, provoking the beginning of a significant reorientation and adjustment across many economies.

Figure 1.2. Early 2023 Activity Indicators Strengthened but Confidence Remained Depressed
(Indices)

With the recent increase in financial market volatility and multiple indicators pointing in different directions, the fog around the world economic outlook has thickened. Uncertainty is high, and the balance of risks has shifted firmly to the downside so long as the financial sector remains unsettled. The major forces that affected the world in 2022—central banks' tight monetary stances to allay inflation, limited fiscal buffers to absorb shocks amid historically high debt levels, commodity price spikes and geoeconomic fragmentation with Russia's war in Ukraine, and China's economic reopening—seem likely to continue into 2023.

But these forces are now overlaid by and interacting with new financial stability concerns. A hard landing—particularly for advanced economies—as become a much larger risk. Policymakers may face difficult trade-offs to bring sticky inflation down and maintain growth while also preserving financial stability.

Inflation is Declining with Rapid Rate Rises but Remains Elevated amid Financial Sector Stress:

Global headline inflation has been declining since mid-2022 at a three-month seasonally adjusted annualized rate (Figure 1.3). A fall in fuel and energy commodity prices, particularly for the United States, euro area, and Latin America, has contributed to this decline (see Figure 1. SF.1). To dampen demand and reduce underlying (core) inflation, the lion's share of central banks around the world have been raising interest rates since 2021, both at a faster pace and in a more synchronous manner than in the previous global monetary tightening episode just before the global financial crisis (Figure 1.4).

Figure 1.3. Inflation Turning Down or Plateauing?
(Percent, three-month moving average; SAAR)

Figure 1.4. Monetary Policy Tightening Rapidly across Many Economies
(Percentage point change a year by episode, distribution by economy group)

The effects of earlier cost shocks and historically tight labor markets are also translating into more persistent underlying price pressures and stickier inflation. The labor market tightness in part reflects a slow post-pandemic recovery in labor supply, with, in particular, fewer older workers participating in the labor force (Duval and others 2022). The ratios of job openings to the number of people unemployed in the United States and the euro area at the end of 2022 were at their highest levels in decades (Figure 1.5). At the same time, the cost pressures from wages have so far remained contained despite the tightness of labor markets, with no signs of a wage-price spiral dynamic—in which both wages and prices accelerate in tandem for a sustained period—taking hold. In fact, real wage growth in advanced economies has been lower than it was at the end of 2021, unlike what took place in most of the earlier historical episodes with circumstances similar to those prevailing in 2021, when prices were accelerating and real wage growth was declining, on average (Figure 1.6).

Figure 1.5. Labor Markets Have Tightened in Selected Advanced Economies

Figure 1.6. Wage-Price Spiral Risks Appear Contained So Far
(Distribution of real wage growth across historical episodes similar to today)

Sources: International Labour Organization; Organisation for Economic Co-operation and Development; US Bureau of Economic Analysis; and IMF staff calculations.
Note: The figure shows the evolution over time of historical episodes similar to 2021 in which three of the preceding four quarters had (1) rising price inflation, (2) falling real wages, and (3) stable or falling unemployment. Twenty-two such episodes are identified for a sample of 30 advanced economies from 1960 to 2021. See Chapter 2 of the October 2022 *World Economic Outlook* for more details. The COVID-19 line shows the average behavior for economies in the sample starting in 2021:Q4.

As of early 2023, however, financial markets anticipated that less policy tightening would be needed than central banks suggested, leading to a divergence that raised the risks for a significant market repricing. This is most clearly evident in the case of the United States (Figure 1.8, blue versus dashed black lines). A repricing materialized in early March, with the market-implied policy path shifting up to close much of the gap with the Federal Reserve’s announced expected policy path as markets responded to news about inflation (Figure 1.8, green line). But recent financial sector turbulence and the associated tightening of credit conditions have pushed the market-implied policy rate path back down, reopening the gap in the United States (Figure 1.8, red line).

Figure 1.8. Shifting Market-Implied US Policy Rate Expectations by Vintage and Repricing Risks
(Annualized percent)

Indebtedness Staying High:

As a result of the pandemic and economic upheaval over the past three years, private and public debt have reached levels not seen in decades in most economies and remain high, despite their fall in 2021–22 on the back of the economic rebound from COVID-19 and the rise in inflation (see Chapter 1 of the April 2023 Fiscal Monitor and Chapter 3 of this report). Monetary policy tightening—particularly by major advanced economies—has led to sharp increases in borrowing costs, raising concerns about the sustainability of some economies’ debts. Among the group of emerging market and developing economies, the average level and distribution of sovereign spreads increased markedly in the summer of 2022, before coming down in early 2023 (Figure 1.9).

Figure 1.9. Sovereign Spreads in Emerging Market and Developing Economies Have Narrowed
(Basis points, distribution by economy group)

The effects of the latest financial market turmoil on emerging market and developing economy sovereign spreads have been limited so far, but there is a tangible risk of a surprise increase in coming months should global financial conditions tighten further. The share of economies at high risk of debt distress remains high in historical context, leaving many of them susceptible to unfavourable fiscal shocks in the absence of policy actions.

GLOBAL AUTOMATIC POWER FACTOR CONTROLLER MARKET OVERVIEW

The Global Automatic Power Factor Controller market was valued at USD 4.23 billion in 2021 and is expected to reach USD 5.24 billion by the year 2028, at a CAGR of 3.1%.

An automatic power factor controller project is developed to enhance the power factor automatically whenever the power factor falls below a certain level. As we know demand for electrical energy is rising day by day. More and more inductive loads are being utilized in industry and domestic applications. Inductive loads are the key factor for low power factors in the power system. Hence, we require to design a method to enhance the power factor automatically.

Furthermore, an automatic power controller project offers a solution to this problem. Low power factor incorporates a redundant burden on the power system and transmission lines. By improving the power factor of the power system automatically, power system efficiency can be boosted. Furthermore, the power factor correction prototype is designed using a pic microcontroller, transformer, relays, current transformer, and zero-crossing circuit. The factors that accelerate the growth of the global automatic power factor controller market incorporates execution of automatic power factor controller in almost all the industries such as petroleum chemical industry, food industry, manufacturing, utility, commercial, enterprise, pharmaceutical industry, military, and others. In addition, rising demand for power management devices in the industries; thus, eventually a requirement for automatic power factor controllers.

COVID-19 Impact on the Automatic Power Factor Controller Market:

Most industries over the globe have been poorly influenced over the last 3 years owing to the COVI-19 outbreak. This can be attributed to significant interruptions faced by their respective production and supply-chain operations as a result of various precautionary lockdowns, as well as other restrictions that were imposed by governing authorities over the world. The same applies to the global automatic power factor controller market.

These above-mentioned elements are anticipated to burden the revenue track of the global automatic power factor controller market during the forecast period. Nevertheless, as respective governing authorities started to lift these enforced lockdowns, the global automatic power factor controller market is anticipated to recover accordingly.

Market Dynamics for Automatic Power Factor Controller Market

Drivers:

An automatic power factor controller is a device that is programmed to automatically improve the output power when the power factor decreases under a certain level. The requirement to build a system for automatic improvement in the power factor is rising, as low power factor puts lavish pressure on power grids and

transmission lines. This requirement can be accomplished by using automatic power factor controllers. Demand for automatic power factor controllers is anticipated to grow at a significantly high rate shortly and the existing players are anticipated to reach a higher market share over the forecast period.

Opportunities:

A prototype-designed **APFC** system with GPRS/MODBUS communication can be utilized for the large rating of automatic power factor controller system. Decreases harmonic content in the network which further reduces disturbances in the telecommunication network, misbehavior in control equipment and relay protections, measuring errors in the metering system. Furthermore, declines in network losses and equipment overloading & stress on insulation Reduces cost, unplanned outages, and rise power accessibility thus, which is expected to create a lucrative opportunity for the automatic power factor controller market in the upcoming years.

SEGMENTS COVERED:

By Type:

- Active Power Factor Controller
- Passive Power Factor Controller

By Component:

- Relays, Capacitors, Reactors, Resistors, Displays, Microcontrollers, and Electrical Switchgear.

By Installation Type:

- Self-Standing APFC Panels
- Wall-Mounted APFC Panels

By Application:

- Petroleum Chemical, Steels, Mines, Industry, Utility, and Other (All High Tension Electrical Consumers)

By Region:

The North American market is anticipated to record the maximum revenue share in the global automatic power factor controller market during the forecast period. Furthermore, revenues from the Asia Pacific market are anticipated to grow at a significantly high speed during the forecast period, due to increasing urbanization, rising industrialization, and rising investments in infrastructure development in the region.

Major Players in the APFC Market are:

- General Electric Company (US), Larsen & Turbo (India), Crompton Greaves Ltd. (India), Schneider Electric (France) etc.

(Source: <https://introspectivemarketresearch.com/reports/automatic-power-factor-controller-market/>)

“Electricity Tariff of all Electricity Distribution Companies (DISCOM) is structured in such a manner that in case a consumer with significant electricity loading is not maintaining power factor at a desired minimum level, the consumer is penalized for an amount proportional to the fall in power factor. Further, when the power factor is low, the overall KVA (demand) loading is high, shooting up the electricity bills. Further, in case the consumer maintains power factor above certain levels, the consumer gets incentives from the DISCOM, in addition to lower demand charges. Under some DISCOMs, where electricity billing is done based on apparent energy consumption (kVAh), there is no penal provisions but the consumer has to pay more for the units consumed. So, installation of Automatic Power Factor Control system makes a lot of commercial sense, wherein the payback on investment for the system is generally less than one year.” (Source: Tariff Orders of State Electricity Regulatory Commissions.)

GLOBAL ELECTRICITY METERS MARKET OVERVIEW:

The global electricity meters market was valued at USD 9.88 billion in 2021 and is expected to grow at a CAGR of 6.3% during the forecast period. The expanding economy, combined with industrial development, is expected to drive the market demand for increased energy consumption. The developing metering infrastructure provides opportunities for automakers to use technological innovations to benefit end-users directly.

While automatic meters reading (AMR) strategies are being implemented, Advanced Metering infrastructure (AMI) implementation will leap-frog, obliterating AMR technology. With a greater emphasis on power quality management, demand forecasting to avoid blackouts or load shedding, the introduction means for identification of transients and harmonics evaluation, including panel electricity meters, is expected to be a significant market growth opportunity in the electricity meters market.

Also, in October 2021, the South Asian infrastructure and existing energy transfer between India, Nepal, Bhutan, and Bangladesh would've been boosted in the first process of the action plan to restart the inventive One Sun, One World, One Grid (OSOWOG) project launched by the International Solar Alliance (ISA). According to a government report, the Fourth Meeting of the ISA, which is being held in India, would then focus on critical projects such as the operationalization of the OSOWOG action plan, the \$1 trillion Solar Asset Roadmap for 2030, and the authorization of an incorporated economic risk management facility.

However, due to the early stages of the smart electricity meters market, regulatory bodies and utilities must incur the burden of pilot projects and implementation. Utilities, energy providers, and regulatory authorities must address user problems for smart meters implementations to be successful. As a result, these factors are expected to restrict the global electricity meters market's growth during the forecast period.

SEGMENTS COVERED:

By Type:

- Single Phase
- Three Phase
- Analog
- Smart

By Application:

- Residential
- Commercial
- Industrial
- Others

By Region:

North America, Europe, Asia Pacific, Latin America; Middle East & Africa.

In terms of geography, Asia Pacific had the largest market revenue share. Due to the sheer highest deployment of smart electricity meters, the advanced metering market is generating a lot of traction in China. People would prefer direct communication between end-users and businesses to manual meter reading. This is growing the adoption of smart electricity meters in Asia Pacific countries. Furthermore, as per the United Nations, urban areas house 55 percent of the world's population, going up to 68 percent by 2050.

According to forecasts, urbanization, achieving a better current population residence from rural to urban areas, coupled with global population growth, might contribute another 2.5 billion people to urban areas by 2050, with Asia and Africa accounting for nearly 90% of this rise. Rapid urbanization combined with rising consumption of consumer electronics is expected to drive growth in the global electricity meters market during the forecast period.

Major players in the Electricity Meters are:

Some of the major market players operating in the global market include ABB, Aclara Technologies, Delixi Group Co. Ltd., Elster Group GmbH, General Electric Inc., Holley Technology LTD., Honeywell, Iskraemeco, Itron Inc., Schneider, Schneider Electric, Inc., Siemens, etc.

GLOBAL ELECTRIC POWER TRANSMISSION AND DISTRIBUTION EQUIPMENT MARKET

The global electric power transmission and distribution equipment market was valued at USD 202.6 billion in 2021 and is expected to expand at a compound annual growth rate (CAGR) of 5.7% from 2022 to 2030. The advancement in electric power transmission and distribution equipment to fulfill the rising demand for electricity from the residential, commercial, and industrial sectors is propelling the global market growth. In addition, the introduction of various on-shore and off-shore projects by the government to generate electricity to cater to rising energy demand will result in the deployment of efficient switchgear, transformers, and meters for smooth power transmission and distribution.

The COVID-19 pandemic caused the power sector to slow as more and more countries implemented nationwide lockdowns to prevent further disease outbreaks. Due to economic contractions, there has been a slowdown in demand for power from various countries and end-use industries. For instance, in 2020, due to the lockdown, India's electricity demand dropped by 20-25%, affecting distribution utilities' revenues. The country's distribution companies face a revenue deficit of USD 1.7 billion per month

The lack of skilled technical labor to cope with digitalization to drive decarbonization in the power, petrochemical, and renewable sectors is expected to hinder the market growth. A shortage of labor with the relevant knowledge and expertise, along with the poor recruitment process in the organization, is highly impacting the energy sector and the demand for market growth over the forecast period. Henceforth, the shortage of skilled labor owing to multiple reasons across the energy sector is anticipated to hamper the growth of the electric power transmission and distribution equipment market globally.

Products Insights

The cable and lines segment dominated the market and accounted for more than 26.2% of the global revenue share in 2021. The market growth is expected to be driven by the smart upgrading of distribution systems, power transmission, and the development of smart grids. Due to smart grid technology, increasing demand for interconnections has resulted in increased investments in submarines and underground cables.

The transformer segment is expected to expand at a CAGR of 5.2% from 2022 to 2030. Demand for power transformers has risen as infrastructure spending and favorable norms associated with growing and refurbishing existing grid networks have increased. In addition, rapid urbanization and industrial expansion in developing economies will increase power transformer demand. Power transmission and distribution projects have steadily increased transformer capacity in many countries.

The indirect channel dominated the market and accounted for more than 54.4% of the global revenue share in 2021. The indirect channel segment is divided into four subsegments: commercial distribution, catalog distribution, retail box stores, and e-commerce. The commercial distribution subsegment holds the largest market share owing to the rise in the adoption of value-added services, distributor-managed inventory, and credit financing. The increase in e-commerce sales grew by more than 200% in 2021, which is expected to drive market growth.

The direct channel is expected to expand at the fastest CAGR of 6.2% from 2022 to 2030. Increasing consumer demand for checking and validating a product before purchasing mainly drives the growth of the global market. For instance, in 2020, according to the World Federation of Direct Selling Associations (WFDSA), over 125.4 billion direct sellers are expected to be involved in the direct selling industry.

Key Companies & Market Share Insights

The market is consolidated and most of the players are focused on mergers and acquisitions, product launches, and partnerships. Some of the prominent players in the global electric power transmission and distribution equipment market include:

- ABB Limited
- Siemens Limited
- Schneider Electric
- Eaton etc.

GLOBAL ELECTRICAL EQUIPMENT MARKET

Electrical equipment is a machine or product powered by electricity and consists of stockade, electrical components and power switches. Electrical equipment is also used in generation and distribution of electrical power or to convert electrical energy to mechanical energy for carrying out activities domestically and industrially. Major electrical equipment used domestically and industrially includes electric lighting equipment, household appliances, batteries, wires & cables, and others.

Electrical Equipment Market Size

The global electrical equipment market reached a value of nearly \$1,180.0 billion in 2020, having increased at a compound annual growth rate (CAGR) of 3.1% since 2015. The market is expected to grow at a CAGR of 7.1% from 2020 to reach \$1,662.7 billion in 2025. The global electrical equipment market is expected to reach \$2,248.2 billion in 2030, at a CAGR of 6.2%.

Growth in the historic period resulted from economic growth in emerging markets, favourable government initiatives, and technological advances. Factors that negatively affected growth in the historic period were political uncertainties and geopolitical tensions, and volatile metal prices.

Opportunities And Recommendations In The Electrical Equipment Market

Opportunities:

The top opportunities in the electrical equipment market segmented by type will arise in the power generation, transmission and control equipment segment, which will gain \$164.8 billion of global annual sales by 2025.

The top opportunities in the power generation, transmission and control equipment market segmented by type will arise in the transformer segment, which will gain \$82.5 billion of global annual sales by 2025.

The top opportunities in the electrical equipment market segmented by end-use will arise in the B2B segment, which will gain \$214.4 billion of global annual sales by 2025.

Recommendations:

Focus on implementing artificial intelligence and machine learning to improve production efficiency, decrease costs and reduce manufacturing errors, focus on offering premium products to target high income consumers, companies should expand their business in emerging market to attract foreign investors which results in increase in demand among other strategies.

Electrical Equipment Market Segmentation

By Type –

The electrical equipment market is segmented by type into the following sub-segments

- a) Power Generation, Transmission and Control Equipment
- b) Household Appliances
- c) Wires and Cables
- d) Electric Lighting Equipment
- e) Batteries

The power generation, transmission and control equipment market was the largest segment of the electrical equipment market segmented by type, accounting for 38.2% of the total in 2020. Going forward, the batteries segment is expected to be the fastest growing segment in the electrical equipment market, at a CAGR of 9.1% during 2020-2025.

By Mode-

The electrical equipment market is segmented by mode into:

- a) Online

b) Offline

The offline market was the largest segment of the electrical equipment market segmented by mode, accounting for 69.6% of the total in 2020. Going forward, the online segment is expected to be the fastest growing segment in the electrical equipment market, at a CAGR of 10.6% during 2020-2025.

By Sales Channel-

The electrical equipment market is segmented by sales channel into:

- a) OEM
- b) Aftermarket

The OEM market was the largest segment of the electrical equipment market segmented by sales channel, accounting for 68.7% of the total in 2020. Going forward, the OEM segment is expected to be the fastest growing segment in the electrical equipment market, at a CAGR of 7.3% during 2020-2025.

By End-Use –

The electrical equipment market is segmented by end use into:

- a) B2B
- b) B2C

The B2C market was the largest segment of the electrical equipment market segmented by end-use, accounting for 66.4% of the total in 2020. Going forward, the B2B segment is expected to be the fastest growing segment in the electrical equipment market, at a CAGR of 9.0% during 2020-2025.

Major Competitors in The Electrical Equipment Market Are:

- Panasonic Corporation
- Hitachi
- Schneider Electric
- Siemens AG etc.

INDIAN ECONOMY OUTLOOK

OVERVIEW

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022–23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

MARKET SIZE

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy.

In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below:

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.
- The private equity-venture capital (PE-VC) sector investments stood at US\$ 2 billion in September 2022.
- Merchandise exports in September 2022 stood at US\$ 32.62 billion.
- In September 2022, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 147,686 crore (US\$ 17.92 billion).
- Between April 2000-June 2022, cumulative FDI equity inflows to India stood at US\$ 604,996 million.
- In August 2022, the overall IIP (Index of Industrial Production) stood at 131.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 99.6, 131.0 and 191.3, respectively, in August 2022.
- In FY 2022-23, (until October 28, 2022), Foreign Portfolio Investment (FPI) outflows stood at Rs. 58,762 crore (US\$ 7.13 billion).

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India.

In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by the Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for the IT companies and start-ups in both the countries.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022:
 - Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow.

- The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, Handloom & Textiles.
- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 lakh crore (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 lakh crore (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion). This Scheme contributes to Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS)
- In the Union Budget of 2022-23, the government announced a production linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2,500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 lakh crore (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the

purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.

- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

ROAD AHEAD

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022–23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INDIAN POWER SECTOR INDUSTRY

Power is among the most critical components of infrastructure, crucial for the economic growth and welfare of nations. The existence and development of adequate power infrastructure is essential for sustained growth of the Indian economy. The fundamental principle of India's power industry has been to provide universal access to affordable power in a sustainable way. The Ministry of Power has made significant efforts over the past few years to turn the country from one with a power shortage to one with a surplus by establishing a single national grid, fortifying the distribution network, and achieving universal household electrification.

India was ranked fourth in wind power, fifth in solar power and fourth in renewable power installed capacity, as of 2020. India is the only country among the G20 nations that is on track to achieve the targets under the Paris Agreement.

MARKET SIZE

Total generation in India FY22 (including renewable sources) (BU)

India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 408.71 GW as of October 31, 2022.

As of October 31, 2022, India's installed renewable energy capacity (including hydro) stood at 165.94 GW, representing 40.6% of the overall installed power capacity. Solar energy is estimated to contribute 61.62 GW, followed by 41.84 GW from wind power, 10.70 GW from biomass, 4.92 GW from small hydropower, and 46.85 GW from hydropower.

The non-hydro renewable energy capacity addition stood at 4.2 GW for the first three months of FY23 against 2.6 GW for the first three months of FY22.

With electricity generation (including renewable sources) of 846.18 BU in India between April-September 2022, the country witnessed a growth of 10.67% YoY. According to data from the Ministry of Power, India's power consumption increased 1.64% YoY in October 2022 to 114.64 BU.

GOVERNMENT POLICIES & INITIATIVES

The Government of India has identified the power sector as a key sector of focus to promote sustained industrial growth. Some initiatives by the Government to boost the Indian power sector are as below:

- Under the Union Budget 2022-23, the government announced the issuance of sovereign green bonds, as well as conferring infrastructure status to energy storage systems, including grid-scale battery systems.
- As of August 24, 2022, over 36.86 crore LED bulbs, 72.18 lakh LED tube lights and 23.59 lakh energy-efficient fans have been distributed across the country, saving around 48,411 million kWh per year and around Rs. 19,332 crore (US\$ 2.47 billion) in cost savings.
- As of November 2022, over 51.62 lakh smart metres have been deployed under the National Smart Grid Mission (NSGM), with a further 61.13 lakh to be deployed.
- Electrification in the country is increasing with support from schemes like Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY), Ujwal DISCOM Assurance Yojana (UDAY), and Integrated Power Development Scheme (IPDS).
- In order to meet India's 500 GW renewable energy target and tackle the annual issue of coal demand supply mismatch, the Ministry of Power has identified 81 thermal units which will replace coal with renewable energy generation by 2026.
- In February 2022, a parliamentary standing committee recommended the government to take steps to increase the loan limit for renewable energy sector under priority sector lending. The current limit stands at Rs. 30 crore (US\$ 3.93 million).
- In December 2021, West Bengal got a loan approval for US\$ 135 million from the International Bank for Reconstruction and Development (also called the World Bank) to improve the operational efficiency and reliability of electricity supply in select regions in the state.
- In November 2021, Energy Efficiency Services Limited (EESL) stated that it will partner with private sector energy service companies to scale up its Building Energy Efficiency Programme (BEEP).
- In September 2021, the Government of the United Kingdom announced that it will invest US\$ 1.2 billion through public and private investments in green projects and renewable energy in India to support the latter's target of 450 GW of renewable energy by 2030.
- The Pradhan Mantri Sahaj Bijli Har Ghar Yojana, "Saubhagya", was launched by the Government of India with an aim of achieving universal household electrification. As of March 2021, 2.82 crore households have been electrified under this scheme.
- According to the S&P Global Platts Top 250 Global Energy Rankings 2021, Reliance Industries Ltd. and Indian Oil Corp. Ltd. ranked 3rd and 6th, respectively.

ROAD AHEAD

In the current decade (2020-2029), the Indian electricity sector is likely to witness a major transformation with respect to demand growth, energy mix and market operations. India wants to ensure that everyone has reliable access to sufficient electricity at all times, while also accelerating the clean energy transition by lowering its reliance on dirty fossil fuels and moving toward more environmentally friendly, renewable sources of energy. Future investments will benefit from strong demand fundamentals, policy support and increasing government focus on infrastructure.

The Central Electricity Authority (CEA) estimates India's power requirement to grow to reach 817 GW by 2030. Also, by 2029-30, CEA estimates that the share of renewable energy generation would increase from 18% to 44%, while that of thermal energy is expected to reduce from 78% to 52%.

The government plans to establish renewable energy capacity of 500 GW by 2030.

INDIA SMART METER OUTLOOK

Smart electricity meters are a convenient option over conventional electric meters installed at our homes. These meters have the provision of a two-way communication with the central system. They report energy consumption regularly at short intervals, and also provide information on voltage levels, current and power factor. They can help increase billing efficiency, enable remote billing, automatic outage reporting, ensure flexibility with time-of-use tariffs, and enhance possibilities of adding new revenue streams.

Further, in terms of growth India Smart Meter Market Poised for Consistent Growth: Projected to Grow at a CAGR of 6.4% by 2028

India smart meter market is growing at a high CAGR because of the favorable government initiatives to boost the installation of smart meter in various regions of the country. Furthermore, the launch of 5G networks is also powering the market growth.

A recent study, conducted by the strategic consulting and market research firm **Report Ocean**, revealed that the India smart meter market is estimated to grow at a CAGR of 6.4% during the forecast period (2022-2028).

The India smart meter market is flourishing at a high rate because of various government initiatives to boost the installation of smart meter in various regions of the country. The Union Government has announced plans to install 250 million smart meters by 2025 with the investment of around Rs. 1.5 lakh crores. Furthermore, the launch of 5G networks is expected to provide lucrative growth opportunities to the market as the country's communication network strengthens. However, a major setback for the India smart meter market may be the high cost of smart meters as well as the high risk associated with privacy and data security.

The Development of Advanced Metering Infrastructure Driving India Smart Meter Market

Based on technology, the India smart meter market is segmented into AMI and AMR. The advanced metering infrastructure or AMI holds the largest market share since it provides two-way communication between the meter and the supplier, which drives the growth of the market. AMI collects and analyzes data from smart meters, which helps utility companies improve energy efficiency and streamline customer services which are anticipated to drive the segments growth during the forecast period as well. Moreover, AMI provides solutions to plug electricity leakages, load forecasting and demand control, as also advanced analytical tools.

Increasing Adoption of Smart Meters in Households Anticipated to Present Lucrative Growth Opportunities to India Smart Meter Market

Based on end-users, the India smart meter market is grouped into residential, commercial, and industrial sectors. The residential segment accounts for the largest market share, owing to the increasing installation of smart electric meters in households to improve transparency in energy consumption and facilitate accurate meter readings. Smart meters are also being promoted in the residential segment to prevent electricity theft,

which is very prevalent in India. The commercial segment, on the other hand, is expected to grow significantly during the forecast period due to India's thriving service sector.

The Cellular Communication Segment is Driving the India Smart Meter Market

Based on communication types, the India smart meter market is grouped into Power line communication, radio-frequency, and cellular communication. The cellular communication type accounts for the largest market share due to the strong cellular network infrastructure in the country. Additionally, the increasing launch of 5G networks is anticipated to provide lucrative growth opportunities to the segment's growth during the forecast period. However, the RF (radio frequency) segment also accounts for a substantial share of the market as smart meters are commonly equipped with RF.

India Smart Meter Market – Regional Insights

Geographically, the India smart meter market is segmented into North India, South India, East India, and West India. North India dominates the India smart meter market due to various government initiatives to boost the installation of smart meters in this region. According to The Hindu Business Line, around two million smart meters have already been installed in Uttar Pradesh, Bihar, Rajasthan, Haryana, and Delhi, under various initiatives. However, Western India is anticipated to emerge as a potential market for smart meters due to the presence of various industries in states such as Maharashtra and Gujarat.

Impact of COVID-19 on India Smart Meter Market

The India smart meter market witnessed prolific growth after the COVID-19 pandemic outbreak in the country. The pandemic has also sparked debates about energy efficiency and sustainability throughout the length and breadth of the country. For this purpose, smart meters emerged as an effective solution for better management of electricity and other non-renewable resources, such as water and gas. In addition, smart meters allowed data to be recorded and transmitted remotely, eliminating the need for personnel to visit houses and facilities to record electricity usage. This has been a primary factor that propelled the growth of the smart meter market during the COVID-19 period.

India Smart Meter Market-Competitive Landscape

The leading players in the India smart meter market are HPL Electric & Power, Secure Meters Limited, Melange Systems Private Limited, Maven Systems Pvt. Ltd., Analogic Tech India Ltd., Advanced Electronics Company, Itron, Elster Group, Genus Power Infrastructures Ltd, Avon Meters, Zen Meter, and other prominent players.

INDIAN ELECTRIC EQUIPMENT SECTOR

According to market research and advisory firm Technavio, the Indian electric equipment market is expected to increase by USD 33.74 billion from 2021 to 2025 to reach **USD 70.69 billion**. The sector's growth momentum is expected to accelerate at a **CAGR of 9% and it contributes 1.5% to India's overall GDP**. Although India has adequate power generation capacity, still a substantial proportion of the population has limited access to electricity, mainly because of the lack of proper transmission and distribution infrastructure. Hence, electrification is a megatrend which is driving growth and creating new opportunities to participate in infrastructure development as well as demand emanating from semi-urban and rural markets.

The 'Make in India' initiative along with new domestic sourcing norms for the power sector are furnishing a fillip to the electric equipment sector. Also, the recent impetus to creating a self-reliant India augurs well for the sector. The Indian electric equipment sector has a good mix of large private and public sector enterprises, multinational companies as well as small and medium companies. The industry can be broadly classified into two segments – generation equipment and transmission and distribution equipment. It also includes other electrical equipment such as instrument transformers, surge arrestors, stamping and lamination, insulators, insulating material, industrial electronics, indicating instruments, winding wires, etc.

The domestic wires and cables market, which is estimated at Rs **600-650 billion**, makes up 40-45% of the electrical equipment sector. Major players are optimistic about the medium to the long-term potential of the wires and cables sector, given its diverse utility and a conducive demand environment. The sector is estimated to have grown by 20-25% in FY22, primarily driven by inflation-led higher realisations. An increase in commodity input costs due to the rise in copper and aluminium prices was effectively passed on to the consumers by companies. Infrastructure and construction activities were slow in the first quarter of FY22 but saw a sequential increase as the second wave of the pandemic subsided.

Outlook

In India, access to electricity has been improving significantly, developing a new market in semi-urban and rural for electrical equipment. Tailwinds such as the government's focus on infrastructure, the revival of the real estate sector, and healthy demand visibility across various end-user industries are ameliorating the demand environment for the sector. Various government schemes are focused on the mission of 'electricity for all' and reducing transmission loss of electricity. Nonetheless, high levels of inflation and volatility in key raw materials are expected to be major headwinds for the sector in FY23. A rise in power generation from renewable energy sources will also provide new growth levers in the years to come.

According to the **International Energy Agency (IEA)**, electricity demand in India is projected to grow by nearly **5% per year till 2040** as the economy is expected to overtake the European Union in terms of its installed capacity in the next two decades, depending on the progress of the current Stated Policies Scenario (STEPS). This directly translates into more demand for power distribution and transmission infrastructure in the economy along with the need to reduce the gap created between peak load and supply due to power outages. Therefore, a rise in the power generation segment will surely augur well for the sustainable growth of electrical equipment manufacturers.

Financial Highlights

For FY22, industry incumbent Siemens reported a YoY strong growth in net sales and operating profit at ~27% each, while profit after tax and EPS climbed by 36% each. Profit after tax for Hitachi Energy India and ABB India more than doubled in FY22 relative to FY21. CG Power and Industrial Solutions posted phenomenal results for FY22, with operating profit soaring 200%. Market leader in fast-moving electrical goods (FMEG) and major power distribution equipment manufacturer, Havells India saw net sales and net profit jump 33.29% and 14.57%, respectively.

Operating profit and net profit for FY22 of TD Power Systems and Honda India Power Products saw similar growth of ~36% and ~54%, respectively. Olectra Greentech was the distinct winner among the pack. The company's net sales, operating profit and net profit registered phenomenal growth of two times, three times and four times, respectively. Other top outperformers of the sector include Graphite India, HEG, Finolex Cables, Esab India, Apar Industries and Data Patterns India.

On the whole, the electrical equipment sector has registered robust growth on an annual basis in financial parameters across the board. The aggregate top-line of the sector registered a healthy growth of 35.64% from Rs 79,513 crore in FY21 to Rs 107,852.87 crore in FY22. Accumulated operating profits increased by 30.87% from Rs 9,476.47 crore recorded in FY21 to Rs 12,401.56 crore in FY22. Profit after tax surged from Rs 5,609.03 crore in FY 21 to Rs 6,736.01 crore in FY22, exhibiting a growth of 20%.

Unless otherwise stated, the financial information used in this section is derived from our Restated Financial Statements.

BACKGROUND OF COMPANY

Our Company was originally incorporated as a private limited company under the Companies Act, 1956 in the name and style of “Akanksha Power and Infrastructure Private Limited” bearing Corporate Identification Number U40104MH2008PTC184149, dated July 01, 2008, issued by the Registrar of Companies, Mumbai. Subsequently, the company was converted into a public limited Company and the name of our Company was changed to “Akanksha Power and Infrastructure Limited” pursuant to a shareholders’ resolution passed at an Extra-Ordinary General Meeting held on January 10, 2023, and a fresh Certificate of Incorporation dated April 24, 2023, was issued by the Registrar of Companies, Mumbai.

As on date of this Red Herring Prospectus, the Corporate Identification Number of our Company is U40104MH2008PLC184149.

Akanksha Power and Infrastructure Limited was founded and promoted by Mr. Bipin Bihari Das Mohapatra in 2008, with the objective of providing efficient and lower cost power solutions through APFC Panels, AMI Infrastructure with smart meters, and power quality measurement products.

Mr. Bipin Bihari Das Mohapatra- Promoter & Managing Director of the Company

Mr. Bipin Bihari Das Mohapatra is the promoter and managing director of our Company and is a first-generation entrepreneur with a rich experience of more than 23 years in the electrical equipment industry. In the past, he has served as CFO for a Pharma Group named Manga Capsules Limited. Later, that group decided to diversify the business to the electrical sector i.e., capacitor manufacturing, by acquiring a sick unit of Crompton Greaves Ltd., under the name of M/s Max Energy Private Limited. Then Mr. Mohapatra was promoted to the CEO of Max Energy Private Limited.

Journey so far

Akanksha was founded in 2008 with a vision to provide sustainable and reliable power solutions to its customers; and from 2008 to 2010, Company was engaged in the trading of Capacitors, which were procured from EPCOS India Private Limited, currently known as TDK Electronics.

The major commercial operation of the Company started in the year 2010, as an input based rural power distribution franchise (DF) in Khaira Electrical Subdivision, Balasore, Odisha. In the year 2013, the Company established its manufacturing facilities and started production of APFC Panels to provide Power Quality Solution. Besides, the Company entered into a new sector of business, i.e., turnkey construction of High Tension (HT) and Low Tension (LT) electrical infrastructure including 33/11 KV Substations, Distribution Substations etc. In the year 2016, the Company added new products like Current Transformer (CT), Potential

Transformer (PT), and Residual Voltage Transformer (RVT), used to measure current and voltage in electrical systems. In 2018, the Company got the green field LED street light projects on turnkey basis in 12 districts of Odisha and currently, we are providing operation and maintenance (O&M) services for the next 7 years. For further details, refer “our services” on page no. 129.

In the year 2019, the company launched another new product - Vacuum Contactors. These contactors are used in heavy-duty applications and designed to operate reliably even in harsh environments. Additionally, the company also introduced capacitor switches that help control power systems more efficiently. Now the Company is ready to launch its own Advanced Metering Infrastructure (AMI) for effective control of Technical & Commercial losses.

The Company presently has two (2) manufacturing plants situated at Plot No. 87/4, MIDC, Satpur, Nashik-422007, Maharashtra, India, and F- 97, MIDC, Satpur, Nashik- 422007, Maharashtra, India.

OUR BUSINESS

Our Company is engaged in the business of manufacturing of **electric equipments**, including electrical panels, instrument transformers, and vacuum contactors, catering to consumers from institutions, industries and electricity transmission and distribution utilities. Our Company has two (2) manufacturing plants, to manufacture the products with emphasis on quality and performance.

Our Company is an ISO 9001:2015 certified organization engaged in the business of Design, Manufacturing and Supply of CT-PT, Metering Units and Cubical, Automatic power correction panel (Capacitor Panel), fixed capacitor banks, Motor Control Centre (MCC), Power Control Centre (PCC), Variable Frequency Drive (VFD) Panels, Thyristor switches and Vacuum contactors, Energy Management System and Smart Energy Meters (Advanced Metering Infrastructure) , in addition to engineering and execution of electrical turnkey projects.

In addition to production and manufacturing, we are also providing services related to distribution and management of electricity in which our operation includes establishment of electrical infrastructure which involves power quality audit, site analysis, online cloud based multiple monitoring and data analysis for better management to reduce losses in Transmission, Distribution and User level. We are also engaged in managing electrical distribution network for the distribution companies (“DISCOMs”). *For more details of our services, please refer to page no. 129.*

Further, Our Company is engaged in turnkey projects which involves supply, installation, erection, commissioning, and maintenance of electrical infrastructure up to 33 KV, managing greenfield LED streetlight; and technical operation and maintenance of one of the electrical division in Odisha. *For more details of projects, please refer to page no. 132.*

We collect data from the customer, analyse them and then design a customized/ Bespoke system which cater to the needs of our customers. We undertake manufacturing and supply of finished products and intermediate-stage products for our customers depending upon the demand.

Our Company is engaged in business to business (B2B) segment as well as we also supply our products to end customers. Our Company caters to engineering projects and products to its various clients in India. We supply our products to institutional, non-institutional and corporate customers. In addition, we supply our products to power utilities, which primarily includes supply of APFC Panels, Instrument Transformers and other electrical equipments under direct contractual arrangements to electricity boards and power distribution companies, as well as through project contractors.

OUR COMPANY VISION

Our Company vision is to be a leading and sustainable Power Quality Solution (PQS) Provider, using the latest technology, for customer from Industry and DISCOMs.

With this wide range of product range, Our Company is consistent in providing optimum solutions to reduce losses attributable to process. Further, we are continuously working towards improvement and adoption of the best technology & best products of its kind including customized products for Reactive Power Management, to reduce technical loss and improve the efficiency, a complete end to end solution.

What we offer?

Under the Power Sector, AT&C (Aggregate Technical & Commercial) losses is an ever prevalent problem, as they result in significant financial losses for power distribution Companies and hinder their ability to provide sufficient/reliable electricity supply to its consumers. Reducing AT&C losses is therefore a priority for all utilities and governments, as it can lead to increased revenues, improved financial performance, and better service quality for customers.

In order to reduce to AT&C Losses, we offer the following solutions:

Power Quality Systems (PQS)

Power Quality Systems is set of products & technologies which enables true measurement and analysis that helps the Utilities to eliminate equipment tripping and failure due to overloading, voltage fluctuations, lower power factor and many other reasons. By identifying and eliminating the above mentioned problems, the Utilities can bring down equipment failure, downtime, and data loss. This is the paramount solution to eliminate technical loss and provide commercial advantages.

PQS is critical in many industries, such as healthcare, data centers, manufacturing, and telecommunications, steels, mines, where any interruption or variation in the power supply can result in significant financial losses and operational downtime. By implementing PQS solutions, businesses can ensure a stable and reliable power supply, increase equipment lifespan, and reduce maintenance costs.

We have Technology Partnership “PQS Technology Partner” with TDK (EPCOS), to manufacture Low Voltage (LV) and Medium Voltage (MV) electrical APFC, Hybrid APFC (Active Harmonic filter + APFC), Active Harmonic Filter + Static Var Generator, MCC, PCC, VFD Panels, Indoor and Outdoor current transformer (CT), potential transformer (PT) and Residual Voltage Transformer (RVT) up to 33kV.

OUR PRODUCTS

In PQS segment, our Company manufactures electrical equipment such as Panels, Instrument Transformers, Vacuum Contactors and capacitor switches. We offer wide range of products which are mentioned below:

1. PANELS

APFC panels reduce operational losses. They can sense and control the load continuously without fail and on real time basis. They are easy to use as every operation is done automatically. The panels can automatically identify the required capacitance and control the Power Factor.

There are various other products falling under this category are as follows:

	<p style="text-align: center;"><u>MV APFC PANEL</u></p> <p><u>Specifications:</u></p> <ul style="list-style-type: none"> • Nominal Voltage: 3.3kV, 6.6kV, 12 kV, 33kV 50 Hz / 60 Hz • Step Configuration: As per customer's requirement • Protection: HRC Fuses. • Reactor: As per customer's requirement (No reactor / 0.2 % / 6 %) • Switching: Vacuum Contactor. • Single / Double star with RVT or NCT protection. • Indoor / Out-Door version.
	
<p>LV Hybrid APFC Panel</p>	<p>LV APFC Panel</p>
<p><u>Specifications:</u></p> <ul style="list-style-type: none"> • Normal Voltage 440 Volts, 3 Phase, 50 Hz / 60 Hz • Protection class: IP 4X / 5X • Cooling: Self-convection (take care of sufficient convection)/Forced Cooling • Reactor: As per customer's requirement (No reactor / 0.2 % / 7 % or 14 %) • Switching: Contactor switched OR Thyristor switch (TSM) • Using our TSM modules, we can give APFC panel with 1 kVAr Resolution for Dynamic Fast Fluctuating Load • Combination of Static Var Generator (SVG) + Active Harmonic Filter (AHF) for most effective harmonic filtering and power factor improvement. 	

PCC / MCC /VFD PANELS

These devices are the combination of electrical devices which use electrical power to control the various mechanical functions of industrial equipment or machinery.

Specifications:

Customized Power Control / Motor control / Variable Frequency Drive Panels are manufactured as per the customer's requirement.

2. INSTRUMENT TRANSFORMERS

Instrument transformers are electrical devices used to measure electrical quantities such as voltage and current in high and low voltage power systems. These transformers are typically used to isolate the measuring instruments or meters from the high voltage power circuit, which could otherwise damage or destroy them. There are two main types of instrument transformers: current transformers (CTs) and Potential Transformers (PTs)/voltage transformers (VTs).

A CT is a device that is used for the transformation of current from a higher value to a lower value and it steps down high current levels in power systems to a level that can be safely measured by instruments, such as ammeters and protective relays. PT/VT is a device that lowers the voltage going to metering equipment. In summary, while both CTs and PTs are types of instrument transformers that step down the current levels and high voltage to a level that can be safely measured by instruments, CTs measure current, while PTs measure voltage.

Specifications:

- Upto 33 kV voltage level
- Indoor/outdoor application
- Resin cast, Cycloaliphatic Resin cast and oil-cooled type.

List of Products under this Category are as follows:

		
<p align="center">11 kV Cycloaliphatic PT</p>	<p align="center">11 kV Cycloaliphatic CT</p>	<p align="center">11 kV Resin Cast CT</p>

3. Vacuum Contactor / Capacitor Switch

Vacuum Contactor is an electrically controlled switch that is used to make or break an electrical circuit with the help of vacuum interrupter, relay and fuse.

OUR SERVICES

Our team of experts do system study of PQS (Performance, Quality and Safety) measurements. Using the Janitza Power Quality Analyser, we acquire the power quality parameters as per IEEE-519, then based on the data we design the system, do manufacture the customized system, and install it at the site, on a turnkey solution basis. We provide complete end-to-end solution to ensure required deliverables.

We recognise every project as a unique solution for industry or utility companies based on its load profile and purpose of use.

We execute the turnkey projects by providing the following services:

1. Power Quality Audit, site analysis, online monitoring and other related services.

Power Quality Audit: Under this, we measure the consistency and reliability of electrical power supply. The audit typically involves measuring and analyzing various parameters, such as voltage, current, frequency, and harmonics, to identify any issues that may affect the performance and efficiency of electrical equipment. It helps in identifying the problems such as voltage sags, surges and harmonic distortion and suggest solutions to mitigate them.

Site Analysis: Under this process, we assess the electrical system of a facility or site to identify areas that may require improvement. This analysis may involve evaluating the distribution system, load demand, and other factors that may impact the efficiency and reliability of the electrical system.

Online monitoring: Online monitoring involves continuous monitoring of electrical parameters, such as voltage, current, and frequency, in real-time. Online monitoring systems use sensors and data loggers to collect data on various parameters. Various communication technologies like GPRS, RF, MODBUS etc are the backbone of Online monitoring.

UDREAM (Utility Distribution Revenue Analytics and Management) is an indigenously developed software, available as mobile application. This software is a cloud based platform, which maintains and record the electricity consumption data and generates the bill as per consumption.

This software can be installed on a mobile device and by taking a photograph of the meter reading, it generates the bill at the same time through a Bluetooth printer. The bill can be issued to the consumer and can be paid by them at the same time. Thus, it maintains online receipt of payments also. The software is GPRS enabled, which tracks the mobility of the workers engaged in billing and collection. We have used this software for our Rural Based Distribution Project obtained from the NESCO (North Eastern Electricity Supply Company of Odisha). Further, we will be using this software for the billing and collection facilities for the Smart Meters.

Other related services include power quality improvement, load balancing and voltage optimization. These services are designed to help improve the efficiency and reliability of the electrical system, reduce energy consumption, and improve the overall performance of electrical equipment.

2. Supporting Distribution Companies (DISCOM) to collect, monitor and analysis the data and support for better management to reduce the distribution loss.

Under this Our Company assists and supports the electricity distribution companies to collect, monitor, and analyze data which is essential for improving the efficiency and reliability of the distribution network, and to reduce distribution losses, and enhancing customer service.

Government of India has also taken initiatives like launching of “*Ujwal Discom Assurance Yojana Scheme*” to provide operational aid and financial turnaround of Power Distribution Companies (DISCOM). This scheme was established with a vision to provide affordable and accessible 24×7 power to all. It also aims to provide a solution for revenue-side efficiency and cost-side efficiency.

Key objectives of the Ujwal DISCOM Assurance Yojana (UDAY) scheme are as follows:

- Reduce the aggregate technical & commercial (AT&C) loss (from 22% to 15%) and eliminate the gap between average cost of supply (ACS) and average revenue realised (ARR).
- Improve operational efficiency via ensuring compulsory smart metering, upgrading transformers and meters. Also, adopt energy efficiency measures such as initiate promotion of energy-efficient LED bulbs, agricultural pumps, fans and air-conditioners
- Reduce power costs, interest burden and power losses in the distribution sector; improve operational efficiency of DISCOMs to supply adequate power at affordable rates
- UDAY is basically a debt restructuring plan for DISCOMs and was kept optional for states

3. Managing Electrical Distribution Network for the Distribution Companies (Rural Power Distribution franchise)

Under this model of business, our Company manages the electricity distribution system in rural areas on behalf of the Government or an Electricity Distribution Utility. We are also responsible for the operation and maintenance of the distribution network & infrastructure, as well as generating bills and collection of bill payments from the consumers. Under this model, we buy electricity from the Distribution Company at a specified metering point at a pre-agreed tariff. We earn revenue from selling electricity to consumers, plugging leakages, improving distribution network, enhanced collection efficiency etc.

Asset management involves maintaining the distribution network's infrastructure, including transformers, feeders, and other associated equipment. This includes regular inspections, maintenance, and replacement of aging or faulty equipment. Our Company give operation and management service via Call Centre (Breakdown) basis or through preventive maintenance.

Our Company has over 11 years of experience in providing the Input based rural power distribution franchisee services. For further details, refer “Our Projects” on page no.132.

In order to improve the power distribution sector in rural areas, Government of India has also initiated the Revamped Distribution Sector Scheme (RDSS). The scheme aims to provide reliable and quality power supply to rural areas, which is critical for economic development and improving the standard of living of people in these areas. The scheme provides for a range of financial incentives, including grants and subsidies for the implementation of various measures to improve the distribution infrastructure and promote the use of renewable energy sources.

ENGINEERING, PROCUREMENT AND CONSTRUCTION (EPC)

We are also an integrated energy solution provider offering engineering, procurement and construction (“EPC”) services to our customers. We strive to deliver reliable power solutions through innovative products, and we achieve this majorly through our efficient and effective manufacturing line and comprehensive EPC solutions.

Under the EPC segment, we are offering execution of large-scale power projects such as Supply, Installation of Electrical Infrastructure and greenfield lighting projects, transmission lines, and substations.

Operations which fall under the EPC category are as follows:

1. Supply, Erection and Commissioning of electrical infrastructure up to 33 kV.

Erection and Commissioning of electrical infrastructure refers to the process of installing and testing electrical equipment and systems to ensure that they function correctly and safely.

"Erection" refers to the process of physically installing the electrical equipment, such as transformers, switchgear, and control panels, according to the design specifications and safety standards. This process involves setting up the equipment on-site, connecting it to the power supply and testing.

"Commissioning" refers to the process of testing and verifying the equipment and systems to ensure that they operate as intended. This process includes checking the performance of individual components, conducting functional tests on the system as a whole, and identifying and resolving any issues or defects.

Proper erection and commissioning of electrical infrastructure are essential to ensure the safety and reliability of the electrical system and to avoid any potential hazards or accidents.

2. Supply, managing and Installation greenfield LED street lighting, using cloud-based monitoring technologies.

Greenfield LED Street lighting operation refers to the process of installing new LED streetlights in an area that previously did not have any lighting infrastructure. This involves the installation of new poles, Cables/wires, LED Luminaire, feeder panels, switchgear along with control systems and other associated equipment.

LED street lighting is a popular choice for greenfield projects because of its energy efficiency and long lifespan. LED luminaires use less energy than traditional lighting technologies, such as high-pressure sodium Vapor (HPSV) or metal halide lamps, and have a longer lifespan, reducing the need for frequent replacements and maintenance.

In December 2018, we got the green field street light projects for the 12 districts of Odisha on turnkey basis. We completed the installation and commissioning of this projects in the year 2021, as per terms of the Contract. Currently we are providing the Operation and Maintenance services for the project till 2028.

We executed these projects through our two special purpose vehicles named as Noctilucent Projects Private Limited & Udream Technolab Private Limited. For further details regarding to the objects of these SPVs, refer to the chapter “Our Group Entities” on page no. 198 of this Red Herring Prospectus.

OUR MAJOR PROJECTS

Our company has been engaged in various projects with customized solutions for the energy needs of a wide variety of Industrial, Commercial and Residential establishments.

Some of these projects are as follows:

1. Rural Power Distribution Project

In the year 2010, we had entered into Distribution Franchisee Agreement with North Eastern Electricity Supply Company of Odisha (NESCO), for managing electricity distribution in Khaira Subdivision, Balasore Dist., Odisha. From 2010 till the September 2021, we have successfully managed input-based franchisee operation of rural distribution sub-division in NESCO, Odisha. During this period, company reduced AT&C losses by 66% with a customer base of approximately 45,000. Company achieved this remarkable result by adopting the best practices in the electricity distribution management, adopting IT Techniques and tools in Meter reading, Spot billing, Performance Monitoring, MIS and energy audits, in addition to strict vigilance activities.

For this commendable performance, our Company was awarded with the National Award by Ministry of Power, Government of India in the year 2015.

2. Green Field Street Light Project

We have executed the green field street light projects in 12 districts of Odisha for 37 Urban Local Bodies (ULBs) and the project has been completed successfully on time. The project was considered beneficial as it was professionally managed and energy efficient Smart LED streetlights, which were fitted in all the uncovered areas of ULBs. We are managing this project for next 7 years (till 2028), by using our highly efficient lights and cloud-based Control & Monitoring system.

3. EPC contract for construction of 33/11 KV Substations, 33 & 11 KV transmission and distribution lines, including associated accessories.

We have successfully executed the Projects for a 33/11 KV sub-station that steps down high voltage electricity to a lower voltage suitable for distribution to consumers. The sub-station can also help reduce power outages and voltage fluctuations, reduce down time, thereby improving the overall quality of power supply.

The first 33/11 KV Substation constructed by us was inaugurated by Mr. Naveen Patnaik, Chief Minister of Odisha.

END USER/INDUSTRIES TO WHICH IT CATERS ITS PRODUCTS/SERVICES

Presently, the Company’s focus is on energy consumers, like PSU’s and private industries. However, Our Company doesn’t contract directly with the DISCOMS, we supply them through the contractors or other complementary industries.

We are supplying our Product to various clients from of different industries, the list of which are as given below:

- NMDC Ltd.
- Hindustan Aeronautics Ltd
- Military Engineering Services
- Steel Authority of India
- Different Coal fields etc.

At the same time, we supply our components and systems to the DISCOM through the contractors and complement companies like:

- Hitachi Energy India Pvt. Ltd.
- Larsen and Toubro Ltd
- Ashoka Buildcon Ltd.
- Dilip Buildcon Ltd etc.

FOREIGN PRESENCE/EXPORTS

our Company does not have any foreign presence/ exports.

PLACE OF BUSINESS OF THE COMPANY

The Company is prominent manufacturer & supplier of Electrical panels, Instrumental transfer, Capacitors Switches, and other electrical products. Details of the Place of Business are as follows:

Sr. No.	Particulars	Address
1.	Registered Office and Plant	Plot no. 87/4, MIDC, Satpur, Nashik- 422007, Maharashtra, India

COLLABORATIONS

Our Company has entered into technical collaboration with the following entities:

1. PQS Technology Partnership with TDK India Pvt. Ltd., Nashik for the MV/ LV APFC Panels and LV Active Power conditioning panels.
2. Technical collaboration Agreement with Matrica Ltd. for the Advance Metering Infrastructure including smart meter. We are at the process of obtaining necessary statutory approvals for manufacturing in India.
3. Brand-label product sales & purchase agreement with Hitachi Energy India Limited formerly known as ABB Power Products & Systems India Ltd., which is for the Thyristor Switch Module, MV/ LV APFC Panels, and other electrical and electronic products.
4. Area Distribution Agreement with Janitza Electronics GmbH for the supply of Energy Management System (EMS) Solutions, meters, and Power analyser.

Details of franchise agreements entered by the company

The company was entered into the franchise agreement with NESCO Odisha during the year 2010, and was working with them till 2021, after taken over by the TATA, we entered into purchase contract agreement as Business Associate. This agreement is valid from 01/09/2021 and valid up to 30/09/2023. This purchase contract is renewed annually.

We were having distribution franchisee operations at Odisha, for a sub-division, named as Khaira, under Division Soro, Balasore. We were operating this Franchisee since 2010, till September 2021 with NESCO Odisha. During 2021, TATA Power through its subsidiary "Tata Power North Odisha Distribution Ltd." (TPNODL) took over the Distribution companies managed by Odisha Government. After taken over by the TATA, we entered into purchase contract agreement as Business Associate with TPNODL. This agreement is valid from 01/09/2021 and valid up to 30/09/2023. Thus, all the tenders are now issued by TPNODL in

Orissa. We apply through these tenders for Operations and Management of Electricity Distribution Assets as Business Associate to the subsidiary of Tata Power, i.e. TPNODL.

RAW MATERIAL

To carry out the business operations of our Company, we require various raw materials.

Our major raw materials are:

- Copper wires
- Copper Bus Bars
- Aluminium Bus Bars
- Cables
- Meters
- Electrical switchgears
- Capacitor
- Variable Frequency Drive
- Reactor
- Auxiliary Contactor
- Capacitor duty Contactor
- Vacuum Contactor
- Thyristor
- Switch Fuse Unit
- Moulded Case Circuit Breaker
- Fuse
- Automatic Power Factor Correction (APFC) relay
- Protection relay
- Vacuum circuit breaker
- Air circuit Breaker
- Off load isolator
- Transformers
- Vacuum bottles
- Epoxy Resin
- Insulators
- CRCA / HRCA / HRPO sheets
- ISMC Base frame.

These raw materials are procured from different suppliers belong to Domestic and international markets. We procure raw material after considering the quotation received from every vendor. Further, we also verify the quality of raw material to be used in the manufacturing of our products. We have been able to secure timely supply of required materials for our existing activity.

UTILITIES & INFRASTRUCTURE FACILITIES

Power

Our Company registered office requires power for the normal purposes such as for lighting, computer systems etc. Further, adequate power is available at both the plants situated at F-97, MIDC, Satpur, Nashik- 422007, Maharashtra, India and Plot No. 87/4, MIDC, Satpur, Nashik- 422 007, Maharashtra, India which is met through the electric supply by the Maharashtra State Electricity Distribution Co. Ltd. (MSEDCL). Also, we have inverter facility at all of our offices.

Furthermore, we have also installed diesel generator set backup facility having capacity of 110 KVA, at the plant situated as Plot No. 87/4, MIDC, Satpur, Nashik- 422007, Maharashtra to carry out some of our operations.

Water

Our Business does not have major water requirements. Water required at premises for human consumption and sanitation purposes is fully met through the water supply made by the Maharashtra Industrial Development Corporation (MIDC).

Effluent Treatment

Our Company does not generate any industrial effluents which is hazardous to the environment.

HUMAN RESOURCE

We believe that a motivated and empowered employee base is the key to our operations and business strategy. We have developed a large pool of skilled and experienced personnel. As on June 30, 2023, our Company has employed 387 contractual employees employed on the basis of daily wages, and 62 permanent employees. Our manpower is a prudent mix of the experienced and young people which gives us the dual advantage of stability and growth, consequently execution of services within time and quality. Our skilled resources together with our strong management team have enabled us to successfully implement our growth plans. The permanent employees at our plants include personnel in manufacturing activities such as machine operations, assembling and testing of products, quality assurance, and receipt and dispatch of materials.

COMPETITION

We operate in a highly competitive market, with participants in the organized and unorganized sector. There are no entry barriers in our industry which puts us to the threat of competition from new entrants. We face competition from other manufacturers, traders, suppliers and importers of APFC Panels, Distribution management and electric equipment in relation to our offerings. Our aim is to provide branded, standardized, and uniform quality products at competitive prices to our consumers. Many of our competitors have substantially large capital base and resources than we do and offer a broader range of products.

We believe that the principal factors affecting competition in our business include relative quality, technical competence, client relationships, reputation, the abilities of employees, market focus, Pricing and timely delivery of the products and services. We believe that our cost effective and integrated offerings, our focus on customer satisfaction and our reliability combined with our quality consciousness, provide us with a competitive advantage in our business.

Set forth below are our significant competitors in each of our product verticals:

Product Vertical	Competitors
APFC panels, Switchgears, Instrument Transformers	<ul style="list-style-type: none"> CG Power And Industrial Solutions Limited Shree Electricals & Engineers Private (India) Limited Universal Cables Limited etc.

OUR COMPETITIVE STRENGTH

1. Strong and Unique Product Technology

By leveraging our core technologies and unique ideas, we continue to provide new value to society. We have tie-ups with global leaders such as TDK-Japan, MATRICA-Russia and JANITZA-Germany. TDK is a Japan based company that offers a wide range of products and services. Power supplies are one of the company's primary business activities, which are mainly designed for industrial applications and include AC-DC switching power supplies, programmable power supplies, DC-DC converters, and power supplies for charging storage batteries. We also benefit from the very wide range of components required in Power Quality System products, manufactured by TDK.

Further, we believe that we are able to achieve greater efficiency due to our in-house testing process, reducing the time and the cost of manufacturing our products, from design to commercial production, resulting in

higher profit margins.

2. Experienced Promoters, Management and a well- trained employee base:

We have an experienced management team with an established process led by our promoter and managing director, Mr. Bipin Bihari Das Mohapatra, who has significant industry experience of more than 23 years in the electrical equipment industry and has been instrumental in the consistent growth of Our Company. Our management and employee teams combine expertise and experience to outline plans for the future development of the Company. We believe that the strength of our management team and their understanding of the Electric Equipment Sector will enable us to continue to take advantage of current and future market opportunities. We believe that our qualified management team provides us a competitive advantage and enables us to function effectively and efficiently.

3. Consistency in Quality and Service Standards:

We have been accredited with ISO 9001:2015 certificate for the Design, Manufacturing and Supply of CT-PT, Metering Units and Cubical, Automatic power correction panel (Capacitor Panel), fixed capacitor banks, MCC, PCC, VFD Panels, Thyristor switches and Vacuum contactors, Energy Management System and Smart energy meters, engineering and execution of electrical turnkey projects. We follow utmost quality standards in our areas of operation so that our products meet the required Quality standards. It helps us in maintaining a cordial relationship with our customers. We believe that ensuring global standard products will attract domestic and international customers to our Company.

4. Established Relationship with Suppliers:

Our company has a strong relationship with our suppliers and due to our relationships with our suppliers, we get quality and timely supplies of materials. This enables us to manage our inventories and supply quality products on timely basis to our customers.

5. Stable customer base:

Our Company enjoys long-standing relationships with key customers. We supply our products to various government agencies. For instance, we have executed the green field street light projects in 12 districts of Odisha for 37 ULBs and the project has been completed successfully and on time. These long-standing relationships are the result of our commitment to quality, timely delivery, etc. Over the last decades, we believe that we have gained invaluable experience in assisting our customers by incorporating the latest technologies, efficiently utilising our manufacturing facility, equipment, and materials, and thereby constantly improving our offerings in order to meet their needs.

6. Wide range of Products and Services:

We provide a broad range of products to our customers, since our incorporation in 2008, we have significantly expanded our product portfolio from time to time. We also provide a wide range of turnkey services with the help of our trained employees and personnel, which increases the scope of our customers and our ability to cater to a diversified clientele base. Although the technical specifications for our products are largely standardized, we may undertake certain customizations of certain products for our institutional and corporate customers. We believe that our ability to adapt our electric equipment offerings to match the needs of our consumers across a wide range of industries gives us a competitive advantage in the market for APFC Panels and other electric equipment.

OUR BUSINESS STRATEGY

1. Expand our geographical network:

After deepening our roots in the Indian market with our wide range of products and services, we are further in progression of marking our presence globally. We intend to spread our wings in the international arena too. Currently, our company is focused only certain States in India. However, we intend to cater to the increasing demand of our existing customers and also increase our existing customer base by enhancing the distribution reach of our products in different parts of the country.

We continually seek to enhance our addressable market through private meetings with our proposed customers, by carrying out promotional activities to create awareness for our products. We plan to create a Strong and niche customer base for our products by increasing our focus on increasing our visibility with such institutional customers including Government Institutions, builders, and Developers of residential and commercial projects. Further, our emphasis is on expanding the scale of our operations as well as growing our supply chain network, which we believe will provide attractive opportunities to grow our client base and revenues.

2. Expand our product range with focus on value added products:

Our Company has consistently focused on expanding its product range and introducing modern electric equipment, offering a wide range of features. We seek to utilize our capabilities to develop new products, particularly Automatic Metering Infrastructure. Further, we are taking various initiatives to launch our new products such as Smart Energy Meters, Gas Meters, and Water Meters. We have also developed 33 KV Vacuum Contactor recently, which has huge market potential and negligible competition.

For further details, refer to the topic titled "Future Business Plan" below.

We also intend to capitalise on the unutilized capacity at our manufacturing facilities to further increase our production and take advantage of the experience of our sales and marketing team to increase acceptance for our electric equipment and enhance our visibility in the domestic and International electric equipment markets, particularly for metering solutions and electric panels.

3. Increasing Operational Efficiency:

We continue to invest in increasing our operational efficiency throughout the organization. Our Company intends to improve efficiencies to achieve cost reductions and have a competitive edge over its peers. Alignment of our people to 'process improvement' through management change and upgrading of skills as required for customer satisfaction is a continuous activity. As a result of these measures, Our Company will be able to increase its operational efficiency.

4. Rationalization of our Working Capital Cycle

Working Capital is a significant expenditure for us, resulting primarily from lengthy working capital cycles and long credit periods extended to our customers. Due to the highly competitive nature of the industry in which we operate, it is critical for us to rationalize our costs to improve our margins. We seek to implement measures to reduce our working capital cycles and improve our inventory management.

5. Quality Assurance:

Our Company intends to focus on adhering to the quality of our products. Our manufacturing facilities and our products have been accredited with various national and international quality certifications. This is necessary so as to make sure that we maintain the high-quality standards for our offerings and get repeat orders from our customers. This will also aid us in enhancing our brand value and further increase the business opportunities.

FUTURE BUSINESS PLAN

Akanksha believes “capturing correct and complete data smartly in real time and analysing it will help in better management of resources”. With this belief we aspire to join hands with similar segment business ventures/ associates in providing cutting edge technology products to our customers.

1. Advanced Metering Infrastructure (AMI)

AMI is the collective term to describe the whole infrastructure from **Smart Meter** to two way-communication network to Control Center equipment, cloud based server and all the software that enable the gathering and transfer of energy usage information in near real-time to reduce technical and commercial loss. AMI makes two-way communications with customers possible and is the backbone of smart grid. The smart meters can work in pre-paid and post paid mode and switch between these two modes. Also, the meters can be remotely controlled (ON/OFF/Load-limiting).

The objective of AMI is remote meter reading for error free data, network problem identification, load profiling, energy audit and automatic bill generation.

Akanksha is entering into the AMI segment as a means of minimizing techno-commercial losses and to promote more efficient energy management practices. It will also help reduce energy waste, lower greenhouse gas emissions, and improve the reliability of the electric grid. By reducing commercial losses, our Company proposed AMI implementation may also benefit the government by increasing revenue from energy sales and reducing the need for costly infrastructure repairs.

Further, Government of India has launched “Revamped Distribution Sector Scheme (RDSS) on 20th July, 2021 under which deployment of 25 crores smart prepaid meters for all consumers, and Smart Metering at Distribution Transformer station and 11 KV feeders.(Source: <https://pib.gov.in/PressReleaseIframePage.aspx?PRID=1797348>)

One of the major issues with Indian power utilities is the high AT&C losses and a good portion of this attributed to tampered meters, incorrect meter reading, delays in meter reading / billing etc.

Due to these high AT&C losses, the sector still faces significant challenges. Most power distribution companies incur losses every year. The total loss is estimated to be more than ₹ 90,000 crore in FY 2021. Due to these high accumulated losses, DISCOMS are unable to pay the generators. As of March 2021, the generators overdue amount is of ₹ 67,917 crore. Though reduction of AT & C loss is the only way out for the DISCOMs to come back, and they will be able to upgrade the network to reduce the distribution losses due to the financial crunch.

(Source: <https://www.cppr.in/archives/discoms-subsidies-paralysing-electricity-regime-of-india>)

AMI is Advanced Metering Infrastructure, and as the solution to the above problems, it has several features that can help reduce/eliminate losses. AMI / smart meter should be characterized by:

- It can register real time consumption of electricity (including the validation process of the registered readings)
- It can register real time fraud/tamper attempt events
- Automated data collection process based on a defined schedule or on-demand requests
- Provide remote access to meters, with high remote-control capabilities (including remote connection/disconnection of electricity)
- High performance (bidirectional) communication based on appropriate / optimal communication technology.

Salient Features for Smart Meters:

- Robust and Sleek design
- Variant: Single phase & Three phase
- Communication: Two way, Open protocol (DLMS), GSM/RF
- Internal relay for Remote Load disconnect/ Reconnect
- Anti tamper and fraud detection
- Security - Password protected user login and parameter settings
- Online data downloading through GSM/GPRS communication.
- Pole-top installation features to avoid tampering with the meters and service cables.
- Multiple communication technologies, viz, Power Line Communication, Radio Frequency, GSM/GPRS and optical port.

Following are some Snapshots of the Smart energy meters to be launched our Company:

			
<p align="center">Pole Mounted Energy Meter</p>		<p align="center">Wall Mounted Energy Meter</p>	
			
<p align="center">Data Concentrator Unit</p>		<p align="center">GSM based Energy Meter</p>	

Further, In order to provide the solutions to the DICOMS to reduce to distribution losses, there is a requirement of:

- deployment of tamper proof smart meter that can be integrated into the AMI architecture at the same time utilizing the available infrastructure and respecting the socio-cultural fabric and issues of the consumers of the country.
- Dual Redundant Dynamic Hybrid communication for Next Gen Smart Meters.

Our Company is also going to venture into designing and manufacturing of AMI infrastructure, with signature DRDHC (Dual Redundancy Dynamic Hybrid Communication) Smart energy meters. Backed with an in house developed analytics software UDREAM (Utility Distribution Revenue Analytics Management), capable of providing a complete end to end solution with high reliability in the areas of data availability, data communication, remote operation and control of the energy consumption. We will be Providing solutions which would have the capability to overcome the prevailing challenges of an uninterrupted and reliable communication and support the system to ensure the reduction of Commercial losses in the distribution network.

One of the important performance parameters of a smart meter is the robustness of its communication characterized by data reliability and availability.

While various communication technologies exist considering their limitations, a dual redundant hybrid dynamic communication technology is developed and implemented to maximize coverage and provide resilience to communication interferences.

The metering segment has Modernize with the Improvement in economy and electric industry, along with launch of favourable government policies like Revamped Distribution Sector Scheme (RDSS).

REVAMPED DISTRIBUTION SECTOR SCHEME (RDSS)

Government of India launched Revamped Distribution Sector Scheme (RDSS) to reduce the Aggregate Technical & Commercial (AT&C) losses on pan-India levels, with an outlay of Rs. 3,03,758 crores. Out of which, 1,50,800 Crores is the outlay for the AMI which includes smart meters and total meters required is 25 Cr. in numbers.

The scheme aims to meet the following objectives:

- Reduction of AT&C losses to pan-India levels of 12-15% by 2024-25.
- Reduction of Average Cost of Supply (ACS) - Average Revenue Realised (ARR) gap to zero by 2024-25.
- Improvement in the quality, reliability and affordability of power supply to consumers through a financially sustainable and operationally efficient distribution sector.

The Scheme aims to reduce the Aggregate Technical & Commercial (AT&C) losses to pan-India levels of 12-15% and Average Cost of Supply (ACS)-Average Revenue Realised (ARR) gap to zero by 2024-25.

The Scheme has two major components:

Part ‘A’: Financial support for Prepaid Smart Metering & System Metering and upgradation of the Distribution Infrastructure, and

Part ‘B’: Training & Capacity Building and other Enabling & Supporting Activities.

Financial assistance to DISCOMs is provided for upgradation of the Distribution Infrastructure and for Prepaid Smart Consumer Metering & System Metering based on meeting pre-qualifying criteria and achieving basic minimum benchmark in reforms.

Funding Pattern Under RDSS Scheme

S. No.	Item Description	Quantity	Outlay (Rs. Crores)	Grant % (Max)	Grant (Rs Crore)
1.	Prepaid Smart metering solution including at consumer, DT, and feeder level including integration of existing infrastructure.	25 Crores	1,50,000	15% (max. Rs. 900 per meter for customer meter only)	22,500
2.	Other costs including billing modules for all states, data management, data analytics, and support to implementation etc.	Lumpsum	800	100%	800
Sub- Total Part A- funding for Smart Metering			1,50,800		23,300
3.	Other Infrastructure works including SCADA, DMS, AB cables, feeder segregation etc.		1,51,528	60% or 90% ^{##} as the case may be	73,301
Sub- Total Part A- funding for Infrastructure Creation			1,51,528		73,301
Sub- Total Part B- Capacity building			1,430		1,030*

^{##}All North Eastern States including Sikkim and States/Union Territories of Jammu & Kashmir, Ladakh, Himachal Pradesh, Uttarakhand, Andaman & Nicobar Islands, and Lakshadweep are categorized as Special Category States and will be eligible for grant of 90%.

*Out of the Total outlay of Rs. 1,430 Crores, 200 Crores which is amount for reform support in form of consultancy may be taken by state govt. and utilize for the scheme.

In addition to the Smart Energy Meters APIL has plans to introduce Smart Water meters and Smart Gas meters also to the market.

The “smart” gadget wave driven by the technological developments in sensors, communication technology, analytics, Internet of Things, Artificial Intelligence, Virtual Reality, Augmented reality etc. has infiltrated the environment in all sectors. One of the key elements that differentiates smartness is the ability to communicate apart from replicating various senses and analysing capability. These Smart meters not only can communicate as a primary function but also provide correct and complete data in real time for billing purpose and predictive decision making. Our smart water meters help in efficient utilisation of valuable and scarce resources such as water.

India has 18 Percent of the world’s population, but only 4 percent of its water resources, making it among the most water-stressed in the world. A large number of Indians face high to extreme water stress, according to a recent report by the government’s policy think tank, the NITI Aayog. The World Bank is engaged in different aspects of water resource management and the supply of drinking water and sanitation services across the country.

(Source: <https://www.worldbank.org/en/country/india/brief/world-water-day-2022-how-india-is-addressing-its-water-needs#:~:text=Communities%20lead%20India's%20groundwater%20conservation%20efforts&text=Come%20summer%2C%20and%20water%20becomes,water%2Dstressed%20in%20the%20world.>

The availability of water for human consumption varies greatly around the world, and access to safe and clean water remains a major challenge in many regions. Addressing this issue requires a multifaceted approach that includes improving infrastructure, management systems, and conservation measures, as well as addressing the underlying causes of water scarcity and inequality.

Accurate and reliable measurement of water is important for several reasons:

1. **Billing and cost recovery:** Water is a valuable resource, and correct measurement of water consumption is essential for billing and cost recovery. Accurate measurement ensures that consumers are charged fairly for the water they use, and that water utilities are able to recover the costs of supplying and treating the water.
2. **Efficient use of water:** Correct measurement of water can help to identify areas where water is being used inefficiently, and where conservation measures can be implemented. This can help to reduce water waste, conserve water resources, and ensure that water is being used as efficiently as possible.
3. **Planning and management:** Correct measurement of water is also important for planning and management of water resources. It can help to identify trends in water consumption, and to assess the impact of population growth, climate change, and other factors on water availability. This information can be used to develop strategies for managing water resources and ensuring that water is available when and where it is needed.
4. **Environmental protection:** Accurate measurement of water can help to protect the environment by ensuring that water resources are used sustainably and that ecosystems that depend on water are not adversely affected. Correct measurement can help to identify areas where water is being overused or where pollution is occurring, and can be used to develop measures to mitigate these impacts.

With an aim of providing the cutting-edge technology supported smart gadgets, besides Smart Energy Meters, we are also launching Smart Water Meters (Prepaid, Post-paid, wired, & Wireless) and Smart Gas Meters (Prepaid, Postpaid, Wired, Wireless, GSM/ GPRS) in collaboration with our technology partners.

Here are some of the snapshots of our proposed products under the smart water meters:

		
Bulk Ultrasonic- Water Meter	Retrofit-Water Meter	Woltman- Water Meter
		
Prepaid Water Meter	Piston Water Meter	

Here are some of the snapshots of our proposed products under the smart gas metres:

Further, in order to have captive production capability to cover the entire spectrum of PQS, we are in the process of launching non-standard and special application capacitors such as Medium & High Frequency Water-Cooled Capacitors, High Energy Storage & Pulse Discharge Capacitors, Power electronic & Traction duty capacitors, Surge protection capacitors and also MV, HV, & EHV Capacitors.

The Medium & High Frequency Water-cooled Capacitors for Induction heating and Induction melting have potential for export and as well as domestic markets. These highly specialised capacitors have an export potential to UK, Germany, Italy, France, Croatia, Romania, Spain, Netherlands, Turkey, Australia, Argentina, Canada, Brazil, Russia, Iran, Chile, Mexico, Bangladesh, Ukraine, Poland, Greece, Libya, Jordan, Azerbaijan, Macedonia, Syria, Colombia, Iraq, Saudi Arabia, South Africa, Central Africa, Ethiopia, Egypt, Tanzania, Zimbabwe, Algeria, South Korea, Sweden, Denmark, Ghana, Bulgaria, etc.

2. Greenfield LED Street Lighting

Akanksha has more than 5 years of experience in executing and maintaining greenfield LED street lighting projects, and we look forward to being engaged in these projects in the upcoming years.

Further, Our Company is looking for the opportunity and will take part in the tenders in the upcoming years. We believe that we will be able to secure the considerable portion of greenfield LED street lighting project in the tender process.

LED street lighting has been gaining popularity in India over the past few years due to its energy efficiency and longer lifespan compared to traditional street lighting systems. As India continues to develop and modernize its infrastructure, it is expected that the installation of LED street lighting will continue to grow in the upcoming years.

The Indian government has also launched various initiatives to promote the use of LED lighting, including the Street Lighting National Programme (SLNP), the initiative was envisioned as “Prakash Path” to replace conventional streetlights with smart and energy efficient LED streetlights across India. The Unnat Jyoti by Affordable LEDs for All (UJALA) scheme.

MARKETING

We have developed a strong marketing network across the country to cover our existing and prospective clients which include government agencies, public sector undertakings, and private entities as well. Our success lies in the strength of our relationship with our customers who have been associated with our Company for a long period. We have a marketing team led by our promoter, who is responsible for the overall marketing strategies. Our team, through their experience and good bond with clients due to timely and quality delivery of products and services plays an instrumental role in creating and expanding a work platform for our Company.

Our marketing strategies are framed in the following way which ensures:

- Continuously grasping markets trends
- Supply of Quality Products
- Fulfilment of Order Quantity in timely manner

Our Company uses marketing tools like advertisements, seminars followed by fellowship dinners for clients in order to widen their business scope and to increase business potential and market share. Our Company participates in exhibitions at trade fairs related to electrical products. We also have an effective feedback procedure in place for our clients regarding our products which help us in improving and maintaining the efficiency of our products and achieving desired level of customer satisfaction.

Here is glimpse of a few exhibitions, our Company has organised or participated in the past to demonstrate and advertise our Products:

NIMA Power: 2023, Nashik

Elecrama: 2016, Bangalore

NIMA Power: 2013, Nashik

Acrex India: 2013, Mumbai

INSURANCE

We have obtained insurance coverage in respect of certain risks. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks like product defect/liability risk, loss of profits, losses due to terrorism, etc.

Our Company has taken following insurance policies against any damage or loss:

KEY REGULATIONS AND POLICIES

The business of our Company requires, at various stages, the sanction of the concerned authorities under the relevant Central, State legislation and local laws. The following description is an overview of certain laws and regulations in India, which are relevant to our Company. Certain information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below are not exhaustive and are only intended to provide general information to Applicants and is neither designed nor intended to be a substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

RELATED TO OUR BUSINESS

CENTRAL ELECTRICITY AUTHORITY (MEASURES RELATING TO SAFETY AND ELECTRIC SUPPLY) REGULATIONS, 2010 (“SAFETY AND ELECTRIC SUPPLY REGULATIONS”)

The Safety and Electric Supply Regulations lay down general safety requirements with respect to electric supply lines and apparatus, including meters, switchgears, switches and cables. It requires all electric supply lines and apparatus to have adequate rating for power, insulation and estimated fault current and be of adequate mechanical strength for the duty cycle such apparatus may be required to perform and are required to be constructed, installed, protected, worked and maintained in a manner that will ensure safety of human beings, animals and property. It further requires all electric material and apparatus to conform to the relevant specifications prescribed by the BIS or the International Electro-Technical Commission, as applicable. Further, the Safety and Electric Supply Regulations mandates the installation of a suitable switchgear in each conductor of every service line within a consumer’s premises, excluding earthed, earthed neutral or earthed external conductor and also requires that such switchgear be encased in a fireproof receptacle.

CENTRAL ELECTRICITY AUTHORITY (INSTALLATION AND OPERATION OF METERS) REGULATIONS, 2006, AS AMENDED (“INSTALLATION AND OPERATION OF METERS REGULATIONS”)

The Installation and Operation of Meters Regulations prescribe the type, standards, ownership, location, accuracy class, installation, operation, testing and maintenance, access, sealing, safety, meter reading and recording, meter failure or discrepancies, anti-tampering features, quality assurance, calibration and periodical testing of meters, additional meters and adoption of new technologies in respect of interface, consumer, energy accounting and audit meters for accurate accounting, billing and audit of electricity. These regulations are applicable to all meters that are installed or to be installed by all the power generating, transmitting and distribution companies and licensees under the Electricity Act and to all categories of consumers. All meters are required to comply with standards prescribed by the BIS, and consumer meters are also required to comply with any additional specification that may be prescribed by the Central or applicable state Electricity Regulatory Commission. The Installation and Operations of Meters Regulations prescribe specific accuracy classes, anti-tampering features, safety measures and instructions and location for installation of meters. Further, these regulations require that the testing centers for meters that are installed by licensees under the Electricity Act be accredited by the NABL.

ENERGY CONSUMPTION ACT, 2001

The Act regulates and empowers the Government to specify energy consumption standards for notified equipment and appliances, prohibit manufacture, sale, purchase and import of notified equipment and appliances not conforming to energy consumption standards, establish and prescribe energy consumption norms and standards for designated consumers, direct designated consumers to designate or appoint certified energy manager in charge of activities for efficient use of energy and its conservation, get an energy audit conducted by an accredited energy auditor in the specified manner and interval of time, furnish information with regard to energy consumed and action taken on the recommendation of the accredited energy auditor to the designed agency, comply with energy consumption norms and standards, prepare and implement schemes for efficient use of energy and its conservation if the prescribed energy consumption norms and standards are not fulfilled.

INTELLECTUAL PROPERTY LAWS

THE TRADEMARKS ACT, 1999 (“TRADEMARKS ACT”)

The Trademarks Act provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement. The Trademarks Act also prohibits any registration of deceptively similar trademarks or compounds, among others. It also provides for infringement, falsifying and falsely applying trademarks.

Further, pursuant to the notification of the Trademark (Amendment) Act, 2010 simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark (Amendment) Act, 2010 also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law with international practice.

COPYRIGHT ACT, 1957

The Copyright Act, 1957, along with the Copyright Rules, 1958, (collectively, “Copyright Laws”) serve to create property rights for certain kinds of intellectual property, generally called works of authorship. The Copyright Laws protect the legal rights of the creator of an ‘original work’ by preventing others from reproducing the work in any other way. The intellectual property protected under the Copyright Laws includes literary works, dramatic works, musical works, artistic works, cinematography and sound recordings. The Copyright Laws prescribe a fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions.

THE PATENTS ACT, 1970 (“PATENTS ACT”)

The patent regime in India is governed by the Patents Act and rules and regulations made thereunder. Pursuant to the TRIPS Agreement, product patent regime with a protection period of 20 years became applicable in India. The patent regime protects inventions through patents. The amended Patents Act defines “inventive step” to mean a feature of an invention that involves a technical advance as compared to the existing knowledge or having economic significance or both and that makes an invention not obvious to a person skilled in the art. Any person claiming to be the true and first inventor of the invention or the assignee of the true and first inventor or the legal representative of any deceased person who was entitled to make an application immediately before death may apply for a patent for an invention.

THE DESIGNS ACT, 2000 (THE “DESIGNS ACT”)

The Designs Act prescribes for the registration of designs. The Designs Act specifically lays down the essentials of a design to be registered and inter alia, provides for application for registration of designs, copyright in registered designs, etc. A ‘Design’ means only the features of shape, configuration, pattern, ornament or composition of lines or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, trademarks and copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same before the Controller- General of Patents, Designs and Trademarks.

On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration. No person may sell, apply for the purpose of sale or import for the purpose of sale any registered design, or fraudulent or obvious imitation thereof.

LABOUR LAWS

India has extensive labour related legislations. Certain other laws and regulations that may be applicable to our Company in India include the following which is an indicative list of labour laws applicable to the business and operations of Indian companies engaged in manufacturing activities:

FACTORIES ACT, 1948

The Factories Act of 1948 is a piece of legislation enacted in India that regulates the working conditions in factories. Its main objective is to ensure the health, safety, and welfare of workers employed in factories. The act lays down various provisions related to the working hours, leave, safety measures, welfare facilities, and employment conditions in factories.

EMPLOYEES’ COMPENSATION ACT, 1923, AS AMENDED

The Employee’s Compensation Act, 1923 came into force on July 1, 1924. The act has been enacted with the objective to provide for the payment of compensation by certain classes of employers to their workmen or their survivors for industrial accidents and occupational diseases resulting in the death or disablement of such workmen. The Indian Parliament approved certain amendments to the Employee’s Compensation Act, 1923, as amended, to substitute, inter-alia, references to “workmen” with “employees” including in the name of the statute. The amendment came into force on January 18, 2010.

Under the Employees’ Compensation Act, if personal injury is caused to an employee by accident arising out of and in the course of employment, the employer would be liable to pay such employee compensation in accordance with the provisions of the Employees’ Compensation Act. However, no compensation is required to be paid (i) if the injury does not disable the employee for a period exceeding three days, (ii) where the employee, at the time of injury, was under the influence of drugs or alcohol, or (iii) where the employee willfully disobeyed safety rules or willfully removed or disregarded safety devices.

THE INDUSTRIAL DISPUTES ACT, 1947 AND INDUSTRIAL DISPUTE (CENTRAL) RULES, 1957:

Industrial Dispute Act, 1947 and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The Industrial Disputes Act, 1947 (IDA) was enacted to make provision for investigation

and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond a prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lock-outs, closures, lay-offs and retrenchment.

CONTRACT LABOUR (REGULATION AND ABOLITION) ACT, 1970 (“CLRA”):

CLRA has been enacted to regulate the employment of contract labour in certain establishments, the regulation of their conditions and terms of service and to provide for its abolition in certain circumstances. The CLRA applies to every establishment in which 20 or more workmen are employed or were employed on any day of the preceding 12 months as contract labour. The CLRA vests the responsibility on the principal employer of an establishment to which the Act applies to make an application to the registered officer in the prescribed manner for registration of the establishment. In the absence of registration, a contract labour cannot be employed in the establishment. Likewise, every contractor to whom the CLRA applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued.

THE EMPLOYEES’ PROVIDENT FUND AND MISCELLANEOUS PROVISIONS ACT, 1952:

The EPFA came into force on March 4, 1952 and amended on September 1, 2014. Under the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee’s provident fund. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, the employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee’s contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

THE EMPLOYEES’ STATE INSURANCE ACT, 1948 (THE “ESI ACT”):

The Employees State Insurance Act of 1948 has been enacted with the objective of securing financial relief in cases of sickness, maternity and ‘employment injury’ to employees of factories and their dependent and to make provision for certain other matters in relation thereto. The Act is applicable to all the Factories including Factories belonging to the Government. Further, employer and employees both are required to make contribution to the fund at the rate prescribed by the Central Government. The return of the contribution made is required to be filed with the Employee State Insurance department.

THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“SHWW Act”) provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons

coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

THE PAYMENT OF BONUS ACT, 1965:

The payment of Bonus Act, 1965 aims to regulate the amount of bonus paid to the persons employed in certain establishments based on their profits and productivity. Pursuant to the Payment of Bonus Act, 1965, as amended, an employee in a factory or in any establishment where twenty or more persons are employed on any day during an accounting year, is eligible to be paid a bonus. It further provides for the payment of minimum and maximum bonus and linking the payment of bonus with the production and productivity.

PAYMENT OF GRATUITY ACT, 1972:

The Payment of Gratuity Act is applicable to every factory, mine, oilfield, plantation, port, railway companies and to every shop and establishment in which 10 or more persons are employed or were employed at any time during the preceding twelve months. This Act applies to all employees irrespective of their salary. The Payment of Gratuity Act, as amended, provides for a scheme for payment of gratuity to an employee on the termination of his employment after he has rendered continuous service for not less than 5 years:

- (a) On his/her superannuation;
 - (b) On his/her retirement or resignation;
 - (c) On his/her death or disablement due to accident or disease
- (In this case the minimum requirement of five years does not apply)

THE CHILD LABOUR (PROHIBITION AND REGULATION) ACT, 1986:

The Child Labour (Prohibition & Regulation) Act, 1986, as amended from time to time (“Child Labour Act”) was enacted to prohibit the engagement of children below the age of fourteen years in certain specified occupations and processes and to regulate their conditions of work in certain other employments. No child shall be required or permitted to work in any establishment in excess of such number of hours, as may be prescribed for such establishment or class of establishments. Every child employed in an establishment shall be allowed in each week, a holiday of one whole day, which day shall be specified by the occupier in a notice permanently exhibited in a conspicuous place in the establishment and the occupier shall not alter the day so specified more than once in three months.

FOREIGN REGULATIONS

FOREIGN EXCHANGE MANAGEMENT ACT, 1999:

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. Foreign Exchange Management Act, 1999 (“FEMA”) was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India 102 and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

FEMA REGULATIONS:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

THE FOREIGN TRADE (DEVELOPMENT AND REGULATION) ACT, 1992 ("FTA"):

In India, the main legislation concerning foreign trade is FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. FTA read with the Indian Foreign Trade Policy provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

ENVIRONMENTAL LAWS

THE ENVIRONMENT (PROTECTION) ACT OF 1986 ("EPA")

The EPA has been formulated by the Government of India for the protection and improvement of the environment in India and for matters connected there with. The EPA is an umbrella legislation designated to provide a framework for the Government of India to co-ordinate activities of various state and central authorities established under previous environmental laws. The EPA vests the Government of India with the power to take any measure it deems necessary or expedient for protecting and improving the quality of the environment and for preventing, controlling and abating environmental pollution. This includes the power to make rules for among other things, determining the quality of environment, standards for emission of discharge of environment pollutants from various sources, inspection of any premises, plan, equipment, machinery, examination of manufacturing processes and materials likely to cause pollution.

THE AIR (PREVENTION AND CONTROL OF POLLUTION) ACT, 1981, ("AIR ACT")

The Air Act has been enacted to provide for the prevention, control and abatement of air pollution. The Air Act was enacted with a view to protect the environment and surroundings from any adverse effects of the pollutants that may emanate from any factory or manufacturing operation or activity. It lays down the limits with regard to emissions and pollutants that are a direct result of any operation or activity. Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant. The State Pollution Control Board is required to grant consent within a period of four months of receipt of an application, but may impose conditions relating to pollution control equipment to be installed at the facilities. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the State Pollution Control Board.

THE WATER (PREVENTION AND CONTROL OF POLLUTION) ACT, 1974, (“WATER ACT”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the Central Pollution Control Board and the State Pollution Control Boards. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, use of any new or altered outlet for the discharge of sewage or new discharge of sewage, must obtain the consent of the relevant State Pollution Control Board, which is empowered to establish standards and conditions that are required to be complied with. In certain cases, the State Pollution Control Board may cause the local Magistrates to restrain the activities of such person who is likely to cause pollution. Penalty for the contravention of the provisions of the Water Act include imposition of fines, or imprisonment, or both.

THE MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006

The Micro, Small and Medium Enterprises Development Act, 2006 as amended from time to time (MSMED Act) seeks to facilitate the development of micro, small and medium enterprises. The MSMED Act provides that where an enterprise is engaged in the manufacturing and production of goods pertaining to any industry specified in the first schedule to the Industries (Development and Regulation) Act, 1951, the classification of an enterprise will be as follows:

- where the investment in plant and machinery does not exceed twenty-five Lakh rupees shall be regarded as a micro enterprise;
- where the investment in plant and machinery is more than twenty-five Lakh rupees but does not exceed five crore rupees shall be regarded as a small enterprise;
- Where the investment in plant and machinery is more than five crore rupees but does not exceed ten crore rupees shall be regarded as a medium enterprise.

The MSMED Act provides for the memorandum of micro, small and medium enterprises to be submitted by the relevant enterprises to the prescribed authority. While it is compulsory for medium enterprises engaged in manufacturing to submit the memorandum, the submission of the memorandum by micro and small enterprises engaged in manufacturing is optional. The MSMED Act defines a supplier to mean a micro or small enterprise that has filed a memorandum with the concerned authorities. The MSMED Act ensures that the buyer of goods makes payment for the goods supplied to him immediately or before the date agreed upon between the buyer and supplier.

The MSMED Act provides that the agreed period cannot exceed forty-five days from the day of acceptance of goods it also stipulates that in case the buyer fails to make payment to the supplier within the agreed period, then the buyer will be liable to pay compound interest at three times of the bank rate notified by the Reserve Bank of India from the date immediately following the date agreed upon. The MSMED Act also provides for the establishment of the Micro and Small Enterprises Facilitation Council (“Council”). The Council has jurisdiction to act as an arbitrator or conciliator in a dispute between the supplier located within its jurisdiction and a buyer located anywhere in India.

The MSMED act provides for appointment and establishment of National Board by the Central Government for MSME enterprise with its head office at Delhi. The Central Government may from time to time for the purpose of promotion and development of the MSME and to enhance the competitiveness in the sector organise such programmes, guidelines or instructions, as it may deem fit. In case of any offences under this act, no court inferior to that of Metropolitan Magistrate or Chief Metropolitan Magistrate shall try the offence under this act.

GENERAL LEGISLATIONS

THE INDIAN CONTRACT ACT, 1872:

The Indian Contract Act, 1872 (“Contract Act”) codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

THE COMPETITION ACT, 2002:

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

SECTION VI – FINANCIAL INFORMATION

FINANCIAL STATEMENTS AS RESTATED

Independent Auditor's Examination report on Restated Financial Information of Akanksha Power and Infrastructure Limited (Previously Akanksha Power and Infrastructure Private Limited)

To,
The Board of Directors,
Akanksha Power and Infrastructure Limited,
Plot No. 87/4 MIDC, Satpur, Nashik - 422007

Dear Sir/Madam,

1. We have examined the attached Restated Financial Information of Akanksha Power and Infrastructure Limited (Formerly known Akanksha Power and Infrastructure Private Limited,) (the "Company" or the "Issuer"), comprising the Restated Statement of Assets and Liabilities as at March 31, 2023, 2022 and 2021, the Restated Statements of Profit and Loss, the Restated Cash Flow Statement for the years ended March 31, 2023, 2022, 2021, the Summary Statement of Significant Accounting Policies, and other explanatory information (collectively, the "Restated Financial Information"), as approved by the Board of Directors of the Company at their meeting held on September 05, 2023 for the purpose of inclusion in the Draft Red Herring Prospectus/ Red Herring Prospectus / Prospectus (Here-in Offer Documents) prepared by the Company in connection with its proposed Initial Public Offer of equity shares ("IPO").

2. Basis of Qualified Opinion

We have examined Restated Financial Statements comprising the Restated Statement of Assets and Liabilities as at March 31, 2023, 2022 and, 2021, the Restated Statements of profit and Loss, the Restated Cash Flow Statement for the years ended March 31, 2023, 2022, 2021 in accordance with the Standards on Auditing ("SA"s) issued by the Institute of Chartered Accountants of India ("ICAI"). We are independent of the Company in accordance with the Code of Ethics issued by the ICAI together with the ethical requirements that are relevant to our examination of Restated Financial Statements under the provisions of the Companies Act, 2013 (the "Act") and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion on the Restated Financial Statements except for the matters described in the Emphasis of Matter Point no 3(i).

3. Emphasis of Matter

i. We draw attention, as represented by the management of the Company, the Company does not have valid and clear title deed in the name of the company for one of its factory premises situated at F-97, MIDC, Satpur, Nashik, Maharashtra although the Management represents it is in physical possession of the said property. The company has spent an amount of Rs. 89.49 Lakhs as on March 31, 2023 towards improvement on the said asset which has been accounted for as Capital WIP (refer-Annexure IV-13(i)). The consequential effect of the above, on the Restated Financial Statements for the years ended March 31, 2023, 2022, 2021 is not ascertainable.

The Auditors Report for the Financial Year ended March 31,2022, issued by Company's Previous statutory Auditors viz; J P R S & Co., Chartered Accountants have also appropriately disclosed the said matter in their report dated September 08, 2022.

4. The Restated summary Statement have been prepared in terms of the requirements of:
a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");
b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and

- c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (“ICAI”), as amended from time to time (the “Guidance Note”).
5. The Company’s Board of Directors is responsible for the preparation of the Restated Financial Information for the purpose of inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, Registrar of Companies, Maharashtra and the NSE Emerge Exchange in connection with the proposed IPO. The Restated Financial Information have been prepared by the management of the Company on the basis of preparation stated in Annexure IV to the Restated Financial Information. The Board of Directors’ responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Financial Information. The Board of Directors are also responsible for identifying and ensuring that the Company complies with the Act, ICDR Regulations and the Guidance Note.
 6. We have examined such Restated Financial information taking into consideration:
 - a. The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated February 10, 2023 in connection with the proposed IPO of equity shares of the Issuer;
 - b. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c. Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Financial Information; and
 - d. The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.
 7. These Restated Financial Information have been compiled by the management from the Audited Financial Statements of the Company for the financial years ended on March 31, 2023, March 31, 2022 and March 31, 2021, which has been approved by the Board of Directors.
 - a) We have audited the financial statements of the company for the year ended March 31, 2023 prepared by the company in accordance with Indian Accounting Standard (Indian GAAP) for the limited purpose of complying with the requirement of Restated Audited Financial statements in the offer documents should not be more than nine months old from the issue opening date as required by ICDR Regulations in relation to the proposed IPO. We have issued our report dated August 29, 2023, which have been approved by the Board of Directors at their meeting held on August 29, 2023.
 - b) We have relied upon previous Statutory Audited financial statements of the Company as at and for the years ended March 31, 2022, and March 31, 2021 prepared in accordance with the Indian Accounting Standards (Indian GAAP) which have been approved by the Board of Directors at their meeting held on September 08, 2022, and September 03, 2021 respectively.
 8. For the purpose of our examination, we have relied on:
 - a) Auditors’ Report issued by us dated August 29, 2023 for the nine months ended on December 31, 2022 as referred in paragraph 7 (a) above
 - b) Auditors’ Report issued by previous auditor dated September 08, 2022, September 03, 2021 on the financial statements of the company as at and for the year ended on March 31, 2022, and 2021 as referred in Paragraph 7 (b)above.

- c) The audits for the financial years ended March 31, 2022, and 2021 were conducted by the Company's previous auditors, M/s J P R S & Co, whose reports have been furnished to us by the Company's management, and our opinions for these relevant years on the financial statements, in so far as they relate to the amounts and disclosures included in respect of the Company for the relevant years, are based solely on the reports of such other auditors and accordingly reliance has been placed on the restated statement of assets and liabilities and the restated statements of profit and loss and cash flow statements, the Summary Statement of Significant Accounting Policies, and other explanatory information and collectively, the "Restated Financial Information" examined by them for the said years. Our respective opinion on the restated financial statements is not modified in respect of the above matter.
9. Based on our examination and according to the information and explanations given to us, we report that:
- a) The "**Restated Statement of Assets and Liabilities**" as set out in **Annexure I** to this report, of the Company as at and for the year ended on March 31, 2021, March 31, 2022, and March 31, 2023 are prepared by the Company and approved by the Board of Directors. ANNEXURE-IV

SUMMARY STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

COMPANY OVERVIEW

1. Background

Akanksha Power and Infrastructure Private Limited was incorporated as a Private Limited Company in the State of Maharashtra under the Companies Act, 1956 vide Certificate of Incorporation dated July 01, 2008 bearing Corporate Identification Number U40104MH2008PTC184149 issued by the Registrar of Companies, Maharashtra. Subsequently, the company was converted into Public Limited Company and the name of the company was changed to Akanksha Power and Infrastructure Limited pursuant to issuance of Fresh Certificate of Incorporation dated 24th April, 2023 from Registrar of Companies, Maharashtra with Corporate Identification Number U40104MH2008PTC184149.

The principal activity of the Company includes manufacturing of electrical components, execution of turnkey projects and electrical distribution and management services. The address of the Registered Office of the Company is Plot No. 87/4, MIDC, Satpur, Nashik, Maharashtra -422010, India.

a. Basis of Preparation

The financial statements of the company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP). GAAP comprises the Accounting Standards notified u/s S.133 read with S.469 of the Companies Act, 2013. The accounting policies have been framed, keeping in view the fundamental accounting assumptions of Going Concern, Consistency and Accrual, as also basic considerations of Prudence, Substance over form, and Materiality. These have been applied consistently, except where a newly issued accounting standard is initially adopted or a revision in the existing accounting standards require a revision in the accounting policy so far in use. The need for such a revision is evaluated on an ongoing basis.

The Financial Statements have been prepared on a going concern basis, inasmuch as the management neither intends to liquidate the company nor to cease operations. Accordingly, assets, liabilities, income and expenses are recorded on a Going Concern basis.

Based on the nature of products and services, and the time between the acquisition of assets and realization in cash or cash equivalents, the company has ascertained its operating cycle as 12 months for the purposes of current and non-current classification of assets and liabilities

Based on the total income of the company, the amounts presented in the Financial Statements are uniformly rounded off to the nearest lakhs except for earnings per share and ratios.

The company reports its transactions in Indian Rupees.

b. Basis of Measurement

The Financial Statements have been prepared on historical cost convention, on accrual basis of accounting, except for Cash Flow Statement.

c. Use of Estimates

The preparation of the financial statements is in conformity with Indian GAAP (Generally Accepted Accounting Principles) which requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities as on the date of the financial statements. The estimates and assumptions made and applied in preparing the financial statements are based upon management's best knowledge of current events and actions as on the date of financial statements. However, due to uncertainties attached to the assumptions and estimates made actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

2. Significant Accounting Policies

a. Property Plant and Equipment

Tangible assets are stated at cost, less accumulated depreciation and impairment, if any. Direct costs are capitalized until such assets are ready for use. Capital work in progress comprises the cost of fixed assets that are not yet ready for their intended use at the reporting date.

b. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amount of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the assets.

c. Depreciation

Depreciation has been charged on cost of fixed assets, adopting the following methods / rates:

1. Depreciation is calculated using Straight Line Method (SLM) to allocate their cost, net of their residual values, over their estimated useful lives prescribed in Schedule II of the Companies Act, 2013
2. If the cost of a part of the asset is significant to the total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part is determined separately for Depreciation.
3. For other assets acquired / sold during the year pro rata charge has been made from the date of first use or till the date of sale.

d. Capital Work in Progress

Properties under construction are stated at cost less accumulated impairment losses if any, until construction or development is completed, at which time they are reclassified to be accounted for as an item of Property Plant and Equipment. Cost capitalized include cost of land and other directly related development expenditure incurred in developing the asset.

Cost of assets under development and not ready for intended use, as on the reporting date, is shown as capital work in progress. Advances given towards acquisition of factory building and expenses related to this, since the property is not transferred as at the reporting date, the outstanding at each reporting date are disclosed under the head for Capital Assets under WIP

e. Intangible Assets

Intangible assets purchased by the company, and that have finite useful lives, are measured at cost, less accumulated amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the intangible asset.

Subsequent expenditure on intangible assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates.

f. Investments

Non-Current/ Long-term Investments are stated at cost. Provision is made for diminution in the value of the investments, if, in the opinion of the management, the same is considered to be other than temporary in nature. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Current investments are carried at lower of cost and fair value determined on an individual basis. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss. Transactions in foreign currency are accounted for at exchange rates prevailing on the date of the transaction.

g. Inventories

Inventories are valued at the lower of the cost & estimated net realizable value. Cost of inventories is computed on a FIFO basis. Finished goods & work in progress include costs of conversion & other costs incurred in bringing the inventories to their present location & condition. Proceeds in respect of sale of raw materials /stores are credited to the respective heads. Obsolete, defective & unserviceable stocks are duly provided for.

For inventory items, that are not ordinarily inter-changeable, and goods or services produced and segregated for specific projects, the cost is assigned by specific identification of their individual costs. In respect of other items, cost is ascertained by adopting First-in-first-out method. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

h. Trade and Other Receivables

Trade and other receivables are generally measured at invoice value. An allowance for any shortfall in recovery is established if the collection of a receivable becomes doubtful. The amount of the allowance is the difference between the asset's carrying amount and the estimated future cash flows. The loss allowance as also any subsequent recoveries made is recognized in the Profit and Loss. Bad debts are written off when identified.

i. Cash and Cash Equivalents

Cash and cash equivalents include all cash balances and short-term highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value. Foreign Currency cash if any, and cash equivalents are measured at fair value.

j. Revenues and Other Income

- a. Revenue from sale of goods is recognised when significant risk and rewards of ownership of the goods have been passed to the buyer and it is reasonable to expect ultimate collection. Sale of goods is recognised net of GST and other taxes.
- b. Revenue from sales are accounted on accrual basis except Power Distribution sales which is accounted on the basis of actual collection from consumers.
- c. In respect of transactions involving rendering of services, performance is measured either under the completed service contract method or under the proportionate completion method, whichever relates the revenue to the work accomplished. Such performance is regarded as being achieved when no significant uncertainty exists regarding the amount of the consideration that will be derived from rendering the service
- d. Interest income is recognized on accrual basis, adopting a time proportion method, taking into account the amount outstanding and the rate applicable.
- e. Other items of income and expenses are recognised on accrual basis.
- f. Income from export entitlement is recognised as on accrual basis.

k. Borrowing cost

Interest and other costs in connection with the borrowing of the funds to the extent related/attributed to the acquisition/construction of qualifying fixed assets are capitalized as a part of the cost of such asset up to the date when such assets are ready for its intended use and other borrowing costs are charged to statement of Profit & Loss.

l. Foreign Currency Transactions

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

All exchange differences arising on settlement and conversion on foreign currency transaction are included in the Statement of Profit and Loss, except in cases where they relate to the acquisition of fixed assets, in which case they are adjusted in the cost of the corresponding asset.

In respect of transactions covered by forward exchange contracts, the difference between the forward rate and the exchange rate at the date of transaction is recognized as income or expense at the time of maturity date, except where it relates to fixed assets, in which case it is adjusted in the cost of the corresponding assets.

m. Employee Benefits

Employee benefits are accrued in the period in which the associated services are rendered by employees of the company, as detailed below:

(a) Defined Contribution Plan (Provident fund) In accordance with Indian law, all employees receive benefits from a provident fund, which is a defined contribution plan. Both the employees and employer make monthly contributions to the plan, each equal to a specified percentage of employee's basic salary. Obligation for contributions to the plan is recognized as an employee benefit expense in Profit and Loss when incurred.

(b) Defined Benefit Plans (Gratuity)

The company has changed its accounting policy of making provision for gratuity expense from Cash basis to accrual basis for the period ended March 31, 2023.

n. Provisions and Contingencies

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that is reasonably estimate, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligations or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

o. Taxes on Income

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet date.

p. Earnings per Share

Basic and diluted earnings per share are computed in accordance with Accounting Standard -20. Basic earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti dilutive.

RESTATED STATEMENT OF GRATUITY EXPENSES

Annexure IV-30

(All amounts in Indian Rupees in Lakhs, unless otherwise stated)

Employee benefit Plan

(A) Defined benefit Plan

The defined benefit plan operated by the Company is as below:

Retiring gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 to 30 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company does not make any contributions to gratuity funds and the plan is unfunded. The Company accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation.

The defined benefit plans expose the Company to a number of actuarial risks as below:

(a) **Investment risk:** The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government Bonds Yield. If plan liability is funded and return on plan assets is below this rate, it will create a plan deficit.

(b) **Interest risk:** A decrease in the bond interstate (discount rate) will increase the plan liability.

(c) **Mortality risk:** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. For this report the Company has used Indian Assured Lives Mortality (2012-14) ultimate table.

(d) **Salary risk:** The present value of the defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

The following table sets out the amounts recognised in the financial statements in respect of retiring gratuity plan:

FISCAL YEAR ENDED MARCH 31, 2023 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2022 (BASED ON RESTATED FINANCIAL STATEMENTS)

Revenues

• **Total Income**

Total Income for the Financial Year 2022-23, it stood at Rs. 4644.03 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 5206.50 Lakhs representing a decrease of 10.80%.

• **Revenue from operations**

Net revenue from operations for the Financial Year 2022-23, it stood at Rs. 4609.44 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 5183.70 Lakhs representing a decrease of 11.08%.

Reason: There's a decrease in "revenue from operation" on account of completion of Electricity Distribution Franchisee with NESCO in the financial 2021-2022 thus, we have not made any sale of power in the financial year 2022-2023. However, we are involved in the operation and maintenance of these distribution franchise.

• **Other Income**

Increase in Sales of Services & Turnkey Execution

On November 14, 2018, we received the Letter of Acceptance (LOA) from the Government of Odisha, specifically the Housing and Urban Development Department. This project operated under a Public-Private Partnership (PPP) framework, focusing on the implementation of the Odisha Greenfield streetlight initiative across various Urban Local Bodies (ULBs) throughout the state. Our scope encompassed 13 districts, entailing the supply, installation, and commissioning of streetlights across 33 ULBs within these districts in Odisha.

The awarded contract was divided into two clusters: Cluster D with a value of INR 4835.93 Lacs, and Cluster E amounting to INR 4316.18 Lacs, resulting in a combined total value of INR 9152.11 Lacs.

Though the period of the project was from Year 2018 to 2021, The major part of the project was successfully carried out over the course of two fiscal years, namely 2020-21 and 2021-22. Notably, this initiative led to a significant upswing in the company's sales. Despite the inherent challenges of managing a PPP project, our efforts allowed us to maintain a commendable profitability level, with a Profit Before Tax (PBT) margin of 7%.

The Project was to be completed F.Y. 2022, We completed the installation and commissioning of this projects in the year 2021, as per terms of the Contract. Currently we are providing Operation and Maintenance services for the project till 2028.

Increase in total income

The point 4.1 & 4.2 gives a clear understanding on overall increase in total income of the company for period FY 2020 & FY 2021.

RATIONALE FOR INCREASE IN PROFIT AFTER TAX

Particulars	FY 2021	FY 2020
Profit After Tax	392.12	79.86
Change in %age	391.01%	-
PAT Margin	5.27%	3.85%

Although the original timeline for the turnkey project extended from 2018 to 2021, a substantial portion of the

project was effectively carried out during the consecutive fiscal years of 2020-21 and 2021-22. This strategic execution led to a marked upsurge in the company's sales performance. Despite the inherent complexities associated with managing a Public-Private Partnership (PPP) project, our concerted endeavors resulted in the maintenance of an admirable level of profitability, as evidenced by a Profit Before Tax (PBT) margin of 7%. Consequently, our profitability demonstrated an upward trajectory from the fiscal year 2020 to 2021.

In a parallel vein, the company maintains a consistent profitability range of 3.50% to 4.00% for its standard business operations, while achieving a slightly higher margin of approximately 6-7% for the turnkey projects executed in the fiscal years 2020 and 2021. This improvement in profitability for the fiscal year 2021 compared to 2020 can be attributed to these endeavors.

SECTION VII - LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except, as stated in this section and mentioned elsewhere in this Red Herring Prospectus there are no litigations including, but not limited to suits, criminal proceedings, civil proceedings, actions taken by regulatory or statutory authorities or legal proceedings, including those for economic offences, tax liabilities, show cause notice or legal notices pending against our Company, Directors, Promoters, Group Companies or against any other company or person/s whose outcomes could have a material adverse effect on the business, operations or financial position of the Company and there are no proceedings initiated for economic, civil or any other offences (including past cases where penalties may or may not have been awarded and irrespective of whether they are specified under paragraph (a) of Part I of Schedule V of the Companies Act, 2013) other than unclaimed liabilities of our Company, and no disciplinary action has been taken by SEBI or any stock exchange against the Company, Directors, Promoters or Group Companies.

Except as disclosed below there are no:

- a) litigation or legal actions, pending or taken, by any Ministry or department of the Government or a statutory authority against our Promoters during the last five years;
- b) direction issued by such Ministry or Department or statutory authority upon conclusion of such litigation or legal action;
- c) pending proceedings initiated against our Company for economic offences;
- d) default and non-payment of statutory dues by our Company;
- e) inquiries, inspections or investigations initiated or conducted under the Companies Act, 2013 or any previous companies law in the last five years against our Company, including fines imposed or compounding of offences done in those five years;
- f) Material frauds committed against our Company in the last five years.

Pursuant to SEBI ICDR Regulations, all other pending litigations except criminal proceedings, statutory or regulatory actions and taxation matters involving our Company, Promoters, Directors and Group Companies/entities, would be considered material for the purposes of disclosure if:

- a) the monetary amount of the claim made by or against the Company, its joint venture(s) and directors in any such pending litigation is equal to or in excess of 10% of the consolidated revenue of the Company or 25% of the profits before tax of the Company (whichever is lower) as per the last audited financial statements of the Company for a complete financial year, as included in the Offer Documents; or
- b) where the decision in one case is likely to affect the decision in similar cases, even though the amount involved in an individual litigation does not exceed the amount determined as per clause (a) above, and the amount involved in all of such cases taken together exceeds the amount determined as per clause (a) above; and
- c) Any such litigation which does not meet the criteria set out in (a) above and an adverse outcome in which would materially and adversely affect the operations or financial position of the Company.
- d) Our Board, in its meeting held on June 19, 2023, determined that outstanding legal proceedings involving

the Company, its Directors and Promoters will be considered as material litigation (“Material Litigation”) if the aggregate amount involved in such individual litigation exceeds 1% of profit after tax of the Company, as per the last audited standalone financial statements of the Company or such litigations outcome could have a material impact on the business, operations, prospects or reputations of the Company.

Accordingly, we have disclosed all outstanding litigations involving our Company, Promoters, Directors and Group Companies which are considered to be material. In case of pending civil litigation proceedings wherein the monetary amount involved is not quantifiable, such litigation has been considered material only in the event that the outcome of such litigation has an adverse effect on the operations or performance of our Company. Unless otherwise stated to contrary, the information provided is as of date of this Red Herring Prospectus.

For further details, see “Issue Procedure” on page 280 of this Red Herring Prospectus.

Minimum Number of Allottees

Further in accordance with the Regulation 268(1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within four (4) working days of closure of Issue.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those

issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

The SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase-I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Accordingly, the Offer has been undertaken under UPI Phase II, till any further notice issued by SEBI.

SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 effective to public issues opening on or after from May 01, 2021. However, said circular has been modified pursuant to SEBI Circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 in which certain applicable procedure w.r.t. SMS Alerts, Web portal to CUG etc. shall be applicable to Public Issue opening on or after January 1, 2022 and October 1, 2021 respectively and the provisions of this circular, as amended, are deemed to form part of this Red Herring Prospectus. Additionally, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 has reduced the time period for refund of application monies from 15 days to four days. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all

UPI Bidders in initial public offerings (opening on or after May 01, 2022) whose application sizes are up to Rs. 5,00,000/- shall use the UPI Mechanism.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a. Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual applicant, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b. Phase II: This phase commenced on completion of Phase I i.e. with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Applicant through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.
- c. Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing would be reduced to be three Working Days. Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Issue.

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed Yes Bank Limited as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors into the UPI mechanism.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for

applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to Rs. 5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than Rs. 200,000 and up to Rs. 5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

OCBs may invest in this Offer provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of 3,000 Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed Rs. 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed Rs. 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Bidders and QIBs)

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of 3,000 Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Offer and the same shall be advertised in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●], all editions of [●] newspaper being Regional language where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Offer Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Offer Period.

a) The Bid / Offer Period shall be for a minimum of three (3) Working Days and shall not exceed ten (10) Working Days. The Bid/ Offer Period may be extended, if required, by an additional three Working Days, subject to the total Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Offer Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●], all editions of [●] newspaper being Regional language where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.

b) During the Bid/ Offer Period, Retail Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Offer Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.

c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Offer Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Offer Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.

d) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Offer. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.

e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form.

f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Offer Period i.e. one working day prior to the Bid/ Offer Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.

g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “Issue Procedure” beginning on page 280 of this Red Herring Prospectus.

h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.

i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.

j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.

k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Offer or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

Bids At Different Price Levels And Revision Of Bids

1. Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
2. Our Company, in consultation with the BRLM, will finalize the Offer Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
3. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
4. Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
5. The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other Bidders

PARTICIPATION BY ASSOCIATES/AFFILIATES OF BRLM AND THE SYNDICATE MEMBERS

The BRLM and the syndicate member, if any shall not be entitled to subscribe to this Issue in any manner except towards fulfilling their underwriting obligations. However, associates and affiliates of the BRLM and the syndicate members may subscribe to Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis

and such subscription may be on their own account or on behalf of their clients. All categories of Applicants, including associates and affiliates of the BRLM and syndicate member, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Offer under the Anchor Investor Portion.

9. In case of submission of the Application by a Bidder through the Electronic Mode, the Bidder shall complete the above- mentioned details and mention the bank account number, except the Electronic ASBA Bid Cum Application Form number which shall be system generated.
10. Such acknowledgment will be non-negotiable and by itself will not create any obligation of any kind.
11. In case of Non-Retail Bidders and Retail Individual Bidders, applications would not be rejected except on the technical grounds as mentioned in the Red Herring Prospectus. The Designated Intermediaries shall have no right to reject applications, except on technical grounds.
12. The permission given by the Stock Exchanges to use their network and software of the Online IPO system

should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our company; our Promoter, our management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Red Herring Prospectus, nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

13. The Designated Intermediaries will be given time till 1.00 p.m. on the next working day after the Bid/ Issue Closing Date to verify the DP ID and Client ID uploaded in the online IPO system during the Issue Period, after which the Registrar to the Issue will receive this data from the Stock Exchange and will validate the electronic application details with Depository's records. In case no corresponding record is available with Depositories, which matches the three parameters, namely DP ID, Client ID and PAN, then such applications are liable to be rejected.
14. The SCSBs shall be given one day after the Bid/ Issue Closing Date to send confirmation of Funds blocked (Final certificate) to the Registrar to the Issue.
15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Offer Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Offer Period.

Withdrawal of Bids

- i. RIIs can withdraw their Bids until Bid/ Offer Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Offer Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- ii. The Registrar to the Offer shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a. Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalise the Offer Price and the Anchor Investor Offer Price.
- b. The SEBI ICDR Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining

to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.

- c. Under-subscription in any category is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations.
- d. In case of under subscription in the Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an under subscription applicable to the Issuer, Bidders may refer to the RHP.
- e. In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage. f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

In the case of Joint Bids, the Bids should be made in the name of the Bidders whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Bidders would be required in the Bid cum Application Form/Application Form and such first Bidder would be deemed to have signed on behalf of the joint holders. All payments may be made out in favour of the Bidder whose name appears in the Bid cum Application Form or the Revision Form and all communications may be addressed to such Bidder and may be dispatched to his or her address as per the Demographic Details received from the Depositories.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- (i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- (ii) Applications which do not qualify as multiple applications as per above procedure are further checked for

common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.

(iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client' norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the BRLM reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

1. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
2. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. Bid submitted without this information will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

GROUND FOR REJECTIONS

In addition to the grounds for rejection of Bids on technical grounds as provided in the General Information Document, the bidders are advised to note that Bids are liable to be rejected inter alia on the following technical grounds:

- Bids submitted without instruction to the SCSBs to block the entire Bid Amount;

- Bids which do not contain details of the Bid Amount and the bank account details in the ASBA Form
- Bids submitted on a plain paper
- Bids submitted by RIBs using the UPI Mechanism through an SCSBs and/or using a mobile application or UPI handle, not listed on the website of SEBI
- ASBA Form submitted to a Designated Intermediary does not bear the stamp of the Designated Intermediary
- Bids under the UPI Mechanism submitted by RIBs using third party bank accounts or using a third party linked bank account UPI ID (subject to availability of information regarding third party account from Sponsor Bank);
- Bids submitted without the signature of the First Bidder or sole Bidder
- The ASBA Form not being signed by the account holders, if the account holder is different from the Bidder;
- Bids by persons for whom PAN details have not been verified and whose beneficiary accounts are “suspended for credit” in terms of SEBI circular CIR/MRD/DP/ 22 /2010 dated July 29, 2010;
- GIR number furnished instead of PAN;
- Bids by RIBs with Bid Amount of a value of more than Rs. 2,00,000;
- Bids by persons who are not eligible to acquire Equity Shares in terms of all applicable laws, rules, regulations, guidelines and approvals
- Bids accompanied by stock invest, money order, postal order or cash; and
- Bids uploaded by QIBs after 4.00 pm on the QIB Bid/ Offer Closing Date and by Non-Institutional Bidders uploaded after 4.00 p.m. on the Bid/ Offer Closing Date, and Bids by RIBs uploaded after 5.00 p.m. on the Bid/ Offer Closing Date, unless extended by the Stock Exchange
- Applications by OCBs;

BIDDERS SHOULD NOTE THAT IN CASE THE PAN, THE DP ID AND CLIENT ID MENTIONED IN THE BID CUM APPLICATION FORM AND ENTERED INTO THE ELECTRONIC APPLICATION SYSTEM OF THE STOCK EXCHANGES BY THE BIDS COLLECTING INTERMEDIARIES DO NOT MATCH WITH PAN, THE DP ID AND CLIENT ID AVAILABLE IN THE DEPOSITORY DATABASE, THE BID CUM APPLICATION FORM IS LIABLE TO BE REJECTED.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Offer Price.

The Net Offer size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of 3,000 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Offer Price.

The Net Offer size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of 3,000 Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price.

Allotment shall be undertaken in the following manner:

- In the first instance allocation to Mutual Funds for [●] % of the QIB Portion shall be determined as follows:
 - i. In the event that Bids by Mutual Fund exceeds [●] % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●] % of the QIB Portion.
 - ii. In the event that the aggregate demand from Mutual Funds is less than [●] % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Offer Price.
 - iii. Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- In the second instance Allotment to all QIBs shall be determined as follows:
 - i. In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Offer Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of 3,000 Equity Shares thereafter for [●] % of the QIB Portion.
 - ii. Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of 3,000 Equity Shares thereafter, along with other QIB Bidders.
 - iii. Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

c) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Offer:

In the event of the Offer being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE EMERGE (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- If the proportionate allotment to a Bidder works out to a number that is not a multiple of 3,000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 3,000 equity shares subject to a minimum allotment of 3,000 equity shares.
- If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 3,000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Offer specified under the Capital Structure mentioned in this RHP.

“Retail Individual Investor” means an investor who applies for shares of value of not more than ₹ 2,00,000/. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with National Stock Exchange of India Limited.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment advice

- a. Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- b. On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Offer. The Book Running Lead

Manager or the Registrar to the Offer will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Offer. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.

- c. Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Offer Closing date. RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. The Equity Shares offered in the Issue have not been and will not be registered under the Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

Calls to date from resolution.
38.	Whenever any calls for further share capital are made on shares, such calls shall be made on uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been	Calls on uniform basis.

	paid up shall not be deemed to fall under the same class.	
39.	The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause, which the Board may deem fairly entitled to such extension, but no member shall be entitled to such extension save as a matter of grace and favour.	Directors may extend time.
40.	If any Member fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding 21% per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member.	Calls to carry interest.
41.	If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by installments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.	Sums deemed to be calls.
42.	On the trial or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares, if shall be sufficient to prove that the name of the Member in respect of whose shares the money is sought to be recovered, appears entered on the Register of Members as the holder, at or subsequent to the date at which the money is sought to be recovered is alleged to have become due on the share in respect of which such money is sought to be recovered in the Minute Books: and that notice of such call was duly given to the Member or his representatives used in pursuance of these Articles: and that it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.	Proof on trial of suit for money due on shares.
43.	Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member of the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce forfeiture of such shares as hereinafter provided.	Judgment, decree, partial payment motto proceed for forfeiture.

<p>44.</p>	<p>(a) The Board may, if it thinks fit, receive from any Member willing to advance the same, all or any part of the amounts of his respective shares beyond the sums, actually called up and upon the moneys so paid in advance, or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made the Board may pay or allow interest, at such rate as the member paying the sum in advance and the Board agree upon. The Board may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to the Member three months' notice in writing: provided that moneys paid in advance of calls on shares may carry interest but shall not confer a right to dividend or to participate in profits.</p> <p>(b) No Member paying any such sum in advance shall be entitled to voting rights in respect of the moneys so paid by him until the same would but for such payment become presently payable. The provisions of this Article shall mutatis mutandis apply to calls on debentures issued by the Company.</p>	<p>Payments in Anticipation of calls may carry interest</p>
<p>LIEN</p>		
<p>45.</p>	<p>The Company shall have a first and paramount lien upon all the shares/debentures (other than fully paid-up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares/debentures and no equitable interest in any share shall be created except upon the footing and condition that this Article will have full effect. And such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares/debentures. Unless otherwise agreed the registration of a transfer of shares/debentures shall operate as a waiver of the Company's lien if any, on such shares/debentures. The Directors may at any time declare any shares/debentures wholly or in part to be exempt from the provisions of this clause.</p>	<p>Company to have Lien on shares.</p>
<p>46.</p>	<p>For the purpose of enforcing such lien the Directors may sell the shares subject thereto in such manner as they shall think fit, but no sale shall be made until such period as aforesaid shall have arrived and until notice in writing of the intention to sell shall have been served on such member or the person (if any) entitled by transmission to the shares and default shall have been made by him in payment, fulfillment of discharge of such debts, liabilities or engagements for seven days after such notice. To give effect to any such sale the Board may authorise some person to transfer the shares sold to the purchaser thereof and purchaser shall be registered as the holder of the shares comprised in any such transfer. Upon any such sale as the</p>	<p>As to enforcing lien by sale.</p>

	Certificates in respect of the shares sold shall stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a new Certificate or Certificates in lieu thereof to the purchaser or purchasers concerned.	
47.	The net proceeds of any such sale shall be received by the Company and applied in or towards payment of such part of the amount in respect of which the lien exists as is presently payable and the residue, if any, shall (subject to lien for sums not presently payable as existed upon the shares before the sale) be paid to the person entitled to the shares at the date of the sale.	Application of proceeds of sale.
FORFEITURE AND SURRENDER OF SHARES		
48.	If any Member fails to pay the whole or any part of any call or installment or any moneys due in respect of any shares either by way of principal or interest on or before the day appointed for the payment of the same, the Directors may, at any time thereafter, during such time as the call or installment or any part thereof or other moneys as aforesaid remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on such Member or on the person (if any) entitled to the shares by transmission, requiring him to pay such call or installment of such part thereof or other moneys as remain unpaid together with any interest that may have accrued and all reasonable expenses (legal or otherwise) that may have been accrued by the Company by reason of such non-payment. Provided that no such shares shall be forfeited if any moneys shall remain unpaid in respect of any call or installment or any part thereof as aforesaid by reason of the delay occasioned in payment due to the necessity of complying with the provisions contained in the relevant exchange control laws or other applicable laws of India, for the time being in force.	If call or installment not paid, notice maybe given.
49.	The notice shall name a day (not being less than fourteen days from the date of notice) and a place or places on and at which such call or installment and such interest thereon as the Directors shall determine from the day on which such call or installment ought to have been paid and expenses as aforesaid are to be paid. The notice shall also state that, in the event of the non-payment at or before the time and at the place or places appointed, the shares in respect of which the call was made or installment is payable will be liable to be forfeited.	Terms of notice.
50.	If the requirements of any such notice as aforesaid shall not be complied with, every or any share in respect of which such notice has been given, may at any time thereafter but before payment of all calls or installments, interest and expenses, due in respect thereof, be forfeited by resolution of the Board to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited share and not actually paid before the forfeiture.	On default of payment, shares to be forfeited.

51.	When any shares have been forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof shall forthwith be made in the Register of Members.	Notice of forfeiture to a Member
52.	Any shares so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted, or otherwise disposed of, either to the original holder thereof or to any other person, upon such terms and in such manner as the Board in their absolute discretion shall think fit.	Forfeited shares to be property of the Company and may be sold etc.
53.	Any Member whose shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company, on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of the forfeiture until payment, at such rate as the Board may determine and the Board may enforce the payment of the whole or a portion thereof as if it were a new call made at the date of the forfeiture, but shall not be under any obligation to do so.	Members still liable to pay money owing at time of forfeiture and interest.
54.	The forfeiture shares shall involve extinction at the time of the forfeiture, of all interest in all claims and demand against the Company, in respect of the share and all other rights incidental to the share, except only such of those rights as by these Articles are expressly saved.	Effect of forfeiture.
55.	A declaration in writing that the declarant is a Director or Secretary of the Company and that shares in the Company have been duly forfeited in accordance with these articles on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the shares.	Evidence of Forfeiture.
56.	The Company may receive the consideration, if any, given for the share on any sale, re-allotment or other disposition thereof and the person to whom such share is sold, re-allotted or disposed of may be registered as the holder of the share and he shall not be bound to see to the application of the consideration: if any, nor shall his title to the share be affected by any irregularly or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the shares.	Title of purchaser and allottee of Forfeited shares.
57.	Upon any sale, re-allotment or other disposal under the provisions of the preceding Article, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a duplicate certificate or certificates in respect of the said shares to the person or persons entitled thereto.	Cancellation of share certificate in respect of forfeited shares.

58.	In the meantime and until any share so forfeited shall be sold, re-allotted, or otherwise dealt with as aforesaid, the forfeiture thereof may, at the discretion and by a resolution of the Directors, be remitted as a matter of grace and favour, and not as was owing thereon to the Company at the time of forfeiture being declared with interest for the same unto the time of the actual payment thereof if the Directors shall think fit to receive the same, or on any other terms which the Director may deem reasonable.	Forfeiture may be remitted.
59.	Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the Shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the Shares sold, and the purchasers shall not be bound to see to the regularity of the proceedings or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such Shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.	Validity of sale
60.	The Directors may, subject to the provisions of the Act, accept a surrender of any share from or by any Member desirous of surrendering on such terms the Directors may think fit.	Surrender of shares.
TRANSFER AND TRANSMISSION OF SHARES		
61.	<p>(a) The instrument of transfer of any share in or debenture of the Company shall be executed by or on behalf of both the transferor and transferee.</p> <p>(b) The transferor shall be deemed to remain a holder of the share or debenture until the name of the transferee is entered in the Register of Members or Register of Debenture holders in respect thereof.</p>	Execution of the instrument of shares.
62.	<p>The instrument of transfer of any share or debenture shall be in writing and all the provisions of Section 56 and statutory modification thereof including other applicable provisions of the Act shall be duly complied with in respect of all transfers of shares or debenture and registration thereof.</p> <p>The instrument of transfer shall be in a common form approved by the Exchange;</p>	Transfer Form.
63.	The Company shall not register a transfer in the Company other than the transfer between persons both of whose names are entered as holders of beneficial interest in the records of a depository, unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on behalf of the transferee and specifying the name, address and occupation if any, of the transferee, has been delivered to the Company along with the certificate relating to the shares or if no such share certificate is in existence along with the letter of allotment of the shares: Provided that where, on an application	Transfer not to be registered except on production of instrument of transfer.

	in writing made to the Company by the transferee and bearing the stamp, required for an instrument of transfer, it is proved to the satisfaction of the Board of Directors that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost, the Company may register the transfer on such terms as to indemnity as the Board may think fit, provided further that nothing in this Article shall prejudice any power of the Company to register as shareholder any person to whom the right to any shares in the Company has been transmitted by operation of law.	
64.	Subject to the provisions of Section 58 of the Act and Section 22A of the Securities Contracts (Regulation) Act, 1956, the Directors may, decline to register— (a) any transfer of shares on which the company has a lien. That registration of transfer shall however not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever;	Directors may refuse to register transfer.
65.	If the Company refuses to register the transfer of any share or transmission of any right therein, the Company shall within one month from the date on which the instrument of transfer or intimation of transmission was lodged with the Company, send notice of refusal to the transferee and transferor or to the person giving intimation of the transmission, as the case may be, and there upon the provisions of Section 56 of the Act or any statutory modification thereof for the time being in force shall apply.	Notice of refusal to be given to transferor and transferee.
66.	No fee shall be charged for registration of transfer, transmission, Probate, Succession Certificate and letter of administration, Certificate of Death or Marriage, Power of Attorney or similar other document with the Company.	No fee on transfer.
67.	The Board of Directors shall have power on giving not less than seven days previous notice in accordance with section 91 and rules made thereunder close the Register of Members and/or the Register of debentures holders and/or other security holders at such time or times and for such period or periods, not exceeding thirty days at a time, and not exceeding in the aggregate forty five days at a time, and not exceeding in the aggregate forty five days in each year as it may seem expedient to the Board.	Closure of Register of Members or debenture holder or other security holders.
68.	The instrument of transfer shall after registration be retained by the Company and shall remain in its custody. All instruments of transfer which the Directors may decline to register shall on demand be returned to the persons depositing the same. The Directors may cause to be destroyed all the transfer deeds with the Company after such period as they may determine.	Custody of transfer Deeds.
