RISK IN RELATION TO THE FIRST ISSUE

This being the first issue of the issuer, there has been no formal market for the securities of the issuer. The face value of the Equity Shares is ₹10. The Floor Price, Cap Price and Issue Price determined by our Company, in consultation with the Book Running Lead Manager, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as stated under “Basis for Issue Price” on page 83 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in Equity and Equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of the Red Herring Prospectus. Specific attention of the investors is invited to the section “Risk Factors” beginning on page 26 of this Red Herring Prospectus.

ISSUER’S ABSOLUTE RESPONSIBILITY

The Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to the Company and the Issue, which is material in the context of the Issue, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect.

LISTING

The Equity Shares Issued through Red Herring Prospectus are proposed to be listed on the SME Platform of NSE (“NSE Emerge”). In terms of the Chapter IX of the SEBI (ICDR) Regulations, 2018 as amended from time to time, our Company has received “in-principle” approval letter Ref: NSE/LIST/3874 dated June 25, 2024 from NSE (NSE EMERGE) for using its name in the Offer Document. The words and expressions used but not defined in this Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “*Main Provisions of the Articles of Association*”, “*Statement of Special Tax Benefits*”, “*Industry Overview*”, “*Regulations and Policies in India*”, “*Financial Information of the Company*”, “*Outstanding Litigations and Material Developments*” and “*Issue Procedure*”, will have the meaning ascribed to such terms in these respective sections.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

Certain Conventions

In this Red Herring Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, unless the context otherwise indicates or implies, refers to Ganesh Green Bharat Limited (*formerly known as Ganesh Electricals Private Limited*). All references in the Red Herring Prospectus to “India” are to the Republic of India. All references in the Red Herring Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac/ Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac/ Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Use of Financial Data

Unless stated otherwise, throughout this Red Herring Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Red Herring Prospectus is derived from our the Restated Financial statements of our Company comprising of the Restated Consolidated Statement of Assets and Liabilities as at March 31 2024, March 31 2023 and March 31 2022, the Restated Consolidated Statement of Profit & Loss for the period ended on March 31 2024, March 31 2023 and March 31 2022 and the Restated Consolidated Cash Flows Statements for the period ended March 31 2024, March 31 2023 and March 31 2022 of our Company prepared in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “*Financial Information of the Company*” beginning on page 169 of this Red Herring Prospectus.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in the Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2018, as stated in the report of our Peer Review Auditor, set out in section titled “*Financial Information of the Company*” beginning on page 169 of this Red Herring Prospectus. As on date of the Red Herring Prospectus Souraj Energy Private Limited is our subsidiary company and we do not have any associate company. Our fiscal year commences on April 1 of every year and ends on March 31 of every next year.

For additional definitions used in this Red Herring Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Red Herring Prospectus. In the section titled “*Main Provisions of the Articles of Association*”, on page 288 of the Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled “*Basis for Issue Price*” on page 83 of the Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

Currency of Financial Presentation

All references to “Rupees” or “INR” or “Rs.” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “**Industry Overview**” throughout the Red Herring Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management's Discussion and Analysis of Financial Conditions and Results of Operations**” on page 26, 106, and 217 respectively of this Red Herring Prospectus, unless otherwise indicated, have been calculated based on our restated financial statements prepared in accordance with Indian GAAP.

The Red Herring Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Red Herring Prospectus includes certain “forward-looking statements”. We have included statements in the Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward-looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. Our business is directly and significantly dependent on projects funded by the Central and State Governments and derive our revenues from the contracts awarded to us. Any reduction in budgetary allocation to this sector may affect the number of projects that the government authorities/bodies may plan to develop in a particular period;
2. Inability to qualify for, compete and win future projects awarded by government authorities through competitive bidding process could adversely affect our business and results of operations;
3. Any incapability to adopt a new technology by us or change in the requirement of a particular technology by the government authorities may affect our position to bid for the Projects;
4. If any of the project (awarded and / or which may be awarded to us in the future) is terminated prematurely, we may not receive payments;
5. due to the nature of our contracts, we may be subjected to claim and counter-claims including to and from the concessioning authorities among others;
6. Failure to increase the size of our projects and pre-qualification may affect our growth prospects;
7. Insufficient cash flows to meet required payments, on our working capital requirements towards execution of projects, there may be an adverse effect on the results of our operations;
8. Any change in government policies resulting in increases in taxes payable by us;
9. Conflicts of interest with affiliated companies, the promoter group and other related parties;
10. Any adverse outcome in the legal proceedings in which we are involved; and
11. Other factors beyond our control.

For further discussion of factors that could cause our actual results to differ, see the Section titled “***Risk Factors***”, “***Our Business***” and “***Management’s Discussion and Analysis of Financial Condition and Results of Operations***” beginning on page 26, 106 and 217 respectively of the Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company or our Directors or our Officers or Book Running Lead Manager or Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II – SUMMARY OF RED HERRING PROSPECTUS

A. OVERVIEW OF BUSINESS

Our group has diversified its business as service provider into multiple verticals catering to (i) Solar System & Allied Services, (ii) Electrical contracting services (iii) Water Supply Scheme Projects and as a (iv) manufacturer of solar photo-voltaic (“PV”) modules. Our in-house engineering and design capabilities help us offer diversified products and solutions to our customers in each of the product categories in which we operate. Our comprehensive solutions include our services as EPC contractor involving designing, engineering, construction, installation and commissioning of projects.

B. OVERVIEW OF THE INDUSTRY

- India has low conventional energy resources compared to its required energy needs driven by a huge population and a rapidly increasing economy. However, India can harness the huge potential of solar energy as it receives sunshine for most of the year. It also has vast potential in the hydropower sector which is being explored across states, especially in the northeast.
- More than ₹5.2 lakh crore (US \$ 70 billion) has been invested in India’s renewable energy sector since 2014.
- Due to its favourable location in the solar belt (400 S to 400 N), India is one of the best recipients of solar energy with abundant availability.
- The installed solar energy capacity has increased by 24.4 times in the last 9 years and stands at 66.7 GW as of May 2023.

SECTION II - RISK FACTORS

An investment in our Equity Shares involves a high degree of financial risk. Prospective investors should carefully consider all the information in the Red Herring Prospectus, particularly the “**Financial Information of the Company**” and the related notes, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on page 169, 106 and 217 respectively of this Red Herring Prospectus and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some events may not be material individually but may be found material collectively.
2. Some events may have material impact qualitatively instead of quantitatively.
3. Some events may not be material at present but may be having material impact in future.

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “**Risk Factors**” on page 26 and “**Management Discussion and Analysis of Financial Condition and Results of Operations**” on page 217 of this Red Herring Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “**Restated Financial Statements**”.

INTERNAL RISK FACTORS

1. **We bid for projects funded by the Central and State Governments and derive our revenues from the work orders awarded to us. Any reduction in budgetary allocation to our industry sector may affect the number of projects that the government authorities/bodies may plan to develop in a particular period. Our business is directly and significantly dependent on projects awarded by them.**

Projects awarded under (i) Solar System & Allied Services, (ii) Electrical contracting services (iii) Water Supply Scheme Projects are partly funded by the Central and State Government. We have gained experience of participating in various schemes of government like - Saubhagya Scheme, KUSUM Scheme, Saur Sujla Yojna, Mukhya Mantri Nishchay Quality Affected Yojna, Har Ghar Jal (Jal Jeevan Mission) etc. Various government initiatives that may facilitate the growth of our company is as under:

- (i) Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth ₹20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities.

- (ii) The Central Electricity Authority (CEA) estimates India's power requirement to grow to reach 817 GW by 2030.
- (iii) PM-KUSUM (Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan) scheme aims to add solar capacity of 30,800 MW by 2022 with total central financial support of ₹34,422 Crore including service charges to the implementing agencies. (Source: <https://pmkusum.mnre.gov.in/landing-about.html>)
- (iv) Provision of ₹600 crore for setting up of solar irrigation pumps under Saur Sujala Yojana to promote use of solar energy. (Source: https://finance.cg.gov.in/budget_doc/2023-2024/Press%20Note/Press%20Note-E.pdf)
- (v) The total indicative outlay for AMRUT 2.0 is ₹2,99,000 crore including Central share of ₹76,760 crore for five years. This outlay includes funding of ₹22,000 crore (₹10,000 crore as Central Assistance) for ongoing projects of AMRUT till March 2023. (Source: <https://pib.gov.in/PressReleasePage.aspx?PRID=1885837>)
- (vi) Paying special attention to these requirements, Govt. of India systematically designed and launched a scheme Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya, in October 2017 focusing on last mile connectivity and electricity connections to all the unelectrified households in the country. The scheme outlay is ₹16,320 crore, including Gross Budgetary Support of ₹12,320 crore. (Source: <https://powermin.gov.in/en/content/saubhagya>)
- (vii) Union Budget 2023-24 has allocated a massive Rs. 70,000 Crore for the implementation of the Jal Jeevan Mission. (Source: <https://static.pib.gov.in/WriteReadData/specificdocs/documents/2023/apr/doc2023427187601.pdf>)

Any reduction in the budgetary allocation or support by the Central and/or the State Governments may have a significant impact on the number of projects for which tenders may be issued by government authorities/bodies resulting in slowdown or downturn in our business prospects. Our business is directly and significantly dependent on projects awarded by them.

Further, there can be no assurance that the state governments or local bodies will continue to place emphasis on the (i) Solar sector, Electrification of roads or Water Supply sector. In the event of any adverse change in budgetary allocations for such projects or a downturn in available work in this sector resulting from any change in government policies or priorities, our business prospects and our financial performance, may be adversely affected. The contracts with government entities may be subject to extensive internal processes, policy changes, government or external budgetary allocation, insufficiency of funds and political pressure, which may lead to lower number of contracts available for bidding or increase in the time gap between invitation for bids and award of the contract which may lead to a delay in our business operations.

With reference to projects where our bids have been successful, there may be delays in award of the projects and/or notification of appointed dates, which may result in us having to retain resources which remain unallocated, thereby adversely affecting our financial condition and results of operations. Any adverse changes in the government authorities/bodies policies may lead to our contracts being foreclosed or terminated which could have an adverse effect on our business, prospects, and results of operations, cash flows and financial condition.

2. *Our projects are awarded through the competitive bidding process by government authorities/bodies. We may not be able to qualify for, compete and win future projects, which could adversely affect our business and results of operations.*

Project Work orders, have been awarded to us following competitive bidding processes and satisfaction of prescribed qualification criteria individually or along with our joint venture partners, wherever applicable. We bid for selective government projects where we see value and long-term growth prospects. In tenders where we have the technical and financial qualifications to bid for the projects there other criteria for considerations in the authority's decision like: service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience. There can be no assurance that we would be able to meet the qualification criteria, particularly for larger projects, whether independently or together with other joint venture partners. Further, once the prospective bidders satisfy the qualification requirements of the tender, the project is usually awarded based on the quote by the prospective bidder. We spend considerable time and resources in the preparation and submission of bids. We cannot assure you that we would bid where we have been prequalified to submit a bid or that our bids, when submitted would be accepted. If we are not able to qualify in our own right to bid for larger projects, we may be required to partner and collaborate with other companies in bids for such projects. If we are unable to partner with other parties or lack the credentials to be the partner-of-choice for other parties, we may lose the opportunity to bid, which could affect our growth plans.

In addition, the government conducted tender processes may be subject to change in qualification criteria, unexpected delays and uncertainties. There can be no assurance that the projects for which we bid will be tendered within a reasonable time or will ever be tendered. In the event that new projects which have been announced and which we plan to bid for are not put up for tender within the announced timeframe, or qualification criteria are modified such that we are unable to qualify, our business, prospects, financial condition, cash flows and results of operations could be materially and adversely affected. We are not in a position to predict whether and when we will be awarded a new contract. Our future results of operations and cash flows can fluctuate materially depending on the timing of contract awards.

Projects awarded to us may be subject to litigation by unsuccessful bidders. Legal proceedings may result in delay in award of the projects and/or notification of appointed dates, for the bids where we have been successful, which may result in us having to retain unallocated resources and as a result, it would adversely affect our results of operations and financial condition. Further, we may be required to deploy time and resources in defending such litigation. Any unsuccessful outcome in any such proceedings

may lead to termination of a contract awarded to us, which could have a material adverse effect on our future revenues and profits.

3. *We rely on our in-house designing and engineering team for project execution. Loss of employee(s) may have an adverse effect on the execution of our projects.*

We have an in-house team for designing and engineering which makes us self-reliant on all aspects of our business. We have a team of 10 engineers to ensure compliance and quality standards laid down by the industry and government agencies & departments. The scope of our services typically includes design and engineering of the Projects, procurement of raw materials, execution at site with overall project management up to the commissioning of Projects. Post commissioning, operations and maintenance of these projects for a certain period of time is generally a part of the award in recent times. The accuracy of the pre-bidding studies is dependent on the key elements like: preparing a project road map-based investigation of the project site, undertaking engineering surveys and preliminary designs which broadly include carrying out inventory and detailed condition surveys, carrying our preliminary investigations, availability of raw materials and implementing design in accordance with environmental and social concerns; and Preparation of bills of quantities covering all the items required in the work. Any deterrence or deviation in the estimation and calculation of the key elements may hamper the quality of the pre-bid engineering study, on which we rely before submitting any tenders for the relevant project. Any deviation during the implementation and operation of the project as compared to our pre-bid estimates could have a material adverse effect on our cash flows, results of operations and financial condition.

We believe that our ability to effectively execute and manage projects is crucial to our continued success. We understand that maintaining quality, minimising costs and ensuring timely completion of our projects depends largely on the skill and workmanship of our employees. As competition for qualified personnel increases among engineering and construction companies, it is difficult to retain highly skilled and trained employee by any organisation. Replacement of such employees is difficult and may require time to find and employ a suitable replacement. Loss of skilled employees from our designing, engineering and construction teams may affect our ability and capability to execute projects and may also affect our growth prospects.

4. *Our business is working capital intensive. If we experience insufficient cash flows to meet required payments on our working capital requirements, there may be an adverse effect on the results of our operations.*

We require a significant amount towards working capital requirements which is based on certain assumptions, and accordingly, any change of such assumptions would result in changes to our working capital requirements. A significant amount of working capital is required to finance the purchase of raw materials, stores and spares, mobilization of resources and other work on projects before payment is received from clients. As a result, we will continue to avail debt in the future to satisfy our working capital requirements. Our working capital requirements may increase if we undertake larger or additional projects or if payment terms do not include advance payments or such contracts have payment schedules that shift payments toward the end of a project or otherwise increase our working capital burden.

The working capital requirement involves providing of bank guarantees and security deposit for the work awarded to our Company for which cash margin has to be provided. Apart from that the clients retain certain percentage of the contract value after the completion of the project as retention money. However, we cannot assure you that our relationships with lenders will not change or that lenders will continue lending practices we are familiar with. Our lenders may implement new credit policies, adopt new pre-qualification criteria or procedures, raise interest rates or add restrictive covenants in loan agreements, some or all of which may significantly increase our financing costs, or prevent us from obtaining financings totally. As a result, our projects may be subject to significant delays and cost overruns, and our business, financial condition and results of operations may be materially and adversely affected.

In general, a large part of our working capital is also blocked in inventories and trade receivables from our clients, including those arising from progress payments or release of retention money. The results of operations of our business are dependent on our ability to effectively manage our inventory and trade receivables. To effectively manage our inventory, we must be able to accurately estimate customer demand / potential orders and supply requirements and purchase new inventory accordingly. However, if we misjudge expected customer demand / potential orders, it could cause either a shortage of products or an accumulation of excess inventory. During the FY 2023-24, FY 2023-22 and FY 2022-21, our inventories were ₹ 3,965.51 lakhs, ₹ 1511.88 lakhs and ₹702.57 lakhs. To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. However, if we fail to accurately evaluate the credit worthiness of our customers, it may lead to bad debts, delays in recoveries and / or write-offs which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. During the FY 2023-24, FY 2023-22 and FY 2022-21, our trade receivables were ₹ 4,036.57 lakhs, ₹ 1,996.42 lakhs and ₹ 2,332.99 lakhs. There can be no assurance that the progress payments and the retention money will be remitted by our clients to us on a timely basis or that we will be able to efficiently manage the level of bad debt arising from such payment practice. Our working capital position also depends on the period of time taken by the government authorities/bodies to certify the invoice issued by us and release payment. All of these factors may result in an increase in the

5 amount of our receivables and short-term borrowings and the continued increase in working capital requirements may have an adverse effect on our financial condition and results of operations.

5. *Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations.*

Our Order Book as of March 31, 2024 has been calculated on the basis of the aggregate contract value of our ongoing projects as of such date reduced by the value of work executed by us until such date, and estimated contract value of new projects awarded to us. For the purposes of calculating the Order Book value, we do not take into account any escalation or change in work scope of our ongoing projects as of the relevant date. The manner in which we calculate and present our Order Book is therefore not comparable to the manner in which our revenue from operations is accounted, which takes into account revenue from work relating to escalation or changes in scope of work of our projects. The manner in which we calculate and present our Order Book information may vary from the manner in which such information is calculated and presented by other companies, including our competitors. The Order Book information included in this Red Herring Prospectus is not audited and does not necessarily indicate our future earnings. Our Order Book should not be considered as a substitute for performance measures. As of March 31, 2024, our Order Book includes (i) 10 work orders under Solar System & Allied Services aggregating to Rs 27,328.03 (ii) 7 work orders under Electrical contracting services aggregating to Rs 2,645.57 Lakhs, (iii) 1 work order under Water Supply Scheme Projects for an aggregate value of Rs. 1423.97 lakhs. For further details on our Order Book, see “**Our Business – Our Order Book**” on page 120. We may not be able to achieve our expected margins or may even suffer losses on one or more of these contracts or we may not be able to realise the revenues which we anticipated in such projects. In addition, there can be no assurance that we will be awarded the projects that we currently expect or that we will be able to execute agreements for these anticipated projects on terms that are favourable to us or at all. Our completed projects also include those projects for which we are yet to be issued the completion certificates by the relevant authority but are operational.

We may encounter problems executing the Projects as ordered, or executing it on a timely basis. Moreover, factors beyond our control may postpone a project or cause its cancellation, including delays or failure to obtain necessary permits, authorizations, permissions, and other types of difficulties or obstructions. Delays in the completion of a project can lead to clients delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such project. Even relatively short delays or surmountable difficulties in the execution of a project could result in our failure to receive, on a timely basis or at all, all payments otherwise due to us on a project. These payments often represent an important portion of the margin we expect to earn on a project. In addition, even where a project proceeds as scheduled, it is possible that the contracting parties may default or otherwise fail to pay amounts owed. Any delay, reduction in scope, cancellation, execution difficulty, payment postponement or payment default in regard to our Order Book projects or any other uncompleted projects, or disputes with clients in respect of any of the foregoing, could materially harm our cash flow position, revenues and earnings.

Accordingly, the realization of our Order Book and the effect on our results of operations may vary significantly from reporting period to reporting period depending on the nature of such contracts, actual performance of such contracts, as well as the stage of completion of such contracts as of the relevant reporting date.

6. *Delays in the completion of current and future projects could lead to termination of engineering, procurement and construction (“EPC”) agreements or cost overruns, which could have an adverse effect on our cash flows, business, results of operations and financial condition.*

Due to our business operations in multiple jurisdictions, there may be delays in the completion of current and future projects which could lead to termination of engineering, procurement and construction (“EPC”) agreements or cost overruns, which could have an adverse effect on our cash flows, business, results of operations and financial condition. We have experienced such delays for our past projects due to reasons like: failure to obtain necessary permits, authorizations, permissions, and other types of difficulties or obstructions, change in the scope of work, execution difficulty, payment postponement by government authorities, pandemic like: COVID 19, natural or manmade calamities etc. However, as of now we have not defaulted in completion of any of the projects.

Our projects are typically subject to a completion schedule. We are also required to provide security deposit or bank guarantees to customers to complete projects on schedule. Any failures to adhere to a contractually agreed schedule for reasons other than the agreed force majeure events could result in us being required to pay liquidated damages, which would usually be a certain percentage of the total project cost, or lead to forfeiture of security deposits or invocation of performance guarantees. We monitor various business functions including project management, materials management, inventory management, procurement planning, quality management, project maintenance, finance and controlling, environment health and safety, and human resources. We consistently make efforts to maintain and upgrade our systems to suit our business requirements and improving efficiency in our operations. Any future failures to complete projects on schedule could have a material adverse effect on our results of operations and financial condition.

7. *Projects sub-contracted or undertaken through a joint venture may be delayed on account of the performance of the joint venture partner, principal or sub-contractor, resulting in delayed payments.*

We typically sub-contract specific construction and development works on of our projects and we may be engaged as sub-contractor for specific works on third party projects. When we act as a sub-contractor, payment on such projects may depend

upon the performance of our principal contractor and when we sub-contract, payments may depend on the subcontractor's performance. A completion delays on the part of a principal or subcontractor, for any reason, could result in delayed payments to us. In addition, when our Company sub-contracts, we may be liable to the client due to failure on the part of a sub-contractor to maintain the required performance standards or insufficiency of a sub-contractor's performance guarantees. We also enter into joint ventures to take on projects. In those instances, the completion of the contract for our client depends in part on the performance of our joint venture partners. If the joint venture partner fails to complete its work on time, it could result in delayed payments or in breach of our contract. However, the joint venture agreements or sub contract agreements carry the clause for such compensation, there may be cases where we may be required to pay penalties and liquidated damages, or the client may invoke our performance guarantee. Further, the liability of joint venture partners is joint and several. Therefore, we would be liable for the completion of the entire project if a joint venture partner were to default on its duty to perform. Failure to effectively protect ourselves against risks for any of these reasons could expose us to substantial costs and potentially lead to material losses, which could adversely affect our business, results of operations and financial condition.

Moreover, our Joint ventures and Subsidiary are not wholly controlled and managed by us. There are specific risks applicable to the failure to control activities of joint venture partners and these risks, in turn, add potential risks to us. Such risks include greater risk of joint venture partners failing to meet their obligations under related joint ventures or other agreements, conflicts with joint venture partners, the possibility of a joint venture partner taking valuable knowledge from us and the inability of a joint venture entity to access funds, which could lead to resource demands on us in order to maintain or advance our strategy. The realization of any of these risks and other factors may have an adverse effect on our business, results of operations and financial condition.

8. Increase in the prices of raw materials and labour could have an adverse effect on our business, results of operations and financial condition.

We undertake Projects by bidding for tenders issued by various government authorities/bodies across the country. A significant part of the execution of any project is Planning, Designing, Procurement, Execution, Testing and Commissioning, Monitoring and Controlling, Operations & Maintenance This activity requires significant raw materials, stores and spares and labour and therefore forms a major cost for our operations. During the Financial Years 2024, 2023 and 2022 the cost of material consumed were Rs 12515.67 lakhs, Rs 6044.59 lakhs and Rs 6521.65 lakhs which constituted 73.55%, 67.01% and 61.80% of our revenue from operations respectively.

We are vulnerable to the risk of rising and fluctuating prices of raw materials which are determined by demand and supply conditions in the global and Indian markets. Any unexpected price fluctuations after placement of orders, shortage, delay in delivery, quality defects, or any factors beyond our control may result in an interruption in the supply of such materials and adversely affect our business, financial performance and cash flows.

We may suffer significant cost overruns or even losses in these projects due to unanticipated cost increases resulted from a number of factors such as changes in assumptions underlying our contracts, unavailability or unanticipated increases in the cost of raw materials, fuel, labour and stores and spares, changes in applicable taxation structures or the scope of work, delays in obtaining requisite statutory clearances and approvals, delays in possession of project site by the client, disruptions of the supply of raw materials due to factors beyond our control, unforeseen design or engineering challenges, inaccurate drawings or technical information provided by clients, severe weather conditions or force majeure events. Despite the escalation clauses in some of our EPC contracts, we may experience difficulties in enforcing such clauses to recover the costs we incurred in relation to the additional work performed at the clients' requests or due to the change of scope of work. If any of these risks materialize, they could adversely affect our profitability, which may in turn have an adverse effect on our overall results of operation.

Additionally, we do not have long-term contracts with suppliers of solar PV cells and all other raw materials and therefore, are susceptible to potential unavailability of raw materials. The availability of solar PV cells and various raw materials, essential for manufacturing solar PV modules is purchased from raw material suppliers with whom we do not have long term supply agreements. We purchase all these raw materials on a need basis primarily through the spot market purchase mechanism and seek to source such raw materials from diverse suppliers. In the past few years, there has been a growing demand for solar power products necessitating continuing expansion of the full solar value chain industry. This growing demand and global supply chains to meet such demand, however, has been negatively impacted by the unforeseeable factors like: COVID-19 pandemic. In the future, there may be industry-wide fluctuations in the supply of raw materials due to the growing demand for solar PV modules. We may, from time to time, experience late delivery from suppliers and may have to purchase raw materials at a higher price or with lower conversion efficiencies / specifications, which in turn may result in reduced revenues per solar PV module.

There can be no assurance that the current procurement efforts will be successful in ensuring an adequate supply of raw materials at viable prices to meet our solar PV module production requirements. If we are unable to meet customer demand for our products or if our products are only available at a higher price because of a shortage of raw materials, we could lose customers, market share and revenue. Further, many of our competitors, that also purchase raw materials from our suppliers, may have stronger relationships as well as greater bargaining power with the suppliers. This may materially and adversely affect our business, financial condition, results of operations and cash flow.

9. Our actual cost in executing Projects may vary substantially from the assumptions underlying our bid or estimates. We may be unable to recover all or some of the additional costs and expenses, which may have a material adverse effect on our results of operations, cash flows and financial condition.

Under the terms and conditions of agreements with government authorities/bodies for the work orders awarded to our company, we generally receive an agreed sum of money, subject to contract variations covering changes in the client's project requirements. Our actual expenditure in executing such projects may vary substantially from the assumptions underlying our bid and estimates for various reasons, including, unanticipated increases in the cost of raw materials, fuel, labour or other inputs or delay in obtaining certain approvals or delay caused by local weather conditions and suppliers' failures to perform.

Our ability to pass on increases in the purchase price or cost of raw materials, labour and other inputs may be limited in the case of contracts with limited or no price escalation provisions, and we cannot assure you that these variations in cost will not lead to financial losses to us in future. Further, other risks generally inherent to our industry may result in our profits from a project being less than as originally estimated or may result in us experiencing losses due to cost and time overruns, which could have a material adverse effect on our cash flows, business, financial condition and results of operations.

10. The restated financial statements have been provided by peer reviewed chartered accountants who is not statutory auditor of our Company.

The restated financial statements of our Company for the financial year ended March 31 2024, March 31 2023 and March 31 2022 have been furnished by a peer-reviewed chartered accountant who is not the statutory auditor of our Company. While our statutory auditor possesses a valid peer-reviewed certificate, due to their existing commitments, the task of providing the restated financial statements was entrusted to the aforementioned peer-reviewed chartered accountant.

11. Our Company has not adequately complied with some of the provisions of Companies Act, 2013. There are certain discrepancies/errors noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 2013. Any penalty or action taken by any regulatory authorities in future, for non-compliance with provisions of corporate and other law could impact the reputation and financial position of the Company to that extent.

Our company has missed to comply with certain statutory provisions in the past including but not limited to the details as mentioned in this risk factor. The Company has not filed certain ROC forms such as Form CHG-1 for creation of vehicle loans taken in the past which inter-alia includes non-compliance of Section 77 of the Companies Act, 2013 and is subject to penalty under section 86 which states that the company shall be liable to a penalty of five lakh rupees and every officer of the company who is in default shall be liable to a penalty of fifty thousand rupees. Further, such loans may be considered as unsecured Loan. It includes vehicle loan from HDFC Bank and three vehicle loans from Punjab National Bank Ltd with total outstanding as on March 31, 2024 of Rs. 40.57 lakhs. Our company had not prepared Consolidated Financial Statements in the FY 21-22 with its then Joint venture, PIGL GEPL JV which inter-alia includes non-compliance of Section 129 and 137 of the Companies Act, 2013 and AS-27 as per Indian GAAP. The Profit after Tax of the company on standalone basis for FY 21-22 was Rs 518.27 lakhs and that after compliance of AS 27 the Profit After Tax of the company on consolidated basis for FY 21-22 was Rs 517.44 lakhs. The effect of the same is reflected in the restated financials statements presented in the RHP However, our company has now prepared Audited Consolidated financial statements of the company for the FY 21-22, approved by the Board of Directors on October 27, 2023 for the purpose of compilation of the same in the restated financial statements. Moreover our company has filed the compounding application for the delayed filing of consolidated financial statements for FY 21-22. Although, no show cause notice in respect of the non-compliance has been received by the Company till date, any penalty imposed for such non-compliance in future by the any regulatory authority could affect our financial conditions to that extent. In case of any action being taken by the regulatory authorities against the Company and/or its officers, the same may have an adverse effect on our business and reputation. Our company has not complied with certain Accounting Standards such as AS15 however the same have been duly complied by the company in the restated financial statements. Although, no show cause notice in respect of the above has been received by the Company till date, any penalty imposed for such non-compliance in future by any regulatory authority could affect our financial conditions to that extent.

12. Our Statutory Auditor have included certain qualifications in their Audit Report (including CARO Report) for financial statements pertaining to F.Y. 2022-23.

Our Statutory Auditor have included certain qualifications/observations in their CARO Report (part of Audit Report) for financial statements pertaining to F.Y. 2022-23. Below are the details of the same:

Observation related to compliance of CSR in CARO Report

F.Y. 2022-23

According to the information and explanations given to us, no transfer unspent amount of Rs. 19,36,064 to a fund specified in schedule VII to the companies act within a period of six month of the expiry of the financial year in compliance with second proviso to sub section (5) of section 135 of the said act.

The company has now complied with such disclosure and all the past dues towards CSR expenditure has been paid by way of contribution of ₹42.68 lakhs to the Shree Brahmani Charitable Trust during the Fiscal 2023. Our company has filed the compounding application for the delay in compliance with provisions of sec 135 of Companies Act 2013. Consequently, the company and its directors may be subject to penalties to the extent stated in section 135 of companies act 2013.

13. Our business is operating under various laws which require us to obtain approvals from the concerned statutory/regulatory authorities in the ordinary course of business and our inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.

Our business requires us to obtain and renew from time to time, certain approvals, licenses, registrations and permits, some of which have expired and for which we have either made or are in the process of making an application for obtaining the approval or its renewal. In particular, we require certain approvals, licenses, registrations and permissions under various regulations, guidelines, circulars and statutes regulated by various authorities for operating our business activities that by us may contain conditions, some of which could be onerous. There can be no assurance that the relevant authorities will issue these approvals or licenses in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it will have an adverse impact on our business operations.

Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may impede our operations. For further details, see “**Government and Other Approvals**” on page 231 of this Red Herring Prospectus. In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected. We may be impleaded in any environmental legal proceedings in the course of our business due to non-compliances with terms and conditions of regulatory approvals or authorizations.

14. An inability to complete our Ongoing Projects by their respective expected completion dates or at all could have a material adverse effect on our business, results of operations and financial condition

Our ability to complete our projects within the expected completion dates or at all is subject to a number of risks and unforeseen events. As of March 31, 2024 we have 18 ongoing Projects with an order book of Rs 31397.57 lakhs. Whilst there have been any delays in any of our Completed and Ongoing Projects or approvals required for any of our Ongoing Projects due to reasons not attributable to the company, we cannot assure you that we will not experience any delays in any of our projects going forward. The company faces potential penalties such as liquidation damages, deductions from bills, revocation of bank guarantees and blacklisting due to missed deadlines. While in past instances the company has not been blacklisted or the bank guarantees have not been forfeited by any authority, there is no assurance that we may not face any such penalties or damages in the future.

15. Our contracts with government authorities/bodies usually contain terms that favour them and they may terminate our contracts prematurely under various circumstances beyond our control and as such, we have limited ability to negotiate terms of these contracts and may have to accept restrictive or onerous provisions. Our inability to negotiate terms that are favourable to us may have a material adverse impact on our financial condition and results of operations.

We have only a limited ability to negotiate the terms of the contracts with government authorities/bodies, which tend to favour them. For instance, the terms laying out our obligations, as well as quotations for our projects (as applicable) are determined by the government entities and we are not permitted to amend such terms. The contractual terms may present risks to our business, including:

- risks we have to assume and lack of recourse to the government authorities/bodies;
- liability for defects arising after the termination of the agreement;
- clients’ discretion to grant time extensions, which may result in project delays and/or cost overruns;
- our liability as a contractor for consequential or economic loss to our clients;
- commitment of the government authorities/bodies to secure encumbrance free land, utility shifting and delay in obtaining approvals; and
- the right of the government authorities/bodies to terminate our contracts after providing us with the required written notice within the specified notice period.

Our ability to continue operating or undertaking these projects thus largely depends on government authorities/bodies, who may terminate the relevant agreements for reasons set forth in those agreements. If the government authorities/bodies terminate any

of our agreements, under the relevant agreement it is generally required to compensate us for the amount of our unrecovered investment, unless the agreement is terminated pursuant to applicable law or our breach of the terms of the agreement is material. Such compensation process is likely to be time consuming and the amount paid to us may not fully compensate us. Under such circumstances, we are typically required to transfer the control and possession of the project sites back to the government. We cannot assure you that we would receive such compensation on a timely basis or in an amount equivalent to the value of our investment plus our lost profits.

In the event we commit a default under the terms of the contract, the government authorities/bodies may suspend us from carrying out any work on the relevant project for a certain period of time from the date of issue of notice and we are required to indemnify the government authorities/bodies for all costs incurred during such period by the authority for discharging our obligations. Though there has been no such incidence in the recent past, such onerous conditions in government contracts may affect the efficient execution of these projects and may have adverse effects on our profitability.

16. We have limited experience in the business of manufacturing Solar PV modules and there is no assurance that we will be able to maintain or increase our revenue from operations in the long term.

Our subsidiary, Souraj Energy Private Limited was incorporated in March 2021 and started manufacturing Solar PV modules in the year December 2022 at its factory situated in Mehsana. We have also set up an additional line for manufacturing of solar photo-voltaic ("PV") modules in our company which has recently started commercial production. Being a new player in the business of manufacturing solar PV Modules we have a limited operating history and there is no assurance that we will be able to maintain our past rate of growth and succeed in realizing our growth strategy. While we may have experienced success in initial years, there is no assurance that we will succeed in the long term.

We cannot assure that we will be able to maintain or increase the revenue generated from Solar PV modules in the future.

Consequently, any reduction in demand or decrease in production of Solar PV modules could result in significant loss which in turn will lead to lower revenues and gross and operating margins resulting into material adverse effect on our business, financial condition and results of operation. Due to our very limited experience, we may face new business and financial challenges which may adversely affect our growth prospects, business, profitability, cash flows and results of operations.

Further, the limited operating history of our Company may not serve as an adequate basis to evaluate our future prospects, results of operations and cash flows. Therefore period-to-period comparisons of our operating results and our results of operations for any period should not be relied upon as an indication of our performance for any future period.

17. Our business is exposed to various implementation risk and other uncertainties which may adversely affect our business, results of operations and financial condition.

Our operations are subject to hazards inherent in project management, materials management, inventory management, procurement planning, quality management, project maintenance, finance and controlling, environment health and safety, and human resources. The development of these projects involves various implementation risks including delays or disruption in supply of raw materials, unanticipated cost increases, force majeure events, cost overruns. We may be further subject to risks such as:

- unforeseen technical problems, disputes with works and labour contractor, force majeure events and unanticipated costs due to defective plans and specifications;
- not being able to obtain adequate capital or other financing at affordable costs or obtain any financing at all to complete any of our projects;
- not being able to provide the required guarantees under project agreements or enter into financing arrangements;
- experiencing shortages of, and price increases in, materials and skilled and unskilled labour, and inflation in key supply markets;
- the relevant authorities may not be able to fulfil their obligation prior to construction of a project, in accordance with the relevant contracts resulting in unanticipated delays;
- spread of infectious diseases at our project sites, resulting in temporary shutdown of operations at such sites until such sites are successfully decontaminated and the relevant persons are quarantined;
- delays in completion and commercial operation could increase the financing costs associated with the project execution and cause our forecast budget to be exceeded;
- risk of equipment failure that may cause injury and loss of life, and severe damage to and destruction of property and equipment; and
- other unanticipated circumstances or cost increases.

Our Projects typically have a long gestation period and require substantial capital infusion at periodic intervals before our invoice is certified by the government authorities/bodies. There cannot be any assurance that these projects will be completed in the time expected. If any or all of these risks materialise, we may suffer significant cost overruns or even losses in these projects due to

unanticipated increase in costs as a result of which our business, profits and results of operations will be materially and adversely affected.

18. We have projects in diverse geographical regions which may expose us to various challenges.

In the last 10 years, we have successfully completed 26 Projects across the states of Rajasthan, Gujarat, Maharashtra, Bihar, Uttar Pradesh, Jharkhand, Chattisgarh and Madhya Pradesh. As of March 31, 2024, our Order Book includes (i) 10 work orders under Solar System & Allied Services aggregating to Rs 27,328.03 (ii) 7 work orders under Electrical contracting services aggregating to Rs 2,645.57 Lakhs, (iii) 1 work order under Water Supply Scheme Projects for an aggregate value of Rs. 1,423.97 lakhs. For further details on our Order Book, see “**Our Business - Order Book**” on page 120. The execution of Projects in these diverse geographies may be challenging on account of our lack of familiarity with the social, political, economic and cultural conditions of these regions, language barriers, difficulties in staffing and managing operations and our reputation in such regions. We may also encounter additional unanticipated risks and significant competition in these diverse geographical areas with different projects which may adversely affect our business, operations, and financial condition.

19. We are subject to risks arising from interest rate fluctuations, which could reduce the profitability of our projects and adversely affect our business, financial condition and results of operations.

Interest rates for borrowings have been increasing in recent times. Our working capital requirements are partly funded by debt and any increase in interest rate and a consequent increase in the cost of servicing such debt may have an adverse effect on our results of operations and financial condition. Changes in prevailing interest rates affect our interest expense in respect of our borrowings and our interest income in respect of our interest on our deposits with banks. As on March 31, 2024, our fund based financial assistance from banks and financial institution is ₹3,390.50 lakhs. For further details, please see “**Financial Indebtedness**” on page 211. Our current debt facilities carry interest at floating rates on REPO. We do not currently enter into interest hedging arrangements to hedge against interest rate risk. Upward fluctuations in interest rates may increase our borrowing costs, which could impair our ability to compete effectively in our business relative to competitors with lower levels of indebtedness. As a result, our business, financial condition, cash flows and results of operations may be adversely affected. In addition, we cannot assure you that difficult conditions in the global credit markets will not negatively impact the cost or other terms of our existing financing as well as our ability to obtain new credit facilities or access the capital markets on favourable terms.

20. There have been instances of delays of certain forms which were required to be filed as per the reporting requirements under the Companies Act, 2013

In the past, there has been certain instances of delays in Filing statutory forms which have been subsequently filed by payment of an additional fees as specified by ROC. For instance there has been a delay in Filing Audited Annual Financial Statements and AGM with MCA for FY 21-22 and FY 22-23 due to operational and technical difficulties faced by the company, however the same were appropriately filed after payment of late fees and the disclosed AGM were conducted within time frame as specified as per Companies act 2013. No show cause notice in respect of the above has been received by the company till date. It cannot be assured that there will be no such instances in the future or our company will not commit any further delays in relation to its reporting requirements or any penalty or fine will not be imposed by any regulatory authority in respect of the same. The happening of such event may cause a material effect on our results of operations and financial position.

21. We are required to furnish bank guarantees as part of our business. Our inability to arrange such guarantees or the invocation of such guarantees may adversely affect our cash flows and financial condition

As part of our business and requirements of our work orders we are required to provide financial and performance bank guarantees in favour of our clients under the respective contracts for our projects. For our projects, we typically issue bank guarantees in favour of the relevant government authority with whom the contractual arrangement has been entered into. These guarantees are typically required to be furnished at the time of execution of the contract agreement & valid up to the completion of defect liability period or the O & M period whichever is later. We may not be able to continue obtaining new financial and performance bank guarantees in sufficient quantities to match our business requirements. If we are unable to provide sufficient collateral to secure the financial bank guarantees, performance bank guarantees or letters of credit, our ability to enter into new contracts or obtain adequate supplies could be limited and could have a material adverse effect on our business, results of operations and financial condition. Providing security to obtain financial and performance bank guarantees also increases our working capital requirements.

As of March 31, 2024, we had issued bank guarantees amounting to ₹1,646.86 lakhs towards securing our financial/ performance obligations for our projects. We may be unable to fulfil any or all of our obligations under the contracts entered into by us in relation to our ongoing projects and completed projects due to unforeseen circumstances which may result in a default under our contracts resulting in invocation of the bank guarantees issued by us. If any or all the bank guarantee are invoked, it may result in adverse effects on our business and financial condition.

22. Our manufacturing facilities are located on leased premises. If we are unable to renew these leases or relocate on commercially suitable terms, it may have a material adverse effect on our business, results of operation and financial condition

Our registered office is taken on rent from our Promoter and Managing Director, Ketanbhai Narsinbhai Patel pursuant to Leave and License agreement dated October 20, 2023 and our and factory unit is taken on rent from our subsidiary, Souraj Energy Private Limited pursuant to lease agreements dated January 30, 2023 Such agreements may be terminated upon the expiry of their tenure and may not be renewed. For details, see “**Our Business –Immovable Properties**” on page 131 Additionally, the agreements require our Company to comply with certain conditions including prior consent of the lessor for certain actions such as making significant structural alterations, subletting, transferring or assigning the leased premises. If we fail to meet any such conditions, we may be required to incur additional liability. Any present and future conflicts arising due to sharing our registered office and factory unit premises could have a material adverse effect on our operations.

These agreements may not be stamped adequately or registered. The effect of inadequate stamping is that the document is not admissible as evidence in legal proceedings and parties to that agreement may not be able to legally enforce the same, except after paying differential stamp duty and/or penalty for inadequate stamping. The effect of non-registration of an instrument is that the title to the property does not transfer in favor of the transferee and therefore, making the instrument unenforceable. Any potential dispute due to non-compliance of local laws relating to stamp duty and registration may adversely impact the operations of our Company. If these agreements are terminated or revoked if we are unable to renew these agreements on commercially reasonable terms or at all, we may suffer significant disruptions to our operations and incur considerable costs to relocate and move our operations elsewhere. In the event we are required to vacate the premises, we may need to do with short or no notice. Any inability on our part to timely identify a suitable location to relocate could have an adverse impact on our business.

23. We are susceptible to supply shortages and interruptions, long lead times, and price fluctuations for raw materials and components, any of which could disrupt our supply chain and have a material adverse impact on our results of operations.

Our portfolio of offerings includes various product categories. Successful completion of our work orders require timely and adequate supply of various types of raw materials and components. Some of the major components and all the raw materials used to produce our products are sourced from third-party suppliers and some of these components and raw materials are sourced from a limited number of suppliers or a single supplier as well. Therefore, we are subject to risks of shortages or discontinuation in supply, long lead times, cost increases and quality control issues with our suppliers. In addition, some of our suppliers may have more established relationships with our competitors, and as a result of these relationships, such suppliers may choose to limit or terminate their relationships with us or prioritize our competitors' orders in the case of supply shortages. The quality of our products is primarily derived from the quality of our raw materials, and any deterioration in the quality of raw materials supplied to us will have an adverse effect on the quality of our products, market reputation and sales volumes. Our top 10 suppliers for the Fiscals 2024, 2023 and 2022 accounted for 80.17%, 75.28% and 56.22% of our purchases for respective years. There can be no guarantee that we will be able to maintain our current line-up of suppliers or adequate supply of such raw materials at all times.

24. We derive a significant portion of our revenue from certain states and failure to expand our operations into new geographic regions and markets may restrict our growth and adversely affect our business

Currently, we generate revenue from operations mainly from Gujarat, Rajasthan, Chhattisgarh, Uttar Pradesh and Punjab. Details of revenue generated from these states in the last 3 financial year is as under:

(Rs. In lakhs)						
Particular	March 31,2024	% of revenue	March 31,2023	% of revenue	March 31,2022	% of revenue
Gujarat	8,080.37	47.48%	4,290.13	47.56%	832.97	7.89%
Rajasthan	1,156.09	6.79%	1,959.90	21.73%	5,991.39	56.77%
Chhattisgarh	2,229.99	13.11%	118.99	1.32%	1,150.53	10.90%
Uttar Pradesh	1,132.69	6.66%	516.29	5.72%	0	0.00%
Punjab	2,700.40	15.87%	-	-	-	-
TOTAL	15,299.54	89.92%	6,885.31	76.33%	7,974.89	75.56%

Accordingly, any material adverse social, political or economic development, natural calamities, civil disruptions, regulatory developments or changes in the policies of the state or local government in this region could adversely affect our business activities, result in modification of our business strategy, which will in turn have a material adverse effect on our business, financial condition & results of operations. Geographical and functional expansion of our business requires establishment of adequate network. As we seek to diversify our regional focus, we may face the risk that our competitors may be better known in other markets, enjoy better relationships with customers. We have limited experience and knowledge of operating in other states, and our foray into new geographies or into new products in the existing geographies may be subject to high barriers to entry including existing competition, local laws and market dynamics. Our lack of exposure in geographical boundaries outside our operating regions could impact our future revenues, our operating results and financial conditions.

Further, we may not be able to effectively assess the level of promotional marketing required in a particular state, and the recognition of our brands and products in such states may not be in the manner or to the extent anticipated by us. Our expansion into new geographies may also be challenging on account of our lack of familiarity with the social, political, economic and cultural conditions of these new regions, language barriers, difficulties in staffing and managing such operations and reputation in such regions. We may also encounter other additional anticipated risks and significant competition in such markets.

25. We are significantly dependent on the EPC projects in Electrical contracting services and Solar System & Allied Services. An inability to anticipate or adapt to evolving up gradation or inability to ensure quality delivery or reduction in the demand of these projects may adversely impact our revenue from operations and growth prospects

Our financial performance during the period ended on March 31, 2024 and March 31, 2023 is significantly dependent on our revenue from sales of Electrical contracting services which represented 29.85% and 56.59% of our revenue from operations and our revenue from sales of Solar System & Allied Services which represented 11.45% and 27.76% of our revenue from operations. Moreover, in FY 24 the revenue from sale of Solar PV Modules contributed to 52.83% of our total revenue from operations. We cannot assure you that we will increase our market share in the future for these products. Further, the products and services may be substituted by product up gradation and our company may be unable to upgrade our offerings. We may not be able to introduce new products or services that are in faster-growing and more profitable categories. Any of these factors could have a material adverse impact on our financial condition and the results of operations. We may also be required to invest in updated technology and processes to develop upgraded product having the desired specification, qualities and characteristics and continually monitor and adapt to evolving demand. Any such upgradation may also require for additional capital investment which may affect our financial position.

26. We currently avail benefits under the EPCG licenses. In order to continuously avail the benefits, we are required to export goods of a defined amount. Any failure in meeting the obligations may make us liable to pay duty proportionate to unfulfilled obligations along with interest

Pursuant to our EPCG licenses, we are required to export goods of a defined amount, failing which we may have to pay the Government, a sum equivalent to the duty benefit enjoyed by us under the EPCG licenses along with interest. As on date of this RHP our pending obligation against the EPCG license is ₹ 1445.52 lakhs. Any reduction or withdrawal of benefits or our inability to meet any of the conditions prescribed under such schemes would adversely affect our business, financial condition, to the extent of unfulfilled obligation along with interest.

27. We have certain contingent liabilities that have not been provided for in our restated consolidated financial statements, which if realised, could adversely affect our financial condition.

As on March 31, 2024, our contingent liabilities that have not been accounted for in our restated consolidated financial statements, were as follows:

Particulars	31 March 2024	31 March 2023	31 March 2022
	Consolidated	Consolidated	Consolidated
Contingent liabilities in respect of:			
Claims against the company not acknowledged as debts (Income tax Appeal (disputed demand) for A.Y. 2020-21, A.Y. 2022-23, TDS Defaults and GST Defaults)	1,192.68	15.36	8.50
Duty saved under EPCG Scheme	198.93	0.00	0.00
Bank Guarantees given on Behalf of the Company	1,646.86	11.80	11.29
Corporate Guarantees given on Behalf of the Company	1,065.68	0.00	0.00
Corporate Guarantees given on Behalf of the Subsidiary Company	698.17	0.00	0.00
Guarantees given on Behalf of the Related Party	0.00	879.56	0.00
Total	4,802.32	906.72	19.79

Company has been no other contingent liabilities and commitment which determined by the management and relied upon by the Auditors. The Auditors have not performed any other procedure to determine.

We cannot assure you that these contingent liabilities will not become established liabilities. In the event any of these contingent liabilities become established as liabilities, it may have an adverse effect on our financial condition and results of operations.

28. We have experienced negative cash flows in the past and may continue to do so in the future and the same may adversely affect our cash flow requirements, which in turn may adversely affect our ability to operate our business and implement our growth plans, thereby affecting our financial condition.

We have experienced negative net cash flows from operating, investing and financing activities in the past and may continue to experience such negative operating cash flows in the future. The following table sets forth certain information relating to our cash flows on a restated consolidated basis for the periods indicated:

Particulars	Fiscal 2024	Fiscal 2023	Fiscal 2022
Net cash from/ (used in) Operating Activities	17.08	(236.98)	(845.65)
Net cash from/ (used in) Investing Activities	(965.55)	(33.30)	(167.66)
Net cash from/ (used in) Financing Activities	960.65	262.72	1037.48

Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our cash flows, business, future financial performance and results of operations could be materially and adversely affected. For further details, see “*Restated Financial Statements*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” beginning on pages 169 and 217, respectively.

29. Our operations are dependent on a significant number of contract labour and an inability to access adequate labour at reasonable costs at our project sites across India may adversely affect our business prospects and results of operations.

Our operations are significantly dependent on access to a large pool of contract labour for the execution of our projects. The number of labourers employed by us varies from time to time based on the nature and extent of work we are involved in. Our dependence on such contract labour may result in significant risks for our operations, relating to the availability and skill of such contract labourers, as well as contingencies affecting availability of such contract labour during peak periods in labour intensive sectors such as ours. There can be no assurance that we will have adequate access to workmen at reasonable rates and in the areas in which we execute our projects. As a result, we may be required to incur additional costs to ensure timely execution of our projects.

30. We are dependent upon the experience of our management team and a number of KMP and senior management personnel. If we are unable to attract or retain such team, this could adversely affect our business, results of operations and financial condition.

We are dependent on the experienced and capable management team for successful bidding and execution of our projects. Our ability to meet continued success and future business challenges depends on our ability to attract, recruit and retain experienced, talented and skilled personnel. The loss of the services of our key personnel or our inability to recruit or train a sufficient number of experienced personnel or our inability to manage the attrition levels in different employee categories may have an adverse effect on our financial results and business prospects. Further, if we cannot hire additional qualified personnel or retain them, our ability to expand our business may be impacted. As we intend to continue to expand our operations and develop new projects, we will be required to continue to attract and retain experienced personnel. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting suitable employees. There can be no assurance that our competitors will not offer better compensation incentives and other perquisites to such skilled personnel.

Further, as on the date of this Red Herring Prospectus, we do not have keyman insurance policies. In the event that we are not able to attract and retain talented employees as required for conducting our business, or if we experience high attrition levels which are largely out of our control, or if we are unable to motivate and retain existing employees, our business, results of operations and financial condition may be adversely affected. For further information, see “*Our Management*” on page 149.

31. Unsecured loans taken by us can be recalled at any time.

Our Company have currently availed unsecured loans which may be recalled by the lenders at any time. As on March 31, 2024, the unsecured loans of our Company that may be recalled at any time by the lenders aggregated to ₹ 1979.67 lakhs which constituted approximately 36.86% of the total indebtedness of our Company. For further details, see “*Financial Indebtedness*” beginning on page 211. In the event that any lender seeks a repayment of any such loan, we would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. We may not have adequate working capital to undertake new Projects or complete the ongoing Projects, and, as a result, any such demand by the lenders may affect our business, cash flows, financial condition and results of operations.

32. Our inability to respond adequately to increased competition in our business may adversely affect our business, financial condition and results of operations.

We compete with several companies and entities, as well as large domestic companies with larger projects, greater brand recognition, stronger manpower and greater financial resources and experience. We also face competition from new entrants who may have more flexibility in responding to changing business and economic conditions. The basis of competition includes, among other things, pricing, innovation, perceived value and other criteria. We have experienced price competition in the past, and there can be no assurance that such price competition will not recur in the future. Growing competition may force us to reduce our bids, which may reduce revenues and margins and/or decrease our market share, either of which could affect our results of operations. Our competitors may succeed in developing larger projects more efficiently and in time than the ones that we may develop. These developments could render us obsolete or incompetent, which would harm our business and financial results.

33. *Our business transactions are with government or government funded entities in India, which may expose us to risk, including additional regulatory scrutiny.*

Our business is primarily dependent on projects in the electrical contracting services or solar and allied services which are usually undertaken by government undertakings. We provide EPC services both, on a fixed-sum turnkey basis and on an item rate basis. In relation to such contracts, we may be subject to additional regulatory scrutiny associated with commercial transactions with government owned or controlled entities. Further, in certain instances, we may face delays associated with collection of receivables from government owned or controlled entities.

Our construction services contracts for Projects with government authorities are also subject to certain restrictions including technical audits by such government authorities which awarded that particular contract. If we fail to comply with a contractual or any other requirement or if there are any concerns that arise out of the audit conducted by a government entity, a variety of penalties can be imposed including monetary damages and criminal and civil penalties. As a result of this, any or all of our contracts entered into with government entities could be terminated and we could be suspended or debarred from all government contract work, or payment of our costs could be disallowed. The occurrence of any of these actions could harm our reputation and could have a material adverse effect on our business, results of operations and financial condition.

34. *Any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.*

We propose to utilize the Net Proceeds towards Repayment in full or in part, of certain of our outstanding borrowings, Funding Capital Expenditure towards installation of additional plant and machinery for Expansion and to meet working capital requirements and general corporate purposes. For further details of the proposed objects of the Issue, see “*Objects of the Issue*” beginning on page 73. Further, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with the Companies Act, 2013 and the SEBI ICDR Regulations, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to vary the disclosed utilization of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations. Further, our Promoters would be required to provide an exit opportunity to the shareholders of our Company who do not agree with our proposal to modify the objects of the Issue, at a price and manner as prescribed by SEBI. Additionally, the requirement to provide an exit opportunity to such dissenting shareholders of our Company may deter our Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoter will have adequate resources at their disposal at all times to enable them to provide an exit opportunity. In light of these factors, we may not be able to vary the objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition, if any, which may adversely affect our business and results of operations.

However, the deployment of the Gross Proceeds will be monitored by a monitoring agency appointed pursuant to the SEBI ICDR Regulations. Our internal management estimates may exceed fair market value which may require us to reschedule or reallocate our expenditure and may have an adverse impact on our business, financial condition, results of operations and cash flows. We may have to reconsider our estimates or business plans due to changes in underlying factors, some of which are beyond our control, such as interest rate fluctuations, changes in input cost, and other financial and operational factors. Accordingly, prospective investors in the Offer will need to rely upon our management’s judgment with respect to the use of Net Proceeds. If we are unable to deploy the Net Proceeds in a timely or an efficient manner, it may affect our business and the results of operations.

35. *The logo used by our Company is not registered under the Trade Marks Act, 1999. Failure to protect our intellectual property rights may adversely affect our competitive business position, financial condition and profitability.*

Presently, our Company is using logo and we have applied for registration of the same under the Trade Marks Act, 1999. There can be no assurance that our trademark application will be accepted and the trademark will be registered. Any other vendor in the similar line of business as ours may use the above-mentioned trademark and we may have a lesser recourse to initiate legal proceedings to protect our brand name. In the event we are not able to obtain registrations due to opposition by third parties or if any injunctive or other adverse order is issued against us in respect of our logo for which we have applied for registration, we may not be able to use such trademark and / or avail the legal protection or prevent unauthorised use of such trademark by third parties, which may adversely affect our goodwill and business. Therefore, as on date we do not enjoy the statutory provisions that are accorded to a registered trademark. Further, we may not be able to detect any unauthorized use or infringement or take appropriate and timely steps to enforce or protect our intellectual property, nor can we provide any assurance that any

unauthorized use or infringement will not cause damage to our business prospects. In case we are unable to obtain the registration for the said trademark in our name, our business revenues and profitability may be impacted.

36. There are outstanding legal proceedings involving our Company which may adversely affect our business, financial conditions, and results of operations.

There are proceedings pending at different levels of adjudication before various courts, enquiry officers and appellate forums. Such proceedings could divert management’s time, attention and consume financial resources in their defence. Further, an adverse judgment in some of these proceedings could have an adverse impact on our business, financial condition, and result of operations. A summary of the outstanding proceedings involving our Company and promoters as disclosed in the Red Herring Prospectus, to the extent quantifiable, have been set out below:

Litigations/ Matters involving our Company:

Nature of Litigation	Number of Cases Outstanding	Amount in dispute/demanded to the extent ascertainable (Amount in lakhs)

For further details, see “**Outstanding Litigation and Material Developments**” beginning on page 228 of this Red Herring Prospectus. Any adverse decisions in the aforesaid proceedings may have a material effect on our business, future financial performance and results of operations.

37. Industry information included in this Red Herring Prospectus has been derived from industry sources. There can be no assurance that such third-party statistical, financial and other industry information is complete, reliable or accurate.

This Red Herring Prospectus includes information on Industry in which we operate from various sources. For further details, please see “**Industry Overview**” beginning on page 93. The data has been furnished by independent agency on their websites and has no relationship with our Company, its Promoters, Directors, or the Book Running Lead Manager as on the date of this Red Herring Prospectus. The data used in these sources may have been reclassified by us for the purposes of presentation and may also not be comparable. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors must rely on their independent examination of, and should not place undue reliance on, or base their investment decision solely on this information. The recipient should not construe any of the contents in this report as advice relating to business, financial, legal, taxation or investment matters and are advised to consult their own business, financial, legal, taxation, and other advisors concerning the transaction.

38. Our Company has in the past entered into related party transactions with our Directors, Promoters and Promoter Group members/ entities, Group Companies and joint ventures and may continue to do so in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

Our Company has entered into various transactions with our Directors, Promoters and Promoter Group members and Group Companies. These transactions, inter-alia include, issue of shares, remuneration, loans and advances, purchase, sales, rent expenses, reimbursement of expenses etc. For details, please refer to “**Note- AD- Related Party Disclosures**” under Section titled “**Financial Information of the Company**” and Chapter titled “**Capital Structure**” beginning on page 203 and 62 respectively of this Red Herring Prospectus. Our Company has entered into such transactions due to easy proximity and quick execution on arm’s length price as per Companies Act 2013 and other applicable laws. Although all related-party transactions that we may enter into in the future are subject to approval by our Audit Committee, Board or shareholders, as required under the Companies Act, we cannot assure you that such future transactions or any other future transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favourable terms if such transactions are not entered into with related parties.

Furthermore, it is likely that we may enter into related party transactions in the future. Any future transactions with our related parties could potentially involve conflicts of interest. Accordingly, there can be no assurance that such transactions, individually or in the aggregate, will not have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

39. Our lenders have charge over our immovable and movable properties in respect of finance availed by us.

We have secured our lenders by creating a charge over our movable and immovable properties in respect of Working capital loan, term loans and bank guarantee issued to us from Kotak Mahindra Bank Limited and HDFC bank Limited. We have been extended such loan against hypothecation of our current assets. For further information on the financing and loan agreements along with the total amounts outstanding and the details of the repayment schedule, please refer to chapter “**Statement of Financial Indebtedness**” beginning on page 211 of this Red Herring Prospectus.

40. We cannot assure you that we will be able to successfully execute our growth strategies, which could affect our business prospects, results of operations and financial condition.

As part of our growth strategy, we propose to continue our focus on increasing the size of our projects and our pre-qualification. Our growth strategies could place significant demand on our management and our administrative, technological, operational and financial infrastructure. For example, we plan to bid for larger projects where we will be required to deploy substantial capital as part of our contribution in such projects. As a result, we may be unable to maintain the quality of our services as our business grows. Our growth strategies are dependent on various circumstances, including business developments, new technologies, bidding and obtaining new contracts or unforeseen contingencies. We could also encounter difficulties and delays in executing our growth strategies due to a number of factors, including, without limitation, delays in project execution resulting in significant time and cost overruns, delays or failure in receiving government and regulatory approvals, unavailability of human and capital resources, delayed payments or non-payments by clients, failure to implement bidding strategy, failure to correctly identify market trends, increase in cost of raw material, fuel, labour etc. or any other risks that we may or may not have foreseen. There can be no assurance that we will be able to execute our growth strategy on time and within the estimated costs, or that we will meet the expectations of our clients.

In addition, if we raise additional funds for our growth through incurrence of debt, our interest and debt repayment obligations will increase, and we may be subject to additional covenants, which could limit our ability to access cash flow from operations and/or other means of financing. Further, our management may also change its view on the desirability of current strategies, and any resultant change in our strategies could put significant strain on our resources.

In addition, expansion into new geographic regions within India will subject us to various challenges, including those relating to our lack of familiarity with the social, political, economic and cultural conditions of these new regions, language barriers, difficulties in staffing and managing such operations and the lack of brand recognition and reputation in such regions. Further, as we seek to diversify our regional focus, we may face the risk that our competitors may be better known in other markets, enjoy better relationships with customers and joint venture partners, gain early access to information regarding attractive projects and be better placed to bid for and be awarded such projects. Increasing competition could result in price and supply volatility, which could cause our business to suffer. There can be no guarantee that we will be able to effectively manage our entry into new geographical areas, which may have a material adverse impact on our business, financial condition and results of operation.

If we are unable to successfully execute our growth strategies, our business, prospects and results of operations could be materially and adversely affected.

41. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms. Our failure to obtain sufficient financing could result in delay or abandonment of our business plans and this may have an adverse effect on our growth and operations.

We may require additional funds in connection with our future business operations. In addition to the Net Proceeds of this Issue and our internal accruals, we may need other sources of funding to meet these requirements, which may include entering into

new debt facilities with lending institutions. Our ability to obtain external financing in the future is subject to a variety of uncertainties. Our ability to obtain additional financing on favourable terms, if at all, will depend on a number of factors, including our future financial condition, results of operations and cash flows, the amount and terms of our existing indebtedness, general market conditions and market conditions for financing activities and the economic, political and other conditions in the markets where we operate. If we decide to raise additional funds through the issuance of debt, our interest obligations will increase, and we may be subject to additional covenants. Such financing could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders.

We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in delay or abandonment of our business plans and this may have an adverse effect on our future growth and operations.

42. *An inability to comply with repayment and other covenants in the financing agreements or otherwise meet our debt servicing obligations could adversely affect our business, financial condition, cash flows and credit rating.*

Our Company and Subsidiary has entered into agreements in relation to financing arrangements with certain banks for working capital facilities, term loans and bank guarantees. As of March 31, 2024, we had total outstanding borrowings of ₹ 5370.17 lakhs (Fund Based) and ₹1474.65 lakhs (Non-Fund Based). The agreements with respect to our borrowings contain restrictive covenants, including, but not limited to, requirements that we obtain consent from the lenders prior to undertaking certain matters including, among others, change in capital structure of our Company subject to the threshold prescribed for the shareholding of certain shareholders of our Company and effecting change in the constitutional documents or management of our Company. For further details, see “**Financial Indebtedness**” beginning on page 211.

As on March 31, 2024, our total secured borrowings amounted to ₹ 3,390.50 lakhs, comprising of 63.14% of our total indebtedness. Under the terms of our secured borrowings, we are required to create a charge by way of hypothecation on the assets of our Company, together with cash in hand and bank accounts. As these assets are hypothecated in favour of lenders, our rights in respect of transferring or disposing of these assets are restricted.

There can be no assurance that we will be able to comply with the financial or other covenants prescribed under the documentation for our financing arrangements or that we will be able to obtain consents necessary to take the actions that may be required to operate and grow our business. Further, if we fail to service our debt obligations, the lenders have the right to enforce the security created in respect of our secured borrowings. If the lenders choose to enforce security and dispose our assets to recover the amounts due from us, our business, results of operations and financial condition may be adversely affected.

43. *Our insurance coverage may not adequately protect us against all losses or the insurance cover may not be available for all the losses as per the insurance policy, which could adversely affect business, results of operations and financial condition.*

Our operations are subject to various risks inherent to the installation and operation and maintenance of projects developed by us. Based on terms of our work orders, we are also required to take appropriate insurance for our Projects individually under the terms of our contracts. Accordingly, we maintain insurance policies like: Bharat Sookshma Udyam Suraksha Policy to insure our registered office, Bharat Laghu Udyam Suraksha to insure our stock, marine cargo open policy and insurance policies for our vehicles. These insurance policies are reviewed periodically to ensure that the coverage is adequate. We are also required to take appropriate insurance for our projects under the terms of our contracts. We believe that our insurance coverage is in accordance with industry custom, including the terms of and the coverage provided by such Insurances. Our policies are subject to standard limitations.

Further, our insurance policies are subject to annual review, and we cannot assure you that we will be able to renew these policies on similar or otherwise acceptable terms, or at all. If we were to incur a serious uninsured loss or a loss that significantly exceeds the limits of our insurance policies, it could have an adverse effect on our financial condition, results of operations and cash flows. While we believe that insurance coverage will be available in the future, we cannot assure you that such coverage will be available at costs and terms acceptable to us or that such coverage will be adequate with respect to future claims that may arise. Further, in the future, we may experience difficulty in obtaining insurance coverage for new Projects at favourable prices, which could require us to incur greater costs. If we are not able to adequately insure against the risks we face, or the insurance coverage we have taken is inadequate to cover our losses, our business, financial condition and results of operations could be adversely affected. Additionally, if our projects are inadequately insured or not insured at all we may face action from government authorities/bodies by way of penalties for non-compliance of contract terms. Any such action or non-compliance may affect our bids for future projects.

44. *Any Penalty or demand raised by statutory authorities in future will affect financial position of the Company*

Our Company is engaged in the manufacturing business, which attracts tax liability such as Goods and Service tax and Income tax as per the applicable provisions of Law. We are also subject to the labour laws like depositing of contributions with Provident Fund, Employee State Insurance and Professional Tax. Any demand or penalty raised by the concerned authority in future for any previous year and current year will have an additional liability. For instance, our company in the past had delayed filing of GST Returns due to operational reasons and accordingly, late fees and penalties were paid on the same. Any demand or penalty raised by the concerned authority for such late filing may affect the financial position of the company.

45. Our Promoters and Promoter Group will continue to retain significant control in our Company after the Issue which will allow them to influence the outcome of matters submitted to shareholders for approval. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control.

After the completion of this Issue, our Promoters and Promoter Group will continue to hold 73.42% of the equity share capital of our Company and will be in a position to exercise significant control, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting, and our other shareholders will be unable to affect the outcome of such voting. Our Promoters and Promoter Group may take or block actions with respect to our business, which may conflict with our interests or the interests of our minority shareholders, such as actions which delay, defer or cause a change of our control or a change in our capital structure, merger, consolidation, takeover or other business combination involving us, or which discourage or encourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us. We cannot assure you that our Promoters and Promoter Group will act in our interest while exercising their rights in such entities, which may in turn materially and adversely affect our business and results of operations. We cannot assure you that our Promoters and Promoter Group will act to resolve any conflicts of interest in our favour. If our Promoters and Promoter Group sell a substantial number of the Equity Shares in the public market, or if there is a perception that such sale or distribution could occur, the market price of the Equity Shares could be adversely affected. No assurance can be given that such Equity Shares that are held by the Promoters will not be sold any time after the Issue, which could cause the price of the Equity Shares to decline.

46. Our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.

We have not declared any dividends on our Equity Shares in the past. The amount of our future dividend payments, if any, will depend upon factors that our Board deems relevant, including among others, our results of future earnings, financial condition, cash flows, working capital requirements, capital expenditures, applicable Indian legal restrictions and other factors. There can be no assurance that our Company will be able to pay dividends in future. For further details, please see ‘*Dividend Policy*’ on page 168 of the Red Herring Prospectus.

47. Our employees may engage in misconduct or other improper activities, including non-compliance with regulatory standards and requirements.

We are exposed to the risk of employee fraud or other misconduct. Misconduct by employees could include intentional failures to comply with any regulations applicable to us, to provide accurate information to regulatory authorities, to comply with manufacturing standards we have established, or to report financial information or data accurately or disclose unauthorized activities to us. In particular, sales, marketing and business arrangements in our industry are subject to laws and regulations intended to prevent fraud, misconduct, kickbacks, self-dealing and other abusive practices. These laws and regulations may restrict or prohibit a wide range of pricing, discounting, marketing and promotion, sales commission, customer incentive programs and other business arrangements. While we have not faced such instances in the past, there can be no assurance that we will be able to identify and deter such misconduct, and the precautions we take to detect and prevent this activity may not be effective in controlling unknown or unmanaged risk. If our employees engage in any such misconduct, we could face criminal penalties, fines, revocation of regulatory approvals and harm to our reputation, any of which could form a material adverse effect on our business.

48. We are exposed to the risks of malfunctions or disruptions of information technology systems.

We depend on information technology systems and accounting systems to support our business processes, including designing, planning, execution, procurement, inventory management, quality control, product costing, human resources and finance. Although these technology initiatives are intended to increase productivity and operating efficiencies, they may not achieve such intended results. These systems may be potentially vulnerable to outages due to fire, floods, power loss, telecommunications failures, natural disasters, computer viruses or malware, break-ins and similar events. Effective response to such disruptions or malfunctions will require effort and diligence on the part of our third-party distribution partners and employees to avoid any adverse effect to our information technology systems.

49. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and may be subject to change based on various factors, some of which are beyond our control.

We intend to use the Net Proceeds for the purposes described in “*Objects of the Issue*” on page 73 of this Red Herring Prospectus. As on the date of this Red Herring Prospectus, our funding requirements are based on management estimates, current circumstances of our business, the prevailing market condition and other commercial and technical factors and have not been appraised by any bank or financial institution. They are based on current conditions and are subject to change in light of financial condition, business strategy and external factors such as government policies, market conditions, competitive environment and interest or exchange rate fluctuations and other external factors which may not be within the control of our management. While

we will use the Net Proceeds for purposes such for funding its working capital requirements in the manner specified in “*Objects of the Issue*” on page 73.

50. *Our Promoters and Promoter Group Members have provided guarantees for loans availed by us, and in the event the same is enforced against them, it could adversely affect our Promoters’ ability to manage the affairs of our Company.*

Our Promoters and Promoter Group Members have given guarantees in relation to certain borrowings availed by our Company. In the event of default on such borrowings, these guarantees may be invoked by our lenders thereby adversely affecting our Promoters’ ability to manage the affairs of our Company and this, in turn, could adversely affect our business, prospects, financial condition and results of operations. Further, if any of these guarantees are revoked by our Promoters and some of our Promoter Group Members our lenders may require alternate securities or guarantees and may seek early repayment or terminate such facilities. Any such event could adversely affect our financial condition and results of operations.

51. *Our operations are subject to risks of mishaps or accidents that could cause damage or loss to life and property and could also result in loss or slowdown in our business*

Our business operations are subject to operating risks, including fatal accidents, mishaps failure of equipment, power supply, labour disputes, natural disasters or other force majeure conditions which are beyond our control. The occurrence of any of these factors could significantly affect our results of operations and financial condition. Long periods of business disruption could result in a loss of business. Although we take precautions to minimize the risk of any significant operational problems at our operation sites, there can be no assurance that we will not face such disruptions in the future.

During the installation and maintenance period, we may be exposed to various risks which we may not be able to foresee or may not have adequate insurance coverage. Our insurance coverage may not be adequate to cover such loss or damage to life and property, and any consequential losses arising due to such events will affect our operations and financial condition. Further, in addition to the above, any such fatal accident or incident causing damage or loss to life and property, even if we are fully insured or held not to be liable, could negatively affect our reputation, thereby making it more difficult for us to conduct our business operations effectively, and could significantly affect our Order Book, in the future and our results of operations.

52. *Excessive dependence on Kotak Mahindra Bank Limited and HDFC Bank Limited in respect of Loan facilities obtained by our Company.*

Our company has been sanctioned term loan and cash credit facilities by Kotak Mahindra Bank Limited and HDFC Bank Limited. The Company is dependent on such facilities and any default under such arrangement with such lender may create problem for operation of the Company, which may affect the financial stability of the Company. At the same time this may result into difficulty in arranging for funds for re-payment and may also adversely affect the financial position of the Company.

53. *We are subject to certain restrictive covenants in debt facilities provided to us by our lenders.*

We have entered into agreements for availing debt facilities from lenders. Our financing arrangements contain restrictive covenants whereby we are required to obtain approval from our lenders, regarding, among other things such as major changes in share capital, management, changes in fixed assets, creation of any other charge, undertake any guarantee obligation etc. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. There can be no assurance that such consents will be granted or that we will be able to comply with the financial covenants under our financing arrangements. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business. For further details in this regard, please refer to chapter titled “*Statement of Financial Indebtedness*” beginning on page 211 of this Red Herring Prospectus.

56. *The average cost of acquisition of Equity Shares by our Promoters is lower than the face value of Equity Share.*

The average cost of acquisition of Equity Shares of our Promoters is lower than the face value of Equity Shares i.e. ₹10/- . For further details regarding the average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares of our Promoters in our Company, please see section titled “*Capital Structure*” beginning on page 62 of this Red Herring Prospectus.

57. *We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.*

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the IPO Proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering

into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt - equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally, the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

58. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The issue price of the equity shares has been based on many factors and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled "**Basis for Issue Price**" beginning on page 83 of the Red Herring Prospectus. The market price of our Equity Shares could be subject to significant fluctuations after the Issue in case of unfavourable situation it, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

59. *Certain data mentioned in this Red Herring Prospectus has not been independently verified.*

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

60. *QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid and Retail Individual Investors are not permitted to withdraw their Bids after Bid/Issue Closing Date.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until Bid/Issue Closing Date. While we are required to complete Allotment, listing and commencement of trading pursuant to the Issue within three (3) Working Days from the Bid/Issue Closing Date, events affecting the Bidders' decision to invest in our Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows and financial condition may arise between the date of submission of the Bid and Allotment, listing and commencement of trading. We may complete the Allotment, listing and commencement of trading of our Equity Shares even if such events occur and such events may limit the Bidders' ability to sell our Equity Shares Allotted pursuant to the Issue or may cause the trading price of our Equity Shares to decline on listing. Retail Individual Investors can revise their Bids during the Bid/Issue Period and withdraw their Bids until Bid/Issue Closing Date. While our Company is required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed including Allotment pursuant to the Issue within three Working Days from the Bid/Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing

EXTERNAL RISK FACTORS

1. Financial instability in both Indian and international financial markets could adversely affect our results of operations and financial condition.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, Russia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Recent developments in the ongoing conflict between Russia and Ukraine has resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, increase borrowing costs, cause outflow of capital from emerging markets and may lead to overall slowdown in economic activity in India. In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries.

2. Our business and results of operations could be adversely affected by disruptions in global economic and geo political conditions.

As substantially all of our operations are dependent on our customers who have their head offices or parent companies situated outside India, our financial performance and growth are necessarily dependent on economic conditions prevalent globally. The global economy may be materially and adversely affected by political instability or regional conflicts; a general rise in interest rates; inflation; exchange rate fluctuations; changes in tax, trade, and monetary policies; occurrence of natural or man-made disasters; downgrade in debt rating; and adverse economic conditions occurring elsewhere in the world, such as a slowdown in economic growth in China, the repercussions of the United Kingdom exit from the European Union and other matters. While the Indian economy has grown significantly in recent years, it has experienced economic slowdowns in the past due to global economic and geo political conditions. The Indian economy in particular could be adversely impacted by inflationary pressures, currency depreciation, the poor performance of its large agricultural and manufacturing sectors, trade deficits, recent initiatives by the Indian government and other factors. Unfavourable changes in the above factors or in other business and economic conditions affecting our customers could result in a corresponding decline in our business

3. We are exposed to risks associated with fluctuation in metal prices or shortages in supply of electric components.

Our manufacturing activities depend on fluctuation in metal prices, being one of the important raw materials and supply of electric components. Changes in macroeconomic conditions generally impact these industries and could negatively impact our business or profitability. Accordingly, our business is highly dependent on the state of development of the Indian economy and the macroeconomic environment prevailing in India. Changes in government policies that may have adverse effect on the development associated industries, may have an adverse impact on our business.

4. If certain labour laws become applicable to us, our profitability may be adversely affected.

India has stringent labour legislations that protect the interests of workers, including legislation that sets forth detailed procedures for dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. Any change or modification in the existing labour laws may affect our flexibility in formulating labour related policies.

5. The continuing effect of the COVID-19 pandemic on our business, results of operations and financial condition is highly uncertain and cannot be predicted.

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could adversely affect the overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines and lockdowns. These measures have impacted and may further impact our workforce and operations, the operations of our consumers. In case there is a rapid increase in severe cases of infections leading to deaths, where the measures taken by governments are not successful or are any bans imposed by the government in this regard are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. If any of our employees were suspected of contracting COVID-19 or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the

Indian and global economy in general. The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown and it is possible that it could cause a global recession.

6. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by centre or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

7. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. For further details please refer to the chapter "**Government and Other Approvals**" on page 231 for details of the laws currently applicable to us. The governmental and regulatory bodies in India and other jurisdictions where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, financial condition, results of operations and cash flows.

In addition, unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and services tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. We are involved in various disputes with tax authorities. For details of these disputes, see "**Outstanding Litigation and Material Developments**" on page 228. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time.

Any change in Indian tax laws could have an effect on our operations. For instance, the Taxation Laws (Amendment) Ordinance, 2019, a new tax ordinance issued by India's Ministry of Finance on September 20, 2019, prescribes a number of changes to the income tax rate applicable to companies in India. According to this new ordinance, companies can henceforth voluntarily opt for a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the effective tax rate for Indian companies. Any such future amendments may affect other benefits such as an exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would influence our profitability.

The Finance Act, 2022 ("Finance Act"), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax ("DDT"), will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident and are likely to be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable)

to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares. Further, the Government of India has notified the Finance Act, 2023, which has introduced various amendments to taxation laws in India. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

8. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

9. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

10. *Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.*

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in effect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

11. *Our performance is linked to the stability of policies and the political situation in India.*

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the industrial equipment manufacturing sectors, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the

purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue at any time before the Bid/ Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the filing of Red Herring Prospectus/ Prospectus with RoC.

Details of the Market Making arrangement for this Issue

Our Company and the BRLM has entered into Market Making Agreement dated June 01, 2024 with the following Market Maker, to fulfill the obligations of Market Making for this issue:

Name	Hem Finlease Private Limited
Correspondence Address	203, Jaipur Tower, M I Road, Jaipur, Rajasthan 302001, India
Tel No.	0141-4051000
E-mail	ib@hemsecurities.com
Website	www.hemsecurities.com
Contact Person	Ashok Soni
SEBI Registration No.	INZ000168034
NSE Market Maker Registration No.	SMEREG2020090906741

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the NSE Emerge (SME platform of NSE) and SEBI from time to time.
- The minimum depth of the quote shall be ₹1,00,000/-. However, the investors with holdings of value less than ₹ 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of NSE (in this case currently the minimum trading lot size is [●] equity shares; however, the same may be changed by the SME platform of NSE from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.
- There shall be no exemption/ threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.

- On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final
- The Market Maker(s) shall have the right to terminate said arrangement by giving a 3 (three) months’ notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement. In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261(1) of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 10.00 A.M. to 5.00 P.M. on working days.
- **Risk containment measures and monitoring for Market Makers:** SME portal of NSE will have all margins, which are applicable on NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- **Punitive Action in case of default by Market Makers:** NSE Emerge Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities/ trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 to ₹50 Crore	20%	19%
₹50 to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.

In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

The shares which are in dematerialized form, if any, shall be locked-in by the respective depositories. The details of lock-in of the Equity Shares shall also be provided to the Designated Stock Exchange before the listing of the Equity Shares.

Other requirements in respect of lock-in:

- a) In terms of Regulation 242 of the SEBI (ICDR) Regulations, the locked in Equity Shares held by the Promoters, as specified above, can be pledged with any scheduled commercial bank or public financial institution or a systemically important non-banking finance company or a housing finance company as collateral security for loan granted by such bank or institution provided that the pledge of Equity Shares is one of the terms of the sanction of the loan. Provided that securities locked in as minimum promoters' contribution may be pledged only if, in addition to fulfilling the above requirements, the loan has been granted by such bank or institution, for the purpose of financing one or more of the objects of the Issue.
- b) There shall be a lock-in of 90 days on 50% of the Equity Shares allotted to the Anchor Investors from the date of Allotment, and a lock-in of 30 days on the remaining 50% of the Equity Shares allotted to the Anchor Investors from the date of Allotment.
- c) In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue may be transferred to any other person holding the Equity Shares which are locked in as per Regulation 239 of the SEBI (ICDR) Regulations, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
- d) Further in terms of Regulation 243 of the SEBI (ICDR) Regulations, the specified securities held by the promoters and locked-in as per regulation 238 may be transferred to other promoters or any person of the promoter's group or a new promoter or a person in control of the issuer subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.

19. Neither, we nor our Promoters, Directors and the BRLM to this Issue have entered into any buyback and/ or standby arrangements and/ or similar arrangements for the purchase of our Equity Shares from any person.

20. As on the date of this Red Herring Prospectus, the entire Issued Share, Subscribed and Paid-up Share Capital of our Company is fully paid up. Since the entire issue price in respect of the issue is payable on application, all the successful applicants will be allotted fully paid-up Equity shares.
21. The BRLM i.e., Hem Securities Limited and their associates do not hold any Equity Shares in our Company as on the date of filing of this Red Herring Prospectus.
22. As on the date of this Red Herring Prospectus, we do not have any Employees Stock Option Scheme/ Employees Stock Purchase Scheme and we do not intend to allot any shares to our employees under Employee Stock Option Scheme/ Employee Stock Purchase Plan from the proposed issue. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the SEBI (Share Based Employee Benefits) Regulations, 2014.
23. We have 7 (Seven) shareholders as on the date of filing of this Red Herring Prospectus.
24. As on the date of filing of this Red Herring Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer.
25. Our Company has not raised any bridge loan against the proceeds of the Issue.
26. As on the date of this Red Herring Prospectus, none of the shares held by our Promoters/ Promoter Group are subject to any pledge.
27. We hereby confirm that there will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of the Red Herring Prospectus until the Equity Shares offered have been listed or application money unblocked on account of failure of Issue.
28. An over-subscription to the extent of 1% of the Issue, subject to the maximum post issue paid up capital of ₹ 25 Cr., can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 1% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to 3-year lock-in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
29. At any given point of time there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
30. Our Company shall comply with such disclosure and accounting norms as may be specified by BSE, SEBI and other regulatory authorities from time to time.

33. There are no safety net arrangements for this public issue.
34. As per RBI regulations, OCBs are not allowed to participate in this issue.
35. Our Promoters and Promoter Group will not participate in this Issue.
36. This Issue is being made through Book Building Method.
37. Our Company has not made any public issue or rights issue of any kind or class of securities since its incorporation.
38. In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended, (the SCRR) the Issue is being made for at least 25% of the post-issue paid-up Equity Share capital of our Company. Further, this Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time.
39. No person connected with the Issue shall offer any incentive, whether direct or indirect, in the nature of discount, commission, and allowance, or otherwise, whether in cash, kind, services or otherwise, to any Applicant.

40. We shall ensure that transactions in Equity Shares by the Promoters and members of the Promoter Group, if any, between the date of filing the Prospectus with the Registrar of companies and the Bid/Issue Closing Date are reported to the Stock Exchanges within 24 hours of such transactions being completed.
41. Eligible Employees bidding in the Employee Reservation Portion must ensure that the Bid Amount does not exceed ₹ 500,000. Unless the Employee Reservation Portion is undersubscribed, the value of allocation to an Eligible Employee shall not exceed ₹ 200,000. In the event of undersubscription in the Employee Reservation Portion, the unsubscribed portion may be allocated, on a proportionate basis, to Eligible Employees for value exceeding ₹ 200,000 upto ₹ 500,000. Any unsubscribed portion remaining in the Employee Reservation Portion shall be added to the Net Issue to the public. For further details, please see the section entitled "***Issue Structure***" on page 255 of this Red Herring Prospectus.

OBJECTS OF THE ISSUE

Our Company proposes to utilise the Net Proceeds from the Issue towards funding the following objects:

1. Repayment in full or in part, of certain of our outstanding borrowings;
2. Funding Capital Expenditure towards installation of additional plant and machinery at our factory
3. Funding to meet working capital requirements
4. General Corporate Purpose.

(Collectively referred as the “Objects”)

We believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the NSE Emerge (SME Platform). It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

We are providing comprehensive portfolios in the field of supply, installation, testing and commissioning (SITC) of solar and electrical goods and services to various government bodies. We have completed projects under various schemes of Central and State Government like - Saubhagya Scheme, KUSUM Scheme, Saur Sujla Yojna. We also forayed into the business of designing, construction, installation and operation and maintenance of Water Supply Scheme Projects like the Mukhya Mantri Nishchay Quality Affected Yojna, Har Ghar Jal (Jal Jeevan Mission) etc.

Net Proceeds

The details of the Net Proceeds are set forth below:

Particulars	Amount (₹ in Lakhs)
Gross Proceeds of the Issue	[●]
Less: Issue related expenses in relation to Issue	[●]
Net Proceeds	[●]

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be used in accordance with the details as set forth below:

S. No.	Particulars	Amount (₹ in Lakhs)
1.	Repayment in full or in part, of certain of our outstanding borrowings	1900.00
2.	Funding Capital Expenditure towards installation of additional plant and machinery at our factory	1151.92
3.	Funding to meet working capital requirements	6000.00
4.	General Corporate Purpose	[●]
	Total	[●]

Our fund requirements and deployment thereof are based on internal management estimates of our current business plans and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions, business strategy, as discussed further below.

Means of Finance

We intend to finance our Objects of Issue through Net Issue Proceeds which is as follows:

Particulars	Amount (₹ in Lakhs)
Net Issue Proceeds	[●]
Total	[●]

Since, the entire fund requirement are to be funded from the proceeds of the Issue, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Issue.

Subject to applicable law, if the actual utilization towards the Objects is lower than the proposed deployment, such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with Regulation 7(2) of the SEBI ICDR Regulations. In case of a shortfall in raising the requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations

may require us to explore a range of options including utilizing our internal accruals and seeking additional debt from existing and/or future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilization of funds earmarked for the purpose set forth above, increased funding requirements for a particular purpose may be financed by surplus funds, if any, available in respect of other purposes for which funds are being raised in the Fresh Issue. Any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company. The Objects may be varied in the manner provided in **“Objects of the Issue – Variation in Objects”** on page 82.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company’s historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company’s management.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled **“Risk Factors”** beginning on page 26 of the Red Herring Prospectus.

Details of Utilization of Net Proceeds

1. Repayment in full or in part, of certain of our outstanding borrowings

Our Company has entered into various borrowing arrangements with banks including borrowings in the form of cash credit and vehicle loan. For details of our outstanding financial indebtedness, see **‘Statement of Financial Indebtedness’** on page 211. As at March 31, 2024, we had Outstanding cash credit facility from HDFC bank Limited of ₹ 1567.67 lakhs and Term Loan from Kotak Mahindra bank Ltd. of Rs. 461.41 lakhs

We propose to utilise an estimated amount of ₹ 1900.00 lakh from the Net Proceeds to repay in part or full certain borrowing, listed below, availed from the lender by our Company. Pursuant to the terms of the financing arrangements, prepayment of certain borrowings may attract prepayment charges as prescribed by the respective lender. Such prepayment charges, as applicable, will be funded from the internal accruals of our Company.

We believe that such repayment will help reduce our outstanding indebtedness and debt servicing costs and enable utilisation of our internal accruals for further investment in our business growth and expansion. The details of the borrowings availed by our Company, which are proposed to be fully or partially repaid from the Net Proceeds is mentioned below:

Notes:

- We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.
- Quotation received from the vendor mentioned above is valid as on the date of this Red Herring Prospectus. However, we have not entered into any definitive agreements with any of the vendor and there can be no assurance that the same vendor would be engaged to eventually supply the machineries/equipment or at the same costs.
- The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment or utilities, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- We are not acquiring any second-hand machinery.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost. Further, cost will be escalated on account of freight expenses, installation charges, packaging & forwarding, custom duty etc. Such cost escalation would be met out of our internal accruals.

3. Funding to meet working capital requirements

With the expansion of the business company will be in the need of additional working capital requirements. We fund a majority of our working capital requirements in the ordinary course of business from banks facilities and internal accruals. Our Company requires additional working capital for funding its incremental working capital requirements and releasing the internal accruals deployed in working capital.

Our Company proposes to utilize ₹ 6,000.00 lakhs of the Net Proceeds in Fiscal 2025 towards our Company's working capital requirements. The balance portion of our Company working capital requirement shall be met from the working capital facilities availed and internal accruals. The incremental and proposed working capital requirements and key assumptions with respect to the determination of the same are mentioned below:

The increase in working capital requirements is driven by the company's expansion initiatives, particularly in the solar projects sector, as well as strategic efforts to optimize working capital management through the utilization of IPO funds. These measures are aimed at supporting our growth trajectory, enhancing operational efficiency, and maximizing shareholder value.

- Increase in Business and Solar Projects:** The company's expansion of business operations, particularly in solar projects, requires additional working capital. With the increase in project volume and scope, there is a corresponding need for more funds to finance inventory, labor, and other operational expenses. Additionally, our focus on procuring raw materials in bulk aims to further increase our profit margin. Further, to accommodate this growth, we aim to maintain a debtor cycle of two months, requiring adequate working capital to support extended credit facilities to customers.

The existing order book of the company as on March 31, 2024 consists of orders in solar and allied services and sale of solar PV Modules to the tune of Rs. 27,328.03 lakhs. Whereas company had generated revenue from Solar and Allied services and from sale of Solar PV Modules for Rs. 109,38.85 lakhs in FY 24. This shows the expansion in business model towards solar sector.

- Expansion of Operations:** The start of commercial production from our Solar PV Module Plant marks a major milestone in our expansion initiatives. However, it entails a significant initial investment in working capital to ensure seamless operations. This expansion is pivotal for meeting the increasing market demand and capitalizing on new growth prospects. In FY 2025, we are planning to expand our production capacity for which the company intends to incur capex of Rs 11.51 Cr approx., which will boost our revenue in the coming years and necessitate additional working capital.
- Utilization of IPO Funds:** The inflow of funds from our recent initial public offering (IPO) presents an opportunity to optimize our working capital management. By leveraging these funds, we aim to streamline our payables process, reducing settlement times and maximizing cash flow efficiency. We aim to reduce the trade payable days to 30 days. This proactive approach allows us to negotiate more favorable terms and conditions with suppliers, enabling us to secure better discounts and deals on procurement. Ultimately, this strategy enhances our profitability and strengthens our competitive position in the market.

The company generated revenue from operations of approximately ₹16613.46 lakhs on a standalone basis during FY 2024 at. Looking forward, the company anticipates significant growth, with revenue of around Rs 3497.14 lakhs locked as of May 31, 2024.

This trajectory of growth is expected to continue into FY 2025, with projected revenue reaching around ₹35560 lakhs. These forecasts reflect the company's proactive strategies aimed at expanding its operations and increasing its market presence.

The proposed capex for installation of MBB PV cell soldering stringer (AM050FS) wherein our company is preparing to acquire the MBB Tab & Stringer soldering machine (Dual track) with an advanced kit featuring an extended 16BB half-cell capability will lead to expansion in revenue from operations. The new machinery has higher capacity to cut Half Cut cells per hour. These machines are specifically crafted to elevate our manufacturing processes, enhancing production capabilities, efficiency, and product quality. This initiative is anticipated to yield significant benefits across various dimensions of our operations like: Technological Advancement, Increased Production Capacity, Enhanced Product Quality, Operational Efficiency, Cost-Effectiveness, Sustainability. The increased production capacity ensures that we can scale operations to meet future demands without significant additional investments in new machinery. The installation of these machines are expected to conclude in the beginning of the last quarter of the year which will further create market for supplies of solar PV modules leading to growth in company's top line.

The company already has an existing order book of ₹31,397.57 lakhs as of March 31, 2024. The break-up of existing order book is as under as on March 31, 2024:

Particulars	Rs. in lakhs
Solar system & allied services and Sale of Solar PV Modules	27,328.03
Electrical contracting services	2,645.57
Water supply scheme projects	1,423.97
Total	31,397.57

The company has actively pursued new opportunities like: bidding for tenders of higher value in solar and allied services. Expansion in manufacturing of Solar PV modules etc. It usually takes around 6 months to execute our EPC contract orders under solar and allied services and electrical contracting services. Whereas we normally deliver supplies of solar PV modules in around 30 days. Historically the company's business has been largely dependent on government contracts however with its venture into supply of Solar PV Modules, the company has entered into B2B and B2C supply model addressing both corporates and retail customer base for the sale of Solar PV modules. This attempt is anticipated to generate recurring revenue from sale of Solar PV Modules.

Assumptions for working capital requirements

The following table sets forth the details of the holding period (with days rounded to the nearest whole number) considered for the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022

Particulars	Unit	March 31, 2022	March 31, 2023	March 31, 2024	March 31, 2025
		Audited (Restated Standalone)			Projections
Debtors	Days	56	92	66	60
Creditors	Days	137	104	57	30
Inventories	Days	43	73	75	60

Justification:

Debtors	Over the past few fiscal years from FY 2022 to FY 2024, this cycle has typically spanned from 56 to 92 days. As we currently engage in Engineering, Procurement, and Construction (EPC) and Manufacturing of solar PV modules, the specific terms of our work orders and tenders provide variations in our debtor cycle. To support our company's growth strategies, we are aiming to adjust our debtor holding period to approximately 60 days of total revenue from operations for Fiscal 2025. This adjustment aligns with our strategy to expand operations while ensuring financial sustainability. We intend to maintain the credit period for our customers, giving them enough time to pay their invoices. We believe this approach will not only help increase our sales but also strengthen our relationships with customers over time.
Creditors	Past trends of our trade payables holding days has reduced from 137 days in FY 22 to 57 days in FY 24. However, with increased working capital, we're aiming to cut this to 30 days for Fiscal 2025, yielding multiple advantages. Primarily, quicker settlements enable us to leverage cash discounts from suppliers, enhancing our profitability. Additionally, prompt payments empower us to negotiate more favourable terms and prices, fostering stronger supplier relations and bolstering our bottom line. Furthermore, many of our purchases rely on imported supplies, often necessitating advance payments. Timely settlements not only solidify our long-term relationships with suppliers but also ensure the continuity of our supply chain. By shortening our payables cycle,

	we're not only improving financial stability but also fortifying relationships with suppliers and securing advantageous deals for our company's growth.
Inventories	In our primary business of EPC, procuring inventories in large quantities is essential to fulfil project needs. Given that our projects are frequently located in remote regions, managing multiple logistics poses a consistent challenge. Consequently, we intend to maintain an inventory for 60 days, encompassing both raw materials and finished goods. Historically, our inventory holding days have fluctuated between 45 to 75 days from Fiscal 2022 to Fiscal 2024. To ensure the continuity and expansion of our business operations, we project maintaining inventory holding days within the range of 60 days for Fiscal 2025. This strategic approach aligns with our goal of sustaining growth while efficiently managing inventory levels to meet project demands effectively.

4. General Corporate Purpose

Our Company intends to deploy the balance Net Proceeds towards general corporate purposes, subject to such utilization not exceeding 25% of the Gross Proceeds, in accordance with Regulation 230(2) of the SEBI ICDR Regulations, to drive our business growth, including, amongst other things, (i) funding growth opportunities, including strategic initiatives; (ii) meeting any expenses incurred in the ordinary course of business by the Company; (iii) servicing of borrowings including payment of interest; (iv) brand building and other marketing expenses; (v) meeting of exigencies which our Company may face in the course of any business; and (vi) any other purpose as permitted by applicable laws and as approved by our Board or a duly appointed committee thereof.

We confirm that any issue related expenses shall not be considered as a part of General Corporate Purpose. Further in case, our actual issue expenses turn to be lesser than the estimated issue expenses of ₹ [●] lakhs, such surplus amount shall be utilized for General Corporate Purpose in such a manner that the amount for general corporate purposes, as mentioned in the Red Herring Prospectus, shall not exceed 25% of the amount raised by our Company through this Issue.

STATEMENT OF SPECIAL TAX BENEFITS

To,
The Board of Directors
Ganesh Green Bharat Limited
(formerly known as Ganesh Electricals Private Limited)
F - 202. S.G. Business Hub, S.G. Highway,
Ahmedabad-382470, Gujarat India

Dear Sir,

Sub: Statement of Tax Benefits ('The Statement') available to Ganesh Green Bharat Limited (formerly known as Ganesh Electricals Private Limited) ("The Company") and its shareholders under the Direct and Indirect Tax Laws in India

We hereby report that the enclosed annexure prepared by the management of GANESH GREEN BHARAT LIMITED (Formerly Known as GANESH ELECTRICALS PRIVATE LIMITED), states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that, this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Red Herring Prospectus/Red Herring Prospectus/ Prospectus or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS

The information provided below sets out the special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

A. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE COMPANY

The Company is not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

B. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE SHAREHOLDERS

The Shareholders of the Company are not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

Notes:

1. For the purpose of reporting here, we have not considered the general tax benefits available to the company or shareholders.
2. The above statement covers only certain relevant direct tax law benefits and indirect tax law benefits or benefit.
3. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

SECTION V – ABOUT THE COMPANY

For a discussion of certain risks in connection with an investment in the Equity Shares, see “**Risk Factors**” beginning on page 26 of this Red Herring Prospectus.*

GLOBAL ECONOMIC OVERVIEW

The global economy remains in a precarious state amid the protracted effects of the overlapping negative shocks of the pandemic, the Russian Federation’s invasion of Ukraine, and the sharp tightening of monetary policy to contain high inflation. Global growth is projected to slow significantly in the second half of this year, with weakness continuing in 2024. Inflation pressures persist, and tight monetary policy is expected to weigh substantially on activity. Recent banking sector stress in advanced economies will also likely dampen activity through more restrictive credit conditions. The possibility of more widespread bank turmoil and tighter monetary policy could result in even weaker global growth. Rising borrowing costs in advanced economies could lead to financial dislocations in the more vulnerable emerging market and developing economies (EMDEs). In low-income countries, in particular, fiscal positions are increasingly precarious. Comprehensive policy action is needed at the global and national levels to foster macroeconomic and financial stability.

Regional Prospects

Growth is projected to diverge across EMDE regions this year and next. It is expected to pick up in 2023 in East Asia and Pacific (EAP) and Europe and Central Asia (ECA), as China’s reopening spurs a recovery and as growth prospects in several large economies improve. In contrast, growth is forecast to moderate in all other regions, particularly in Latin America and the Caribbean (LAC) and the Middle East and North Africa (MNA). Headwinds from weak external demand, tight global financial conditions, and high inflation will drag on activity this year, especially in LAC, South Asia (SAR), and Sub-Saharan Africa (SSA). The lingering impact of Russia’s invasion of Ukraine will continue to weigh on growth across regions, particularly in ECA. Next year, growth is projected to moderate in EAP and SAR but to pick up elsewhere as domestic headwinds ease and external demand strengthens. Downside risks to the outlook for all regions include possible further global financial stress and more persistent domestic inflation than projected in the baseline. Geopolitical tensions, conflict and social unrest, and natural disasters stemming from climate change also present downside risks, to varying degrees. The materialization of such risks could further weaken potential growth, leading to a prolonged period of slower growth in all EMDE regions.

Global prospects

The global economy is projected to slow substantially this year, with a pronounced deceleration in advanced economies. The first half of the 2020s is expected to be one of the weakest half-decades of the past 30 years for emerging market and developing economies (EMDEs), as a result of both cyclical dynamics and slowing potential growth. EMDEs with lower credit ratings are set to experience a particularly sharp slowdown this year. Inflation remains elevated in many countries and is envisaged to remain above pre-pandemic levels beyond 2024. Excluding China, EMDEs are expected to make next to no progress at closing the gap in per capita incomes with advanced economies over the forecast horizon.

The resilience that global economic activity exhibited earlier this year is expected to fade. Growth in several major economies was stronger than envisaged at the beginning of the year, with faster-than-expected economic reopening in China and resilient consumption in the United States. Nonetheless, for 2023 as a whole, global activity is projected to slow, with a pronounced deceleration in advanced economies and a sizable pickup in China (figure A). Inflation pressures persist, and the drag on growth from the ongoing monetary tightening to restore price stability is expected to peak in 2023 in many major economies. Recent

banking sector stress will further tighten credit conditions. This will result in a substantial growth deceleration in the second half of this year. This slowdown will compound a period of already-subdued growth-over the first half of the 2020s (2020-2024), growth in EMDEs is expected to average just 3.4 percent, one of the weakest half-decades of the past 30 years (figure B). This slowdown reflects both cyclical dynamics and the current trend of declining global potential output growth (figure C).

Global financial conditions have tightened as a result of policy rate hikes and, to a lesser extent, recent bouts of financial instability. Many banks experienced substantial unrealized losses due to the sharp rise in policy interest rates. Concerns about the viability of balance sheets of some banks led to depositor flight and market volatility in the United States and Europe earlier in the year, which were stemmed by a swift and extensive policy response. However, countries with more pronounced macroeconomic policy vulnerabilities, as reflected by lower credit ratings, have experienced slower growth and greater financial stress, including large currency depreciations and a sharp widening of sovereign spreads. Projections for 2023 growth in these economies have fallen by more than half over the past year (figure D).

Inflation pressures persist. Although global headline inflation has been decelerating as a result of base effects, abating supply chain pressures, and falling commodity prices, core inflation in many countries remains elevated, and inflation is above target in almost all inflation-targeting economies. Inflation is expected to continue to be above its pre-pandemic level beyond 2024 (figure E).

Growth in advanced economies is set to decelerate substantially for 2023 as a whole, to 0.7 percent, and to remain feeble in 2024, due to monetary tightening, less favorable credit conditions, softening labor markets, and still-high energy prices. Excluding China, growth in EMDEs is set to slow substantially to 2.9 percent this year. Persistent weak growth means that, excluding China, EMDEs are expected to continue making next to no progress at closing the differential in per capita incomes relative to advanced economies (figure F). By 2024, economic activity in EMDEs will still be about 5 percent below levels projected on the eve of the pandemic.

Energy prices have eased considerably since their peak in 2022 on account of weaker global growth prospects and a warmer-than-expected Northern winter, which reduced natural gas and electricity consumption. Metal prices increased in early 2023, reflecting signs of a stronger-than anticipated recovery in China, but subsequently retraced those gains. Agricultural prices have been easing on the back of good production prospects for most crops.

In all, global growth is forecast to slow from 3.1 percent in 2022 to 2.1 percent in 2023, before edging up to 2.4 percent in 2024. Relative to the January projections, this is 0.4 percentage point stronger in 2023 and 0.3 percentage point weaker in 2024. Greater-than-expected resilience of major economies at the end of 2022 and early in 2023 led to the overall upgrade to growth in 2023.

However, the drag on activity from tighter monetary policy is increasingly apparent, particularly in more interest-rate-sensitive activities such as business and residential investment, including construction. Growth over the rest of 2023 is set to slow substantially as it is weighed down by the lagged and ongoing effects of monetary tightening, and more restrictive credit conditions. These factors are envisaged to continue to affect activity heading into next year, leaving global growth below previous projections. Notwithstanding a continued recovery in tourism, global trade growth is likewise expected to slow in view of the ongoing rotation of consumption toward services, which tend to be less trade-intensive. Fiscal policy is expected to have little net impact on global growth over the forecast horizon, with modest tightening in EMDEs generally offsetting support in advanced economies.

Monetary policy challenges in emerging market and developing economies

Many emerging market and developing economies (EMDEs), especially energy importers, need to continue to rebuild foreign exchange reserve buffers to attenuate vulnerability to capital outflows and currency volatility. Corporate leverage continues to rise, both in absolute terms and as a share of total EMDE debt.

EMDEs can bolster their resilience to capital flow fluctuations and exchange rate volatility is by properly replenishing foreign currency reserves following sizable drawdowns, such as those that occurred among EMDE energy importers last year (figure A). Reforms implemented after the global financial crisis have strengthened banks’ capital and liquidity buffers, which have recently been tested by the exceptionally steep global monetary policy tightening. However, non-bank corporations in EMDEs have become highly leveraged, after extensive borrowing, which makes them particularly vulnerable to rising interest rates (figure B).

INDIAN ECONOMIC OVERVIEW

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Real GDP at constant prices in the second quarter of 2022–23 is estimated at US\$ 1.94 trillion (₹160.06 trillion), showing a growth of 7.2% as compared to the First Revised Estimates of GDP for the year 2021-22 of US\$ 1.81 trillion (₹149.26 trillion), indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. In FY22, India’s service exports stood at US\$ 254.4 billion. Furthermore, India’s overall exports (services and merchandise) was estimated at US\$ 770.18 billion in FY23. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-December 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market Size

India's nominal gross domestic product (GDP) at current prices is estimated to be at US\$ 3.31 trillion (₹272.41 trillion) in FY22. Additionally, the Nominal GDP at current prices in Q3 of 2022-23 was US\$ 874.84 billion (₹71.82 trillion), as against US\$ 792.3 billion (₹65.05 trillion) in 2021-22, estimating a growth of 10.4%. With 115 unicorns valued at more than US\$ 350 billion, as of February 2023, India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at US\$ 1.3 billion, 0.2% of GDP in the fourth quarter of FY23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy.

- PMI Services remained comfortably in the expansionary zone at 57.8 in the month of June 2023.
- In May 2023, the overall IIP (Index of Industrial Production) stood at 145. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 128.1, 142.3 and 201.6, respectively, in May 2023.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 4.81% in June 2023.

- In FY23, the Foreign Portfolio Investment (FPI) outflows stood at US\$ 14.81 billion (₹1.21 trillion). As per depository data, Foreign Portfolio Investors (FPIs) invested ₹22,000 crore (US\$ 2.67 billion) in India during the first week of July 2023.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India.

- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of US\$ 182.35 million (₹1,500 crore).
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth ₹20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

Road Ahead

In the second quarter of FY23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In June 2023 (Provisional), CPI-C inflation was 4.81%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INDUSTRY SCENARIO

Renewable Energy

- India has low conventional energy resources compared to its required energy needs driven by a huge population and a rapidly increasing economy. However, India can harness the huge potential of solar energy as it receives sunshine for most of the year. It also has vast potential in the hydropower sector which is being explored across states, especially in the northeast.
- India is the only country among the G20 countries who is on track to achieve its targets under the Paris Agreement.
- More than ₹5.2 lakh crore (US \$ 70 billion) has been invested in India's renewable energy sector since 2014.

- India ranked third on the EY Renewable Energy Country Attractive Index 2021.

Advantage India

- In June 2021, Prime Minister Mr. Narendra Modi stated that the renewable energy capacity in India increased by 250% between 2014 and 2021 and the country ranks among the top five globally in terms of installed renewable energy capacity.
- The Central Electricity Authority (CEA) estimates India’s power requirement to grow to reach 817 GW by 2030.
- As the economy grows, the electricity consumption is projected to reach 15,280 TWh in 2040 from 4,926 TWh in 2012. Most of the demand will come from the real estate and transport sectors.
- India was ranked fourth in wind power, fifth in solar power and fourth in renewable power installed capacity, as of 2020.
- Power generation from solar and wind projects are likely to be cost-competitive relative to thermal power generation in India in 2025-2030.

Generation capacity has increased at a healthy pace

- The International Energy Agency’s World Energy Outlook projects a growth of renewable energy supply to 4,550 GW in 2040 on a global basis.
- Installed renewable power generation capacity has increased at a fast pace over the past few years, posting a CAGR of 14.58% between FY16 and FY23. India has 172.54 GW of renewable energy capacity in FY23.
- As of October 2022, 40.6% of the total power installed capacity is from non-fossil-based sources, which fulfils the target of 40% by the end of 2022.
- The country plans to reach 450 GW of installed renewable energy capacity by 2030, with 280 GW (over 60%) expected from solar power.
- Power generation from renewable energy sources (not including hydro) stood at 16.18 billion units (BU) in September 2022, up from 14.49 BU in September 2021.
- In July 2021, the Ministry of New and Renewable Energy (MNRE) gave the go-ahead to NTPC Renewable Energy Ltd., a 100% subsidiary of NTPC, to build a 4,750 MW renewable energy park at the Rann of Kutch in Khavada, Gujarat. This will be India's largest solar park to be developed by the country's leading power producer.

Solar power generation growth likely to outweigh other sources

- Due to its favourable location in the solar belt (400 S to 400 N), India is one of the best recipients of solar energy with abundant availability.

- The installed solar energy capacity has increased by 24.4 times in the last 9 years and stands at 66.7 GW as of May 2023.
- In 2022, till November, India has added 12 GW of solar power capacity.
- In the first half of 2022, India has saved US\$ 4.2 billion in fuel costs through solar power generation, as well as 19.4 million tonnes of coal.
- India has generated 70.24 BU of solar power in the first nine months of 2022, a 36% YoY increase.
- The Bhadla Solar Park in Rajasthan’s Jodhpur district is the largest solar power plant in the world. Spanning 14,000 acres, the power plant is fully operational and has a capacity of 2,250 MW.
- Delhi’s Indira Gandhi International Airport (IGIA) has become the first Indian airport to run entirely on hydro and solar power. Around 6% of the airport’s electricity requirement is met from the onsite solar power plants.
- In November 2021, the government announced future plans to increase the funding under the PLI scheme for domestic solar cells and module manufacturing to ₹24,000 crore (US\$ 3.17 billion) from the existing ₹4,500 crore (US\$ 594.68 million) to make India an exporting nation.
- The world’s largest floating 600 MW solar energy project will be constructed at the Omkareshwar Dam in the Khandwa district of Madhya Pradesh at the estimated cost of ₹3,000 crore (US\$ 3.84 billion). The project is expected to begin power generation by FY23.

Top 10 state-wise solar installations in India (April 2023)

Rank	State	Capacity (GW)
1	Rajasthan	3395.19
2	Karnataka	1405.50
3	Gujarat	1147.51
4	Tamil Nadu	970.18
5	Andhra Pradesh	800.19
6	Telangana	634.38
7	Maharashtra	502.49
8	Uttar Pradesh	376.83
9	Punjab	338.65
10	Madhya Pradesh	327.15

Strategies adopted

- In December 2020, the Prime Minister unveiled a plan to create at least one ‘green’ city in each state that will be powered by renewable energy sources, primarily solar energy.
- The houses in these ‘green’ cities will have roof-top solar energy panels and solar street lamps. Additionally, waste-to-energy plants will be set up to generate renewable energy.
- Hybrid energy projects combine two or more renewable power sources, such as solar and wind power, to reduce inconsistencies and provide stable power supply.
- The wind-solar hybrid model has gained popularity in India since the National Wind-Solar Hybrid Policy 2018. Hybrid tenders have received great responses in the market, with Adani and ReNew power being key players.
- Wind-solar hybrid projects with capacities of 1,440 MW are under implementation in Rajasthan and Tamil Nadu.
- Selco Solar Pvt Ltd started installing solar panels in slums which were not connected to the grid as a pilot project in 2008, and has since expanded into other states as well. They have also used standardised financial packages to get the slum people to move away from kerosene to solar power.
- Off-grid solar power is growing at a fast pace in India, with sales of 392,000 off-grid solar products in the first half of 2021.

Renewable energy growth drivers

- In November 2021, the government announced future plans to increase the funding under the PLI scheme for domestic solar cells and module manufacturing to ₹24,000 crore (US\$ 3.17 billion) from the existing ₹4,500 crore (US\$ 594.68 million) to make India an exporting nation.
- Solar city per state-approved and approved setting up 59 solar parks of 40 GW across the nation. The government is also giving a push to Floating PV Projects.
- In August 2022, Norfund, who manage the Norwegian Climate Investment Fund, and KLP, Norway's biggest pension company, signed an agreement to buy a 49% share of a 420 MW solar power plant in Rajasthan for ₹2.8 billion (US\$ 35.05 million).
- Proposed solar cities and parks: Solar city per state-approved and approved setting up 59 solar parks of 40 GW across the nation. The government is also giving a push to Floating PV Projects.
- Atmanirbhar Bharat: PLI scheme in Solar PV manufacturing with financial outlays of INR 24,000 Cr introduced under Atmanirbhar Bharat. Imposition of Basic Customs Duty of 25% on Solar Cell & 40% on Solar PV Modules w.e.f. 01.04.2022.
- Wind-Solar Hybrid Policy: In 2018, a national policy was announced to promote a large grid-connected wind-solar PV hybrid system for efficient utilization of transmission infrastructure and land. A way to address the intermittency challenge of one source of renewable power is to combine solar and wind, achieving better grid stability. It provides flexibility in the share of wind and solar components in hybrid projects, however, the capacity of one resource must be at least 25% of the rated power capacity of another resource.

Huge untapped potential

- India is estimated to have renewable energy potential of 900 GW from commercially exploitable sources - Solar energy: 750 GW; Wind power: 102 GW; Bio-energy: 25 GW; and Small Hydro: 20 GW.
- The country plans to reach 450 GW of installed renewable energy capacity by 2030, with 280 GW (over 60%) expected from solar power.

PM-KUSUM (Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan)

- The scheme aims to add solar capacity of 30,800 MW by 2022 with total central financial support of ₹34,422 Crore including service charges to the implementing agencies.
- The Scheme consists of three components:
 - Component A: 10,000 MW of solar capacity through installation of small Solar Power Plants of individual plants of capacity upto 2 MW.
 - Component B: Installation of 20 lakh standalone Solar Powered Agriculture Pumps.
 - Component C: Solarisation of 15 Lakh Grid-connected Agriculture Pumps.
- Till 31.03.2026

Saur Sujala Yojana

The Saur Sujala Yojana is to set up solar irrigation pumps for the irrigation needs of the farmers. The scheme has been started on November 01, 2016 with the aim of empowering the farmers by providing irrigation pumps to the farmers at subsidized rates. The use of solar pump will help in increasing agricultural production in the state as well as conservation and augmentation of ground water and strengthening the rural economy. Under the plan, there is a provision for setting up solar pumps of 03 H.P. and 05 H.P. capacity.

Saur Sujala Yojana is being implemented by Chhattisgarh State Renewable Energy Development Agency (CREDA-Chhattisgarh State Renewable Energy Development Agency). Beneficiaries under the scheme are selected by the Agriculture Department. Under the scheme, more than 01 lakh solar pumps have been installed.

Water Supply Scheme Projects

Jal Jeevan Mission (JJM)

Jal Jeevan Mission, is envisioned to provide safe and adequate drinking water through individual household tap connections by 2024 to all households in rural India. The programme will also implement source sustainability measures as mandatory elements, such as recharge and reuse through grey water management, water conservation, rain water harvesting. The Jal Jeevan Mission will be based on a community approach to water and will include extensive Information, Education and communication as a key component of the mission. The Jal Jeevan Mission will be based on a community approach to water and will include extensive Information, Education and communication as a key component of the mission. JJM looks to create a jan andolan for water, thereby making it everyone's priority.

(Source: <https://jaljeevanmission.gov.in/>)

Jal Jeevan Mission is to assist, empower and facilitate:

- States/ UTs in planning of participatory rural water supply strategy for ensuring potable drinking water security on long-term basis to every rural household and public institution, viz. GP building, School, Anganwadi centre, Health centre, wellness centres, etc.
- States/ UTs for creation of water supply infrastructure so that every rural household has Functional Tap Connection (FHTC) by 2024 and water in adequate quantity of prescribed quality is made available on regular basis.
- States/ UTs to plan for their drinking water security
- GPs/ rural communities to plan, implement, manage, own, operate and maintain their own in-village water supply systems
- States/ UTs to develop robust institutions having focus on service delivery and financial sustainability of the sector by promoting utility approach
- Capacity building of the stakeholders and create awareness in community on significance of water for improvement in quality of life
- In making provision and mobilization of financial assistance to States/ UTs for implementation of the mission.

The following components are supported under JJM:

- Efforts should be made to source funds from different sources/ programmes and convergence is the key
- Development of in-village piped water supply infrastructure to provide tap water connection to every rural household
- Development of reliable drinking water sources and/ or augmentation of existing sources to provide long-term sustainability of water supply system
- Wherever necessary, bulk water transfer, treatment plants and distribution network to cater to every rural household
- Technological interventions for removal of contaminants where water quality is an issue
- Retrofitting of completed and ongoing schemes to provide FHTCs at minimum service level of 55 lpcd;
- Greywater management
- Support activities, i.e., IEC, HRD, training, development of utilities, water quality laboratories, water quality testing & surveillance, R&D, knowledge centre, capacity building of communities, etc.
- Any other unforeseen challenges/ issues emerging due to natural disasters/ calamities which affect the goal of FHTC to every household by 2024, as per guidelines of Ministry of Finance on Flexi Funds

Progress: HHs provided with tap water supply

* as on date- October 31, 2023

(Source: <https://ejalshakti.gov.in/jjmreport/JJIndia.aspx>)

At the time of the announcement of the Jal Jeevan Mission, only 3.23 crore (16.65%) rural households had tap water connections. Under the Mission, in a short span of less than four years, more than 8.60 Crore rural households have been provided with tap water connections. Thus, as on April 27, 2023, over 11.84 Crore (60.92%) rural households have a functional tap water supply in their homes. Further, Union Budget 2023-24 has allocated a massive Rs. 70,000 Crore for the implementation of the Jal Jeevan Mission.

Atal Mission for Rejuvenation and Urban Transformation (AMRUT) Scheme

Atal Mission for Rejuvenation and Urban Transformation (AMRUT) was launched on 25th June 2015 in selected 500 cities and towns across the country. The Mission focuses on development of basic infrastructure, in the selected cities and towns, in the sectors of water supply; sewerage and septage management; storm water drainage; green spaces and parks; and non-motorized urban transport. A set of Urban Reforms and Capacity Building have been included in the Mission.

Ministry of Housing and Urban Affairs has approved State Annual Action Plans (SAAPs) of all the States/Union Territories (UTs) amounting to ₹77,640 crore for the entire Mission period, which includes committed Central Assistance (CA) of ₹35,990 crore. So far, States/UTs have taken up 5,873 projects worth ₹82,222 crore, of which 4,676 projects worth ₹32,793 crore have been completed, and another 1,197 projects worth ₹49,430 crore have been grounded which are at various stages of implementation. Further, overall works worth around ₹66,313 crore have been physically completed and expenditure of ₹59,615 crore has been incurred.

Till date, 134 lakh water tap connections and 102 lakh sewer connections (including households covered through Faecal Sludge and Septage Management - FSSM) have been provided through AMRUT & in convergence with other schemes against targeted 139 lakh water connections and 145 lakh sewer connections respectively.

AMRUT Mission has been subsumed under AMRUT 2.0, which was launched on 01st October, 2021 and ongoing projects of AMRUT 1.0 will be funded with CA till 31st March, 2023.

AMRUT 2.0 will promote circular economy of water through development of City Water Balance Plan (CWBP) for each city focusing on recycle/reuse of treated sewage, rejuvenation of water bodies and water conservation. It will help cities to identify scope for projects focusing on universal coverage of functional water tap connections, water source conservation, rejuvenation of water bodies and wells, recycle/reuse of treated used water, and rainwater harvesting. Based on the projects identified in CWBP, Mission envisages to make cities 'water secure' through circular economy of water.

The total indicative outlay for AMRUT 2.0 is ₹2,99,000 crore including Central share of ₹76,760 crore for five years. This outlay includes funding of ₹22,000 crore (₹10,000 crore as Central Assistance) for ongoing projects of AMRUT till March 2023.

ELECTRICAL CONTRACTING SERVICES

Overview

Government of India with the objective to improve the quality and reliability of power supply in rural areas has launched the scheme Deendayal Upadhyaya Gram Jyoti Yojana (DDUGJY), an integrated scheme covering all aspects of rural power distribution which was conveyed by the Ministry of Power on December 3, 2014. “The erstwhile Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY) scheme for village electrification and providing electricity distribution infrastructure in the rural areas has been subsumed in the DDUGJY scheme. Rural Electrification Corporation is the Nodal Agency for implementation of DDUGJY.

DDUGJY facilitates towards achievement of ‘24x7 Power For All’ in the rural areas of India, through the following project components:

- a) Separation of agriculture and non-agriculture feeders facilitating continuous quality power supply to non-agricultural consumers and adequate power supply to agricultural consumers;
- b) Strengthening and augmentation of sub-transmission & distribution infrastructure;
- c) Micro-grid and Off-grid distribution network;
- d) Metering of Distribution Transformers/Feeders/Consumers; and
- e) Rural Electrification component (including the erstwhile RE projects)

Under the scheme, 60% of the project cost (85% for special States) is provided as grant by Government of India and additional grant upto 15% (5% for Special Category States) is provided by Government of India on achievement of prescribed milestones.(Special Category States -All North Eastern States including Sikkim, J&K, Himachal Pradesh, Uttarakhand)

Village Electrification— Landmark achievement

India’s rural electrification programme passed through several stages of improvement with appropriate intervention at Government of India level. In spite of various programmes of Government of India, as on April 1, 2015; there were 18,452 villages which still remained then un-electrified.

In the 69th Independence Day address on 15th August, 2015, Hon’ble Prime Minister pledged to the nation that all remaining Un-Electrified (UE) villages in the Country would be electrified within 1,000 days with the help of States and local bodies.

The Ministry and REC, the nodal agency, had extensive consultation with States and other stakeholders to understand current scenario, availability of resources, possible remedial measures to accelerate the progress, monitoring mechanism etc. and this gave rise to new ideas, strategy and approach. These interalia included, Proper identification of villages with Census 2011 Code, Innovative Monitoring Mechanism to measure progress and outcome, Web enabled platform to capture near real time progress-. ‘GARV App’ (www.garv.gov.in), Strengthening of field level team with modern technology, Participation of public representatives, Participation of District and local administration, Regular and Rigorous review and monitoring at all levels, involvement of CPSUs, Availability of funds etc.

With the above initiatives and collective efforts of States and other stakeholders, 28th April 2018 had been made as a landmark day in the Power Sector domain by achieving electrification of all un-electrified census inhabited villages in the country totalling to 18,374 villages excluding the 1,305 uninhabited villages with 1,515 villages electrified in this FY 2018-19. Leisang of Manipur state was the last village electrified

International Energy Agency (IEA), 2018 has acknowledged that “India’s move to energize every village in the country with electricity is one of the greatest success stories in the world in 2018.”

An amount of ₹44896.30 Cr. has been Sanctioned (including DDG Projects) (Grant involved ₹28,158.92Cr); against which ₹ 30,942.9 Crore (incl. grant of ₹22,365.69 Crore, has been released till June 30, 2021

(Source: <https://powermin.gov.in/en/content/overview-1>)

SAUBHAGYA- Pradhan Mantri Sahaj Bijli Har Ghar Yojana

While inching towards achieving 100% village electrification, Govt. of India also focused in achieving electrification of all un-electrified households in the country.

Taking consideration of various studies, it came to light that major barriers in household electrification was lack of awareness, cost of obtaining new connections, complexity and other logistics difficulty faced in obtaining connections. Paying special attention to these requirements, Govt. of India systematically designed and launched a scheme Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya, in October 2017 focusing on last mile connectivity and electricity connections to all the unelectrified households in the country. Saubhagya scheme is one of the world’s biggest Universal electrification initiatives with collaborative and concerted efforts of Centre and States. It is a concurrent program to Deen Dayal Upadhyaya Gram Jyoti Yojana’ (DDUGJY).

The scheme outlay is ₹16,320 crore, including Gross Budgetary Support of ₹12,320 crore. REC is the Nodal Agency for operationalization of the scheme. The SAUBHAGYA scheme aims at providing:

- a) Last mile connectivity and electricity connection to all un-electrified households in rural areas;
- b) Last mile connectivity and electricity connection to all remaining economically poor un electrified households in urban areas. Non-poor urban households are excluded from this scheme;
- c) Solar Photovoltaic (SPV) based standalone system for un-electrified households located in remote and inaccessible villages/habitations, where grid extension is not feasible or cost effective.

(Source: <https://powermin.gov.in/en/content/saubhagya>)

Addl. Infrastructure for enabling electrification of Saubhagya households:

An additional fund ₹14,178.86 Crores (Grant involved: ₹9,399Cr) has been approved for creation of additional infrastructure against which ₹ 7,092.69 Cr (incl. grant of ₹ 6,549.04 Crore) has been released till June 30, 2021

OUR BUSINESS

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and also the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the Twelve-month period ended March 31 of that year. In this section, a reference to the “GGBL”, “Company” or “we”, “us” or “our” means Ganesh Green Bharat Limited.

All financial information included herein is based on our “Financial information of the Company” included on page 169 of this Red Herring Prospectus.

OVERVIEW

We are providing comprehensive portfolios in the field of supply, installation, testing and commissioning (SITC) of solar and electrical goods and services to various government bodies. We have completed projects under various schemes of Central and State Government like - Saubhagya Scheme, KUSUM Scheme, Saur Sujla Yojna. We also forayed into the business of designing, construction, installation and operation and maintenance of Water Supply Scheme Projects like the Mukhya Mantri Nishchay Quality Affected Yojna, Har Ghar Jal (Jal Jeevan Mission) etc.

We started as a partnership firm in the year 2016 with focus on Electrical contracting services. Later in the year 2017 we stepped into the renewable energy sector where we expanded our operations as an integrated solar energy solutions provider offering engineering, procurement and construction (“EPC”) services and operations and maintenance (“O&M”) services for solar home light, solar street light, solar power plants (On Grid and off Grid), Solar Highmast, Solar Pumping System etc. In 2016, we attained the status of Channel Partner of Ministry of New and Renewable Energy (MNRE) and in the year 2018 we completed a substantial project involving 16,486 SPV home lighting system in Rajasthan through Rajasthan Renewable Energy Corporation Limited (RRECL)

Gradually in the year 2019 we started bidding for Water Supply Scheme Projects wherein we are engaged in designing, construction, supply, testing and commissioning of Water Supply Scheme Projects which involves construction of piped water supply with installation of polyethylene water storage tank to provide drinking water through functional household tap connections in villages with all allied works of the scheme and successful trial run.

Our Subsidiary, Souraj Energy Private Limited (Souraj) is involved into manufacturing of solar photo-voltaic (“PV”) modules with installed capacity of 192.72 MW. SPV modules manufactured in Souraj are made using quality components and advanced technologies that comply with industry standards. We offer our products and services in various specifications and customization options to cater to the unique demands of our customers. Solar PV modules are manufactured using both polycrystalline and monocrystalline cell technology. We have also initiated the use of Topcon Solar Cell Technology for manufacturing Solar PV Modules. The products are differentiated on the basis of solar PV module technology and type as well as cell size. These PV modules have wattages between 150Wp – 575Wp (370 Wp - 550Wp Mono PERC P Type Solar Cell (10BB) and 385Wp to 575 Wp - Mono PERC N Type Topcon Solar Cell (16BB) module. We also have received the BIS certificate from the authority. Our Subsidiary operates from its manufacturing facility situated at Mehsana, Gujarat and is equipped with machines like: Glass Loader, EVA Cutting Machine, Layup Machine, Stringer Bussing, Back sheet, Pre & Post – EL – Testing, Laminator Framing, Sun Simulator, Aluminium frame cutting & punching machine etc. We have also set up an additional line for manufacturing of solar photo-voltaic (“PV”) modules in our company with installed capacity of 236.73 MW which has recently started commercial production.

Thus, over the years our group has diversified its business as service provider into multiple verticals catering to (i) Solar System & Allied Services, (ii) Electrical contracting services (iii) Water Supply Scheme Projects and as a manufacturer of solar photo-voltaic (“PV”) modules. Our in-house engineering and design capabilities help us offer diversified products and solutions to our customers in each of the product categories in which we operate. Our comprehensive solutions include our services as EPC contractor involving designing, engineering, construction, installation and commissioning of projects.

Our Company bids for tenders issued by government authorities and has worked for departments of 8 states viz: Gujarat Industrial Development Corporation (GIDC), Ahmedabad Municipal Corporation (AMC), Rajasthan Renewable Energy

Corporation Limited (RRECL), Dakshin Gujarat Vij Company Limited (DGVCL), Gujarat Energy Development Agency (GEDA), Chhattisgarh State Renewable Energy Development Agency (CREDA), Ajmer Vidhyut Vitaran Nigam Limited (AVVNL), Jodhpur Vidhyut Vitaran Nigam Limited (JdVVNL), Jharkhand Renewable Energy Development Agency, Jaipur Vidhyut Vitaran Nigam Limited (JVVNL), Public Health Engineering Department (PHED), Bihar, Public Health Engineering Department (PHED), Madhya Pradesh, PHED, Rajasthan, Uttar Pradesh New and Renewable Energy Development Agency (UPNEDA), UP, NHAI through Kalthia Engineering Construction Ltd(Maharashtra) etc. We also sell Solar PV modules to some of the private sector organizations.

In the last 10 years, we have successfully completed (i) 17 work orders under Solar System & Allied Services aggregating to Rs 18515.46 Lakhs (ii) 7 work orders under Electrical contracting services aggregating to Rs 2146.20 Lakhs (iii) 2 work order under Water Supply Scheme Projects aggregating to Rs 1667.70 Lakhs. For details of work order executed by our company see **“Completed Projects”** on page 116 of the Red Herring Prospectus.

As of March 31, 2024 our Order Book includes (i) 10 work orders under Solar System & Allied Services aggregating to Rs 27328.03 (ii) 7 work orders under Electrical contracting services aggregating to Rs 2645.57 Lakhs, (iii) 1 work order under Water Supply Scheme Projects for an aggregate value of Rs. 1423.97 lakhs. For further details on our Order Book, see **“- Order Book”** on page 120 and **“Risk Factors – Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations.”** on page 29 of this Red Herring Prospectus.

We have an in-house team for designing, engineering and construction which makes us self-reliant on all aspects of our business. We have a team of 10 Engineers who are supported by third-party consultants and industry experts to ensure compliance and quality standards laid down by the industry and government agencies & departments. The scope of our services typically includes design and engineering of the projects, procurement of raw materials, execution at site with overall project management up to the installation and commissioning of projects. Post commissioning, operations and maintenance of some of the projects for a certain period of time is generally a part of the award in recent times. We have a team of dedicated engineers and personnel focused on operations and maintenance of completed projects.

In addition to the execution of projects independently, we also enter into joint ventures with other infrastructure companies to jointly bid and execute projects. Joint ventures or partnerships enable us to achieve pre-qualification, both technical and financial, with our joint venture partner at the time of the bid. As on March 31, 2024, we are executing 5 projects in partnership with our joint venture partner. We have also gained experience from instances where we have been sub contracted some of the projects for execution.

Our Company is led by our Promoters, Ketanbhai Narsinhbhai Patel and Rajendrakumar Narsinhbhai Patel having an overall experience of more than two decades each and Niravkumar Sureshbhai Patel and Shilpaben Ketanbhai Patel having an overall experience of more than a decade each in the associated industry.

Over the years our Company has obtained various registrations and certifications that facilitate our business and help us to secure orders:

- Electrical Contractor license from Govt. of Gujarat to act as an Approved Electrical Contractor in Class ‘A’ in R & B. Department. Government of Gujarat
- Electrical Contractor license from Govt. of Bihar to act as Category ‘1’ Contractor for Bihar
- Electrical Contractor license from Govt. of Rajasthan to act as Electrical Contractor ‘Class A’ for Rajasthan
- Electrical Contractor license from Govt. of Madhya Pradesh to act as Electrical Contractor for Madhya Pradesh
- Electrical Contractor licensee from Govt. of Maharashtra to act as Electrical Contractor for Maharashtra
- BIS Registration Certificate for Sealed Secondary Portable Lithium System Battery
- BIS Registration Certificate for Crystalline Silicon Terrestrial Photovoltaic (PV) modules (Si wafer based)
- BIS Registration Certificate for Fixed General Purpose Led Luminaires
- ISO 9001:2015 Certificate of Registration for Quality Management System for following activities: Manufacturer, Supplier, Importer, exporter and contractor of Electrical Battery and Solar related products.
- ISO 14001:2015 Certificate of Registration for Environmental Management System for following activities: Manufacturer, Supplier, Importer, exporter and contractor of Electrical Battery and Solar related products.
- We are enlisted in Approved List of Models and Manufactures (ALMM) for Solar Photovoltaic Modules by Ministry of New & Renewable Energy.

Notes:

- (1) 'Revenue from Operations' means the Revenue from Operations as appearing in the Restated Financial Statements
- (2) 'EBITDA' is calculated as Profit before tax + Depreciation + Interest Expenses - Other Income
- (3) 'EBITDA Margin' is calculated as EBITDA divided by Revenue from Operations
- (4) 'PAT' is PAT available for owner of the group.
- (5) 'PAT Margin' is calculated as PAT available for owner of the group for the period/year divided by revenue from operations.
- (6) 'Net worth means Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss) (Excluding Minorities Interest).
- (7) 'Return on Equity' is ratio of Profit after Tax and Average Shareholder Equity.
- (8) 'Return on Capital Employed' is calculated as EBIT divided by capital employed, which is defined as shareholders' equity plus total borrowings {current & non-current}.

Our Strengths

We offer a diversified range of solutions.

We are strategically well placed to run various business verticals under one umbrella. Our diversified range of products and solutions cater to renewable energy industry, water supply and electrical contracting. Our core competencies include bidding for EPC projects and manufacturing of Solar PV Modules with focus on successful delivery of quality products. We believe that our focus on maintaining quality across our business verticals and on continuous technological upgradation of our process, together with our extensive sales and marketing efforts have enabled us to expand our operations over the years. Our diversification of revenue across multiple industries allow us to prevent any possible customer concentration in any of our categories. This strategy helps us to increase revenue streams, improve margins, and minimize business risk. With our track record and wide product portfolio, we have been able to retain our existing customers and have also been able to attract new customers.

Our revenue from operations from various business verticals is as under:

(Rs in lakhs)

Leverage our capabilities to capture strong industry tailwinds and growth prospects for solar energy.

Our manufacturing and project execution capabilities enable us to capitalize on the growing opportunities and emerging trends in our industry, particularly in manufacturing of Solar PV modules, where the Production Linked Incentive Scheme (PLI) Promoting Domestic Manufacturing of Solar modules have been introduced to provide an impetus to India's vision of becoming a global manufacturing hub for renewal energy. In November 2021, the government announced future plans to increase the

funding under the PLI scheme for domestic solar cells and module manufacturing to Rs. 24,000 crore (US\$ 3.17 billion) from the existing Rs. 4,500 crore (US\$ 594.68 million) to make India an exporting nation.

Further there have been government policies like:

- Atmanirbhar Bharat: PLI scheme in Solar PV manufacturing with financial outlays of INR 24,000 Cr introduced under Atmanirbhar Bharat and Imposition of Basic Customs Duty of 25% on Solar Cell & 40% on Solar PV Modules w.e.f. 01.04.2022. (Source: <https://www.ibef.org/industry/renewable-energy-presentation>)
- In the Union Budget 2022-23, the government allocated US\$ 885 million (Rs. 7,327 crore) for the solar power sector including grid, off- grid, and PM-KUSUM projects. (Source: <https://www.ibef.org/industry/power-sector-india>)
- Government of India with the objective to improve the quality and reliability of power supply in rural areas has launched the scheme Deendayal Upadhyaya Gram Jyoti Yojana (DDUGJY), an integrated scheme covering all aspects of rural power distribution which was conveyed by the Ministry of Power on December 3, 2014. “The erstwhile Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY) scheme for village electrification and providing electricity distribution infrastructure in the rural areas has been subsumed in the DDUGJY scheme. Rural Electrification Corporation is the Nodal Agency for implementation of DDUGJY. (Source: <https://powermin.gov.in/en/content/overview-1>)
- While inching towards achieving 100% village electrification, Govt. of India also focused in achieving electrification of all un-electrified households in the country. Sahaj Bijli Har Ghar Yojana – Saubhagya, in October 2017 focusing on last mile connectivity and electricity connections to all the unelectrified households in the country. Saubhagya scheme is one of the world’s biggest Universal electrification initiative with collaborative and concerted efforts of Centre and States. It is a concurrent program to Deen Dayal Upadhyaya Gram Jyoti Yojana’ (DDUGJY).(Source: <https://powermin.gov.in/en/content/saubhagya>)
- Since August 2019, Government of India, in partnership with States, is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal to make provision of tap water supply to every rural household by 2024 (Source: <https://pib.gov.in/PressReleaseIframePage.aspx?PRID=1944411#:~:text=Since%20August%202019%2C%20Government%20of,every%20rural%20household%20by%202024.>)

In this context we believe that our Company is well-poised to capitalize on these opportunities and initiatives by the Government of India, creating value for all of the stakeholders involved, in the process. We believe that our ability to deliver such products and services enables us to tap growth opportunities. We also intend to capitalize on the unutilized capacity at our manufacturing facilities to further increase production of our current portfolio and take advantage of the experience of our sales and marketing team to increase our visibility in the domestic market. Additionally, we seek to further penetrate and strengthen our market position in each of the business verticals to which we cater to.

In house designing and execution team and established track record

Our in-house engineering and design team of 10 engineers have the necessary skills and expertise in preparing detailed designs based on the conceptual requirements of our clients. Our quality control managers are responsible for conducting regular inspection and tests at every project site for quality control monitoring and management.

We believe that we have an established track record of successfully installing projects in an efficient manner. Our focus is to leverage our designing and execution capabilities to complete projects while maintaining the quality of delivery. Our project management teams, working in conjunction with the design and engineering team, ensures operational efficiencies through overall supervision of the manufacturing and project execution process. We believe that our track record of successful completion of our work orders has allowed us to grow our business over the years. Our in-house team of designers and engineers manage site survey, planning, basic and detailed design, technical evaluation of vendors and assess safety requirements. We are focussed on providing ongoing technical support across the complete value chain of the project in a cost effective manner. To manage such a large and diversified portfolio of projects

Post completion of the EPC projects undertaken by us, we also offer our customers an option to extend O&M services to these projects on an ongoing basis. To successfully execute our EPC contracts, we have also streamlined our supply chain and have identified suppliers to procure the necessary raw materials at a reasonable cost and in a timely manner

We have been focusing on design capabilities for our projects. This capability enables us to correctly bid with project specifications and provide quality services in a timely and cost-effective manner. Our experience has enabled us to deliver on the projects in accordance with the designs and specifications of the customer.

Order Book of projects across India.

As of March 31, 2024, our Order Book includes (i) 10 work orders under Solar System & Allied Services aggregating to Rs 27328.03 (ii) 7 work orders under Electrical contracting services aggregating to Rs 2645.57 Lakhs, (iii) 1 work order under Water Supply Scheme Projects for an aggregate value of Rs. 1423.97 lakhs.

We believe that consistent growth in our Order Book has materialized due to our continued focus on Projects and our ability to successfully bid and win new Projects. We believe that our experience in designing, engineering, construction, operations and maintenance of Projects, technical capabilities, performance, reputation for quality, as well as the price competitiveness has enabled us to successfully bid and win projects.

Experienced Promoters and senior management team.

Our Promoters, Ketanbhai Narsinhbhai Patel, Rajendrakumar Narsinhbhai Patel, Niravkumar Sureshbhai Patel and Shilpaben Ketanbhai Patel have around 25 years, 24 years, 11 years and 17 years of experience in the industry and have been instrumental in driving our growth since inception of our business. We believe that our senior management team has extensive experience in the commissioning of and operating manufacturing capacities, finance, sales, business development and strategic planning in the industry. The vision and foresight of our management enables us to explore and seize new opportunities and accordingly position ourselves to introduce new products to capitalize on the growth opportunities in the sector.

For details on the qualifications and experience of our Promoters and senior management team, please refer to section titled "***Our Management***" beginning on page 149 of this Red Herring Prospectus.

Stable financial performance

We have demonstrated stable financial performance over the years with growth in terms of revenues and profitability. Over the last three years, we have focused our attention towards expanding our product portfolio which has resulted in an increase in our revenue from operations and profits. Our revenue from operations has grown from ₹ 10553.67 lakhs in Fiscal 2022 to ₹ 17017.02 lakhs in Fiscal 2024. Our profit for this period has also grown from ₹ 520.75 lakhs in the Fiscal 2022 to ₹ 1988.50 lakhs in Fiscal 2024 with a CAGR of 95.41%. The stable growth in revenue, profits, ROCE enable us to fund our strategic initiatives and pursue opportunities for growth.

Our Strategies

Increasing the size of our projects and our pre-qualification.

We derive most of our revenue from work orders tendered by government authorities. Our primary focus is to strengthen our prospects in executing larger number work orders which increases our possibilities of qualification. We will continue to focus on the designing, construction, operation and maintenance of Projects while seeking opportunities to further increase the size of our projects. In the solar system and allied services, we have executed projects as large as 16486 Nos. of Off-grid SPV home lighting systems or 10762 Nos. of Off-grid home lighting systems. Similarly in electrical contracting services we have executed projects as large as 2920 Nos. 4.5 mtr street light pole. Execution of high capacity projects gets us qualification to bid for even larger ones and has lesser competition, better margins, and economies of scale and better utilization of sources.

We intend to capitalize on our experience and project execution expertise and continue to selectively pursue larger Projects, both independently and in partnership with other players in the industry. Increase in the size of projects will also lead to our Company becoming pre-qualified for larger projects. Large sized projects will require requisite higher level of competencies in designing and execution of such projects.

Implement strategic backward integration through Expansion of operations into manufacturing of Solar PV modules

In order to reduce our dependence on sourced solar panels from third-party suppliers in globally and in India, we intend to implement backward integration measures by commencing manufacturing of solar panels. We intend to set up an additional line for solar panel manufacturing at our manufacturing facility situated at Mehsana, Gujarat which will increase our overall plant capacity to approximately 400 MW. All solar panels manufactured by us are planned to be used for our own captive consumption in our solar and allied services projects and for sales to private organizations. We believe these backward

integration measures will allow us to reduce our dependence on third party solar panels suppliers, better manage our material inventory with respect to solar panels, and also contribute to better margins. Backward integration towards manufacturing of solar panels will facilitate us to qualify for various tenders as it is one of eligibility criterion for tenders which only allow domestic manufacturers to participate. In addition, our backward integration initiatives and ability to manufacture quality solar panels will also help in achieving cost efficiency by mitigating the impact of the customs duties and other expenses on imported solar panels.

Expansion of our geographical footprint

In the last 10 years we have successfully completed 17 projects in the solar system and allied services, 7 projects in the electrical contracting services and 2 projects under Water Supply Scheme across 8 states of India viz: Rajasthan Gujarat, Maharashtra, Bihar, Uttar Pradesh, Jharkhand, Chattisgarh, Madhya Pradesh. We gradually intend to expand our business operations to other regions of the country. We plan to continue our strategy of diversifying and expanding our presence in these regions for the growth of our business. We are selective in expanding to new locations and look at new geographies where we can deliver quality services without experiencing significant delays and interruptions due of local considerations. Through further diversification of our operations geographically, we hope to hedge against risks of operations in only specific areas and protection from fluctuations resulting from business concentration in limited geographical areas.

Continue to enhance our core strengths by attracting, retaining and training qualified personnel and process up gradation

We believe that our ability to effectively execute and manage projects is crucial to our continued success. We understand that maintaining quality, minimising costs and ensuring timely completion of our projects depends largely on the skill and workmanship of our employees. As competition for qualified personnel increases among engineering and construction companies in India, we seek to improve competitiveness by increasing our focus on training our staff.

Our Company constantly endeavours to improve our process, skill up-gradation of our employees, modernization of infrastructure and methods of processing. We regularly analyze our existing process and to identify the areas of bottlenecks and correct the same. This helps us in improving our services so as to reap the optimum satisfaction of our clients.

Cost effective production and timely fulfilment of orders

Our Company has taken various steps to ensure adherence to timely fulfilment of orders and also to achieve greater cost efficiency. Our Company also has enjoyed good relations with our suppliers and as a consequence have the benefit of timely supplies of the materials which has been one of the major reasons to achieve timely fulfilment of orders of our customers. Our Company constantly endeavors to implement an efficient procurement policy for inputs so as to ensure cost efficiency in procurement which in turn results in cost effective production and delivery of services.

OUR OPERATIONS: RANGE OF SOLUTIONS

1) SOLAR SYSTEM & ALLIED SERVICES:

Under the solar system & allied services we offer solutions such as Solar Home Light Systems (CFL & LED Based), Solar Street Light Systems (CFL & LED Based), Solar Off-Grid and On Grid Power Plants (Solar Rooftop Systems), Solar Submersible Pumps (AC & DC), and Solar Surface Pumps (AC & DC). Under the Solar Syatem & Allied Services, we have successfully installed 51,653 home lighting system in the past 10 years.

EPC Services: We offer turnkey solutions for both Off-Grid and On-Grid Solar Photovoltaic Power Plants and Systems. Our solar panel products can be used in a variety of settings such as residential, commercial, and industrial buildings, rural electrification, telecommunication towers, and water pumping systems, urban areas with high energy demand and low grid connectivity, and photovoltaic solar power plants and systems.

SrNo.	Name of Product	Photo	Description
2.	Solar Home lighting system		<p>A solar home lighting system (SHS) converts solar energy into electricity and provides a comfortable level of illumination in one or more rooms of a house. The system also has the inbuilt feature to run a small DC fan, a 12-V DC television, USB port for mobile charging and other appliances to run on USB along with the LED light (s).</p> <p>It is suitable for normal lighting in area with plenty of sunshine while lack of electricity. It also can be used as lighting for camping, traveling, outdoor work and other emergency lighting.</p> <p>This system generally consists of :Solar Panel, Battery, Lights, Fan, Charge Controller, Structure & Pole etc</p>

3.	Solar Power Plant – On – Grid		<p>The Solar Panels converts sunlight into direct current (DC) electricity. The DC electricity is then fed to the inverter which converts DC energy to AC energy which is connected to Electric Grid vide Bi-directional meter which functions in import-export mode. This system generally consists of: Solar Panel, Module Mounting structure, Inverter, Cables and Meter</p>
4.	Solar Power Plant – Off – Grid		<p>The Solar Panels converts sunlight into direct current (DC) electricity. The DC electricity is then fed to the charge controller which in turns charges the connected storage batteries which is connected to inverter which provides power to the connected load. This system generally consists of: Solar Panel, Module Mounting structure, Charge Controller, Inverter, Cables, Battery etc.</p>
5.	Solar Water Pumping System – Surface & Submersible		<p>Decentralized solar water pump is an efficient replacement of Grid Connected & Diesel pumps in Agriculture or varied purposes.</p> <p>A solar pump system is a type of water pumping system that operates using energy from the sun. It is designed to pump water for various purposes, such as agricultural irrigation, supplying water to remote areas, or even for residential use. These solar pumps come with various capacities ranging from 0.5 hp to 25 hp.</p> <p>Usual Solar pumping system consists of: Solar Panel, Solar Pump Controller, Solar Pump, Water Storage tank, Pipe for water distribution, solar Module mounting structure etc</p>
6.	Solar High Mast & Street Light system		<p>A solar high mast system is a lighting solution that utilizes solar energy to power high mast lighting installations, which are commonly used for illuminating large outdoor areas such as highways, parking lots, airports, seaports, industrial facilities, and sports complexes.</p> <p>This system generally consists of: Solar Panel, Module Mounting structure & High Mast Pole, Charge Controller, Flood Lights, Cables, Battery etc.</p>

2) **Electrical contracting services:** We are a class ‘A’ Electrical Contractor offering electrical contracting services as per customer requirements, such as (i) SITC of all type Street light work, Distribution Transformer, high mast work, HT 11 kV And 66 kV installation and modification of substation, maintenance of structure distribution panel, single spun pole, load break switch (LBS), Air Circuit Breaker (ACB), cubical panels, superior quality LT Switchgear with

fabricated panel, metering panel, starter control panel, customized design panel, etc and (ii) Cabling & Wiring Work that includes cabling of High Tension [HT] and Low Tension [LT] - XLPE. We also offer customized Power Cabling Work in accordance with the approved designs or system. The whole wiring work is done by using copper multi strand or FRLS wire. We are backed with all the electrical accessories and customized fittings required for providing services. Additionally our Company also provides AMC Services that include maintenance of all kinds of electrical work. Under the Electrical Contracting services, we have successfully installed 10700 street light poles in the past 10 years.

1.	Street Lighting system		<p>Streetlights play a crucial role in urban and suburban areas by providing illumination to public roads, sidewalks, and other outdoor spaces during the night.</p> <p>We work on SITC & EPC Projects of streetlight for various government departments. The streetlight work generally require assembly and combination of products and services that includes: Street Light Pole of varied length – 4,6,7,9,10, and so on, Street Light Pole Arm bracket, Street Light Fitting – LED, HPSV, CFL and many other, Cable, Connectors, DWC (Double Wall Corrugated), HDPE (High Density Polyethylene) pipe, Earthing, Electric Feeder Panel, Energy Meter, Concrete Foundation, Steel TMT Bars etc</p>
2.	Overhead Transmission line work		<p>Overhead transmission lines, often referred to as power lines, are a critical component of electrical infrastructure, responsible for transmitting electricity over long distances from power generation sources to distribution points. The work related to overhead transmission lines is complex and involves various tasks and processes.</p> <p>The overhead transmission line is used to transmit power from the generating station or the transmission power sub-station to the distribution sub-station. There are various type of transmission lines which includes single circuit, double circuit, single pole, double pole, tower, etc. The work consists of following : Planning and Design, Tower / Pole structure, Stringing Conductors, Cross arms, Stay wire, Earthing, Insulators and Hardware, Lighting arrestors, Foundation</p>
3.	Substation Work		<p>Substations are key components of the electrical grid that play a crucial role in receiving, transforming, and distributing electrical power. Substation work encompasses a wide range of activities, including planning, construction, maintenance, and operations.</p> <p>The work related to substations is essential for the proper functioning of the electrical grid, ensuring that electrical power is transformed, controlled, and distributed efficiently and reliably. Substation professionals, including engineers, technicians, and operators, are responsible for the design, construction, maintenance, and safe operation of these critical facilities.</p>

			<p>Majorly there are two categories of substations viz. Power & distribution substations which is then further categorized into Step-up & Step-down type. The work consists of: Planning and Design, Site Preparation, Substation building, Switchyard, Transformer, VCB, Isolators, etc. protective equipment, Conductor, Cable, Foundation & allied civil works, Structure works etc</p>

- 3) **Water Supply Scheme Projects:** We are engaged in designing, construction, supply, testing and commissioning of Water Supply Scheme Projects which involves construction of piped water supply with installation of polyethylene water storage tank to provide drinking water through functional household tap connections in villages with all allied works of the scheme and successful Trial run.

Sr. No.	Name of Work	Photo	Description
1	Water Supply scheme		<p>The project aims to provide piped water supply to every rural household across the designated areas. The scheme aims to improve access to clean and safe drinking water, reduce the manual burden to fetch water from distant sources, and enhance overall health and hygiene in rural areas.</p> <p>Main works includes: Construction of Water supply through borewell, Electric driven submersible pump, Cabling works, Underground Water distribution pipeline, 4-5-meter-high MS Steel staging structure, HDPE water tank 5000 litres capacity, Tap connection in each household</p>

- 4) **Manufacturing of Solar PV Module:** We manufacture Solar PV Modules (150WP - 335 WP). Solar PV modules are manufactured using both polycrystalline and monocrystalline cell technology. We have also initiated the use of Topcon Solar Cell Technology for manufacturing Solar PV Modules. The products are differentiated on the basis of solar PV module technology and type as well as cell size.

SrNo.	Name of Product	Photo	Description
1.	Solar SPV Module		<p>A PV module is a renewable energy product which converts incident solar radiation (Sun Light) into electricity, which, in turn, is used in varied manners. It is usually mounted on the terrace or open land or on open water bodies or on pole so that it is exposed to direct solar radiation throughout the day, avoiding any shadow.</p> <p>It comes in various type of cell technology viz. Polycrystalline, Monocrystalline, TopCon & HJT (Hetero Junction Technology).</p>

OUR OPERATIONS:

Project Cycle

I. Pre-Bidding Stage:

We are allotted work orders primarily through a competitive bidding process. Government authorities/bodies advertise potential projects on their websites, procurement portal and in national newspapers. Accordingly, our tender department does a regular review of national newspapers and relevant websites to identify projects that could be potentially viable for us. After such projects are identified, the tender department seeks approval of the management to determine if the identified projects should be pursued. These discussions are based on various factors which include the geographic location of the project and the degree of complexity in executing the project in such location, our current and projected workload, the likelihood of additional work, the project cost and profitability estimates and our competitive advantage relative to other likely bidders. Thereafter, we submit bids for the projects that have been identified.

Our Company has a dedicated tender department that is responsible for bidding and pre-qualifications. The tender department evaluates our Company’s credentials in light of the stipulated eligibility criteria. While we endeavour to meet eligibility criteria for projects on our own, in the event we are unable to meet the criteria, we look to form project specific joint ventures with other qualified partners to strengthen our chances of pre-qualifying and winning the bid for the project. Notices inviting bids may either involve pre-qualification, or short listing of contractors, or a post qualification process. Pre-qualification applications generally require us to submit details about our organizational set-up, financial parameters (such as turnover, net worth and profit & loss history, Credit Limit Certificate), employee information, machinery and equipment, portfolio of executed and ongoing projects and details in respect of litigations and arbitrations in which we are involved. In order to submit a financial bid, our Company conducts an in-depth study of the proposed project, which inter alia includes, (i) selection of the project based on eligibility criteria and requirement of funds for the project; (ii) thorough study of the tender documents; (iii) site visit; (iv) preparation of queries encountered, either to clarify our understanding, and to correct the details in tender documents, which aid in the better understanding of the documents; (v) attending the pre-bid meeting as per time and schedule fixed in the tender documents; (vi) preparation of preliminary designs and drawings for the project; (vii) working out the costs of different units; (viii) seeking quotations of various **raw material**, mechanical, electrical and instrumentation and automation equipment vendors; and (ix) clubbing of entire costs to submit a competitive bid for the project.

In selecting contractors for major projects, government authorities/bodies generally limit the opening of technical bids only to the potential bidders who pre-qualify the technical and financial requirements of the bid document. However, price competitiveness still is a significant selection criterion. After we pre-qualify for a technical bid, the financial bids are opened.

Summary of our EPC Contracts:

Most of our EPC contracts are design and build contracts which provide for a single price for the total amount of work, subject to variations pursuant to changes in the client’s project requirements. In design and build contracts, the client

supplies conceptual information pertaining to the project and sets-out the project requirements and specifications. We are required to (i) design the proposed structure, (ii) estimate the quantities of various items that would be needed to complete the project based on the designs and drawings prepared by our design and engineering team, and (iii) prepare our own bill of quantities (“BOQ”) to arrive at the price to be quoted. We are responsible for the execution of all aspects of the project based on the above at our quoted price.

On successful bidding and award of any project, we are required to provide performance security aggregating which is in the range of 3% to 10% of the contract value by way of bank guarantees and retention money from running account bills. Thereafter, while executing the project, we are also required to avail insurance of works, materials and plants for our projects. Post commissioning of the project we are usually required to cure construction defects at our own risks and costs. We are usually responsible for curing the defects during the defect liability period which is usually for a period of 12-60 months after completion of work. Further, during the operation and maintenance period, a failure to repair or rectify defects or deficiency within the prescribed period entitles the government authority to reduce the monthly lump sum amounts payable for maintenance. We are usually required to indemnify the client and its members, officers and employees against all actions, proceedings, claims, liabilities, damages, losses and expenses due to failure or negligence on our part to perform our obligations under the EPC contract. We are also required to pay liquidated damages for delays in completion of project milestones, which are often specified as a fixed percentage of the contract price. Our clients are entitled to deduct the amount of damages from the payments due to us or by encashing the submitted performance bank guarantee.

EPC contracts executed under the above business models fall into the following two categories:

1. **Lumpsum turnkey contracts:** In this type of contract, the project is implemented for a fixed fee, irrespective of the changes in the bills of quantity (“BOQ”). Some of our EPC contracts provide a price adjustment formula for escalation if the prices of raw materials, equipment, labour, changes in statutory taxation and other inputs increase/decrease.
2. **Item Rate Contracts:** In this type of contract, the bidding is on price per unit of each of the BOQ items. Therefore, whenever there are changes in BOQ, the contractor is paid based on the unit rate quoted.

O&M contracts executed under the above business models fall into the following two categories:

1. **Fixed Price:** In this type of contract, the services are billed at a fixed rate, irrespective of the changes in quality or quantity of supply of material, spars, services provided and execution of maintenance.
2. **Variable Price:** In this type of contract, the billed value is variable depending on the quantity or quality of the supply of material, spars, services provided and execution of maintenance
3. **Combination of both:** Certain O&M contracts provide for both fixed and variable components like the materials required to be used during the operation and maintenance of the Project is chargeable on a variable basis whereas the other items like employees costs, supervisor site visit cost are on a fixed fee basis.

II. Post-Award Stage:

Once the government authority/bodies declare our Company as the lowest bidder or eligible bidder (In case of award basis on acceptance of L1 rate) generally a work order is issued in favour of our Company to begin work on the project. For EPC based projects, our engineering and design department and consultants submit the working drawings and design calculations for approval with the government authority/bodies and its consultants.

For projects that are mainly development and execution contracts (Like that Electrical, Solar and Water supply etc), the tender department forwards all documents and other necessary details to the technical and execution team. The technical and execution team prepares the works plans and estimates of materials, equipment and manpower to be deployed at the project site and forward them further to the procurement department. The procurement department proceeds to procure the material, manpower and equipment for the project from both internal and external sources as per the schedule of the project.

We begin the project by mobilizing manpower and equipment resources and the setting up of site offices, stores and other ancillary facilities. A detailed schedule of execution activities is prepared to ensure optimum project management at every stage of the project. Additionally, the senior management of our Company follow a hands-on approach with respect to project execution.

Joint survey with the government authority/bodies representatives are taken on a periodic basis and running account (RA Bills) and final invoices are prepared and issued on the basis of completed works as per the milestones agreed in the award. These invoices are sent to the government authority/bodies along with various certifications, measurement book (MB

Book), Material clearance certificate for release of payments. The billing department is also responsible for certifying the bills prepared by our vendors and sub-contractors for further processing.

III. On Completion:

Upon completion of construction of a project, trials of individual component & whole system are carried out. Once the trials are completed, the commissioning of the plant is initiated. The performance of individual component & whole system is monitored to check the efficiency of the system at each point. On the successful completion of the performance guarantee test, the plant is declared commissioned by issue of commercial operation date by the government authority/bodies. Depending on the scope of work for a project, operation and maintenance is required to be carried out by us upon completion of works. The retention money, which is typically five percent (5%) of the contract value, is returned by the government authority/bodies upon completion of the defect liability period.

Design and Engineering

We have an in-house team for designing and engineering for the projects we undertake. Government authority/bodies typically provide the scope of the project and specifications, based on which, we are required to provide structural/architectural designs and detailed project plans, for the approval of the government authority/bodies.

At the pre-bid stage, our design and engineering team undertakes detailed study of the tender issued by the concerned authority or client and prepares certain design options for the clients. Along with the particular design options, BOQ (Bill of Quantity) for all possible design options is prepared. The General Arrangement Drawing (GAD) and the BOQ is submitted to the tender department for further work. Post award of the contract, the design and engineering team further prepares the work drawings, Electrical Circuit diagram, Earthing drawings, Electrical & Civil calculations, Civil work drawings, etc. requisite as per the work category along with detailed design calculations for submission to the government authority/bodies for approval. The government authority/bodies sometimes appoint a PMC for review of designs and technical support during the execution phase of the project otherwise the concerned authority itself approves the same. Post approval, the design and engineering team educates the execution team on the drawings and various calculations. Prototypes & samples system are at times prepared & installed at site for final approval for any necessary revisions and also to ensure the smooth functioning of the proposed designs of a particular project.

Once the designs & sample system are approved, the works is commenced, vendors are selected and quotations are procured from them for the delivery of certain equipment like Solar panel, battery, transformer, CB (Circuit breaker), Steel structure, conductor, cables, insulators, inverters, meters, Light, Pole, etc. required for the particular nature of the project. The material and equipment quality are checked by our quality engineer during the production process at our vendors manufacturing unit & Pre-dispatch inspection is carried out by the client. After the final approval from the project manager & receipt of material dispatch certificate from client, the materials and equipment are dispatched to the respective site.

Upon receipt of the award, we begin mobilizing manpower and equipment resources and the setting up of site offices, stores and other ancillary facilities. Work execution activity typically commences once the government authority/bodies approve working designs and issues approval of drawings. Our planning and monitoring team immediately identifies and works with the procurement department to procure the key materials and equipment as per our designs. Based on the contract documents, a detailed schedule of project execution activities PERT Chart (Program Evaluation and Review Technique) is prepared. Additionally, the senior management of our Company follow a hands-on approach with respect to the project execution.

Raw materials comprise a significant portion of the total project cost. Consequently, success in any project would depend on the adequate & scheduled supply of requisite raw materials during the tenure of the contract. We have a separate department, which is responsible for procurement and logistics to ensure timely availability of raw materials at each of our project sites.

The ability to cost-effectively procure material, services and equipment, and meeting quality specifications for our projects is essential for the successful execution of such projects. We continually evaluate our existing vendors and also attempt to develop additional sources of supply for most of the materials, services and equipment needed for our projects. We at times sub-contract the installation of smaller capacity plants at certain locations where we don't have any significant presence at the present & where the deputation of our personnel is not viable because of the quantum of the project.

Procurement

Our central procurement team handles the procurement of major raw materials and engineering requirements like Solar

panels, inverters, battery, solar pumps, controllers, conductor, cable, transformer, CB (Circuit Breaker), structure, and such other materials. Our procurement is centrally handled from our office at Gujarat and we have procurement managers who understand and oversee the local material requirement and report the same to the higher authority, thereby ensuring a personalized understanding of material requirement on a project-to-project basis.

We have not entered into any long-term supply contracts with suppliers for major materials like Solar panels, inverters, battery, solar pumps, controllers, conductor, cable, transformer, CB (Circuit Breaker), structure, etc. but we do undertake bulk buying of these materials as it maintains vendor relationship and ensures timely availability and delivery of these materials.

Project Monitoring

Our planning and monitoring team are responsible for ensuring that we execute the project in a systematic and cost-effective manner by monitoring operational costs, administrative costs and finance costs at every stage of the project cycle and applying checks and controls to avoid any cost and time overruns.

Our engineering and management teams are responsible for preparing reports with respect to daily activities such as raw material consumption rate, requirement and procurement of raw materials. Our mechanical department is responsible for handling of machinery breakdowns and preparing idle status reports and captive production reports about machinery and equipment. Our planning and monitoring team prepare monthly reports by comparing the target program and the progress achieved program revision to cover slippages, if any, review status of project design and drawing, reconcile raw materials, prepare an action plan for bottlenecks and provide reports of physical site visits.

Additionally, we also have a project management system that helps us track the physical and financial progress of work vis-à-vis the project schedule. A project planning is done on the Microsoft Project software and based on the same requirement of resources, manpower requirements, construction machinery requirements are assessed and finalised. The project progress monitoring is further divided in monthly targets and further into weekly targets. All sites are required to send its daily progress report to head office, which includes all developments at site, including the progress of works done during the day, various materials consumed during the day, fresh material received at site. Based on this, a weekly compliance report and monthly progress report comes from the site. The weekly compliance report is analysed to assess the progress of project, the events which have led to spill overs, the actions taken to mitigate the spill overs. Static cameras are installed at the site entrance and 360 degree rotating cameras to have a real time view of entire site at any point of time sitting in the head office.

The billing department is responsible for preparing and dispatching periodic invoices to the client. Joint measurements with the government authority/bodies officials are taken on a periodic basis and interim invoices prepared on the basis of such measurements are sent to the client for certification and release of interim payments. The billing department is also responsible for certifying the bills prepared by our vendors and sub-contractors for particular projects and forwarding the same to our head office for further processing.

Operations & Maintenance

Bids for almost all turnkey projects in the field of Solar power plants, Solar Home lighting systems, Solar High mast systems, Piped Water Supply, etc. includes O & M period of 5 to 7 years from final handover date. O&M contracts generally include operations, maintenance and supply of consumables and spares providing continuous revenue & many times the turnkey contract amount includes the cost of O & M services. As on date of this RHP, we are operating and maintaining about 50000+ Solar Home lighting system, 700+ Solar high Mast Systems, 700+ Solar Pumping System, 150+ Piped Water Supply scheme & 550+ Solar On-Grid Power plant for our works executed in the past. We have in place a dedicated team to monitor O&M activities for all the plants. The O&M team at site consists of electrician, operators and supporting staff. Routine drills are conducted to take up the preventive maintenance of different equipment, as per recommendations of OEMs. In the event of a breakdown, the O&M team undertakes break down maintenance to ensure the use of the equipment. Major breakdowns are handled by the OEMs within the warranty period of the equipment wherein our responsibility is to ensure that the equipment is either repaired or replaced by the OEM on behalf of our clients.

MANUFACTURING OF SOLAR PV MODULES AT OUR SUBSIDIARY COMPANY ('SOURAJ)

		
<p>Glass Loader - Grasping mechanism will automatically draw glasses on the tray above the assembly line, automatically draw the separated paper into the recycle bin.</p>	<p>EVA Cutting Machine - Auto feeding EVA coiled material, auto cutting and punching, and laying it on the glass.</p>	<p>Layup Machine - Automatic Lay-up Machine adopts automation technologies such as PLC, servo, mechanical visual etc. Achieving solar string automatic laying on glass EVA and transporting module to the next process.</p>
		
<p>Stringer- Soldering equipment for serial connection between cells, Compatible with 5BB-9BB, 156-158.75 mm cells.</p>	<p>Bussing - After arranging strings, connect them to each other with a busbar (soldering).</p>	<p>2nd EVA Cutting machine - Auto feeding EVA coiled material, auto cutting and punching, and laying it on the cell string.</p>
		
<p>Pre - EL- Testing - The solar module will automatically enter the equipment, and the equipment will charge the module. The infrared camera will collect and image the data of the module itself. The equipment is equipped with HD line display, which can directly detect defects and surface problems.</p>	<p>Laminator - It is used to join all the layers forming the module, ensuring immunity to the cell against dust, moisture, humidity, and other environmental conditions.</p>	<p>90° Inspection - Flip the modules to an angle that is convenient for manual observation to check the quality of the modules.</p>
		

Framing - Automatically complete the grabbing and installation of frame.	Sun Simulator - Sun Simulator is a device that provides natural sunlight. The machine is used for testing solar cells, sunscreen, plastic and other materials and devices under lab conditions.	Post - EL- Testing - The solar module will automatically enter the equipment, and the equipment will charge the module. The infrared camera will collect and image the data of the module itself. The equipment is equipped with HD line display, which can directly detect defects and surface problems.

RAW MATERIALS

Raw material and components required for each type of EPC Services is as under:

- Solar System & Allied Services: solar led battery light, Solar PV module, solar fan, Solar lithium ion battery, Solar MC4 connector and other auxiliary products.
- Electrical Contracting Services: cement, electrical pole, transformer, vacuum circuit breakers, electrical wires, inverters, insulators and other auxiliary products.
- Water Supply Scheme Projects: submersible pump, electrical motor, stabilizers, water tank iron structure and other auxiliary products.

Manufacturing of Solar PV module requires components like: solar cells, backsheet, encapsulant, glass and other auxiliary products.

Raw material procurement and control encompass sourcing, acquiring, and managing materials necessary for EPC services and manufacturing of solar PV modules in an organized and effective manner. This includes securing major raw materials from suppliers in India, as well as procuring select materials from suppliers in China. Details of raw materials purchases is as under:

SALES AND MARKETING

EPC Services:

We have a dedicated team for tenders who diligently scan newspapers, government websites, and various portals for upcoming government projects. They thoroughly review project specifications, eligibility criteria, experience requirements, and locations, and then discuss these projects with management to proceed further. Consulting with the project team, they organize site visits, compile bills of materials, estimate costs, and once all parameters are met, they submit bids with the necessary documentation. Upon bid opening, they relay all details to the project manager for work execution. The project manager then devises a comprehensive roadmap and allocates manpower for project completion.

Sale of PV Solar Modules:

Our sales and marketing team takes the initiative to reach out to potential customers through a variety of channels, including email, social media platforms, and phone calls. Meanwhile, customer inquiries flow in through multiple channels, such as phone calls, emails, social media, and our website. Our Sales Department promptly attends to these inquiries, ensuring seamless communication throughout the sales process. Upon receiving inquiries, our sales team collaborates closely with the engineering team to craft comprehensive estimates, covering various aspects like quotations, packaging, freight, and more. Following this, the quotation undergoes negotiation with the client, seeking approval from management. Upon approval of the quotation, we receive the purchase order from the client and initiate planning and scheduling of our manufacturing and delivery processes. To stay abreast of evolving market trends and customer preferences, our sales and marketing team maintains regular contact with customers. We remain committed to adapting and innovating to meet the dynamic demands of the solar industry, ensuring we continue to provide the best solutions and services to our valued customers.

Utilities & Infrastructure Facilities

Water

Water requirement for each of our project is fulfilled from the nearby local area and is generally arranged by the government authorities/ bodies for which the water charges are deducted from the running bills issued by us.

Power

Power requirement is sourced from the respective state grids. We arrange for a temporary power connection during project execution wherever required.

Human Resources

As of March 31, 2024, we had approx. 39 employees, in addition to the contract labour engaged by us at our project sites. Each of our projects has different manpower requirements. We appoint project manager for each of our projects for timely execution of the project.

Competition

Our competition depends on various factors, such as the type of project, total contract value, potential margins, complexity, location of the project and risks relating to revenue generation. While service quality, technical ability, performance record, experience, health and safety records and the availability of skilled personnel are key factors in client decisions among competitors, price often is the deciding factor in most tender awards. We believe our main competitors are various small and mid-sized companies listed and unlisted companies. Some of the listed entities with whom we face competition are: Solex Energy Limited, Zodiac Energy Limited and Waaree Renewable Technologies Limited

Corporate Social Responsibility

Our Company has adopted a CSR policy in compliance with the requirements of the Companies Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014. Our Company contributed ₹ 16 lakhs to the Bishv Umiya Foundation and ₹ 15 lakhs to Sardardhan Bishwa Patidar Samaj during the Fiscal 2022 and had contributed ₹ 42.68 lakhs to the Shree Brahmani Cheritable Trust during the Fiscal 2023.

Immovable Property

Our Company owns the following immovable property:

Sr. No.	Particulars	Use	Term of Lease	Amount	Status (Owned/rented)
1.	G-201 and F-202, S.G. Business Hub, Near Gota Flyover, S G Highway, Gota, Ahmedabad – 382470 Gujarat	Registered Office	11 month 29 days	Rs 1.5 lakhs per month	Leave and License from Ketanbhai Narsinbhai Patel
2.	Survey No. -319 Old Block Survey No. 319, 320, 321 Industrial factory Building at Mouje: Tundali, Taluka : Mahesana, District : Mahesana	Factory Unit	5 Years	Rs 0.50 lakhs per month	Lease from Souraj Energy Private Limited

Further, we enter into various rent agreements with certain parties at our site locations for smooth project execution

Insurance

Our operations are subject to various risks associated with our industry. Accordingly, we maintain Bharat Sookshma Udyam Suraksha Policy to insure our registered office. We maintain Bharat Laghu Udyam Suraksha to insure our stock. We also maintain marine cargo open policy and insurance policies for our vehicles. These insurance policies are reviewed periodically to ensure that the coverage is adequate. We are also required to take appropriate insurance for our projects under the terms of our contracts. We believe that our insurance coverage is in accordance with industry custom, including the terms of and the coverage provided by such Insurances. Our policies are subject to standard limitations. Therefore, insurance might not necessarily cover all losses incurred by us and we cannot provide any assurance that we will not incur losses or suffer claims beyond the limits of, or outside the relevant coverage of our insurance policies.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable.

For details of such approvals, please see the section titled “Government and other Approvals” on page 231 of this Red Herring Prospectus-

REGULATIONS PERTAINING TO ELECTRIC EQUIPMENT MANUFACTURING INDUSTRY

The Electrical Wires, Cables, Appliances and Protection Devices and Accessories (Quality Control) Order, 2003 (the “Quality Control Order”)

The Quality Control Order, issued by the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, GoI (“DIPP”), prohibits the manufacture, storage for sale, sale and distribution of electrical wires, cables, appliances, protection devices (including low voltage switchgear and fuses) and accessories that do not conform to the standards specified in such order and that do not bear that standard mark issued by the BIS. The Quality Control Order directs a manufacturer of electric wires, cables and protection devices, amongst others, to commence manufacture of such electric equipment only after obtaining a license from the BIS for the use of standard mark. Further, it requires any sub-standard or defective electrical wires, cables, appliances, protection devices or accessories to be deformed by such manufacturer beyond use and disposed of as scrap. The Central Government is authorized to appoint an officer who shall be empowered to require any person engaged in the manufacture, storage, sale or distribution of electrical equipment to furnish information and samples in relation to the electric equipment manufactured, stored, sold or distributed, as the case may be, inspect any books or documents and search any premises and seize electric equipment in case of contravention of the Quality Control Order.

Electronics and Information Technology Goods (Requirements for Compulsory Registration) Order, 2012 (“Compulsory Registration Order”)

The Compulsory Registration Order issued by the Department of Electronics and Information Technology, Ministry of Communication and Information Technology, Government of India (“DEIT”) prohibits manufacturing, storage, import, sale or distribution of goods which do not conform to the specified standard and do not bear a self-declaration confirming conformance to relevant Indian Standard after obtaining registration from the BIS except for the goods that are manufactured for export. Further, the Compulsory Registration Order mandates that the sub-standard or defective goods which do not conform to the specified standard shall be deformed beyond use by the manufacturer and disposed of as scrap. The DEIT made an addition to the said schedule pursuant to notification no. S.O. 2905(E) dated November 7, 2014 by including self-ballasted LED Lamps for general lighting services and fixed general purpose luminaires, under the Compulsory Registration Order directing the manufacturers of LED lamps and general lighting services mandatorily to obtain BIS registration.

Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2023 (“Safety and Electric Supply Regulations”)

The Safety and Electric Supply Regulations lay down general safety requirements with respect to electric supply lines and apparatus, including meters, switchgears, switches and cables. It requires all electric supply lines and apparatus to have adequate rating for power, insulation and estimated fault current and be of adequate mechanical strength for the duty cycle such apparatus may be required to perform and are required to be constructed, installed, protected, worked and maintained in a manner that will ensure safety of human beings, animals and property. It further requires all electric material and apparatus to conform to the relevant specifications prescribed by the BIS or the International Electro-Technical Commission, as applicable. Further, the Safety and Electric Supply Regulations mandates the installation of a suitable switchgear in each conductor of every service line within a consumer’s premises, excluding earthed, earthed neutral or earthed external conductor and also requires that such switchgear be encased in a fireproof receptacle.

Central Electricity Authority (Installation and Operation of Meters) Regulations, 2006, as amended (“Installation and Operation of Meters Regulations”) as amended.

The Installation and Operation of Meters Regulations prescribe the type, standards, ownership, location, accuracy class, installation, operation, testing and maintenance, access, sealing, safety, meter reading and recording, meter failure or discrepancies, anti-tampering features, quality assurance, calibration and periodical testing of meters, additional meters and adoption of new technologies in respect of interface, consumer, energy accounting and audit meters for accurate accounting, billing and audit of electricity. These regulations are applicable to all meters that are installed or to be installed by all the power generating, transmitting and distribution companies and licensees under the Electricity Act and to all categories of consumers. All meters are required to comply with standards prescribed by the BIS, and consumer meters are also required to comply with any additional specification that may be prescribed by the Central or applicable state Electricity Regulatory Commission. The Installation and Operations of Meters Regulations prescribe specific accuracy classes, anti-tampering features, safety measures and instructions and location for installation of meters. Further, these regulations require that the testing centers for meters that are installed by licensees under the Electricity Act be accredited by the NABL.

The Electricity Act, 2003, as amended (“Electricity Act”)

The Electricity Act regulates and governs the generation, transmission and distribution of electricity in India, including by specification of safety standards in relation to electrical supply. The Electricity Act further controls the transmission and use of electricity, including through specifying action to be taken in relation to any electric line or appliance under the control of a consumer for the purpose of eliminating or reducing the risk of personal injury or damage to property or interference with its use. Accordingly, it requires every licensee including transmission and distribution companies under the Electricity Act to supply electricity only through the installation of a correct meter in accordance with regulations made by the Central Electricity Authority (“CEA”) in this regard. The Central or state Electricity Regulatory Commission is empowered to adjudicate in respect of any non-compliance with such requirement. Additionally, the Electricity Act levies penalties, including imprisonment, for tampering with and unauthorized use of meters.

National Electric Code (“NEC”) as revised in 2023.

The NEC is an advisory framework prepared by the BIS in 1985 and subsequently revised in 2011, which contains various established codes of practice to provide assistance on the economic selection, installation and maintenance of electric equipment. The provisions of the NEC are presently not mandatory but are expected to serve as a model for adoption, promoting safety and economy, intending to keep Indian electrical installation practices on par with international best practices. The NEC provides guidelines on the general characteristics of electrical installations, supply characteristics and parameters, including those for switchgears and protection devices, service lines and meters. The NEC is applicable to electrical installations in, amongst others, domestic dwellings, commercial centers and industrial premises, and is applicable to circuits other than internal wiring of electrical apparatus. However, the NEC excludes the requirements falling under the purview of power utilities and tariff related guidance.

The Legal Metrology Act, 2009

The Legal Metrology Act, 2009 (“Legal Metrology Act”) came into force on March 1, 2011. The Legal Metrology Act provides that the units of weights and measures must be in accordance with the metric system based on the international system of units, and prohibits quotations made otherwise. The Legal Metrology (General) Rules, 2011, which came into force on April 1, 2011, also provide the detailed specifications of standard weights and measures and the standard equipment. The Legal Metrology Act regulates the trade and commerce in weights and measures, and provides for the appointment of a director, controller and other legal metrology officers, and empowers them to undertake inspection or forfeiture to ensure compliance with its provisions. The Legal Metrology Act provides for imposition of penalty on use of non-standard, or unverified weights and measures, and for making any transaction, deal or contract in contravention of the standards of weights and measures. The Legal Metrology Act allows companies to nominate a person who will be held responsible for the breach of provisions of this legislation.

The Micro, Small and Medium Enterprises Development Act, 2006

In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (MSME) the Act is enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and regulation) Act, 1951 as micro enterprise, where the investment in plant and machinery does not exceed twenty-five lakh rupees; Small enterprise, where the investment in plant and

machinery is more than twenty-five lakh rupees but does not exceed five crore rupees; or a medium enterprise, where the investment in plant and machinery is more than five crore but does not exceed ten crore rupees and in the case of the enterprise engaged in the services, Micro enterprise, where the investment in equipment does not exceed ten lakh rupees, Small Enterprise where the investment in equipment is more than ten lakh rupees but does not exceed two crore rupees, or Medium Enterprise where the investment in equipment is more than two crore rupees but does not exceed five crore rupees.

LAWS RELATING TO SPECIFIC STATE WHERE ESTABLISHMENT IS SITUATED:

Shops and Establishments laws in various states

As per the provisions of local Shops and Establishments laws applicable in the States of Gujarat, Rajasthan, Chattisgarh, MP, Bihar and Maharashtra, establishments are required to be registered. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

Stamp Act in various states

The purpose of Stamp Act was to streamline and simplify transactions of immovable properties and securities by the State Government. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule IA of the Stamp Act. Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the states. Therefore, the State Governments of Gujarat, Rajasthan, Chattisgarh, MP, Bihar and Maharashtra, are empowered to prescribe or alter the stamp duty as per their need.

Professions, Trade, Callings and Employments Act in various states

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Governments of Gujarat, Chattisgarh, MP, Bihar and Maharashtra, are empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the income of individuals, profits of business or gains of vocations. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such persons before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such persons and employer has to obtain the registration from the assessing authority in the prescribed manner.

GENERAL CORPORATE LAWS:

Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. The Companies Act 1956 is still applicable to the extent not repealed and the Companies Act, 2013 is applicable to the extent notified. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors, winding up, voluntary winding up, and appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyers and sellers, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

The Registration Act, 1908

The Registration Act, 1908 ("Registration Act") was enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. The Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property and a lease of immovable property for any term exceeding one year or reserving a yearly rent. It also provides for non-compulsory registration of documents as enumerated in the provisions.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as 'void' or 'voidable'. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Specific Relief Act, 1963

The Specific Relief Act is complimentary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

ENVIRONMENTAL LEGISLATIONS:

The Environment Protection Act, 1986 and Environment (Protection) Rules, 1986

The Environmental Protection Act, 1986 is an "umbrella" legislation designed to provide a framework for co-ordination of the activities of various Central and State authorities established under various laws. The potential scope of the Act is broad, with "environment" defined to include water, air and land and the interrelationships which exists among water, air and land, and human beings and other living creatures such as plants, micro-organisms and property. Further, the Ministry of Environment and Forests looks into Environment Impact Assessment. The Ministry receives proposals for expansion, modernization and setting up of projects and the impact which such projects would have on the environment which is assessed by the Ministry in detail before granting clearances for such proposed projects.

National Environmental Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

Air (Prevention and Control of Pollution) Act, 1981 (the Air Act)

The Air Act was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Air Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Air Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974 (the Water Act)

The Water Act was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Water Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution Control Boards constituted under this Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the Board constituted under this Act.

The Hazardous and other Wastes (Management & Trans-boundary Movement) Rules, 2016

Hazardous Waste Management Rules are notified to ensure safe handling, generation, processing, treatment, package, storage, transportation, use reprocessing, collection, conversion, and offering for sale, destruction and disposal of Hazardous Waste. These Rules came into effect in the year 1989 and have been amended later in the years 2000, 2003 and with final notification of the Hazardous Waste (Management, Handling and Trans-boundary Movement) Rules, 2008 in supersession of former notifications. The Rules lay down corresponding duties of various authorities such as Ministry of Environment and Forests, Central Pollution Control Board, State/UT Govts., State Pollution Control Boards / Pollution Control Committees, Director General of Foreign Trade, Port Authority and Custom Authority. State Pollution Control Boards/ Pollution Control Committees have been designated with wider responsibilities touching across almost every aspect of Hazardous wastes generation, handling and their disposal.

TAX RELATED LEGISLATIONS:

Income Tax Act, 1961

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

Goods and Services Tax Act, 2017

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state is levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

EMPLOYMENT AND LABOUR LAWS:

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allow the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended by Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Payment of Bonus Act, 1965**

The Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976 aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. According to the Remuneration Act, no employer shall pay to any worker, employed by him/her in an establishment, a remuneration (whether payable in cash or in kind) at rates less favourable than those at which remuneration is paid by him to the workers of the opposite sex in such establishment for performing the same work or work of a similar nature. In addition, no employer shall for complying with the foregoing provisions of the Remuneration Act, reduce the rate of remuneration of any worker. No employer shall, while making recruitment for the same work or work of a similar nature, or in any condition of service subsequent to recruitment such as promotions, training or transfer, make any discrimination against women except where the employment of women in such work is prohibited or restricted by or under any law for the time being in force.

Occupational Safety, Health and Working Conditions Code, 2019

The Government of India enacted ‘The Occupational Safety, Health and Working Conditions Code, 2019 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 13 labour legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, that concern our business. Details of these existing Acts are as follows –

- **Contract Labour (Regulation and Abolition) Act, 1970**

The Contract Labour (Regulation and Abolition) Act, 1970 requires establishments that employ or have employed on any day in the preceding twelve months, 20 or more workers as contract labour to be registered. The Act requires the principal employer of an establishment to which the Contract Labour Act applies to make an application for registration of the establishment to employ contract labour in the establishment. Contractor to whom the Contract Labour Act applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The Contract Labour Act imposes certain obligations on the contractor including the establishment of canteens, rest rooms, washing facilities, first aid facilities and provision of drinking water and payment of wages. In the event that the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time.

- **Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979**

This law is applicable to all the establishments employing 5 or more migrant workmen from other states. In addition to this, this law is also applicable to contractors who have employed 5 or more inter-State workmen. The establishment

must be registered with the local authority while employing migrant workers. This means that an establishment is prohibited from employing migrant workers from other states if they do not have a certificate from the concerned authority. The same law applies to the contractors too who employ workers from one state and deploy them in other states. As per this law, the contractors deploying the migrant workers must provide terms and conditions of the recruitment to the workers. These are the remuneration payable, hours of work, fixation of wages and other essential amenities.

The Industrial Relations Code, 2020

The Government of India enacted 'The Industrial Relations Code, 2020' which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows:

Industrial Disputes Act, 1947

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. This Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provided for the constitution of grievance settlement machineries in any establishment having 20 or more workers.

Trade Unions Act, 1926

Provisions of the Trade Union Act, 1926 provide that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive conditions on the conduct of any trade or business etc.

Industrial Employment (Standing Orders) Act, 1946 (the "Standing Orders")

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments having 50 or more workmen employed, so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial establishment. The highlights of the Standing Orders are classification of workmen, manner of intimation to workers about work and wage related details, attendance and conditions for leaves, conditions of termination of employment and means of redressal for workmen in different matters.

The Code on Social Security, 2020

The Government of India enacted 'The Code on Social Security, 2020' which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 9 separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The relevant laws that the code shall subsume, are currently as follows:

Employee's Compensation Act, 1923

The Employees' Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employee's Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employee's Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations. There are separate methods of calculation or estimation of compensation for injury sustained by the

employee. The employer is required to submit to the Commissioner for Employees' Compensation a report regarding any fatal or serious bodily injury suffered by an employee within 7 days of death/serious bodily injury.

Employee's State Insurance Act, 1948

It is an Act to provide for certain benefits to employees in case of sickness, maternity and 'employment injury' and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employees' State Insurance Corporation.

Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act)

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees' provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make an equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees' Provident Scheme, 1952.

Maternity Benefit Act, 1961

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

Payment of Gratuity Act, 1972

The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which 10 or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this Act has become applicable shall be continued to be governed by this Act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

The Public Liability Insurance Act, 1991 and the Public Liability Insurance Rules, 1991

The Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the government by way of a notification. Under the law, the owner or handler is also required to take out an insurance policy insuring against liability. The rules made under this Act mandate the employer to contribute towards the Environmental Relief Fund a sum equal to the premium paid on the insurance policies.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (the "Act")

In order to curb the rise in sexual harassment of women at workplace, this Act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms 'sexual harassment' and 'workplace' are both defined in the Act. Every employer should constitute an "Internal Complaints Committee" and every officer and member of the Committee shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organising awareness programs and workshops, display of rules relating

to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

Child Labour (Prohibition and Regulation) Act, 1986 (the “CLPR Act”)

The “CLPR Act seeks to prohibit the engagement of children in certain employments and to regulate the conditions of work of children in certain other employments. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

FOREIGN INVESTMENT LAWS:

Foreign Trade (Development and Regulation) Act, 1992

The FTDR is the main legislation concerning foreign trade in India. The FTDR, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTDR read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code (“IEC”) number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract penalty under the FTDR.

Foreign Exchange Management Act, 1999 & Rules thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the RBI from time to time and the FEMA Rules and the Consolidated FDI Policy. In terms of the Consolidated FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which the foreign investment is sought to be made. In terms of the Consolidated FDI Policy, the work of granting government approval for foreign investment under the Consolidated FDI Policy and FEMA has now been entrusted to the concerned administrative ministries/departments.

The Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 as amended in 2019, provide that the total holding by any individual NRI, on a repatriation basis, shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed five percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

The Conservation of Foreign Exchange and Prevention of Smuggling Activities Act, 1974

COFEPOSA came into force for the reason to provide preventive detention and to protect and augment the guidelines of foreign exchange. The Act also aims to control smuggling activities and other issues in relation to these activities. COFEPOSA confers power on the Central and the State Governments to issue orders for detaining a person if it is satisfied that the person has acted detrimental to the protection of foreign exchange. The Government shall also issue order of detention on the ground that the person has engaged in the activity of smuggling goods, assists any person in smuggling goods, transports or conceals such goods, harbouring any person employed in the smuggling activities or does any other activity related with smuggling. Such an order shall be issued by the Joint Secretary to the Central Government or Secretary to the State Government or any senior officer authorized by the Government.

Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular. The Reserve

Bank of India (“RBI”) also issues Master Directions Foreign Investment in India and updates the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18 dated January 4, 2018, as updated from time to time by RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who are eligible to make investments in India, for which eligibility criteria are prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including the filing of Form FC-GPR.

ANTI-TRUST LAWS

Competition Act, 2002

The Act is to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect interest of consumer and to ensure freedom of trade in India. The Act deals with prohibition of anti-competitive agreements. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Act.

GENERAL LAWS

Apart from the above list of laws, which is inclusive in nature and not exhaustive, general laws like the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, Consumer Protection Act 2019, Transfer of Property Act, 1882, Information Technology Act, 2000 etc. are also applicable to the Company.

b. Principles of consolidation

The Consolidated Financial Statements have been prepared in accordance with Accounting Standard 21 (AS 21) "Consolidated Financial Statements" and Accounting Standard 27 (AS 27) "Financial Reporting of Interests in Joint Ventures". The Consolidated Financial Statements have been prepared on the following basis:

Investments in Subsidiaries:

- i. The Financial Statements of the Company and its subsidiary companies have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses. Intra group balances, intra group transactions and unrealised profits or losses have been fully eliminated.
- ii. The difference between the costs of investment in the subsidiaries and the Company's share of equity at the time of acquisition of shares in the subsidiaries is recognised in the Financial Statements as Goodwill on consolidation or Capital Reserve on consolidation.

- iii. The difference between the proceeds from disposal of investment in a subsidiary and the carrying amount of its assets less liabilities as of date of disposal is recognised in the Statement of Profit and Loss as profit or loss on disposal of investment in subsidiaries.
- iv. Minority Interest in the net assets of consolidated subsidiaries consists:
 - a. the amount of equity attributable to minorities at the date on which investment in a subsidiary is made; and
 - b. the minorities' share of movements in equity since the date the parent subsidiary relationship comes into existence."

The subsidiary (which along with GGBL, the parent, constitute the group) considered in the presentation of these Consolidated Financial Statements are:

Name of the Subsidiary Company	Country of Incorporation	Proportion of ownership interest		
		31 March 2024	31 March 2023	31 March 2022
SOURAJ ENERGY PRIVATE LIMITED	India	74%	-	-

Investments in Joint Venture Entities:

In its consolidated financial statements, a venturer should report its interest in a jointly controlled entity using proportionate consolidation. Under proportionate consolidation, the venturer includes separate line items for its share of the assets, liabilities, income and expenses of the jointly controlled entity in its consolidated financial statements.

The Consolidated financial statements of the jointly controlled entity used in applying proportionate consolidation are usually drawn up to the same date as the financial statements of the venturer.

Name of the Joint Venture Entities	Country of Incorporation	Percentage of ownership interest		
		31 March 2024	31 March 2023	31 March 2022
PIGL-GEPL JV	India	50%	50%	50%

c. Use of estimates

The preparation of Consolidated financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the Consolidated financial statements and reported amounts of income and expense during the year. Examples of such estimates include provisions for doubtful receivables, provision for income taxes, the useful lives of depreciable Property, Plant and Equipment and provision for impairment. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognized in the period in which the results are known / materialize.

d. Property, Plant and Equipment and intangible assets

Property, Plant and Equipment

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the carrying amount of asset or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the year in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognized in the Statement of Profit and Loss."

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization / depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use

e. Depreciation / Amortisation

In respect of Property, Plant and Equipment (other than freehold land and capital work-in-progress) acquired during the year, depreciation/amortisation is charged on a written down method so as to write-off the cost of the assets over the useful lives.

Type of Assets	Period
Buildings	30 Years
Plant and Equipment	15 Years
Furniture and Fixtures	10 Years
Vehicles	6 Years
Office equipment	5 Years
Computers	3 Years

Intangible assets are amortized on a written down method over the useful life of the as under:

Software	3 Years
----------	---------

f. Leases

Assets taken on lease by the Group in its capacity as lessee, where the Group has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis.

g. Impairment

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognised as income in the statement of profit and loss.

h. Investments

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost and fair value.

i. Employee Benefits

a) Post-employment benefit plans

Contributions to defined contribution retirement benefit schemes are recognised as expense when employees have rendered services entitling them to such benefits.

For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, or amortised on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

b) Other employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated

absences such as paid annual leave, overseas social security contributions and performance incentives.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

j. Revenue recognition

Revenue from the EPC and Solar Panel - Manufacture are recognised, when significant risks and rewards of ownership of the goods have passed to the buyer which coincides with delivery and are recorded net of trade discounts. Revenue are stated at net of returns and GST.

Dividend is recorded when the right to receive payment is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

Interest income is recognised on time proportion basis taking into account amount outstanding and the applicable interest rate.

k. Taxation

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Group is able to and intends to settle the asset and liability on a net basis.

The Group offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

l. Foreign currency transactions

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

m. Inventories

Raw materials are carried at the lower of cost and net realisable value. Cost is determined on a FIFO basis. Purchased goods-in-transit are carried at cost. Work-in-progress is carried at the lower of cost and net realisable value. Stores and spare parts are carried at lower of cost and net realisable value. Finished goods produced or purchased by the Group are carried at cost. Cost is determined on a FIFO basis. Cost includes direct material and labour cost and a proportion of manufacturing overheads.

n. Provisions, Contingent liabilities and Contingent assets

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not

discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions for onerous contracts, i.e., contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

o. Cash and cash equivalents

Cash and cash equivalents comprise of cash in hand and balances with bank and other short term deposits / investments, that are readily convertible into known amounts of cash and are subject to insignificant risk of changes in value.

p. Cash flow statement

Cash flows are reported using indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

q. Borrowing Cost

Borrowing costs include interest and amortization of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the borrowing. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the year from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset are added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. Other borrowing costs are charged to the Restated Consolidated Summary Statement of Profit and Loss in which they are incurred.

r. Earning Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

s. Foreign Exchange Transactions

Foreign-currency denominated monetary assets and liabilities if any are translated at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from the transactions relating to purchase of current assets like Raw Material or other products etc. are included in the Statement of Profit and Loss. Revenue, expense and cash-flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of the transaction.

t. Going Concern

The financial statements have been prepared on a going concern basis.

u. Segment Reporting

The Company has considered the business segment as the primary reporting segment on the basis that the risk and returns of the Company is primarily determined by the nature of products and services.

v. Government Grant

Government grants are recognized when there is certainty that the conditions will be met and the grant will be collected

Net Asset Value/Book Value per Equity share (Based on Weighted Average No of Share)	31.46	19.36	14.88

Note:

1. The ratios have been computed as below:
 - a) Basic earnings per share (Rs.) :- Profit attributable to owner of the group as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the period or year.
 - b) Diluted earnings per share (Rs.) :- Profit attributable to owner of the group as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS.
 - c) Return on net worth (%) :- Net profit after tax (as restated) / Net worth at the end of the period or year.
 - d) Net assets value per share :- Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year.
2. Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year. Further while computing weighted average number of equity shares for the three financial years, the bonus issue of 14:1 equity shares allotted to the shareholders, through Board Meeting dated September 18, 2023 has been considered.
3. Net worth for ratios mentioned in note 1(c) and 1(d) is = Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss) (Excluding Minorites Interest)
4. The figures disclosed above are based on the restated summary statements of the Company.
5. EBITDA has been calculated as Profit before tax + Depreciation + Interest Expenses - Other Income

A. Defined benefit plan – Gratuity

The gratuity liability arises on retirement, withdrawal, resignation and death of an employee. The aforesaid liability is calculated on the basis of fifteen days salary (i.e. last drawn basic salary) for each completed year of service subject to completion of five years' service.

In respect of the plan in India, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at independent agency. The present value of defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The following tables summarise the components of net benefit expense recognized in the statement of profit and loss and amounts recognized in the balance sheet for the gratuity plan.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our restated financial statements attached in the chapter titled "Financial Information of the Company" beginning on page 169 You should also read the section titled "Risk Factors" on page 26 and the section titled "Forward Looking Statements" on page 18 of this Red Herring Prospectus, which discusses a number of factors and contingencies that could affect our financial condition and results of operations. The following discussion relates to us, and, unless otherwise stated or the context requires otherwise, is based on our Restated financial Statements. Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated May 09, 2024 which is included in this Red Herring Prospectus under "Financial Statements". The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

BUSINESS OVERVIEW

We are providing comprehensive portfolios in the field of supply, installation, testing and commissioning (SITC) of solar and electrical goods and services to various government bodies. We have completed projects under various schemes of Central and State Government like - Saubhagya Scheme, KUSUM Scheme, Saur Sujla Yojna. We also forayed into the business of designing, construction, installation and operation and maintenance of Water Supply Scheme Projects like the Mukhya Mantri Nishchay Quality Affected Yojna, Har Ghar Jal (Jal Jeevan Mission) etc.

We started as a partnership firm in the year 2016 with focus on Electrical contracting services. Later in the year 2017 we stepped into the renewable energy sector where we expanded our operations as an integrated solar energy solutions provider offering engineering, procurement and construction ("EPC") services and operations and maintenance ("O&M") services for solar home light, solar street light, solar power plants (On Grid and off Grid), Solar Highmast, Solar Pumping System etc. In 2016, we attained the status of Channel Partner of Ministry of New and Renewable Energy (MNRE) and in the year 2018 we completed a substantial project involving 16,486 SPV home lighting system in Rajasthan through Rajasthan Renewable Energy Corporation Limited (RRECL)

Gradually in the year 2019 we started bidding for Water Supply Scheme Projects wherein we are engaged in designing, construction, supply, testing and commissioning of Water Supply Scheme Projects which involves construction of piped water supply with installation of polyethylene water storage tank to provide drinking water through functional household tap connections in villages with all allied works of the scheme and successful trial run.

Our Subsidiary, Souraj Energy Private Limited (Souraj) is involved into manufacturing of solar photo-voltaic ("PV") modules. SPV modules manufactured in Souraj are made using quality components and advanced technologies that comply with industry standards. We offer our products and services in various specifications and customization options to cater to the unique demands of our customers. Solar PV modules are manufactured using both polycrystalline and monocrystalline cell technology. We have also initiated the use of Topcon Solar Cell Technology for manufacturing Solar PV Modules. The products are differentiated on the basis of solar PV module technology and type as well as cell size. These PV modules (including those under testing) have wattages between 150Wp – 575Wp (550Wp- Mono PERC P Type Solar Cell (10BB) and 385Wp to 575 Wp- Mono PERC N Type Topcon Solar Cell (16BB) module is a prototype and currently under third party lab testing as at the date of this Red Herring Prospectus) which is a measure of the amount of sunlight (irradiation) that falls on the surface of a solar panel and is converted into electricity ("Efficiencies"). Our Subsidiary operates from its manufacturing facility situated at Mehsana, Gujarat and is equipped with machines like: Glass Loader, EVA Cutting Machine, Layup Machine, Stringer Bussing, Backsheet, Pre - EL- Testing, Laminator Framing, Sun Simulator, Aluminum frame cutting & punching machine etc. We also intend to set up additional line for manufacturing of solar photo-voltaic ("PV") modules in our company for which we have already installed the machinery and are in the process to initiate operations.

Thus over the years our group has diversified its business as service provider into multiple verticals catering to (i) Solar System & Allied Services, (ii) Electrical contracting services (iii) Water Supply Scheme Projects and as a manufacturer of solar photo-voltaic ("PV") modules. Our in-house engineering and design capabilities help us offer diversified products and solutions to our customers in each of the product categories in which we operate. Our comprehensive solutions include our services as EPC contractor involving designing, engineering, construction, installation and commissioning of projects.

Our Company bids for tenders issued by government authorities and has worked for departments of 8 states viz: Gujarat Industrial Development Corporation (GIDC), Ahmedabad Municipal Corporation (AMC), Rajasthan Renewable Energy Corporation Limited (RRECL), Dakshin Gujarat Vij Company Limited (DGVCL), Gujarat Energy Development Agency (GEDA), Chhattisgarh State Renewable Energy Development Agency (CREDA), Ajmer Vidhyut Vitaran Nigam Limited (AVVNL), Jodhpur Vidhyut Vitaran Nigam Limited (JdVVNL), Jharkhand Renewable Energy Development Agency, Jaipur Vidhyut Vitaran Nigam Limited (JVVNL), Public Health Engineering Department (PHED), Bihar, Public Health Engineering Department (PHED), Madhya Pradesh, PHED,

Rajasthan, Uttar Pradesh New and Renewable Energy Development Agency (UPNEDA), UP, NHAI through Kalthia Engineering Construction Ltd(Maharashtra) etc. We also sell Solar PV modules to some of the private sector organizations.

In the last 10 years, we have successfully completed (i) 17 work orders under Solar System & Allied Services aggregating to Rs 18515.46 Lakhs (ii) 7 work orders under Electrical contracting services aggregating to Rs 2146.20 Lakhs (iii) 2 work orders under Water Supply Scheme Projects aggregating to Rs 1667.70 Lakhs. For details of work order executed by our company see “**Completed Projects**” on page 116 of the Red Herring Prospectus.

As of March 31, 2024, our Order Book includes (i) 10 work orders under Solar System & Allied Services aggregating to Rs 27328.03 (ii) 7 work orders under Electrical contracting services aggregating to Rs 2645.57 Lakhs, (iii) 1 work order under Water Supply Scheme Projects for an aggregate value of Rs. 1423.97 lakhs. For further details on our Order Book, see “- **Order Book**” on page 120 and “**Risk Factors – Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations**” on page 29 of this Red Herring Prospectus.

We have an in-house team for designing, engineering and construction which makes us self-reliant on all aspects of our business. We have a team of 10 Engineers who are supported by third-party consultants and industry experts to ensure compliance and quality standards laid down by the industry and government agencies & departments. The scope of our services typically includes design and engineering of the projects, procurement of raw materials, execution at site with overall project management up to the installation and commissioning of projects. Post commissioning, operations and maintenance of some of the projects for a certain period of time is generally a part of the award in recent times. We have a team of dedicated engineers and personnel focused on operations and maintenance of completed projects.

In addition to the execution of projects independently, we also enter into joint ventures with other infrastructure companies to jointly bid and execute projects. Joint ventures or partnerships enable us to achieve pre-qualification, both technical and financial, with our joint venture partner at the time of the bid. As on March 31, 2024, we are executing 5 projects in partnership with our joint venture partner. We have also gained experience from instances where we have been sub contracted some of the projects for execution.

Our Company is led by our Promoters, Ketanbhai Narsinhbhai Patel, Rajendrakumar Narsinhbhai Patel having an overall experience of more than two decades in the associated industry and Niravkumar Sureshbhai Patel and Shilpaben Ketanbhai Patel having an overall experience of more than a decade in the associated industry.

Over the years our Company has obtained various registrations and certifications that facilitate our business and help us to secure orders:

- Electrical Contractor license from Govt. of Gujarat to act as an Approved Electrical Contractor in Class ‘A’ in R & B. Department. Government of Gujarat
- Electrical Contractor license from Govt. of Bihar to act as Category ‘1’ Contractor for Bihar
- Electrical Contractor license from Govt. of Rajasthan to act as Electrical Contractor ‘Class A’ for Rajasthan
- Electrical Contractor license from Govt. of Madhya Pradesh to act as Electrical Contractor for Madhya Pradesh
- Electrical Contractor licensee from Govt. of Maharashtra to act as Electrical Contractor for Maharashtra
- BIS Registration Certificate for Sealed Secondary Portable Lithium System Battery
- BIS Registration Certificate for Crystalline Silicon Terrestrial Photovoltaic (PV) modules (Si wafer based)
- BIS Registration Certificate for Fixed General Purpose Led Luminaires
- ISO 9001:2015 Certificate of Registration for Quality Management System for following activities: Manufacturer, Supplier, Importer, exporter and contractor of Electrical Battery and Solar related products.
- ISO 14001:2015 Certificate of Registration for Environmental Management System for following activities: Manufacturer, Supplier, Importer, exporter and contractor of Electrical Battery and Solar related products.
- We are enlisted in Approved List of Models and Manufactures (ALMM) for Solar Photovoltaic Modules by Ministry of New & Renewable Energy.

Over the past three fiscal years, our company has experienced fluctuations in both revenue and PAT margins. In FY 22, despite higher revenue, there was a decrease in PAT, while in FY 23, PAT increased despite lower revenue. These changes were primarily driven by rising raw material costs due to increased demand for solar cells globally and operational challenges, including COVID-19 disruptions, which led to increase in labour costs and increase in material costs.

To address the challenges faced in FY 22, we implemented measures such as cost optimization, renegotiation of supply contracts, and prioritization of higher-margin projects in FY 23. Examples of some of the high margins projects undertaken by the company include EPC work for Solar water pumping system in the Solar and Allied Services and Substation work in the Electrical Contracting Services. For details of such work orders completed in past please refer “*Completed Projects*” in the section titled “*Our Business*” on page 116 of the RHP. Moreover supply of solar PV modules also attracts higher margins and we have recently received orders for the supply of Solar PV Modules to SJVNL Green Energy Limited executed in FY 2024. Additionally, the company has secured various new order for Supply and Installation of SPV Power Projects which are in process of completion. For details of such work orders in hand please refer “*Our Order Book*” in the section titled “*Our Business*” on page 120 of the RHP. Furthermore, these orders and adjustments made in response to the pandemic and market dynamics have enhanced our financial resilience and operational efficiency. Specifically, projects like the supply of solar modules and EPC orders for Supply and Installation of Solar Power Project have proven to be particularly offering higher margins compared to other endeavours. Therefore, we are actively pursuing similar orders to ensure sustained profitability in the future. Additionally, streamlining project execution and effectively reducing overheads contributed to enhanced financial performance.

Revenue from operations:

Revenue from operations mainly consists of Revenue from EPC, Revenue from Solar Panel – Manufacture services and Other operating revenues. Restated Profit before tax:

Our profit after tax for the Fiscal 2024 increased by 143.82% from a net Profit of Rs. 815.57 Lakhs in the financial year 2022-23 to a net profit of Rs. 1988.50 lakhs in the financial year 2023-24. Consequently, our PAT Margin expanded to 11.69% in the financial year 2023-24 from 9.04 % in the financial year 2022-23. The main reason for increase in PAT margin is due to various factors as under:

- Expansion in business operations and model of the company which led to increase in revenue from operations. Our company started generating revenue from sale of Solar PV Modules during Fiscal 2024 which is higher margin business in comparison to EPC contracts.
- Strategies like: cost optimization, renegotiation of supply contracts due to increased capabilities to execute larger projects and prioritization of higher-margin projects aimed at strengthening our financial resilience and operational efficiency.
- Furthermore streamlining project execution and reducing overhead costs significantly contributed to our improved financial performance. For example some of the fixed and variable costs like: employee benefit expenses and other expenses did not increase in similar proportion to increase in revenue from operations.

Additionally, we identified that supplying solar modules offered higher margins than other projects and we are actively pursuing similar orders to ensure sustained profitability in the future. The current order book of the company as of March 31, 2024, includes orders of approx Rs 5000 lakhs for the supply of Solar PV Modules.

Restated profit after tax:

As a result of the above factors, our profit after tax for the year increased by 143.82% from a net Profit of Rs. 815.57 Lakhs in in the financial year 2022-23 to a net profit of Rs. 1988.50 lakhs in the financial year 2023-24. Consequently, our PAT Margin expanded to 11.69% in the financial year 2023-24 from 9.04 % in the financial year 2022-23.

SECTION VIII – ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

The Equity Shares being Issued are subject to the provisions of the Companies Act, SCRA, SCRR, SEBI (ICDR) Regulations, the SEBI Listing Regulations, our Memorandum and Articles of Association, the terms of the Red Herring Prospectus, Red Herring Prospectus, Prospectus, Application Form, any Confirmation of Allocation Note (“CAN”), the Revision Form, Allotment advices, and other terms and conditions as may be incorporated in the Allotment advices and other documents/certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to all applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the GoI, the Stock Exchange, the RoC, the RBI and/ or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by SEBI, RBI, the GoI, the Stock Exchange, the RoC and/ or any other authorities while granting its approval for the Issue.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019 and circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 and any subsequent circulars issued by SEBI in this regard, SEBI has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, with respect to Application by retail individual investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applicants with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, the final reduced timeline will be made effective using the UPI Mechanism for applications by retail individual investors (“UPI Phase III”), as may be prescribed by SEBI. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application

Further vide the said circular Registrar to the Issue and Depository Participants have been also authorized to collect the Application forms. Investor may visit the official website of the concerned for any information on operationalization of this facility of form collection by the Registrar to the Issue and Depository Participants as and when the same is made available.

Minimum Number of Allottees

Further in accordance with the Regulation 268(1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within two (2) working days of closure of Issue.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Ahmedabad, Gujarat, India.

The Equity Shares have not been and will not be registered under the U.S Securities Act, 1933 or any state securities laws in the United States, and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the U.S. Securities Act, 1933 and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Corporate Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid-Cum- Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid-Cum- Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Bidders on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings.

On the Bid/ Issue Closing Date, the Bids shall be uploaded until:

- (i) 4.00 P.M. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 P.M. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders and Eligible Employees Bidding under the Employee Reservation Portion after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum-Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum-Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum-Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum- Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/ Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/ Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/ Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription and Underwriting

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond eight days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (Fifty).

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the Company fails to obtain listing or trading permission from the stock exchanges where the specified securities are proposed to be listed, it shall refund through verifiable means the entire monies received within four days of receipt of intimation from stock exchange(s) rejecting the application for listing of specified securities, and if any such money is not repaid within four days after the issuer becomes liable to repay it, the issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

In terms of Regulation 260 of the SEBI (ICDR) Regulations, 2018, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled **“General Information - Underwriting”** on page 59 of this Red Herring Prospectus.

Further, in accordance with Regulation 267 of the SEBI (ICDR) Regulations, 2018, the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Migration to Main Board

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018, our Company may migrate to the main board of NSE from the SME Exchange on a later date subject to the following:

If the Paid-up Capital of the company is likely to increase above ₹25.00 Crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), we shall have to apply to NSE for listing our shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board. Or

If the Paid-up Capital of the company is more than ₹10 crores but below ₹25 crores and if the company fulfils the eligibility criteria for listing laid down by the main board, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The shares offered through this Issue are proposed to be listed on the NSE Emerge (SME platform of NSE), wherein the BRLM to this Issue shall ensure compulsory Market Making through the registered Market Makers of the SME Exchange for a minimum period of 3 (three) years from the date of listing on the SME platform of NSE.

SEBI through its UPI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective alongwith the existing process existing timeline of T+6 days ("UPI Phase I"). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later ("UPI Phase II"), With effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors ("UPI Phase III"), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism.

Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. This shall be applicable voluntarily for all public issues opening on or after September 1, 2023, and shall be mandatory for all public issues opening on or after December 1, 2023. Please note that we may need to make appropriate changes in the Red Herring Prospectus and the Prospectus depending on the timing of the opening of the Offer.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. Bidders are advised to make their independent investigations and ensure that their application do

not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Red Herring Prospectus and the Red Herring Prospectus.

Further, the Company and the BRLM are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface

SEBI has issued the "UPI Circulars" in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, UPI mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment Mechanism, the UPI Circular have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Applicant had the option to submit the Application Form with any of designated intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020, decided to continue Phase II of Unified Payments Interface with Application Supported by Blocked Amount until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

PART A

Book Building Procedure

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the "SCRR") read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors

and not less than 35% of the Issue shall be available for allocation to Retail Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price. Furthermore, up to 66,000 Equity Shares shall be made available for allocation on a proportionate basis only to Eligible Employees Bidding in the Employee Reservation Portion, subject to valid Bids being received at or above the Issue Price, if any.

Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories. Further, in the event of an under-subscription in the Employee Reservation Portion, such unsubscribed portion may be Allotted on a proportionate basis to Eligible Employees Bidding in the Employee Reservation Portion, for a value in excess of ₹200,000 (net of employee discount, if any), subject to the total Allotment to an Eligible Employee not exceeding ₹500,000 (net of employee discount, if any). The unsubscribed portion, if any, in the Employee Reservation Portion shall be added to the Net Issue.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Eligible Employees Bidding in the Employee Reservation Portion Bidding using the UPI Mechanism, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Offer, subject to applicable laws.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available at the offices of the BRLM, the Designated Intermediaries at Bidding Centres, and Registered Office of our Company. An electronic copy of the Bid cum Application Form will also be available for download on the websites of the NSE, at least one day prior to the Bid/Issue Opening Date.

Copies of the Anchor Investor Application Form will be available at the offices of the BRLM.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Issue only through the ASBA process. ASBA Bidders must provide either (i) the bank account details and authorisation to block funds in the ASBA Form, or (ii) the UPI ID, as applicable, in the relevant space provided in the ASBA Form. The ASBA Forms that do not contain such details are liable to be rejected. Applications made by the RIIs using third party bank account or using third party linked bank account UPI ID are liable for rejection. Anchor Investors are not permitted to participate in the Offer through the ASBA process. ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the relevant Designated Intermediary, submitted at the relevant Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. Since the Offer is made under Phase II of the UPI Circulars, ASBA Bidders may submit the ASBA Form in the manner below:

- i. RIIs (other than the RIIs using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper Business Standard, all editions of Hindi national newspaper Business Standard and Ahmedabad Edition Ahmedabad Express (Gujarati) where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid/ Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid/ Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be published in all editions of the English national newspaper Business Standard, all editions of Hindi national newspaper Business Standard and Ahmedabad Edition Ahmedabad Express (Gujarati) where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Retail Individual Bidders, should approach the BRLM or their authorized agents to register

their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.

- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder/ Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e., one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “**Escrow Mechanism - Terms of payment and payment into the Escrow Accounts**” in the section “**Issue Procedure**” beginning on page 273 of this Red Herring Prospectus
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.

- b. Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual bidders may bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d. Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
- e. The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other applicants.

Participation by Associates / Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Issue under the Anchor Investor Portion.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders

- 6) Allocation to Anchor Investors will be completed on the Anchor Investor Bid/ Issue Period. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made will be made available in the public domain by the BRLM before the Bid/Issue Opening Date, through intimation to the Stock Exchange.
- 7) Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid.

- 8) If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Allocation Price will be payable by the Anchor Investors within 2 (two) Working Days from the Bid/ Issue Closing Date. If the Issue Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Issue Price.
- 9) At the end of each day of the bidding period, the demand including allocation made to anchor investors, shall be shown graphically on the bidding terminals of syndicate members and website of stock exchange offering electronically linked transparent bidding facility, for information of public.
- 10) 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 90 days from the date of Allotment, while the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.
- 11) The BRLM, our Promoters, Promoter Group or any person related to them (except for Mutual Funds sponsored by entities related to the BRLM) will not participate in the Anchor Investor Portion. The parameters for selection of Anchor Investors will be clearly identified by the BRLM and made available as part of the records of the BRLM for inspection by SEBI.
- 12) Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple Bids.
- 13) Anchor Investors are not permitted to Bid in the Issue through the ASBA process.

BIDS BY ELIGIBLE NRI'S:

Eligible NRIs may obtain copies of Bid cum Application Form from the offices of the BRLM and the Designated Intermediaries. Eligible NRI Bidders bidding on a repatriation basis by using the Non- Resident Forms should authorize their SCSB to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) ASBA Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB to block their Non- Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

Eligible NRIs bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour).

Eligible NRIs bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour).

BIDS BY FPI INCLUDING FII'S:

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Issue, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the

Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (blue in colour).

BIDS BY ELIGIBLE EMPLOYEES

The Bid must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee does not exceed ₹500,000 (net of employee discount, if any). However, the initial allocation to an Eligible Employee in the Employee Reservation Portion shall not exceed ₹200,000 (net of employee discount, if any). Allotment in the Employee Reservation Portion will be as detailed in the section “*Issue Structure*” on page 255 of this Red Herring Prospectus.

However, Allotments to Eligible Employees in excess of ₹200,000 (net of employee discount, if any) shall be considered on a proportionate basis, in the event of undersubscription in the Employee Reservation Portion, subject to the total Allotment to an Eligible Employee not exceeding ₹500,000 (net of employee discount, if any). Subsequent undersubscription, if any, in the Employee Reservation Portion shall be added back to the Net Issue. Eligible Employees Bidding in the Employee Reservation Portion may Bid at the Cut-off Price.

Bids under the Employee Reservation Portion by Eligible Employees shall be:

1. Made only in the prescribed Bid cum Application Form or Revision Form.
2. Only Eligible Employees (excluding such other persons not eligible under applicable laws, rules, regulations and guidelines) would be eligible to apply in this Issue under the Employee Reservation Portion.
3. In case of joint bids, the sole/ first Bidder shall be the Eligible Employee.
4. Bids by Eligible Employees may be made at Cut-off Price.
5. Only those Bids, which are received at or above the Issue Price, would be considered for allocation under this portion.
6. The Bids must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee subject to a maximum Bid Amount of ₹500,000. However, a Bid by an Eligible Employee in the Employee Reservation Portion will be considered for allocation, in the first instance, for a Bid amounting up to ₹200,000 (net of Employee Discount, if any). In the event of any under-subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees, who have bid in excess of ₹200,000 (net of Employee Discount, if any), provided however that the maximum Bid in this category by an Eligible Employee cannot exceed ₹500,000 (net of Employee Discount, if any).
7. If the aggregate demand in this portion is less than or equal to 66,000 Equity Shares at or above the Issue Price, full allocation shall be made to the Eligible Employees to the extent of their demand.
8. Bids by Eligible Employees in the Employee Reservation Portion and in the Net Issue portion shall not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.
9. Under-subscription, if any, in the Employee Reservation Portion will be added back to the Net Issue.
10. As per the 5th April, 2022 circular SEBI/HO/CFD/DIL2/CIR/P/2022/45, Eligible Employees bidding in the Employee Reservation Portion can Bid through the UPI mechanism.

In the event of under-subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹500,000.

If the aggregate demand in this portion is greater than 66,000 Equity Shares at or above the Issue Price, the allocation shall be made on a proportionate basis. For the method of proportionate basis of Allotment, see “**Issue Procedure**” on page 259 of the Red Herring Prospectus.

BIDS BY SEBI REGISTERED VCF’S, AIF’S AND FVCIS:

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIF’s.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

The Bidder should specify that the Application is being made in the name of the HUF in the Bid cum Application Form as follows: “Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bid cum Applications by HUFs may be considered at par with Bid cum Applications from individuals.

BIDS BY MUTUAL FUNDS:

No Mutual Fund scheme shall invest more than 10% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No Mutual Fund under all its schemes should own more than 10% of any company’s paid-up share capital carrying voting rights.

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Bid cum Application Form. Failing this, our Company reserves the right to accept or reject any Bid cum Application in whole or in part, in either case, without assigning any reason thereof.

In case of a mutual fund, a separate Bid cum Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple applications provided that the Bids clearly indicate the scheme concerned for which the Bids has been made.

The Bids made by the asset management companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

BIDS BY SYSTEMATICALLY IMPORTANT NON-BANKING FINANCIAL COMPANIES:

In case of Applications made by Systemically Important Non-Banking Financial Companies, a certified copy of the certificate of registration issued by the RBI, a certified copy of its last audited financial statements on a standalone basis and a net worth certificate from its statutory auditor(s), must be attached to the Bid cum Application Form. Failing this, our Company reserve the right to reject any Application, without assigning any reason thereof. Systemically Important Non-Banking Financial Companies participating in

the Issue shall comply with all applicable legislations, regulations, directions, guidelines and circulars issued by RBI from time to time.

BIDS BY LIMITED LIABILITY PARTNERSHIPS:

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company reserves the right to reject any bid without assigning any reason thereof. Limited liability partnerships can participate in the Issue only through the ASBA process.

BIDS BY INSURANCE COMPANIES:

In case of Bids made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Bid cum Application Form. Failing this, our Company reserves the right to reject any Bid by Insurance Companies without assigning any reason thereof. The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2000, as amended, are broadly set forth below:

- 1) equity shares of a company: the least of 10% of the investee company's subscribed capital (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- 2) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- 3) the industry sector in which the investee company belong to: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (1), (2) and (3) above, as the case may be. Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS UNDER POWER OF ATTORNEY:

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, FIIs, Mutual Funds, insurance companies and provident funds with a minimum corpus of ₹ 2,500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹2,500 Lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our Company reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof. In addition to the above, certain additional documents are required to be submitted by the following entities:

- a) With respect to Bids by FIIs and Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form.
- b) With respect to Bids by insurance companies registered with the Insurance Regulatory and Development Authority, in addition to the above, a certified copy of the certificate of registration issued by the Insurance Regulatory and Development Authority must be lodged along with the Bid cum Application Form.
- c) With respect to Bids made by provident funds with a minimum corpus of ₹2,500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹2,500 Lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Bid cum Application Form.
- d) With respect to Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form
- e) Our Company in consultation with the BRLM in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application form, subject to such terms and conditions that our Company and the BRLM may deem fit.

The above information is given for the benefit of the Bidders. Our Company, the BRLM and the Syndicate Members are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Red Herring Prospectus. Bidders are advised to make their independent investigations and Bidders are advised to ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Red Herring Prospectus.

BIDS BY PROVIDENT FUNDS / PENSION FUNDS:

In case of Bids made by provident funds with minimum corpus of ₹25 Crore (subject to applicable law) and pension funds with minimum corpus of ₹25 Crore, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/ pension fund must be lodged along with the Bid cum Application Form. Failing this, the Company reserves the right to accept or reject any bid in whole or in part, in either case, without assigning any reason thereof.

BIDS BY BANKING COMPANY:

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "Banking Regulation Act"), and the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks' own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/ corporate debt restructuring / strategic debt restructuring, or to protect the banks' interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exception prescribed), and (ii) investment in a nonfinancial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

BIDS BY SCSB'S:

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making Bid cum Applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making Bid cum application in public issues and clear demarcated funds should be available in such account for such Bid cum applications.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Payment into Escrow Account for Anchor Investors

All the investors other than Anchor Investors are required to bid through ASBA Mode. Anchor Investors are requested to note the following:

Our Company in consultation with the Book Running Lead Manager, in its absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. For Anchor Investors, the payment instruments for payment into the Escrow Account should be drawn in favour of:

- a. In case of resident Anchor Investors: GANESH GREEN BHARAT LIMITED IPO- ANCHOR ACCOUNT- R
- b. In case of Non-Resident Anchor Investors: GANESH GREEN BHARAT LIMITED IPO- ANCHOR ACCOUNT- NR

Bidders should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Escrow Collection Bank and the Registrar to the Issue to facilitate collections from the Anchor Investors.

14. The SCSBs shall be given one day after the Bid/Issue Closing Date to send confirmation of Funds blocked (Final certificate) to the Registrar to the Issue.
15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalise the Issue Price and the Anchor Investor Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
- f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.

- In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
- Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;

b) In the second instance Allotment to all QIBs shall be determined as follows:

- In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
- Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

d. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:

- i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
- ii) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
- iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty five crore rupees and an additional 10 such investors for every additional twenty five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.

c) 50% of the Equity Shares Allotted to the Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 90 days from the date of Allotment, while the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.

d) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

e) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

f) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (SME platform of NSE) (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this RHP.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director/ Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“FEMA”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“RBI”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”).

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “FDI Policy”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and/ or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to

conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognized stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Offer in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such Issue made under exemptions available under the Prospectus Directive, provided that no such Issue shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorized. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

SECTION IX – MAIN PROVISIONS OF THE ARTICLES OF ASSOCIATION OF OUR COMPANY

The following regulations comprised in the Articles of Association were adopted pursuant to the member's special resolution passed at the Extra Ordinary General Meeting held on October 11, 2023. In substitution for, and to the entire exclusion of, the earlier regulation comprised in the extant Articles of Association of the Company.

Pursuant to Schedule I of the Companies Act, and the SEBI ICDR Regulations, the Main provisions of the Articles of Association relating to voting rights, dividend, lien, forfeiture, restrictions on transfer and Transmission of equity shares or debentures, their consolidation or splitting are as provided below. Each provision below is numbered as per the corresponding article number in the articles of association and defined terms herein have the meaning given to them in the Articles of Association.

INTERPRETATION

- I 1. In these regulations-
 - a. "the Act" means the Companies Act, 2013,
 - b. "the seal" means the common seal of the company.
2. Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

SHARE CAPITAL AND VARIATION OF RIGHTS

- II. 1. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
2.
 - i. Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided-
 - a. one certificate for all his shares without payment of any charges; or
 - b. several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.
 - ii. Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid - up thereon.
 - iii. In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
3.
 - i. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.
 - ii. The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.
4. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
5.
 - i. The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.

- ii. The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
 - iii. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
- 6.
- i. If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
 - ii. To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari-passu therewith.
8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

LIEN

- 9.
- i. The company shall have a first and paramount lien
 - a. on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
 - b. on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:
Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.
 - ii. The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
 - iii. That fully paid shares shall be free from all lien and that in the case of partly paid shares the Issuer's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.
10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien: Provided that no sale shall be made-
- a. unless a sum in respect of which the lien exists is presently payable; or
 - b. until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
- 11.
- i. To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof
 - ii. The purchaser shall be registered as the holder of the shares comprised in any such transfer.
 - iii. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
- 12.
- i. The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
 - ii. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13. i. The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

- ii. Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
- iii. A call may be revoked or postponed at the discretion of the Board.
- iv. That any amount paid up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits
14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.
15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
16. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine.

The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- ii. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
18. The Board -
- a. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him and
- b. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19. i. The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
- ii. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
- iii. That a common form of transfer shall be used
20. i. The Board may, subject to the right of appeal conferred by section 58 decline to register—
- ii. the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- iii. any transfer of shares on which the company has a lien.

21. The Board may decline to recognise any instrument of transfer unless—
- a. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
 - b. the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - c. the instrument of transfer is in respect of only one class of shares.

That registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Issuer on any account whatsoever

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. i. On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares
- ii. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

iii. That a common form of transmission shall be used

24. i. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-
- a. to be registered himself as holder of the share; or
 - b. to make such transfer of the share as the deceased or insolvent member could have made.

ii. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. i. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

ii. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

iii. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

FORFEITURE OF SHARES

27. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him

requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

28. The notice aforesaid shall-
- a. name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - b. state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
- 30.
- i. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
 - ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
- 31.
- i. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
 - ii. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
- 32.
- i. A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
 - ii. The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
 - iii. The transferee shall thereupon be registered as the holder of the share; and
 - iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
33. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
35. Subject to the provisions of section 61, the company may, by ordinary resolution-
- i. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - ii. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
 - iii. sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; and
 - iv. cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
 - v. Permission for sub-division/ consolidation of share certificates

36. Where shares are converted into stock-
- the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
 - Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
 - the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
 - such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.
37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law-
- its share capital;
 - any capital redemption reserve account; or
 - any share premium account.

CAPITALISATION OF PROFITS

38. The company in general meeting may, upon the recommendation of the Board, resolve-
- i. that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and
 - ii. that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
 - iii. The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards-
 - a. paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - b. paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - c. partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - iv. A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - v. The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
39. i. Whenever such a resolution as aforesaid shall have been passed, the Board shall-
- a. make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all
 - b. allotments and issues of fully paid shares if any; and
 - c. generally do all acts and things required to give effect thereto.
- ii. The Board shall have power-
- a. to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - b. to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;

- iii. Any agreement made under such authority shall be effective and binding on such members

BUY-BACK OF SHARES

- 40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS

- 41. All general meetings other than annual general meeting shall be called extraordinary general meeting.
- 42.
 - i. The Board may, whenever it thinks fit, call an extraordinary general meeting.
 - ii. If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

PROCEEDINGS AT GENERAL MEETINGS

- 43.
 - i. No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
 - ii. Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
- 44. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
- 45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
- 46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

ADJOURNMENT OF MEETING

- 47.
 - i. The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
 - ii. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
 - iii. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
 - iv. Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

- 48. Subject to any rights or restrictions for the time being attached to any class or classes of shares,
 - i. on a show of hands, every member present in person shall have one vote;
 - ii. and on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
 - iii. That option or right to call of shares shall not be given to any person except with the sanction of the Issuer in general meetings
- 49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

50. i. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- ii. For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
52. Any business other than that upon which a poll has been demanded maybe proceeded with, pending the taking of the poll.
53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid
54. i. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- ii. Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105
57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

BOARD OF DIRECTORS

58. The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them. The following are the First Directors of the Company:
1. Dhanjibhai Narsinhbhai Patel
 2. Ketanbhai Narsinhbhai Patel
 3. Nirav Sureshbhai Patel
 4. Rajendrakumar Narsinhbhai Patel
59. The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them-

- in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
- in connection with the business of the company.

60. The Board may pay all expenses incurred in getting up and registering the company.

61. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
62. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
63. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
64.
 - i. Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
 - ii. Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

PROCEEDINGS OF THE BOARD

65. The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
66.
 - i. Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
 - ii. In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
67. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
68.
 - i. The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
 - ii. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
69.
 - i. The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
 - ii. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
70.
 - i. A committee may elect a Chairperson of its meetings.
 - ii. If no such Chairperson is elected, or if at any meeting the 72 Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
71.
 - i. A committee may meet and adjourn as it thinks fit.
 - ii. Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
72. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or

more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

73. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF FINANCIAL OFFICER

74. Subject to the provisions of the Act,
- i. A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
 - ii. A director may be appointed as chief executive officer, manager, company secretary or chief financial officer
75. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

THE SEAL

- 76.
- i. The Board shall provide for the safe custody of the seal.
 - ii. The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVE

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
- 79.
- i. The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.
 - ii. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
- 80.
- i. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
 - ii. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
 - iii. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank

for dividend accordingly. That there shall be no forfeiture of unclaimed dividends before the claim becomes barred by law.

81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.
82. i. Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- ii. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
85. No dividend shall bear interest against the company.

ACCOUNTS

86. i. The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.
- ii. No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

WINDING UP

87. Subject to the provisions of Chapter XX of the Act and rules made thereunder-
- i. If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
- ii. For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
- iii. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

INDEMNITY

88. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
