

COUNCILL

2410-450

Garcon Buffet

The Garcon Buffet is made of Oak and utilizes architectural elements like a scalloped front and demilune top. There are two adjustable wood shelves behind the two central doors. The rustic finish is achieved by wire brushing and hand-chiseling the Oak to create even more texture in the grain. Black base (80) is standard. Available in Oak finishes only.

Wood Species: Oak
