Hampshire House Lamp Table

Dorothy Draper Collection

Originally made of wrought iron, this table was used in Dorothy Draper's design of the Garden Lounge at the Hampshire House, a residential hotel in New York City. The Hampshire House table features three highly stylized carved supports of a leaf design that is reminiscent of the 1940s. Hand-carved scrolls terminate on each side of a three-sided stepped base. Made of Cherry. Gilt leaf accents are optional.

Wood Species: Cherry
