Belmont Chest on Stand by Julie Browning Bova

Designer Artist Series

Julie Browning Bova designed this two door Chest on Stand as part of Kindel's Designer Artist Series. As a designer and an equestrian herself, Julie added her design of the bridle bit hardware created especially for this chest. Double pulls ornament the exterior with a single pull on the interior drawer. There is a concave, adjustable glass shelf. Inset panels, available in fabric or leather, enhance the top of the chest and top of the interior drawer. A contrasting paint color for the interior back panel and the frame of the interior drawer is optional. Dual finishes for the chest and base are standard. Black hinges are standard but other options are available. An LED interior light is standard.

Dimensions

Width: 32" (81.28 cm)

Height: 43.25" (109.855 cm)

Depth: 22" (55.88 cm)
