Middle School Grade 8 Science delivers instruction, practice, and review to help students develop scientific literacy, deepen conceptual understanding, and apply scientific practices. Students explore concepts such as waves and electromagnetic radiation, energy and forces on Earth and in space, genetics and natural selection, and engineering design.

The two-semester course is arranged in themed units, each with two to three lessons. In each unit, activities make complex ideas accessible to students as they discover the nature of science through focused content, interactive mini-investigations, multi-modal representations, and personalized feedback. Each lesson includes a variety of activities such as direct instruction, application of skills, performance tasks, and formative and summative assessments. Students engage with the subject matter in an interactive, feedback-rich environment as they progress through standards-aligned content and demonstrate their learning through computer- and teacher-scored assignments.

This course is built to state standards.

Length: Two Semesters

Unit 1: Science and Engineering

- What Is Science?
- Types of Investigations
- What Is Engineering?
- Wrap-Up: Science and Engineering

Unit 2: Tools of Inquiry

- Using Models
- Tools and Measurement
- Displaying and Interpreting Data
- Wrap-Up: Tools of Inquiry

Unit 3: Energy

- Describing Energy
- Energy Transfer and Transformation
- Wrap-Up: Energy

Unit 4: Waves

- Mechanical Waves
- Electromagnetic Waves
- Wrap-Up: Waves

Unit 5: Applications of Waves

- Interactions of Waves and Matter
- Waves and Technology

Copyright© Edmentum Inc. All Rights Reserved.

- Wrap-Up: Applications of Waves

Unit 6: Force and Motion

- Describing Forces
- Describing Motion
- Effects of Forces
- Wrap-Up: Force and Motion

Unit 7: Semester Wrap-Up

- Semester Wrap-Up

Unit 8: Noncontact Forces

- Electromagnetic Forces
- Gravitational Force
- Wrap-Up: Noncontact Forces

Unit 9: The Solar System

- Sun-Earth-Moon System
- Our Solar System
- Wrap-Up: The Solar System

Unit 10: Exploring the Universe

- The Universe
- Our Sun and Other Stars
- Space Exploration
- Wrap-Up: Exploring the Universe

Unit 11: Living Things

- Classification of Living Things
- Cell Growth and Reproduction
- Life Cycles
- Wrap-Up: Living Things

Unit 12: Genetics

- Inheritance
- Genes and DNA
- Biotechnology
- Wrap-Up: Genetics

Unit 13: Evolution

- Theory of Evolution
- Natural Selection
- Wrap-Up: Evolution

Unit 14: Semester Wrap-up

- Semester Wrap-up
