Pagoda Table

Truex

Fortune favors the bold. Hard to believe that a functional object as graceful and refined as James Mont's 3-tiered Side Table could've been as controversial as it was to the design world sixty years ago. It's very easy to believe that all eyes were drawn to it much as they still are. The unique, three-part stacking tables allow for various applications throughout the home. They are crafted of Maple solids and veneer. Curved top edge. Inspired by designs of James Mont, circa 1950. Available in painted lacquers. Also available in leaf or faux finishes for an added charge. Dimensions are as follows: Large Table: 6 1/2"H x 14 1/2"W x 26 1/2"D, Medium Table: 6 1/2"H x 14 1/2"W x 22 1/4"D, Small Table: 6 1/2"H x 14 1/2"W x 18"D.
