

# COUNCILL

2010-575W

## Ryton Breakfront

The Ryton Breakfront clearly reflects Council's attention to detail and superior execution. The Walnut Burl crown frieze sits above four glass doors with elliptical grills framed by doors of jewel box Ash burl with diamond motif. The interior is lighted and contains three adjustable glass shelves in each section. The concave posts are framed with hand applied bead molding. The lower cabinet features Walnut burl on the frieze and plinth base. Behind the Crotch Walnut center doors are three storage trays. One adjustable glass shelf and interior lights are behind each end door. Gold mullions are available for an extra charge. Brass hardware is standard.

**Wood Species:** Walnut
