Two Drawer Transitional Chest

The Classics

The feeling and beauty of Tuscany is slowly and faithfully reproduced by Grand Rapids hand decorators. This transitional chest is created of Cherry to be a blank canvas for a designer's imagination. It features two drawers with a black micarta pullout above the drawers. Hardware is dependent on decoration. Often sold with a hand painted faux marble top and our ever popular hand painted Tuscan decoration, this piece is a true work of art. Available in a larger version (287).
