7000 SERIES MULTI-POINT LOCK

Security at Every Point

Looking for a flexible and reliable multi-point lock? The 7000 Series multi-point concealed vertical rod lock is designed to meet that need. Ideal for applications where exit devices aren't required, it offers 36 functions and can be used across multiple door types. Its heavy-duty construction ensures strength and durability, making it a dependable choice for demanding environments such as commercial, educational, and healthcare facilities.

Experience a safer
and more open world

BENEFITS

- ⊕ **Flexible:** 36 function combinations including classroom security and latch hold back for multiple door types
- ⊕ **Versatile:** Offers more choices for electrified openings, including Electric Latch Retraction (ELR) and electrified trim options
- ⊕ **Reduced Maintenance:** Fewer moving parts than automatic flushbolts and coordinators, virtually maintenance free
- ⊕ **Accessible:** No bottom rod option removes obstacles for wheelchairs and equipment
- ⊕ **Aesthetically Pleasing:** clean, simple design with concealed rods can be used with decorative Studio Collection levers

FEATURES

- 9 inside trim functions and 11 outside functions available
- Compatible with all door types: metal, aluminum, wood, and narrow stile
- Supports both single and double door applications
- Studio Collection decorative lever options available
- UL listed for wood and metal fire-rated doors
- Optional no bottom rod (NB) configuration
- Electrified trim and electric latch retraction (ELR) options
- Supports electrified dogging with ELR option
- UL listed for Windstorm and Hurricane-rated doors (WS and HC options: ZHEM.R21744)

CERTIFICATIONS

- ANSI/SDI 250.13 Certified
- ASTM E330, E1996, E1886 Certified
- Florida Building Code Approved (FL# 2998)
- ADA Compliant
- ANSI A250.13 Windstorm Listed (+/- 150 psf and +/- 60 psf)

APPLICATIONS

- Pairs of doors that do not require panic devices
