

SARGENT®
ASSA ABLOY

BHW TRIM FOR BEHAVIORAL HEALTH APPLICATIONS

The New Standard In Healthcare

SARGENT's BHW trim is designed to balance safety, durability, and aesthetics in behavioral health environments. Available for both **10X Line bored locks** and **8200 Series mortise locks**, the BHW trim provides ligature-resistant performance without compromising ease of use or visual appeal.

Experience a safer
and more open world

BENEFITS

- ⊕ **Strong and durable:** Both bored and mortise versions exceed ANSI/BHMA Grade 1 requirements to perform in abusive environments
- ⊕ **Versatile:** Suitable for behavioral health units, patient room doors, de-escalation rooms, and psychiatric facilities
- ⊕ **Aesthetic:** Smooth, tapered design complements modern healthcare interiors and contributes to a normative, therapeutic environment

FEATURES

- Recognized by the New York State Office of Mental Health (NYS-OMH) for use in high-risk areas*
- Integrated lever and escutcheon design with tapered surfaces that deter ligature attachment
- Available in multiple functions including passage, privacy, classroom, storeroom, and electrified
- Stainless Steel finish (32D) standard; MicroShield® antimicrobial coating optional
- Compatible with SARGENT conventional cylinders as well as large and small format interchangeable cores
- Supplied with Torx® security screws for added tamper-resistance

MicroShield®

ASSA ABLOY Group companies offer MicroShield®, an antimicrobial coating for door hardware. MicroShield uses proven silver ion-based technology from Agion®, a leading provider of antimicrobial solutions, to stem the spread of bacteria and other microbes. MicroShield® is a trademark of ASSA ABLOY Access and Egress Hardware Group, Inc.

* **Note:** This product is designed to reduce risk in behavioral health environments but cannot eliminate all potential hazards. Refer to the latest NYS-OMH Patient Safety Standards Guidelines for approved products.

The ASSA ABLOY Group is the global leader in access solutions. Every day we help people feel safe, secure and experience a more open world.
