

# ULTIMATE PROTECTION

## **FE6600 Series Multi-Point Lock**

The FE6600 Series helps secure community shelters and safe rooms by withstanding tornado wind speeds and flying debris. Available in multiple function and trim combinations, the FE6600 Series offers the flexibility needed to accommodate a full range of door opening solutions including electronic access control with the reliability and durability needed for extreme conditions. Its unique center case adjustability feature simplifies installation and device adjustment.

ASSA ABLOY

# FE6600 Series

Multi-Point Lock

## BENEFITS

**ROBUST DESIGN:** Utilizes unique mortise lock, heavy-duty steel components, and four latching points

**PEACE OF MIND:** Indicator option provides visual confirmation of security

**EASY OPERATION:** Vertical latch dogging feature available for easier daily use; top and bottom rods are adjustable from the center case while the door is hung

**FLEXIBLE:** Multiple functions available including classroom, electrified and access control applications

**QUICKER INSTALLATION:** Reversible strikes make installation easier and accommodate variability in opening and floor conditions

**AESTHETICALLY PLEASING:** Sectional trim with wide variety of decorative levers, rose and trim combinations

## APPLICATIONS

- Community shelters and safe rooms
- Corporate and educational facilities
- Healthcare and government campuses
- 911 call stations, emergency operation centers, and fire/rescue/ambulance and police stations
