

# Pressure Wash Your Doors Sanitize. Stay Dry. No Compromise

Specialized applications require water-tight or water-resistant solution to meet your job requirements. Ceco Door has the Solutions for you.

Whether **your application** is for a chemical storage area, clean room environment, laboratory or even wastewater treatment plant, you require the following from your water-resistant doors:

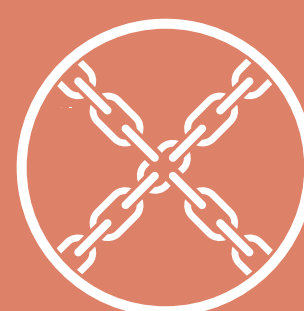

Must be pest resistant

Offer easy wipe-down  
and cleaning

Provide maximum  
corrosion resistance

Offer long-term  
strength and durability

Provide penetration  
resistance

Give you superior  
adhesion of finish coat
