Manage Your Keys Better than Ever Before! with the Medeco Intelligent Key Cabinet

Give Medeco's Intelligent Key Cabinet (IKC) the responsibility of managing your key control. No matter what type of keys your facility uses, the IKC securely stores, distributes, and tracks every key so your facility is never at risk.

- **Increase Oversight:** Know who has keys, which key they have, and when keys are returned
- **Increase Awareness:** Alerts for unreturned keys helps limit exposure to loss or theft
- **Increase Security:** Multiple-factor authentication available to access cabinet
- **Increase Efficiency:** Authorized personnel can retrieve keys without an administrator
- **Increase Your Options:** By selecting the right configuration for your needs, you can securely store and distribute mechanical keys, other assets, or XT Intelligent Keys

Learn more about improving your facility's intelligence and security at www.medeco.com/IKC
