# Optimum Security

**7300 Series**  
Multi-Point Lock

Experience a safer  
and more open world

## Strong & Flexible

The 7300 Series multi-point lock provides the strength and reliability needed for products that need to be stored in high security locations. Available in multiple trim combinations, it also accommodates the flexibility needed for daily use with a full range of functionality including electronic access control.

### Features

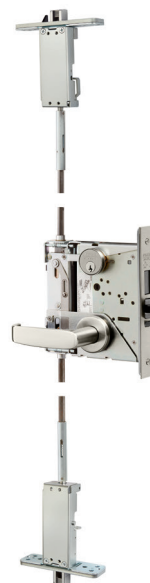

- Utilizes standard 8200 Series mortise lock, offering a full range of mechanical and electromechanical functions and options
- Three latch points project automatically; Fourth latch point with a single motion.
- Dogging option allows device to operate as standard mortise lock with a single latch point for everyday use
- ANSI/BHMA A156.37 Grade 1 certified
- Fully Integrated as a complete ASSA ABLOY solution utilizing Ceco Door Medallion and Curries 747 doors and frames and McKinney hinges
- Concealed vertical rods for additional security
- Available with access control options
- Inswing and outswing applications
- Concealed vertical assembly (rods, latches and cassette) pre-installed in door.
- Available for single doors sized 2'8" x 6'8" up to 4'0" x 8'0"; pair of doors sized 5'4" x 6'8" up to 8'0" x 8'0"
- Available with Studio Collection levers and optional MicroShield® antimicrobial coating
- Seven year warranty

### Applications

- Bank safes
- Electronic product storage
- Prescription medicine storage
- Marijuana dispensaries
- Museums

### Benefits

- **Robust Design:** Utilizes proven 8200 Series mortise lock, heavy-duty steel components, and four latching points
- **Peace of Mind:** Indicator option provides visual confirmation of security
- **Easy Operation:** Vertical latch dogging feature available for easier daily use; top and bottom rods are adjustable from the center case while the door is hung
- **Flexible:** Multiple functions available including classroom, electrified and access control applications
- **Quicker Installation:** Reversible strikes make installation easier and accommodate variability in opening and floor conditions
- **Aesthetically Pleasing:** Sectional trim with wide variety of decorative levers, rose and trim combinations
