⚠ Complete protection of the side closing edge also invariably involves protection of the hinge side. We therefore recommend our hinge protection profiles, which are suitable for all hinge types.

Intended use: Planet finger protection FSR is fitted on doors to protect the push side on the side closing edge.
Please read the instructions in advance.

Duty of supervision: The use of Planet finger protection does not release the user from the duty of supervision.

Maintenance: Inspect every two years for correct operation and dirt. Clean or replace if necessary.

Recycling: Take apart and recycle Planet finger protection according to material type. Please observe the legal regulations in your country.

Technical changes reserved.
