

StormPro® Tornado Resistant System Replaceable Glass Module

Frequently Asked Questions

Q: What is the StormPro Tornado Resistant System replaceable glass module?

A: It is a patent pending design of a vision light Kit that allows for replacement of the glass in a StormPro door without replacing the door.

Q: Which doors are the StormPro Tornado Resistant System replaceable glass module available on?

A: It will be standard on all doors ordered beginning after June 7, 2023. It is installed in StormPro doors prepared for the Multi-point locks (Corbin Russwin FE6600/Sargent FM7300) and exit devices (Corbin Russwin FE5400/PED5400 FE/Sargent FM8700/FM-PE8700). It will not be available on doors prepared for 3 Medeco dead bolts and a cylindrical lock.

Q: What are the advantages of the StormPro Tornado Resistant System replaceable glass module?

A: The StormPro Tornado Resistant System replaceable glass module provides easy replacement of glass when needed without replacing the door.

Q: What certifications are available for the StormPro Tornado Resistant System replaceable glass module?

A: The StormPro Tornado Resistant System replaceable module has a UL 10C 90-minute fire certification and is certified to ICC 500 2020.

Q: What sizes of the StormPro Tornado Resistant System replaceable glass module are available?

A: The StormPro Tornado Resistant System replaceable module will be provided for 10" x 10" and 4" x 25" vision lights.

Q: Can the StormPro Tornado Resistant System replaceable glass module kit be field installed?

A: Yes, StormPro Tornado Resistant System replaceable glass module kit can be installed in doors ordered on and after June 7, 2023.

Q: Who can field install the StormPro Tornado Resistant System replaceable glass module kit?

A: The StormPro Tornado Resistant System replaceable glass module kit must be installed by an ASSA ABLOY approved distributor or installer.

Q: What is included with the StormPro Tornado Resistant System replaceable glass module kit?

A: The glass installed in the module, the removable trim and fasteners needed for the installation.

Q: Is the StormPro Tornado Resistant System replaceable glass module kit easy to install?

A: Yes, it is relatively simple to install. Installation instructions will be provided with the kit. The kit weighs more than 12 pounds.

Q: How do you clean the StormPro Tornado Resistant System replaceable glass kit module?

A: For routine cleaning, use a soft, clean, grit-free cloth and a mild soap, detergent, or non-stringent window cleaning solution (safe for polycarbonate glass). Care must be taken not to scratch the interior protective surfaces. Do not use bristle brushes or abrasive cleaning materials. A soft cloth or clean synthetic sponge is recommended for washing and do not use the same cloth or sponge for wiping sills or frames. It is recommended to use a different sponge, cleaning cloth and water for cleaning the outside and the inside of the windows.
