

THE IDEAL ENTRANCE COMBINATION:

Corbin Russwin PED4000/PED5000 Series
Exit Devices for Kawneer Insulpour®
Thermal Entrances

Corbin Russwin's technologically advanced PED4000/PED5000 Series exit devices and Kawneer's sleekly designed 250T/350T/500T Insulpour® Thermal Entrances create the perfect harmony of elegance, efficiency, and security for your commercial entrances. This dynamic duo seamlessly integrates state-of-the-art functionality with unparalleled aesthetics, ensuring your entrances deliver optimal security, exceptional energy efficiency, and a lasting first impression that captivates.

Experience a safer
and more open world

Why Choose Corbin Russwin and Kawneer?

UNMATCHED SECURITY AND ACCESSIBILITY:

- **Corbin Russwin PED4000/PED5000 Series:** ANSI/BHMA A156.3 Grade 1 certified for superior strength, push rail dogging for heightened security, and industry-leading features like enhanced motorized electric latch retraction and delayed egress for seamless accessibility.
- **Kawneer 250T/350T/500T:** Robust construction ensuring resilience in high-traffic environments, while IsoPour™ Thermal Break Technology minimizes air infiltration and maximizes energy efficiency.

SOPHISTICATED DESIGN:

- **Corbin Russwin PED4000/PED5000 Series:** A refined, contemporary aesthetic with concealed fasteners, hidden dogging mechanisms, and flush push bars, complemented by a selection of standard and mixed finishes for effortless integration with your building's design.
- **Kawneer 250T/350T/500T:** Customizable with diverse cross-rail sizes, bottom rail heights, styles, and interior/exterior finishes, allowing for a tailored entrance solution that reflects your unique vision.

PIONEERING TECHNOLOGY:

- **Corbin Russwin PED4000/PED5000 Series:** Setting new industry standards with enhanced features like delayed egress with enhanced electric latch retraction, versatile indicator options, and a 5 lb. pressure latch release (available on select models) for compliance with diverse building codes.
- **Kawneer 250T/350T/500T:** A thermally broken threshold and dual bottom door sweeps for superior thermal performance, along with a larger door stile cavity to accommodate a wider range of hardware options.

THE EPITOME OF EXCELLENCE

The Corbin Russwin PED4000/PED5000 Series is meticulously designed to work in perfect harmony with Kawneer's Insulpour® Thermal Entrances, providing an entrance solution that not only meets but surpasses the demands of modern commercial spaces.
