*\*This is not an order form. This sheet is used to ensure that we can provide you with an accurate part number.*

### Step 1 – Choose length

	Your requirement in millimeters	To be completed by Medeco Actual dimension factory will provide*
<b>A</b>		
<b>B</b>		
<b>C</b>		

*\*Actual dimensions may be slightly under or over your requirement. Which would you prefer?*

Please check one: ☐ Over ☐ Under

### Step 2 – Choose cam position

Cam position code as shown from outside.

#### Check One of the Following:

- ☐ Cam Locked at 11 O'clock Position  
(Indicated by "0" in diagram)
- ☐ Cam Locked at 1 O'clock Position
- ☐ Cam Locked at 5 O'clock Position
- ☐ Cam Locked at 7 O'clock Position

*\*Be sure keyway is positioned as shown!*

**Note:** All Medeco profile cylinders have 360 degree cam rotation. Limited rotation cams are not available.

**Step 3 – Choose number of pins**

\_\_\_\_\_ 5 pin

\_\_\_\_\_ 6 pin

*\*Pinning is exclusive – a 5 pin key **will not** work in a 6 pin profile cylinder!*
