PE80 SERIES EXIT DEVICE

Shelter in Place Function

Introducing the innovative shelter-in-place function for the SARGENT PE80 Series exit device—the first of its kind. Designed for quick and reliable security during critical situations, this easy-to-use feature lets you secure a room instantly with a simple press of the red button located on the inside chassis. The highly visible button immediately locks the outside trim, blocking outside access and enabling occupants to shelter-in-place with confidence and ease.

Experience a safer
and more open world

BENEFITS

- ⊕ **Enhanced Security:** Quickly locks external access during emergencies.
- ⊕ **Ease of Use:** Simple, intuitive activation.
- ⊕ **Peace of Mind:** The optional status indicator shows if the trim is locked or unlocked, giving users visible confirmation the room is secure.
- ⊕ **Controlled Exit:** Ensures occupants can maintain free egress safely.

FEATURES

- **Shelter-in-Place Function:** Press the red button to instantly lock the outside trim and block external access.
- **Visible Activation:** The red button is easy to locate and use in an emergency.
- **Optional Trim Status Indicator:** Displays locked or unlocked status at a glance.
- **Free Egress:** Exit bar always allows occupants to leave; override key restores entry.
- **Compatibility:** For PE8867 rim wide stile devices; works with WE Wide and NE Narrow trim.
- **Finishes and Trims:** Offered in all standard and decorative options for seamless integration.

APPLICATIONS

- **Schools:** Large classrooms, auditoriums, gyms
- **Healthcare Facilities:** Patient wings, large meeting rooms
- **Corporate Offices:** Conference Rooms, executive office wings, large reception areas, data centers
