Compliant with GreenCircle Certified Sustainability Facts Certification Standard Audit Plan 10.2024

*Attributes in green contribute to LEED v4 and v4.1 credits.

All reductions benchmarked to production.

1. This meets the requirements of LEED v4 and v4.1 MR Credit: Sourcing of Raw Materials.
2. This meets the requirements of LEED v4 and v4.1 Circular Products - Zero Waste Manufacturing pilot credit. At least 90% of waste is diverted from landfill and incineration.
3. This meets the requirements of LEED v4 and v4.1 MR Credit: Building Product Disclosure and Optimization - Environmental Product Declarations. This attribute contributes one product under LEED v4 and v4.1.
4. This is global warming potential for cradle-to-gate life cycle stage (A1-A3) using TRACI methodology.
5. Verified community support through the following: donation to a program where law enforcement officers assist underprivileged children with their holiday shopping, donation to a local high school robotics team, a local street painting festival, and an annual employee volunteer effort for a local community Christmas event.
6. Verified commitment to policies and programs supporting social health and equity.
7. Verified the availability of employee benefits, which include medical benefits and training and development programs, to all employees.
8. Corporate audit policies of supply chain practices conform to Design for Freedom principles.
