

Launch Date

December 15, 2025

ASSA ABLOY ACCENTRA® Digital is excited to introduce elevator control access with the NTX700-ELEV-CBW, bringing seamless, secure elevator management to modern high-rise living. Residents benefit from a more intuitive, personalized way to access their floors, creating a smoother and more efficient experience. Property managers gain flexible control to track and restrict elevator access as needed, and the feature can be added to any spec starting immediately—contact your ASSA ABLOY Door Security Solutions sales representative for details.
