# PDU8000, PDU8500 Request to Exit (REX)

Our PDU8000 and PDU8500 Panic Devices are now available with optional Request to Exit (REX) functionality.

This new feature effectively monitors exit activity, accurately logging when a user activates the device's push bar.

This functionality is not available for use with fire-rated or ADA-compliant PDU8500 models.

For PDU8000 models, feature is compatible with P style openings only and is not available for use with 2-3/4" door rail or ADA-compliant panic device models. We recommend utilizing the PV-EH340 Electrified Center Hung Top Pivot, which is now available for purchase, for all-glass door applications.

For additional information, contact your local sales representative, call the Rockwood Customer Service line at 800-458-2424 or Glass Solutions Customer Service line at 855-594-6989, for Canada call 800-461-3007, or visit [rockwoodmfg.com](http://rockwoodmfg.com) / [assaabloyglass.us](http://assaabloyglass.us).
