

LED WHEEL RINGS

dynamic

COLORSHIFT

PART#4215-332

The new ORACLE Lighting Dynamic ColorSHIFT Wheel Rings allow the user to run multiple moving color patterns through the Wheel Rings, creating a vivid eye-catching lighting effect. Conveniently controlled through a free smartphone App, the system features over 200 pre-programmed moving patterns. In addition to the pre-programmed features the user can also create custom designs in the app.

Simple plug and play wiring design making wiring easy for even a novice. Simply connect the ring terminals to the + and - battery terminals then control your lights from the smartphone app.

MSRP:
\$395⁹⁵
