A1 Distributing is the leading wholesale distributor of automotive parts and accessories for Utah, Idaho, Wyoming, Nevada, and Colorado. But we know that title isn't given—it's earned. That's why we strive each and every day to be your go-to one-stop shop for all your automotive accessory needs.

We offer a wide variety of products like running boards, bed covers, floor liners, towing products, grille guards, air compressors, winches, lighting, and much more, all from top brands like BOLT, Air Lift, Firestone, Mob Armor, Retrax, Warn, Curt, and AMP Research, just to name a few.

We also work hard to get you your products quickly and securely with our same- or next-day delivery service. We use our own trucks and dedicated logistics team to fulfill orders faster, helping you get products into your customers' hands as soon as possible.

As industry leaders, we not only curate the best products and deliver them quickly, but we also provide ongoing support. Whether you have questions or issues, need a product recommendation, want a no-hassle return process, or anything else, the staff at A1 is always ready to help. Plus, we offer outstanding in-house marketing, making it easy for you to promote products and special offers.

The entire team at A1 is passionate about setting distributors up for success on every level. Thank you for trusting us with all of your automotive accessory needs!

#### REALTRUCK AMP

#### **PowerStep™**

Powered running board that instantly extends and retracts when opening and closing doors. Features LED lights, premium single-motor design and 6-inch textured, slip-resistant step surface.

- Anodized, then finished with a military-grade PTFE coating
- Each PowerStep Running Board features a 600-LB load capacity
- Newer applications connect to OBDII port via Plug-N-Play module

#### PowerStep XL™

Crafted with a rugged design and a 3-inch lower stepping surface for easier access to lifted trucks. Features LED lights, premium single-motor design, and a 6-inch textured, slip-resistant step surface.

- Corrosion-resistant aircraft grade aluminum construction
- Anodized, then finished with a military-grade PTFE coating
- Connects to OBDII port using patented Plug-N-Play module

#### Bedstep™

Retractable bed step that mounts to the rear bumper. Crafted from high-strength aluminum alloy frame. It features a glass-reinforced non-slip step pad with a 300-lb weight rating.

- Convenient, retractable design
- Simple bolt-on installation on most applications
- Some drilling may be required

#### OVER-THE-TOP ORGANIZATION, UNDER-SEAT.

- Massive storage capacity and over-the-top organization, under-seat.
- The Gearbox® features tough and durable construction engineered to minimize cargo shifting.
- Its sleek, black texture gives you that factory look and feel, only better.
- If you have a problem with this or any Husky product, we'll replace it. No hassles, no guff.
- Made with American hands in the heartland.

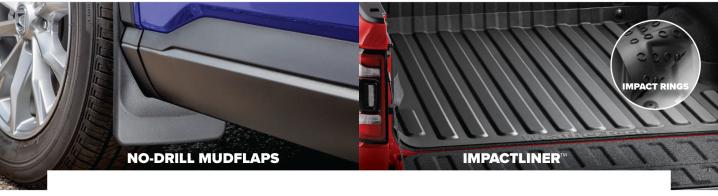

#### **LUVERNE**

Front 12" x 20" Rubber Mud Guards — Select RAM 1500, 2500, 3500; 2 Flaps 250930

#### **ELITE DEFENSE**

Offer premium truck protection to your customers. WeatherTech's No-Drill MudFlaps shield fenders from road debris. ImpactLiner has a textured surface to help keep cargo from sliding and impact rings to absorb blows from heavy cargo.

# **Endure ALX**

The Endure ALX utilizes an industry-first rotary latch system. Highly functional full bed access, with a polished exterior appearance.

The ALX uses a simple twist-and-lift Secure Rotary Release Latching System to open and close the cover without the use of tailgate clamps.

Extruded side weather seals offer the ultimate all-weather protection to guard gear from the elements.

Patented TPO panels resist dents, scratches, and UV-induced fading.

### WARN VR EVO WINCHES

### The new standard in standard-duty winches

VR EVO is covered by the industry-leading WARN® limited lifetime warranty (lifetime mechanical, and seven years on electrical components). They also feature waterproof IP68 construction, a convertible control for upright or low-profile mounting options, and your choice of synthetic or steel rope. Each is available in a range of pulling capacities up to 12,000 lbs.

- · Rugged, cast-aluminum tie plate for added strength and durability
- · Sealed Albright® contactor delivers the ultimate in reliability
- Low amp draw and fast line speed make VR EVO is the hardestworking standard-duty winch we've ever offered
- American engineering combined with internationally sourced manufacturing delivers the performance and value you demand

103252 (VR EVO 10, 90' of steel rope and roller fairlead)
103253 (VR EVO 10-S, 90' synthetic rope and hawse fairlead)

### WARN ZEON WINCHES

### Premium performance you can rely on

Tough, dependable, and built to last. The WARN ZEON® Winch is designed, engineered, tested and assembled in Warn's Clackamas Oregon plant. ZEON is the premium winch you can count on when the when the chips are down. And its backed by WARN, the original American off-road brand you can trust.

- · Designed, engineered and assembled in America
- · Full metal armor protects vital components from impact and damage
- Twice the corrosion resistance of entry-level winches
- · Line speed is 22% faster than our Standard Duty winches
- Busbars replace wires for greater electrical efficiency, superior connection, and a cleaner look
- · Larger diameter drum reduces rope stress for longer rope life
- · Backed by WARN's industry-leading limited lifetime warranty

PN 88990 (ZEON 10, 12V, hawse fairlead, 100' of Spydura synthetic rope) PN 89611 (ZEON 10-S, 12V, roller fairlead, 100' of steel rope)

### **ULTRAHOOK WINCH SHACKLE MOUNT**

Get the safety of closed-system winching with the versatility of having a hook

- Easy-to-install shackle mount with a hole machined into the hook's body. Shackle pin mounting hole accepts screw pins from common 3/4" and soft shackles up to 1/2"
- Safety latch with integrated latch lock pin allows for true closed system winching
- Includes 5/8" diameter aerospace-grade 6AI-4V grade V titanium double-shear pin
- EPDM rubber pads for fairlead protection, and a finger grip feature that promotes proper "Hook Up" orientation; also prevents rattling

- Can be used with line diameters up to 3/8"
- Engineered, Tested, and Made in USA. Patent pending

**VECTOR 6 / TITANIUM** 

# CONTINUM

The whole point of a weight distribution hitch is getting the correct amount of weight moved from the rear axles to the front axles of your vehicle. Current weight distribution hitches take an all-or-nothing approach: loaded or unloaded.

Our composite LITEFLEX® bars make it possible to fine-tune your setup with just the pump of a handle.
