# John Tann™ TRTL 60 x 6 High Security Safe

Trusted to Secure High-Value Assets since 1795.

HAMILTON
BY GUNNEBO®

# John Tann™. Built on Legacy. Proven Protection for High-Value Jewelry Environments

For over a century, John Tann™ has set the global standard in high-security safe engineering. Designed for jewelers, luxury retailers, and high-net-worth collections, John Tann™ safes combine certified burglary resistance, handmade craftsmanship, and discreet integration into modern retail spaces.

Whether protecting loose diamonds, precious metals, jewelry, or valuable inventory, John Tann™ delivers uncompromising security without sacrificing accessibility or overall design.

### DISTINCTIVE COLORS AVAILABLE

Applied using a premium industrial wet paint process, these textured finishes offer both sophisticated design appeal and exceptional durability.

### SIX-SIDED COMPOSITE BODY

An innovative, lightweight, multi-layered construction with reinforced steel, copper, aluminum and a high-strength proprietary composite mixture for full perimeter protection.

### ALARM SYSTEMS

Optional alarm features include a heat sensor and contact, as well as rate-of-rise, seismic, and vibration detectors.

### BOLTWORK

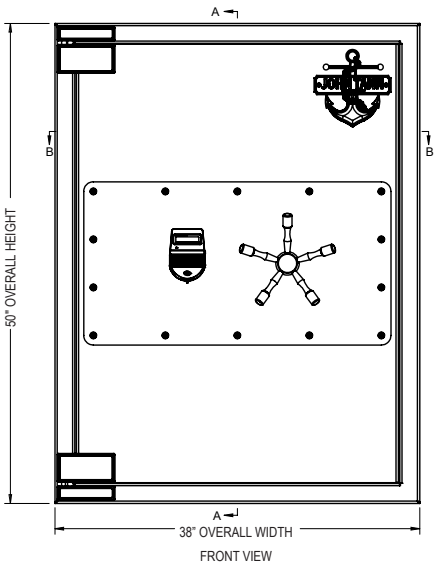

Robust 1" stainless bolts ensuring maximum strength and secure multi-point locking performance. Optional Relocker.

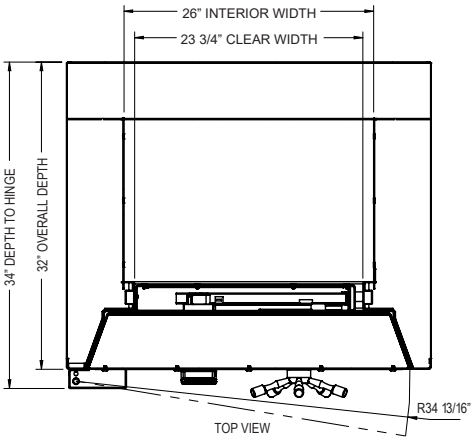

### LOCKS

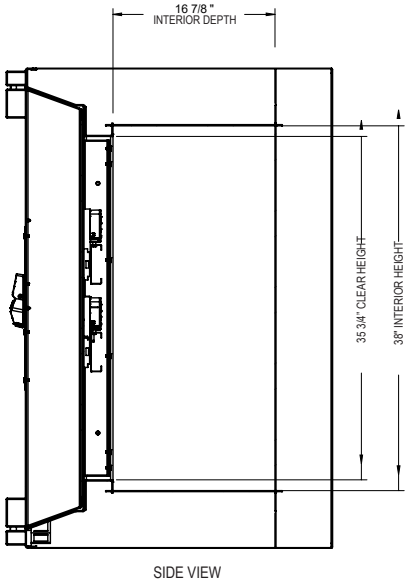

Secured by 1 or 2 mechanical or electronic locks. Dual configurations and Time Locks are available.
