Location: Online and In - Person in the UK. We only accept applicants living in the UK for the duration of the programme

Start date: February 2027

Compensation: Voluntary role with reasonable expenses paid when taking part in ONE activities

Time commitment: 3-4 hours per week, 4-5 in person days across 12 months

Age requirement: 18 -35 years

About this role

ONE has a network of Global Activists across Africa, Europe, and North America. We're fighting for a more just world by demanding the investments needed to create economic opportunities and healthier lives across Africa. In the UK, the ONE Ambassador Programme is a 10-month volunteer programme and we're recruiting for the 2027 cohort.

As a ONE Ambassador, you'll join a group of like-minded changemakers from across the UK, working alongside Ambassadors from Europe and thousands more activists globally. You'll advocate for, represent, and help shape ONE's campaigns. You'll have opportunities to engage political representatives on issues related to global health, climate, development financing, narrative change around Africa, and more.

Ambassadors receive expert training, access to high-profile events, in-depth policy briefings, and dedicated support from ONE's team. Ambassadors take part in a wide range of campaigns and advocacy actions and are expected to attend events both online and in person. This is an excellent opportunity for anyone who has or wants to build campaigning and advocacy skills and gain experience in international development.

If you believe that **none of us are equal until all of us are equal** and you want to help shape a world where people across Africa have access to economic opportunity and thriving, healthy lives, join us in building a more just world.
