Text of submission	<p>I am a qualified social worker, currently on maternity leave.</p> <p>I have worked for a number of years in the community sector and have frequently experienced insecure employment having worked for programs that only employ year to year. This has made planning for the future really difficult as I have spent most of my career feeling unsure about financial and employment security, making decisions about housing, children etc very difficult. The job I had for the two years before having my baby was a permanent one and was the first time in my entire work life I had had a permanent job in which I did not have to worry about my employment every year!</p>
