Text of submission	<p>As a full time teacher many assume that I am in a privileged position however I was once a part time teacher myself and my wife is still a casual TAFE teacher after 20 years. Every Christmas our household has the bleak prospect of having only one wage coming in until mid-March the following year. This along with never being sure of my wife's hours because of the way TAFE is structured creates insecurity and frequently anxiety in our household. As a true education professional my wife deserves way better than this level of ritualised insecurity.</p>
