

A lot goes into
a **G10 Van.**

LDV

Introducing the LDV G10 Van

LDV has a global reputation for building world class commercial vehicles and the LDV G10 Van is certainly no exception.

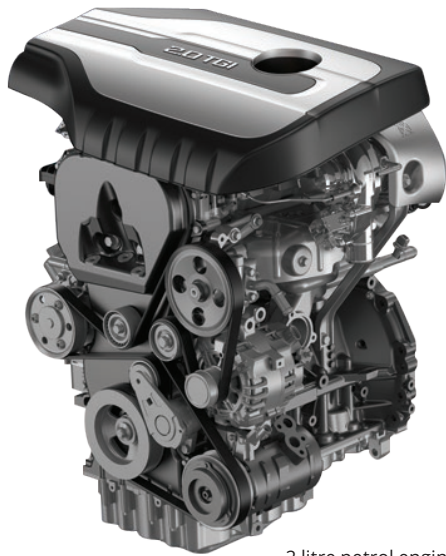

It is spacious enough to hold 5.2m³ of cargo, with a payload of up to 1093kg, and offers easy access through two sliding doors and a rear lift tailgate.

Add to this a long list of creature comforts and a choice of either a petrol or diesel engine and you have a van that covers all the bases.

All for a price that makes the G10 Van the best value one tonne van in Australia.

The **power** to perform

2 litre petrol engine

The G10's diesel engine is a 1.9 litre turbo diesel workhorse, generating 106kW of power and 350Nm of torque. The Variable Geometry Turbo (VGT) produces higher torque at a lower engine speed, resulting in reduced emissions and improved fuel efficiency, making light work of heavy loads. It's available with either an automatic or manual transmission.

The G10 petrol automatic's powerful 2.0 litre turbo charged petrol engine with Gasoline Direct Injection (GDI) and Double Variable Valve Timing (DVVT) produces an impressive output of up to 165kW of power and 330Nm of torque. The engine is matched to a 6 speed ZF automatic transmission delivering a responsive and quiet ride even under load. The transmission even has a manual override, useful for steep descents or challenging conditions.

The G10 manual's 2.4 litre multipoint fuel injected petrol engine delivers 105kW of power and 200Nm of torque, more than enough to get the job done.

Rear wheel drive combined with effortless power and torque ensure the G10 is a delight to drive, either around town or on the highway.

Diesel engine

A comfortable workplace

LDV has always taken driver comfort very seriously because a comfortable driver is a safer driver.

The spacious cabin has been designed with comfort in mind. The driver's seat is well padded with an arm rest and a range of adjustments ensuring comfortable driver positioning.

The steering wheel is tilt adjustable and there's a step and grab handle to make getting in and out of the van easier. There's also loads of storage space for your mobile office gear.

Yes, everything in the G10 is designed to make your working day a lot easier.

Features:

- ✓ Bluetooth
- ✓ Rear camera
- ✓ Alloy wheels
- ✓ Parking sensors
- ✓ Air conditioning
- ✓ Power front windows
- ✓ Power side mirrors
- ✓ Remote keyless entry.
- ✓ Cruise control (on automatic models only).

Made for **hard work**

The G10 Van makes hard work a whole lot easier. Its 5.2m³ cargo area has a payload of 1093kg.

Access is easy with two sliding doors as standard plus a rear lift tailgate which provides protection from the weather when loading. Rear barn doors are available as an option on the diesel models at additional cost.

The G10 has strong load tie down points both on the floor and on the wheel arches. There is a thick, tough floor covering throughout the vehicle and an interior lining that goes half way up the side walls to protect both the vehicle and your cargo.

And to make sure you are never left in the dark, there are four lights in the load area along with an integrated step on both sides. Too easy!

G10 Petrol Van.

Serious about **safety**

Safety is clearly a priority in the G10 Van. From the Lotus calibrated chassis, the ESP safety system by Bosch, to the braking system which includes Anti-skid brakes (ABS), Electronic brake force distribution (EBD) and Emergency brake assist (EBA). All coming together to ensure braking is optimal for any driving situation.

On top of that, the G10 has Electronic stability control (ESC) with Roll movement intervention (RMI), both driver and passenger airbags, rear fog lamps and a tyre pressure monitoring system.

When you consider that pedestrian safety hasn't been forgotten either, with the G10 offering both a rear camera and parking sensors, it's clear the G10 Van takes safety seriously.

Warranty for Peace of Mind

The LDV G10 gets a big tick for peace of mind with the reassurance of a comprehensive factory backed 3 year/100,000km* warranty.

The Reassurance of Roadside Assistance

All LDV G10s come with LDV Roadside Assist. In the event that your vehicle is immobilised, you can rest assured that LDV Roadside Assist will help you to continue your journey with the minimum of inconvenience to you and your passengers.

LDV Roadside Assist supports you and your vehicle for the period of your manufacturer's warranty, 24 hours a day, 7 days a week, 365 days a year.

Flexible Finance Options

LDV Finance provides financial solutions designed to provide flexibility, ease and peace of mind. So from the start of your journey with us, you'll remain firmly and comfortably in the driver's seat of the financial arrangement you choose for your new vehicle.

Nationwide Dealer Network

LDV owners have the backing of our nationwide dealer network, which provides comprehensive sales, service and parts back up wherever you may be. To find your nearest LDV dealer just go to ldvautomotive.com.au

World Class Reputation

LDV is one of Europe's most recognised commercial vehicle brands. Not only has LDV had sales success as a cargo and passenger van, it has also been selected by some of Europe's most respected fleets and is the recipient of numerous awards.

LDV is now a division of SAIC, a Fortune Global 500 company and the seventh largest car company in the world. SAIC sold close to six million vehicles in 2015 making it the largest automotive manufacturer in China. So it even ticks the reputation box.
