

Ford FOCUS ST

Go Further

Fast and Agile

Ford's famed 2.3-litre EcoBoost turbo engine is the most powerful ever offered for a Focus ST, using advanced turbocharging technology delivering 206kW of power and 420Nm of torque².

Take Your Pick

For the first time, the new Focus ST is available with a new 7-speed automatic transmission and 6-speed manual transmission. This along with Adaptive Shift Scheduling, which alters gearshift timings depending on different driving styles, delivers driving performance that is optimised whether you're on the road or the track.

Ride Quality

The Focus ST comes armed with Ford's sophisticated Continuously Controlled Damping technology. This smart system continuously monitors vehicle suspension. It then adjusts individual damping responses to deliver enhanced comfort and outstanding driving dynamics.

Control Through Corners

The Electronic Limited Slip Differential on the new Focus ST has been engineered to provide superior performance and stability. The system continuously analyses data from a range of sensors and can adjust the torque split between drive wheels within milliseconds. This improves traction, cornering and stability, meaning you can take corners more quickly whilst staying in control.

BUILT TO PERFORM

Blending track-day performance with everyday driving fun, Ford Performance have engineered the 2020 Focus ST hot-hatch to make the most of every driving experience.

Colour Range

*Prestige Paint is an option that incurs an additional charge.

Notes

Drive Modes

With Selectable Drive Modes, including Normal, Slippery, Sport and Track, you can seamlessly change between drive modes that suit the driving conditions and your driving scenario at the push of a button.

Take The Driver's Seat

So you get the most out of your Focus ST, it comes with race-inspired RECARO sport seats. Highly supportive, these seats are optimised to give you the perfect position for every drive.

No Strings Attached

No need for cables thanks to the sophisticated wireless charging pad. Charge your compatible device just by placing it on the pad.

Stay Focused

The Focus' 180-degree split view camera gives you incredible awareness of your surroundings. You'll be able to spot hazards that can't be seen over your shoulder or in the mirrors.

Listen Up

Not only does the Focus look good, it sounds good too, thanks to the B&O PLAY sound system. With 10 premium speakers it will transform your road trip with any playlist.

Speak Up

It's all in the power of the voice. With Apple CarPlay and Android Auto you'll be able to control music, hear text messages and find your nearest restaurant, all with voice commands*. Plus, the SYNC®3 system allows you to set and clear directions and view traffic conditions.

2020 Fiesta ST

Looking for something smaller but just as exciting? The new Ford Fiesta ST is the most responsive, engaging and fun-to-drive Fiesta ST ever. Featuring a range of sports technologies that enhance power, performance, cornering and agility, for a thrilling driving experience.

1. The 2.3L EcoBoost must be filled with 95RON (or E10) as a minimum. 2. All performance data for petrol models measured using 98RON fuel. 3. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. 4. Capless refuelling with misfuel inhibitor. 5. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay / Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 6. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. 7. Traffic Message Channel is currently provided through an arrangement with Intelematics Australia Pty Ltd (Intelematics). The ongoing provision of this feature cannot be guaranteed if Ford's arrangements with Intelematics cease for any reason. 8. Not all SYNC® and SYNC®3 features are compatible with all phones. For compatibility, see ford.com.au/sync. 9. Wireless Charging not compatible with all phones. 10. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate in some driving and road conditions (including at certain speeds) or adverse weather. 11. AEB with Pedestrian and Cyclist Detection operates at speeds between 5km/h and 80km/h. 12. Dynamic Stability Control also known as Electronic Stability Control. 13. Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off.
