SAFETY STANDARD

The Focus RS Limited Edition comes standard with Active City Stop,[#] Ford's low-speed Autonomous Emergency Braking (AEB) system. If sensors detect a potential collision, Active City Stop applies the brakes automatically to help avoid or minimise an impact.

UNAPOLOGETIC STYLE

The hugely popular Performance Wheel Pack comes standard on the Focus RS Limited Edition, with 19" Forged Black Alloy wheels and Michelin® Pilot Sport Cup 2 Tyres adding to the stylish good looks.

The Focus RS Limited Edition takes the striking styling, refined power and superb driving dynamics of the Focus RS to new levels of looks and performance. Designed to catch the eye and engineered to deliver every ounce of power from the 257kW 2.3L EcoBoost* engine, this RS Limited Edition will only be enjoyed by the lucky few.

STRAP IN

The deep, supportive RECARO® shell seats are made even more distinctive with a trim of Nitrous Blue leather, a striking connection between interior and the signature exterior paint.

PERFORMANCE PLUS

A mechanical Quaife® Limited Slip Differential (LSD) is standard for the front axle of every Focus RS Limited Edition, improving the already class-leading traction and responsiveness. The mechanical LSD cleverly distributes engine torque between the front wheels, counteracting wheel spin to enhance straight-line acceleration, cornering capability and vehicle stability.

BOLD LOOKS

The Focus RS Limited Edition boasts a bold and dynamic exterior. The unique Nitrous Blue paint makes an unmistakable statement, emphasised by Rear Privacy Glass and gloss painted Absolute Black highlights on roof, spoiler and mirror caps.

*All performance data measured using 98RON fuel.

Torque Vectoring Control
Tyre Pressure Monitoring System (TPMS)
Ford EcoMode (Driver Information System)

1. All performance data measured using 98RON fuel. 2. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that this fuel consumption figure will be achieved in real world driving conditions. Actual fuel consumption will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. 3. Bluetooth® is a registered trademark of Bluetooth SIG Inc., and is used under licence. 4. Not all SYNC® 3 features are compatible with all phones. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay / Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 5. Dynamic Stability Control also known as Electronic Stability Control. 6. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate in some driving and road conditions or adverse weather. Designed to operate at speeds up to 50km/h. 7. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate in some driving and road conditions or adverse weather. 8. To use Emergency Assistance, your phone must be paired through Bluetooth and in reception range.
