

Inside the incredibly spacious cabin, the Silverado is anything but truck-like. All three 2500HD LTZ models feature Jet Black, perforated leather-appointed front bucket seats. These luxurious seats are both heated and ventilated and feature 10-way power adjustment, 2-way power lumbar control and 2-position driver memory. To ensure the perfect driving position, power adjustable pedals also come standard. All the LTZ models also feature a manual tilt and telescoping steering column and a heated, leatherwrapped steering wheel with audio and cruise controls. Entertainment in the LTZ models is via a MyLink® Infotainment system with 8" diagonal, full-colour touchscreen. The system includes voice-activated technology, Apple CarPlay™ and Android Auto™ capability for compatible phones, Bluetooth audio streaming and hands-free smartphone integration, a 7-speaker BOSE sound system, USB ports and an auxiliary jack. As you would expect, dual-zone automatic climate control is also standard on the LTZ models along with an impressive range of driver-focused technologies including Hill Descent Control, Lane Departure Warning, Forward Collision Alert, Front and Rear Park Assist and a rear-view camera. Other thoughtful LTZ conveniences include remote start, a universal garage door opener, wireless phone charging and a power sliding rear window. This is luxury, space, comfort and practicality at its very best.
