Imagination is the world's most valuable resource. It's our window to the future, because if we can imagine it, we can create it. Mazda is built on a foundation of imagination and ingenuity. It's the fuel behind all we create and achieve. It has given us SKYACTIV TECHNOLOGY, 'KODO – Soul of Motion' design and countless successes that once existed only in someone's imagination. These pages show how imagination is an integral part of our innovative cars.

Takami Sedan in Soul Red Crystal Metallic.

EXPERIENCE SOME QUALITY TIME

Both inside and out, Mazda6 elevates quality and sophistication to an even higher level. Command the road with a new front grille, 19-inch alloy wheels and SKYACTIV-G 2.5T turbocharged petrol engine, delivering outstanding power and efficiency. While inside, you'll enjoy nappa leather[#] seats, real wood and Ultrasuede[®] trim and the latest safety and connectivity. It all comes together to create a car you'll want to spend some quality time in.

[#] Leather interior includes some Maztex material on selected high-impact surfaces.

Takami Sedan in Soul Red Crystal Metallic.

STRIKING FROM ANY ANGLE

'Mature Elegance' was the theme our designers explored when developing the Mazda6. Drawing on Mazda's signature Kodo 'Soul of Motion' design philosophy, key exterior elements of the vehicle have been reworked and reimagined to deliver dynamic, dignified beauty.

From the newly designed front grille, to the LED headlamps, everything is designed to work in harmony, creating a sense of powerful motion that flows from the front to the rear.

KODO : SOUL of MOTION

Takami Sedan with Oriental Brown Nappa Leather trim*

SUPERIOR QUALITY

Once you're immersed in the cabin, you'll quickly notice the elegant atmosphere created by quality finishes. The ventilated front seats, covered in beautiful nappa leather;# deliver a new level of luxury. While the sense of a truly connected drive is further enhanced by the stylish dash that envelops the driver. Through smart technology like MZD Connect, granting access to your device's functionality via a full-colour screen, you'll feel even further connected to the drive and the world around you.

* Leather interior includes some Maztex material on selected high-impact surfaces.

A STIRRING PERFORMANCE

Mazda6 has been finely tuned to offer you a performance that's electrifying as well as economical.

Choose from a 2.5 litre SKYACTIV-G turbocharged petrol engine, a 2.5 litre SKYACTIV-G petrol engine and a 2.2 litre diesel SKYACTIV-D engine and enjoy up to a massive 450Nm of torque.

Agile handling is delivered through a newly designed suspension system that elevates the quality of the ride.

Mazda6 also features i-ELOOP, which harvests braking energy to a capacitor, then reuses it to power on-board electrical systems and reduce fuel consumption. i-ELOOP is available on SKYACTIV-G 2.5L and SKYACTIV-D 2.2L engines.

FOR THE THRILL OF THE DRIVE

At Mazda we believe every one of our vehicles must offer the driver pure Zoom-Zoom; a driving experience that excites. But we also understand our deep responsibility to the environment. These two commitments led us to develop the breakthrough SKYACTIV TECHNOLOGY.

Mazda6 features SKYACTIV-VEHICLE DYNAMICS, a series of technologies that integrates control of the engine, transmission, chassis and body to enhance a sense of oneness between car and driver that we call Jinba Ittai. This system includes technology like i-stop, which preserves fuel by turning off the engine when you come to a stop. It also features further refinements, like a turbocharged petrol option and flattening the underbody to enhance aerodynamics. All of this has been done with efficiency and the thrill of the drive in mind.

*Combined fuel consumption figures are based on ADR 81/02 test results. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic, road conditions and how the vehicle is driven.

SKYACTIV-G 2.5T TURBO ENGINE

The first turbocharged engine to join the SKYACTIV-G series, the SKYACTIV-G 2.5T delivers both outstanding low and mid-range torque, with excellent fuel economy. The Dynamic Pressure Turbo system controls exhaust pulses to produce a huge 420Nm of torque and 170kW of power. Meanwhile the Cooled Exhaust Gas Recirculation (EGR) cycles cooled exhaust gas back into the air intake system, lowering the engine's fuel consumption and improving economy.

SKYACTIV-G 2.5L PETROL ENGINE

An advanced internal combustion engine achieves more performance from less fuel. Direct injection with a precise multi-hole system minimises fuel use. A unique piston design, featuring cylinder deactivation, allows for more effective fuel combustion – boosting power, lowering emissions and reducing fuel consumption when driving at constant speeds between 40-80km/h. Major reduction of internal friction liberates extra power, while a free-breathing 4-2-1 exhaust layout enhances efficiency and response. The 2.5 litre 4-cylinder engine delivers a potent 140kW of power and 252Nm of torque, using only 7.0 litres of fuel every 100km*.

SKYACTIV-D 2.2L DIESEL ENGINE

The responsive acceleration of High-Precision DE Boost Control combined with the sporty power delivery of up to an exceptional 5,500rpm makes Mazda6 more agile than ever. The 2.2 litre 4-cylinder engine produces 140kW and a muscular 450Nm of torque, using just 5.3 litres of fuel per 100km*. The two-stage turbocharger, featuring variable turbine geometry, maximises efficiency and output, and helps the SKYACTIV-D engine meet strict Euro stage V emissions standards without requiring expensive after-treatment of exhaust gases.

SKYACTIV-DRIVE AUTOMATIC TRANSMISSION

We've combined the best attributes of conventional automatic, continuously variable and dual clutch transmissions. The transmission locks up to couple directly with the engine over a wider spectrum than other automatics, delivering a more direct, manual-like power delivery and driving feel. Shifts are swift, accurate and smooth across the six speeds.

i-ELOOP

Mazda6 integrates our world-first energy regeneration system, i-ELOOP. As you decelerate, it harvests braking energy to a capacitor. This energy then powers electrical systems such as climate control, audio, headlamps and engine management, cutting fuel use in everyday traffic conditions when combined with i-stop. A capacitor allows much more efficient charging and discharging than conventional battery-based systems – full charge is attainable in under 10 seconds. Our clever i-stop system boosts fuel savings, by switching the engine off when you come to a stop. It then positions the engine perfectly for quick, seamless restarting.

SKYACTIV-CHASSIS

Every component has been designed to create an unrivalled sense of 'oneness' between car and driver. For agile handling with great ride comfort, the chassis combines firm bushings and closely optimised geometry. A highly rigid front suspension cross member combines with high-ratio electric power assist steering to quicken handling. Both front and rear cross members improve stiffness and lower weight, thanks to an innovative welding method.

STAY CONNECTED TO YOUR JOURNEY

Mazda6 not only enhances your driving world, but your world beyond it. MZD Connect brings you access to online content including social media, music, podcasts and more, simply by linking your compatible smartphone[§]. It can even read texts and emails aloud. Everything is centralised on a touch screen positioned so your attention remains on the road! The rotary multi-function commander puts all function control right at hand. Menu choice, audio and navigation can even be driven by voice command, so even when the drive takes you away, you're never out of touch.

[§] Please check the compatibility of your Bluetooth® device (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Visit mazdahandsfree.co.nz or consult your Mazda Dealer for further information.

[†] Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

EASY TO FOLLOW

Satellite navigation is clearly displayed on an 8-inch colour touch screen, which features spoken street names and advanced lane guidance.

COMFORTABLY IN COMMAND

Controlling menus and functions is intuitively easy with the rotary multi-function commander.

STAY IN TOUCH

MZD Connect links you to a wide range of web content via your compatible smartphone[§].

Takami with Pure White Nappa Leather trim*

TECHNOLOGY THAT INSPIRES

Mazda6's latest technology is not only designed to keep you safe, it's designed to inspire. The Active Driving Display allows to you focus on the road ahead† by projecting important data like current speed, navigation cues and traffic signage directly onto the windshield. In the Takami model, a seven-inch TFT LCD display sits within the centre meter, making access to driving information effortless. All models also give you the convenience of hands-free phone operation, music streaming via Bluetooth® and handy USB ports.

† Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

UPLIFTING AUDIO

With 231 watts of power over 11 speakers, Bose® digital audio delivers sublime music playback from Limited grade up.

PLUG AND PLAY

USB ports let you play music via compatible devices while also charging them. Auxiliary audio input is also featured.

SAFETY COMES FIRST

Mazda6 has a number of advanced safety tools at its disposal to help you combat the unexpected! Starting with world-class collision protection, provided by an extremely rigid body and SRS airbags as standard, along with disc brakes boasting ABS and Electronic Brake-force Distribution (EBD), which optimises braking depending on the load. Emergency Brake Assist (EBA) also boosts stopping power the instant emergency braking is sensed. Advanced Smart City Brake Support - Forward/Reverse (ASCBS-F/R) can detect vehicles and pedestrians ahead through its forward-sensing camera and help avoid or mitigate unavoidable collisions. If you do brake suddenly, Emergency Stop Signal (ESS) will automatically flash hazard lights to warn following drivers. While Hill Launch Assist (HLA) will keep the brakes applied for a short time when on an incline, giving you time to apply the accelerator and drive off smoothly. This means every drive in Mazda6 isn't just exciting, it's safe.

† Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

LIGHT THE WAY

Both the High Beam Control (HBC) and Adaptive LED Headlamps (AHL) systems detect oncoming and preceding vehicles and automatically switch between high and low beams during night driving. This makes it easier for the driver to recognise hazards and helps avoid dazzling other drivers.

READY TO REACT

If unexpected hazards appear suddenly, Dynamic Stability Control (DSC) acts instantly, braking the inner rear wheel to offset understeer (or outer front wheel to combat oversteer). The Traction Control System (TCS) also reduces torque to the driven wheels to minimise skidding, allowing you to steer around the hazard and stay in control.

ENJOY THE RIDE

By finely controlling engine torque based on the steering and accelerator inputs of the driver, G-Vectoring Control (GVC) improves both handling for the driver and ride quality for the passengers around corners.

STAY ONE STEP AHEAD WITH i-ACTIVSENSE

Mazda6 offers a wide range of advanced i-ACTIVSENSE safety technologies, with Driver Attention Alert (DAA), Advanced Smart City Brake Support - Forward/Reverse (ASCBS-F/R), Blind Spot Monitoring (BSM) and Rear Cross Traffic Alert (RCTA) standard across the range. Adaptive LED Headlamps have been further enhanced, Mazda Radar Cruise Control (MRCC) can now track the car in front at all speeds and our latest 360° view monitor has been adopted in Mazda6 for superior visibility. To further assist the driver,† Intelligent Speed Assist (ISA) allows you to limit your speed dynamically with the press of a button.

† i-ACTIVSENSE and other safety technologies are driver assist technologies only and should not be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

BLIND SPOT MONITORING (BSM)

By scanning external mirrors' blind spots, radars detect any unseen vehicles to help you avoid making hazardous lane changes. An LED icon on the relevant mirror is accompanied by beeping alerts. Standard across the range.

ADVANCED SMART CITY BRAKE SUPPORT - FORWARD/REVERSE (ASCBS-F/R)

Helps prevent, or lessen, low-speed impacts. Now with pedestrian detection, ASCBS-F/R monitors the vehicle in front to assess the possibility of a collision at forward speeds of 4-80km/h. If the system detects a high risk of impact, it issues visual and audible warnings and primes the brakes for faster response, should the driver brake. If the driver does not brake, the brakes are applied automatically. ASCBS-F/R also works in reverse at speeds of 2-8km/h. Standard across the range.

REAR CROSS TRAFFIC ALERT (RCTA)

RCTA assists you when you're reversing from a parking space, warning if a car is approaching from either side of your vehicle. The LED icon on both mirrors is accompanied by a beeping alert. Standard across the range.

HIGH BEAM CONTROL (HBC)

Get the extended vision of high beam, without needing to manually switch to low-beam. A camera detects oncoming cars' headlights, or the tail-lights of cars in front. The system automatically switches to low-beam, then back when it's safe. Low-beam is also selected in lit areas or at low speeds. Standard on GSX.

TRAFFIC SIGN RECOGNITION (TSR)/INTELLIGENT SPEED ASSIST (ISA)

The Traffic Sign Recognition System recognises Stop, No Entry and speed limit signs using the forward-sensing camera while driving. The detected speed limit is shown on the Active Driving Display. If the driver exceeds the speed limit, the traffic sign indication on the display flashes 3 times and a warning sound alerts the driver. Intelligent Speed Assist can also use this information to limit the speed of your vehicle dynamically with the press of a button. Standard across the range.

MAZDA RADAR CRUISE CONTROL (MRCC) WITH STOP & GO FUNCTION

MRCC automatically adjusts vehicle speed to maintain a safe distance from the car ahead. It's able to bring the car to a complete stop in traffic and take off again once traffic moves (if the stop is less than 3 seconds). If a complete stop exceeds 3 seconds, the car waits for the driver to initiate acceleration. Standard on Limited and Takami.

LANE DEPARTURE WARNING (LDW)/LANE-KEEP ASSIST SYSTEM (LAS)

Using a windscreen-mounted camera to monitor road lane markings, LDW sounds an audible warning if you're about to stray from your lane. LAS will act if it determines the vehicle is going to leave its lane by applying a degree of corrective steering. Standard across the range.

FORWARD OBSTRUCTION WARNING (FOW)/SMART BRAKE SUPPORT (SBS)

Operating at 15-160km/h, the system monitors the distance to vehicles in front and their speed. FOW senses if a collision is likely and prompts you to take evasive action via audible and visual alerts. If SBS senses a high risk of impact, it applies initial pressure to the brakes, enabling faster response should you brake. If you take evasive action, SBS deactivates. If no evasive action is taken, the brakes are applied automatically. Standard across the range.

ADAPTIVE LED HEADLAMPS (ALH)

Individual control of several LEDs allows precise adjustment of the lighting pattern. The system automatically broadens visibility at low speeds, shapes the high beam to help avoid dazzling other drivers and raises beam height at highway speeds to extend vision area. Standard on Limited and Takami.

GSX FEATURES

- » 17-inch gunmetal alloy wheels with 225/55 tyres
 - » LED headlamps (automatic) with LED turn lamp
 - » Daytime running lights (Halogen)
 - » Power mirrors (body coloured with heating and automatic folding function)
 - » Power windows with one-touch open/close function
 - » Rear spoiler (Wagon only)
 - » Roof rails (Wagon only)
 - » Dual exhausts with chrome extensions
 - » Wiper (rear) with intermittent function (Wagon only)
 - » Wipers (front) 2-speed with rain-sensing function
 - » Air-conditioning (dual-zone climate control) with rear vents
 - » Active Driving Display (ADD) - windscreen-projected
- » Rear-view mirror with automatic dimming function
 - » Bluetooth® hands-free phone and audio capability[§]
 - » 8-inch full colour touch screen display (MZD Connect)
 - » Multi-function commander control
 - » Audio system with: AM/FM tuner, USB input ports (iPod® compatible), AUX, Bluetooth® audio and 6 speakers
 - » Internet radio integration (Stitcher™ and Aha™)
 - » Electric parking brake with auto-hold function
 - » Leather wrapped: gear shift knob and steering wheel
 - » Paddle shift gear control
 - » Satellite navigation
 - » Seat trim: black sports cloth
 - » Front seats with: rake/slide/height adjustment and lumbar support (driver)
- » Rear seats: 60/40 split-fold with centre armrest and USB input ports
 - » ‘Karakuri’ cargo area tonneau cover (Wagon only)
 - » Advanced (proximity) keyless entry and push-button ignition
 - » Reversing camera†
 - » Parking sensors (front & rear)
 - » Automatic door lock (customisable)
 - » i-ACTIVSENSE safety*:
 - Advanced Smart City Brake Support
 - Forward/Reverse (ASCBS - F/R)
 - Blind Spot Monitoring (BSM)
 - Rear Cross Traffic Alert (RCTA)
 - High Beam Control (HBC)
 - Smart Brake Support (SBS)
 - Mazda Radar Cruise Control (MRCC) with Stop & Go function
 - Lane Departure Warning (LDW)
 - Lane-keep Assist System (LAS)
 - Driver Attention Alert (DAA)
 - Traffic Sign Recognition (TSR)
 - Intelligent Speed Assistance (ISA)
 - » mazdacare

POWERTRAIN

- SKYACTIV-G

 - » 2.5 litre petrol in-line 4 cylinder 16 valve DOHC S-VT petrol (SKYACTIV-G) engine with i-stop and i-ELOOP
 - » Drivetrain: FWD
 - » Fuel consumption (combined): 7.0L/100km*
 - » Maximum Power: 140kW @ 6,000rpm
 - » Maximum Torque: 252Nm @ 4,000rpm
 - » Transmission: 6-speed auto (SKYACTIV-Drive)
 - » G-Vectoring Control (GVC)
 - » Cylinder Deactivation
 - » Sedan or Wagon
- SKYACTIV-D

 - » 2.2 litre in-line 4 Cylinder 16 valve DOHC intercooled twin-turbo diesel (SKYACTIV-D) engine with i-stop and i-ELOOP
 - » Drivetrain: FWD
 - » Fuel consumption (combined): 5.3L/100km*
 - » Maximum Power: 140kW @ 4,500rpm
 - » Maximum Torque: 450Nm @ 2,000rpm
 - » Transmission: 6-speed auto (SKYACTIV-Drive)
 - » G-Vectoring Control (GVC)
 - » Wagon only

GSX Sedan in Sonic Silver Metallic.

GSX with Black Sports Cloth trim.

LOOKING SPORTY

17-inch alloy wheels not only look dynamic, they also add to the superb ride and handling of Mazda6.

FUNCTIONS BEAUTIFULLY

Rotary multi-function commander makes function and menu navigation simple.

CONTROL YOUR CLIMATE

Dual-zone climate control lets driver and passenger individually select their perfect temperature.

SAFE DISTANCE

Mazda Radar Cruise Control[†] with Stop & Go function automatically adjusts speed to maintain a safe distance from the car ahead, even in heavy traffic.

Mazda6
LIMITED

Limited Sedan in Machine Grey Metallic.

LIMITED FEATURES

ADDITIONAL TO GSX

- » 19-inch alloy wheels with 225/45 tyres
- » LED daytime running lights
- » LED tail-lamps
- » Power-sliding and tilt-glass sunroof
- » Privacy glass
- » Seat trim: Black or Pure White leather#
- » Front seats with: 2-position memory function (driver), 6-way power adjustment (passenger) and 10-way power adjustment (driver)
- » Front and rear seats with: heating function
- » Premium Bose® 231 watt amplifier and 11 speakers (including subwoofer)
- » i-ACTIVSENSE safety†:
- Adaptive LED Headlamps (ALH)

ENJOY MAZDA6 WITH CONFIDENCE

mazdacare[∞] is a comprehensive programme designed to make owning your new Mazda passenger vehicle as worry-free as possible. You will appreciate the back-up and motoring support offered through Mazda On Call. We know you will enjoy the advantage and ease of the mazdacare Genuine Scheduled Service Programme that comes standard with your new Mazda passenger vehicle, and you will be impressed with our 5 year/unlimited km Warranty.

3 year/100,000km Service at no additional cost*

We know you will enjoy the advantage and ease of the mazdacare Genuine Scheduled Service Programme that comes standard with your new Mazda passenger vehicle. Regular servicing is beneficial, keeping your Mazda in great shape for longer, saving you money in fuel, parts and keeping your vehicle safer on the road. That's why we offer 3 years or 100,000km (whichever occurs first) of mazdacare Genuine Mazda Scheduled Servicing at no extra cost.

Each service is carried out by Mazda factory trained Service Specialists using the latest in vehicle diagnostic equipment, in order to keep every Mazda operating at optimum driving performance and helping protect your investment in a car that enjoys excellent resale value.

5 year/unlimited km Roadside Assistance

You will appreciate the back-up and motoring support offered through Mazda On Call. If something goes wrong when you're travelling then we're here to help. Mazda On Call is a Roadside Assistance programme available to Mazda owners 24-hours a day, 365 days a year - included as part of your mazdacare cover. So, if you run out of fuel or lock your keys in the car, all you need to do is call 0800 800 626. Our support centres are ready to help out with any mechanical, medical and even legal advice you might need.

5 year/unlimited km New Passenger Vehicle Warranty[‡]

You'll be grateful for the peace of mind that comes with the 5 year, unlimited km manufacturer's warranty.

- 5 year/unlimited km New Passenger Vehicle Warranty.
- 5 year/unlimited km corrosion and anti-perforation warranty.

For more information on mazdacare, go to mazda.co.nz/mazdacare.

Driving enjoyment has an exciting future

We're working hard to make driving a Mazda even more rewarding. With cars that use less fuel, but produce more power. That are lighter, but contain more innovation. We call this breakthrough SKYACTIV TECHNOLOGY. It will let every Mazda deliver more driving pleasure while being kinder to the planet.

Find out more at mazdaskyactiv.co.nz.

Soul shines through.

A paint finish created for KODO

'KODO - Soul of Motion' is the dynamic design vision shaping the Mazda range. To bring these striking shapes to life we developed a special paint technology, TAKUMINURI. Soul Red Crystal Metallic and Machine Grey Metallic finishes combine an enhanced reflective treatment with high-chroma pigment to achieve stunningly vivid depth and contrast.

Accessories add enjoyment

The Mazda6 gives you dynamic performance and impressive features. And with Genuine Accessories by Mazda, Mazda6 ownership is even more enjoyable. They allow you to personalise your car, and protect your investment. What's more, they deliver superb design, quality and safety, all backed by a Genuine Mazda Warranty. Genuine Accessories by Mazda give you even more Zoom-Zoom. Visit mazda.co.nz to see all accessories available.

[∞] Your mazdacare support programme is effective from the first day of vehicle registration.

^{*} Mazda New Zealand covers all routine service maintenance costs including parts, lubricants and labour for the duration of the programme when service is performed by an authorised Mazda Dealer.

[‡] The 5 Year New Passenger Vehicle Warranty programme comprises a 3 year/unlimited km bumper-to-bumper factory warranty and a comprehensive Major Component and Safety System warranty for an additional 2 years/unlimited km. Therefore the total new vehicle warranty period is 5 years/unlimited km. Visit mazda.co.nz/passenger-vehicle-warranty to see full disclosure of items covered by the 5 year/unlimited km New Passenger Vehicle Warranty.
