

MAZDA 6

ZOOM-ZOOM

IMAGINATION DRIVES US

Imagination is the world's most valuable resource. It's our window to the future, because if we can imagine it, we can create it. Mazda is built on a foundation of imagination and ingenuity. It's the fuel behind all we create and achieve. It has given us Skyactiv Technology, 'Kodo — Soul of Motion' design and countless successes that once existed only in someone's imagination. These pages show how imagination is an integral part of our innovative cars.

Takami Sedan in Soul Red Crystal Metallic.

EXPERIENCE SOME QUALITY TIME

Both inside and out, Mazda6 elevates quality and sophistication to an even higher level. Command the road with a Skyactiv-G 2.5T turbocharged petrol engine and 19-inch alloy wheels, both available on the Takami grade. Inside, you'll enjoy nappa leather* seats, genuine Japanese 'Sen' wood and Ultrasuede® trim on the Takami grade and the latest safety and connectivity across the range. It all comes together to create a car you'll want to spend some quality time in.

*Leather interior includes some Maztex material on selected high-impact surfaces.

Takami Sedan in Soul Red Crystal Metallic.

STRIKING FROM ANY ANGLE

‘Mature Elegance’ was the theme our designers explored when developing Mazda6. Drawing on Mazda’s signature Kodo ‘Soul of Motion’ design philosophy, key exterior elements of the vehicle have been reworked and reimagined to deliver dynamic, dignified beauty.

From the sleek side profile to the LED headlamps, everything is designed to work in harmony, creating a sense of powerful motion that flows from the front to the rear.

KODO : SOUL of MOTION

Takami with Oriental Brown Nappa Leather trim*

SUPERIOR QUALITY

Once you're immersed in the cabin, you'll quickly notice the elegant atmosphere created by quality finishes. On the Takami grade, the ventilated front seats, covered in beautiful nappa leather,* deliver a new level of luxury. While the sense of a truly connected drive is further enhanced by the stylish dash that envelops the driver. Through smart technology like MZD Connect, granting access to your device's functionality via a full-colour screen, you'll feel even further connected to the drive and the world around you.

*Leather interior includes some Maztex material on selected high-impact surfaces.

A STIRRING PERFORMANCE

Mazda6 has been finely tuned to offer you a performance that's electrifying as well as economical.

Choose from a 2.5L Skyactiv-G petrol engine and a 2.5L Skyactiv-G turbocharged petrol engine and enjoy up to a massive 420Nm of torque.

Agile handling is delivered through a newly designed suspension system that elevates the quality of the ride.

Mazda6 also features i-ELOOP, which harvests braking energy to a capacitor, then reuses it to power on-board electrical systems and reduce fuel consumption. i-ELOOP is available on Skyactiv-G 2.5L petrol engines.

FOR THE THRILL OF THE DRIVE

At Mazda we believe every one of our vehicles must offer the driver pure Zoom-Zoom; a driving experience that excites. But we also understand our deep responsibility to the environment. These two commitments led us to develop the breakthrough Skyactiv Technology. Mazda6 features Skyactiv-Vehicle Dynamics, a series of technologies that integrates control of the engine, transmission, chassis and body to enhance a sense of oneness between car and driver that we call Jinba Ittai. This system includes technology like i-stop, which preserves fuel by turning off the engine when you come to a stop. It also features further refinements, like a turbocharged petrol option and flattening the underbody to enhance aerodynamics. All of this has been done with efficiency and the thrill of the drive in mind.

*Combined fuel consumption figures are based on ADR 81/02 test results. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic, road conditions and how the vehicle is driven.

SKYACTIV-G 2.5T TURBO ENGINE

The first turbocharged engine to join the Skyactiv-G series, the Skyactiv-G 2.5T delivers both outstanding low and mid-range torque, with excellent fuel economy. The Dynamic Pressure Turbo system controls exhaust pulses to produce a huge 420Nm of torque and 170kW of power. Meanwhile the Cooled Exhaust Gas Recirculation (EGR) cycles cooled exhaust gas back into the air intake system, lowering the engine's fuel consumption and improving economy.

SKYACTIV-G 2.5L PETROL ENGINE

An advanced internal combustion engine achieves more performance from less fuel. Direct injection with a precise multi-hole system minimises fuel use. A unique piston design, featuring cylinder deactivation, allows for more effective fuel combustion – boosting power, lowering emissions and reducing fuel consumption when driving at constant speeds between 40-80km/h. Major reduction of internal friction liberates extra power, while a free-breathing 4-2-1 exhaust layout enhances efficiency and response. The 2.5 litre 4-cylinder engine delivers a potent 140kW of power and 252Nm of torque, using only 7.0 litres of fuel every 100km.*

i-ELOOP

Mazda6 integrates our world-first energy regeneration system, i-ELOOP. As you decelerate, it harvests braking energy to a capacitor. This energy then powers electrical systems such as climate control, audio, headlamps and engine management, cutting fuel use in everyday traffic conditions when combined with i-stop. A capacitor allows much more efficient charging and discharging than conventional battery-based systems – full charge is attainable in under 10 seconds. Our clever i-stop system boosts fuel savings, by switching the engine off when you come to a stop. It then positions the engine perfectly for quick, seamless restarting.

SKYACTIV-DRIVE AUTOMATIC TRANSMISSION

We've combined the best attributes of conventional automatic, continuously variable and dual clutch transmissions. The transmission locks up to couple directly with the engine over a wider spectrum than other automatics, delivering a more direct, manual-like power delivery and driving feel. Shifts are swift, accurate and smooth across the six speeds.

SKYACTIV-CHASSIS

Every component has been designed to create an unrivalled sense of 'oneness' between car and driver. For agile handling with great ride comfort, the chassis combines firm bushings and closely optimised geometry. A highly rigid front suspension cross member combines with high-ratio electric power assist steering to quicken handling. Both front and rear cross members improve stiffness and lower weight, thanks to an innovative welding method.

STAY CONNECTED TO YOUR JOURNEY

Mazda6 not only enhances your driving world, but your world beyond it. MZD Connect brings you access to online content including social media, music, podcasts and more, simply by linking your compatible smartphone[§]. It can even read texts and emails aloud. Everything is centralised on a touch screen positioned so your attention remains on the road! The rotary multi-function commander puts all function control right at hand. Menu choice, audio and navigation can even be driven by voice command, so even when the drive takes you away, you're never out of touch.

[§] Please check the compatibility of your Bluetooth® device (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Visit mazdahandsfree.co.nz or consult your Mazda Dealer for further information.
[†] Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

EASY TO FOLLOW
Satellite navigation is clearly displayed on an 8-inch colour touch screen, and features spoken street names and advanced lane guidance.

COMFORTABLY IN COMMAND
Controlling menus and functions is intuitively easy with the rotary multi-function commander.

SMART CONNECTIVITY
Connect our compatible smartphone to your MZD Connect system and you now have access to Apple CarPlay™ and Android Auto™. All your contacts, apps and more are now available at the push of a button[§].

TECHNOLOGY THAT INSPIRES

Mazda6's latest technology is not only designed to keep you safe, it's designed to inspire. The Active Driving Display allows to you focus on the road ahead,[†] by projecting important data like current speed, navigation cues and traffic signage directly onto the windshield. On the Takami grade, a seven-inch digital LCD display sits within the centre meter, making access to driving information effortless. All models also give you the convenience of hands-free phone operation, music streaming via Bluetooth® and handy USB ports.

[†] Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

UPLIFTING AUDIO

With 231 watts of power through 11 speakers, Bose® digital audio delivers sublime music playback on Takami models.

PLUG AND PLAY

USB ports let you connect to Apple CarPlay™ and Android Auto™ and play music via compatible devices while also charging them. Auxiliary audio input is also featured.

Takami with Oriental Brown Nappa Leather trim.[‡]

LOSE YOURSELF IN LUXURY

The spacious Mazda6 accommodates five people in a cabin that embodies quality. Thick padding and wide seat cushions create a comfortable and inviting look that extends throughout the vehicle. An impressive variety of interior colours, wood trim and leathers[#], plus details such as a storage compartment in the rear centre armrest, further continue this theme.

Cargo is carefully considered too. Both sedan and wagon feature 60/40 split-folding rear seats, extending the generous luggage area to accommodate unusually shaped items. The wagon's clever seats unlatch and fold in a fluid move, creating a virtually flat floor.

[#]Leather interior includes some Maztex material on selected high-impact surfaces.

SAFETY COMES FIRST

Mazda6 has a number of advanced safety tools at its disposal to help you combat the unexpected.[†] Starting with world-class collision protection, provided by an extremely rigid body and SRS airbags as standard, along with disc brakes boasting ABS and Electronic Brake-force Distribution (EBD), which optimises braking depending on the load. Emergency Brake Assist (EBA) also boosts stopping power the instant emergency braking is sensed. Advanced Smart City Brake Support - Forward/Reverse (ASCBS-F/R) can detect vehicles and pedestrians ahead through its forward-sensing camera and help avoid or mitigate unavoidable collisions. If you do brake suddenly, Emergency Stop Signal (ESS) will automatically flash hazard lights to warn following drivers. While Hill Launch Assist (HLA) will keep the brakes applied for a short time when on an incline, giving you time to apply the accelerator and drive off smoothly. This means every drive in Mazda6 isn't just exciting, it's safe.

[†]Driver-assistance features do not replace the driver's judgement and are not to be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

Takami Wagon in Machine Grey Metallic.

LIGHT THE WAY

High Beam Control (HBC) detects oncoming and preceding vehicles and automatically switches between high and low beams during night driving. This makes it easier for the driver to recognise hazards and helps avoid dazzling other drivers.

READY TO REACT

If unexpected hazards appear suddenly, Dynamic Stability Control (DSC) acts instantly, braking the inner rear wheel to offset understeer (or outer front wheel to combat oversteer). The Traction Control System (TCS) also reduces torque to the driven wheels to minimise skidding, allowing you to steer around the hazard and stay in control.

ENJOY THE RIDE

G-Vectoring Control Plus (GVC Plus) uses precise control of engine torque and brakes to enhance vehicle stability, providing a safe, secure and comfortable ride for all passengers in every driving scenario, particularly when cornering.

STAY ONE STEP AHEAD WITH i-ACTIVSENSE

Mazda6 offers a wide range of advanced i-ACTIVSENSE safety technologies, with Driver Attention Alert (DAA), Advanced Smart City Brake Support – Forward/Reverse (ASCBS-F/R), Blind Spot Monitoring (BSM) and Rear Cross Traffic Alert (RCTA) standard across the range. Adaptive LED Headlamps have been further enhanced, Mazda Radar Cruise Control (MRCC) can now track the car in front at all speeds and our latest 360° view monitor has been adopted in Mazda6 for superior visibility. To further assist the driver,[†] Intelligent Speed Assist (ISA) allows you to limit your speed dynamically with the press of a button.

[†] i-ACTIVSENSE and other safety technologies are driver assist technologies only and should not be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

BLIND SPOT MONITORING (BSM)
By scanning external mirrors' blind spots, radars detect any unseen vehicles to help you avoid making hazardous lane changes. An LED icon on the relevant mirror is accompanied by beeping alerts. Standard across the range.

ADVANCED SMART CITY BRAKE SUPPORT - FORWARD/REVERSE (ASCBS-F/R)
Helps prevent, or lessen, low-speed impacts. Now with pedestrian detection, ASCBS-F/R monitors the vehicle in front to assess the possibility of a collision at forward speeds of 4-80km/h. If the system detects a high risk of impact, it issues visual and audible warnings and primes the brakes for faster response, should the driver brake. If the driver does not brake, the brakes are applied automatically. ASCBS-F/R also works in reverse at speeds of 2-8km/h. Standard across the range.

REAR CROSS TRAFFIC ALERT (RCTA)
RCTA assists you when you're reversing from a parking space, warning if a car is approaching from either side of your vehicle. The LED icon on both mirrors is accompanied by a beeping alert. Standard across the range.

HIGH BEAM CONTROL (HBC)
Get the extended vision of high beam, without needing to manually switch to low-beam. A camera detects oncoming cars' headlights, or the tail-lights of cars in front. The system automatically switches to low-beam, then back when it's safe. Low-beam is also selected in lit areas or at low speeds. Standard on GSX.

TRAFFIC SIGN RECOGNITION (TSR)/INTELLIGENT SPEED ASSIST (ISA)
The Traffic Sign Recognition System recognises Stop, No Entry and speed limit signs using the forward-sensing camera while driving. The detected speed limit is shown on the Active Driving Display. If the driver exceeds the speed limit, the traffic sign indication on the display flashes 3 times and a warning sound alerts the driver. Intelligent Speed Assist can also use this information to limit the speed of your vehicle dynamically with the press of a button. Standard across the range.

MAZDA RADAR CRUISE CONTROL (MRCC) WITH STOP & GO FUNCTION
MRCC automatically adjusts vehicle speed to maintain a safe distance from the car ahead. It's able to bring the car to a complete stop in traffic and take off again once traffic moves (if the stop is less than 3 seconds). If a complete stop exceeds 3 seconds, the car waits for the driver to initiate acceleration. Standard across the range.

LANE DEPARTURE WARNING (LDW)/LANE-KEEP ASSIST SYSTEM (LAS)
Using a windscreen-mounted camera to monitor road lane markings, LDW sounds an audible warning if you're about to stray from your lane. LAS will act if it determines the vehicle is going to leave its lane by applying a degree of corrective steering. Standard across the range.

FORWARD OBSTRUCTION WARNING (FOW)/SMART BRAKE SUPPORT (SBS)
Operating at 15-160km/h, the system monitors the distance to vehicles in front and their speed. FOW senses if a collision is likely and prompts you to take evasive action via audible and visual alerts. If SBS senses a high risk of impact, it applies initial pressure to the brakes, enabling faster response should you brake. If you take evasive action, SBS deactivates. If no evasive action is taken, the brakes are applied automatically. Standard across the range.

ADAPTIVE LED HEADLAMPS (ALH)
Individual control of several LEDs allows precise adjustment of the lighting pattern. The system automatically broadens visibility at low speeds, shapes the high beam to help avoid dazzling other drivers and raises beam height at highway speeds to extend vision area. Standard on Takami.

MAZDA 6
GSX

GSX Sedan in Sonic Silver Metallic.

GSX FEATURES

- » 17-inch gunmetal alloy wheels with 225/55 tyres
 - » LED headlamps (automatic) with LED turn lamp
 - » Daytime running lights (halogen)
 - » Power mirrors (body coloured with heating and automatic folding function)
 - » Power windows with one-touch open/close function
 - » Rear spoiler (wagon only)
 - » Roof rails (wagon only)
 - » Dual exhausts with chrome extensions
 - » Wiper (rear) with intermittent function (wagon only)
 - » Wipers (front) 2-speed with rain-sensing function
 - » Air-conditioning (dual-zone climate control) with rear vents
 - » Active Driving Display (ADD) – windscreen-projected
 - » Rear-view mirror with automatic dimming function
- » Bluetooth® hands-free phone and audio capability§
 - » 8-inch full colour touch screen display (MZD Connect)
 - » Apple CarPlay™ and Android Auto™ connectivity
 - » Multi-function commander control
 - » Audio system with: AM/FM tuner, USB input ports (iPod® compatible), AUX, Bluetooth® audio and 6 speakers
 - » Internet radio integration (Stitcher™ and Aha™)
 - » Electric parking brake with auto-hold function
 - » Leather wrapped: gear shift knob and steering wheel
 - » Paddle shift gear control
 - » Satellite navigation
 - » Seat trim: black sports cloth
 - » Front seats with: rake/slide/height adjustment and lumbar support (driver)
 - » Rear seats: 60/40 split-fold with centre armrest and USB input ports
- » ‘Karakuri’ cargo area tonneau cover (wagon only)
 - » Advanced (proximity) keyless entry and push-button ignition
 - » Reversing camera†
 - » Parking sensors (front & rear)
 - » Automatic door lock (customisable)
 - » Tyre Pressure Monitoring System (TPMS)†
 - » i-ACTIVSENSE safety†:
 - Advanced Smart City Brake Support - Forward/Reverse (ASCBS - F/R)
 - Blind Spot Monitoring (BSM)
 - Rear Cross Traffic Alert (RCTA)
 - High Beam Control (HBC)
 - Smart Brake Support (SBS)
 - Mazda Radar Cruise Control (MRCC) with Stop & Go function
 - Lane Departure Warning (LDW)
 - Lane-keep Assist System (LAS)
 - Driver Attention Alert (DAA)
 - Traffic Sign Recognition (TSR)
 - Intelligent Speed Assistance (ISA)
 - » Mazdacare

POWERTRAIN

SKYACTIV-G

- » 2.5 litre in-line 4 cylinder 16 valve DOHC S-VT petrol (Skyactiv-G) engine with i-stop and i-ELOOP
 - » Drivetrain: FWD
 - » Fuel consumption (combined): 7.0L/100km*
- » Maximum power: 140kW @ 6,000rpm
 - » Maximum torque: 252Nm @ 4,000rpm
 - » Transmission: 6-speed auto (Skyactiv-Drive)
 - » G-Vectoring Control Plus (GVC-Plus)
 - » Cylinder Deactivation

GSX with Black Sports Cloth trim.

LOOKING SPORTY

17-inch alloy wheels not only look dynamic, they also add to the superb ride and handling of Mazda6.

ACCESS YOUR APPS

Connect your compatible smartphone and access Apple CarPlay™ and Android Auto.†

CONTROL YOUR CLIMATE

Dual-zone climate control lets driver and passenger individually select their perfect temperature.

SAFE DISTANCE

Mazda Radar Cruise Control† with Stop & Go function automatically adjusts speed to maintain a safe distance from the car ahead, even in heavy traffic.

MAZDA 6
TAKAMI

Takami Sedan in Soul Red Crystal Metallic.

TAKAMI FEATURES

ADDITIONAL TO GSX

- » 19-inch alloy wheels with 225/45 tyres
- » LED daytime running lights
- » LED tail-lamps
- » Power-sliding and tilt-glass sunroof
- » Privacy glass
- » Seat trim: Oriental Brown or Pure White Nappa leather*
- » Front seats with: 2-position memory function (driver), 6-way power adjustment (passenger), 10-way power adjustment (driver) and ventilation function
- » Front and rear seats with: heating function
- » Premium Bose® 231 watt amplifier and 11 speakers (including subwoofer)
- » Heated steering wheel
- » 7-inch digital LCD multi-information meter display
- » Ambient lighting (LED)
- » Black cabin headliner
- » Frameless rear-view mirror with auto-dimming function
- » Genuine Japanese ‘Sen’ wood door and dashboard trim inserts
- » Ultrasuede® door and dashboard trim inserts
- » 360° View Monitor†
- » i-ACTIVSENSE safety†: - Adaptive LED Headlamps (ALH)

POWERTRAIN

SKYACTIV-G

- » 2.5 litre turbo in-line 4 cylinder 16 valve DOHC S-VT petrol (Skyactiv-G 2.5T) engine with i-stop
- » Drivetrain: FWD
- » Fuel consumption (combined): 7.6L/100km*
- » Maximum power: 170kW @ 5,000rpm
- » Maximum torque: 420Nm @ 2,000rpm
- » Transmission: 6-speed auto (Skyactiv-Drive)
- » G-Vectoring Control Plus (GVC-Plus)

4-door sedan

5-door wagon

Leather interior includes some Maztex material on selected high-impact surfaces.

† i-Activsense and other safety technologies are driver assist technologies only and should not be used in place of skilled and safe driving practices. It is the driver’s sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

ENJOY MAZDA6 WITH CONFIDENCE

MAZDACARE

Mazdacare* is a comprehensive programme designed to make owning your new Mazda6 as worry-free as possible.

3 YEAR/100,000 KILOMETRE SERVICING AT NO EXTRA COST^
Your new Mazda6 includes 3 years or 100,000km (whichever occurs first) of Mazdacare Genuine Mazda Scheduled Servicing at no extra cost. Each service is carried out by a Mazda factory-trained Service Specialist using the latest in vehicle diagnostic equipment, to help maintain optimum driving performance and protect your investment.

5 YEAR/UNLIMITED KILOMETRE NEW VEHICLE WARRANTY†
The quality built into your new Mazda6 is backed by a 5 year, unlimited kilometre manufacturer's warranty.

- 3 year/unlimited kilometre Comprehensive New Vehicle Warranty (Years 1 - 3).
- 2 year/unlimited kilometre Major Component and Safety System Warranty (Years 4 & 5).
- 5 year/unlimited kilometre Corrosion and Anti-Perforation Warranty.

5 YEAR/UNLIMITED KILOMETRE MAZDA ON-CALL ROADSIDE ASSISTANCE
Included in your Mazdacare cover is the back-up and motoring support offered through Mazda On Call. Whether it's a flat battery, keys locked in vehicle, accident support or a flat tyre, we've got you covered, anywhere, day or night, any time of the year. Our support centres are ready to help with any advice you may need. Call 0800 800 626.

For more information on Mazdacare, go to mazda.co.nz/mazdacare

*Your Mazdacare support programme is effective from the first day of vehicle registration.
^Mazda New Zealand covers all routine service maintenance costs including parts, lubricants and labour for the duration of the programme when service is performed by an authorised Mazda Dealer.
†Visit mazda.co.nz/passenger-vehicle-warranty to see full disclosure of items covered by the 5 year/unlimited km New Passenger Vehicle Warranty.
