THE NISSAN PATROL

For decade upon decade the Nissan Patrol has etched its way into the Australian psyche, through incredible versatility, capability, performance and an iconic ruggedness that, to this day, remains unparalleled. With such a strong foundation to build upon, the Nissan Patrol brings this off-roading juggernaut into the modern day and beyond, carrying with it not only a reputation but a refinement that has to be experienced to be understood.

Make no mistake; the Nissan Patrol V8 is the most powerful 4x4 in its class*. With modern lines, innovative safety features, Nissan Intelligent Mobility technologies, unimaginable comforts and more, the Nissan Patrol brings sophistication and capability to a whole new level.

*Class refers to Upper Large SUV ($100k VFACTS Market Segmentation).
NISSAN INTELLIGENT DRIVING

OFF-ROAD CAPABILITY

The Nissan Patrol brings with it the technology, design and forethought needed to tackle almost any terrain. For instance, the Intelligent 4x4 technology allows the driver to switch between a range of different modes, including sand, on-road, rock and snow with the push of a button. Hill Start Assist and Hill Descent Control systems give the driver the utmost confidence to take the road less traveled. When that road gets that much tougher, the driver can engage the electronic rear differential lock with the push of a button. When it comes to the Nissan Patrol, capability is everything.

HILL DESCENT CONTROL

Ensure you command the downhill rather than the other way around with the advanced Hill Descent Control and do it all with the simple push of a button.

REAR DIFFERENTIAL LOCK

The electronic rear diff lock allows you to paint traction in even the toughest conditions with the simple push of a button.

HYDRAULIC BODY MOTION CONTROL

The Hydraulic Body Motion Control (HBMC) suspension system has been implemented to reduce unwanted body movement as you travel on or off-road. The HBMC suspension system provides better traction through rough terrain. HBMC plays both the role of shock absorbers and stabiliser bars, allowing for full wheel travel, meaning your wheels will stay firmly on the ground when you’re off the beaten track. The HBMC system provides the balance and superior cornering by monitoring force and then distributing pressure to either the outer or inner double wishbone suspension system. This HBMC system delivers a smoother ride, safer cornering and overall enhanced stability.
POWER AND PERFORMANCE

The Nissan VK56VD 5.6 litre V8 Direct Injection Gasoline (DIG) engine gives the Patrol power to overcome just about anything. The engine features Variable Valve Event and Lift (VVEL) technology and is capable of delivering 298kW of power and an exceptional 560Nm of torque. 3,500kg* of braked towing capacity delivers unrivalled practicality to the driver. A seven-speed automatic transmission ensures that the raw power of this incredible engine is put to good use.

*Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download.
Reach new destinations as the Nissan Patrol gives you technology you need and more. Technologies that include the practical, the useful, and the almost indulgent. Technologies such as the Satellite Navigation System with 8” colour touch screen, Bluetooth® hands free and audio streaming, 8-inch multi-format screens* in the second row, tri-zone climate control, Intelligent Key® with push button start and remote keyless entry.

**8” COLOUR TOUCH SCREEN**

With so much information, the 8” colour touch screen with satellite navigation puts everything you need at an arm’s reach – helping you get to where you’re going.

**BOSE® PREMIUM AUDIO SYSTEM**

Thirteen speakers strategically placed throughout the interior provide a rich sound that upgrades your listening experience. The Bose® premium sound system is custom-tuned by Bose® engineers to take advantage of the unique interior acoustics inside the Nissan Patrol.

Ti-L model interior. *Ti-L model only.
INTELLIGENT AROUND VIEW® MONITOR

The Intelligent Around View® Monitor uses four cameras to give you a virtual composite 360° bird’s-eye view of your vehicle, with selectable split-screen close ups of the front, rear, and kerbside views, so you can get a better look. Moving Object Detection can detect moving objects near the vehicle, and can give you a visual and audible alert.

INTELLIGENT CRUISE CONTROL

With Intelligent Cruise Control, the Nissan Patrol takes the effort out of going with the flow. Instead of sticking to a fixed speed, it senses what the traffic in front is doing and can speed up, or slow down for you.

*Driver’s aid only and should not be used as a substitute for safe driving practices. Always monitor your surroundings when driving.

This model only. Driver’s aid only and should not be used as a substitute for safe driving practices. Always monitor your surroundings when driving.
The Nissan Patrol comes equipped with a huge array of technologies that will ensure your driving safety. Across the range, you’ll find technologies like Tyre Pressure Monitoring System, Intelligent Around View Monitor and Hill Descent Control. On the Ti-L, you’ll find Intelligent Cruise Control, Intelligent Blind Spot Intervention, Forward Collision Warning, Intelligent Rear View Mirror and Intelligent Lane Intervention.

**INTELLIGENT REAR VIEW MIRROR**
The Nissan Intelligent Rear View Mirror (I-RVM) has been innovatively designed to help drivers “see around” second and back row interior obstacles, improving visibility and helping maintain a clear view of the conditions and traffic behind them.

**EMPOWER YOUR SAFETY IN THE NISSAN PATROL**

**INTELLIGENT BLIND-SPOT INTERVENTION**
Smart technology like the innovative Blind Spot warning and intervention system detects vehicles in your blind spot and alerts you via an audible alarm. If, for instance you continue to change lanes and the car in your blind spot also continues to proceed, the system will initiate, gently braking one side of the vehicle, bringing your vehicle back to your original lane position, well out of harm’s way.

**FORWARD COLLISION WARNING**
On the Nissan Patrol Ti-L model, you’ll feel at ease with the Forward Collision Warning system (FCW). Using a front distance sensor, FCW will detect the risk of a forward collision and prompt the driver to brake with an alarm. When the system judges that a collision cannot be prevented, Intelligent Brake Assist (IBA) is activated to help the driver reduce the rear-end collision speed by applying the brakes.

- VK56VD 5.6 litre VVEL V8 petrol engine with 298kW and 560Nm
- 7 speed automatic transmission with Manual Mode and Adaptive Shift Control (ASC)
- Intelligent 4x4
- Electronic rear differential lock and Limited Slip Differential (LSD)
- Hill Descent Control (HDC)
- Hill Start Assist (HSA)
- Front and rear ventilated disc brakes
- Driver and front passenger front and side airbags
- Curtain airbags all 3 rows
- Anti-lock Braking System (ABS) and Electronic Brakeforce Distribution (EBD)
- Vehicle Dynamic Control (VDC)
- Off road monitor
- Intelligent Around-View Monitor with Moving Object Detection
- Front and rear parking sensors
- LED rear combination lamps
- 18" alloy wheels
- Heated door mirrors with power adjustment/folding & integrated indicator lights
- Cruise control
- Audio system with CD/DVD, AM/FM radio, MP3 and USB / iPod¹ connectivity with Bluetooth® audio streaming
- Satellite Navigation with 3D mapping and 8" Integrated colour display with touch screen
- Traffic Monitoring System
- 6 speakers
- Bluetooth® handsfree phone system with steering wheel controls
- Tri-zone climate control air conditioning
- Intelligent key™ with remote keyless entry
- 8 seat capacity
- 8-way power adjustable driver seat including height adjustment and lumbar support
- 6-way power adjustable front passenger seat
- Tyre Pressure Monitoring System (TPMS)
- Hydraulic Body Motion Control suspension (HBMC)
- Leather accented seat trim
- Automatic headlights
- Electric glass tilt and side sunroof
- Front fog lights
- Follow Me Home headlight function

*Ipod is a registered trade mark of Apple Inc.
All the features of the Ti plus/or:

- 7 seat capacity
- Driver’s seat memory with two settings, including side mirrors and steering column position
- First row centre console cool box
- 13 premium BOSE® speakers
- Two rear 8” DVD entertainment screens
- Intelligent Rear View Mirror (I-RVM)
- Intelligent Cruise Control (ICC)
- Forward Collision Warning (FCW)
- Intelligent Distance Control
- Intelligent Brake Assist (IBA)
- Lane Departure Warning (LDw)
- Intelligent Lane Intervention
- Blind Spot Warning (BSw)
- Intelligent Blind Spot Intervention
- Xenon headlights
- Automatic headlight leveliser
- Headlight washers
- Puddle illumination light
- Power operated tailgate
- Heated and cooled front seats

**A complete ownership experience to help you get the most out of your Nissan. It includes the following:**

**SERVICE CERTAINTY**
Service Certainty gives you the peace of mind of knowing the maximum you’ll pay for each Scheduled Service for the duration of the program.

**3 YEAR/100,000KM WARRANTY**
Receive assurance with a 3 year/100,000km warranty; with the option of extending your warranty for up to a further 3 years.

**FACTORY-TRAINED TECHNICIANS**
Using dedicated diagnostic equipment and Nissan Genuine Parts they’ll keep your vehicle in top condition.

**NISSAN GENUINE ACCESSORIES**
Your Nissan Dealer can show you a variety of Nissan Genuine Accessories to protect, enhance and personalise your Nissan Patrol.

**FINANCIAL SERVICES**
Choose from a range of finance options at very competitive rates and terms, as well as various insurance solutions to protect you and your vehicle.

**3 YEARS ROADSIDE ASSISTANCE**
No matter where you’re planning to journey, you’ll have the peace of mind of knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we’ll help get you back on the road at no charge†.

**SERVICE CERTAINTY**

Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies for up to 6 years/120,000km (whichever occurs first). Some exclusions apply. Ask your Nissan Dealer or visit nissan.com.au/service to find out more and for full terms and conditions. New Vehicle warranty expires 36 months from date of first registration or after 100,000 km (whichever comes first). Conditions apply. See nissan.com.au for more details. NOTE: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure. †Terms and conditions apply, please visit nissan.com.au/roadsideassistance

</tr>
</tbody>
</table>

### Towball download (kg)

<table>
<thead>
<tr>
<th>Component</th>
<th>Vehicle Mass</th>
</tr>
</thead>
<tbody>
<tr>
<td>350kg</td>
<td>Reduce loaded vehicle mass below GVM# by 130kg</td>
</tr>
<tr>
<td>325kg</td>
<td>Reduce loaded vehicle mass below GVM# by 100kg</td>
</tr>
<tr>
<td>300kg</td>
<td>Reduce loaded vehicle mass below GVM# by 70kg</td>
</tr>
</tbody>
</table>

If the loaded vehicle mass is reduced as shown in the table, the towball download can be increased correspondingly. Accordingly, if the laden mass is 130 kg less than the GVM#, a towball download of 350 kg is approved. Different trailer types and different trailer manufacturers have varying towball downloads. The customer will need to contact the trailer manufacturer for information as to the download. Nissan does not recommend the fitting of load leveling or weight distribution devices when used with a Nissan Genuine towbar. When fitted and used correctly, the Nissan Genuine towbar is capable of meeting the towbar/towball capacity stated in the above table.
