RAM

RAM 1500 V8 HEMI — MY19

I AM RAM

THE NEW RAM 1500 GAME CHANGER

With so many class exclusive and best-in-class features, where to begin? If you want to tow more, carry more, move more, see more and enjoy more, the RAM 1500 Pickup Truck provides a vastly superior solution to ute buyers. The RAM 1500 is the only full size, American made Pickup Truck that goes beyond anything most premium mid-size utes can deliver. Here's why:

**V8
HEMI**

BEST IN-CLASS POWER

The RAM 1500 Pickup Truck offers the only V8 Hemi engine in its class, and is without a doubt the most powerful. The V8 Hemi delivers 291kW of power and 556Nm of torque, while delivering the unmistakable V8 rumble to announce your arrival.

BEST IN-CLASS TOWING

Up to 4.5 Tonne max towing!* That's a whole tonne more than any ute in its class! With a maximum braked towing capacity across the range of up to 4.5 Tonnes*, nothing comes close to the RAM 1500 when it comes to towing.

*With 3.92 Axle Ratio.

**UP TO
4.5T
MAX BRAKED
TOWING***

*With 3.92 Axle Ratio.

**FITS
FULL SIZE
PALLET**

BEST IN-CLASS CARGO SPACE

The RAM 1500 Express has a whopping 6'4" tub, delivering a load length of almost 2m long (1,939mm) and just over 1.6m wide (1,295mm between the wheel arches), allowing for a full size pallet with ease, along with plenty of left over space. No 5 seater ute can give you a bigger cargo bed than the RAM 1500 Pickup Truck.

BEST IN CLASS CAB SIZE

The RAM 1500 Laramie is the top of the range, the leader of the pack when it comes to cabin space and luxury. The 4x4 Laramie Crew Cab has more front head and shoulder room than the competition, and more rear head room, leg room and shoulder room than 5 seater utes.

CUT NO CORNERS. LEAVE NO STONE UNTURNED.

THE LINE UP

Available for the first time in Australia by Australia's only factory-authorised importer of RAM Trucks, the RAM 1500 line-up includes the premium, top of the range **Laramie**, and the **Express**, both delivering unrivalled capabilities. And is offered with a comprehensive three year/100,000 km warranty* (whichever occurs first) and backed by a nationwide dealer network.

*Warranty terms, conditions and exclusions apply

Standard features across the range include:

DRIVE LINE

- Powerful 5.7L V8 Hemi Engine with VVT and Fuel Saver Technology
- Torque-flite 8-speed Automatic transmission
- Active Grille Shutters
- Front and Rear Coil Spring Suspension

TOWING AND RECREATION

- Up to 4.5 Tonne Max Braked Towing*
- Heavy Duty Tow Bar
- 4x4
- 5 Seats

EXTERIOR

- 20" Wheels
- Spray-in Bed Liner
- Side Steps
- Fog Lamps

SAFETY

- Vehicle Stability Control
- Brake Assist
- Anti-Lock Braking System (ABS)
- Traction Control System (TCS)
- Electronic Brakeforce Distribution (EBD)
- Trailer Sway Control (TSC)
- Hill Start Assist (HAS)

*With 3.92 Axle Ratio.

RAM 1500 LARAMIE

RAM 1500 LARAMIE 4X4 CREW CAB

UNRIVALLED CAPABILITY MEETS PREMIUM STYLE, COMFORT AND LUXURY

Boasting a cabin that's fit for a king, inside and out, the RAM 1500 Laramie crew cab is the exact same cabin that is used on the heavy duty RAM 2500. No corners have been cut, no sacrifices made. Just the biggest and best cab now made available on the RAM 1500 Pickup Truck.

LARAMIE Key Features;

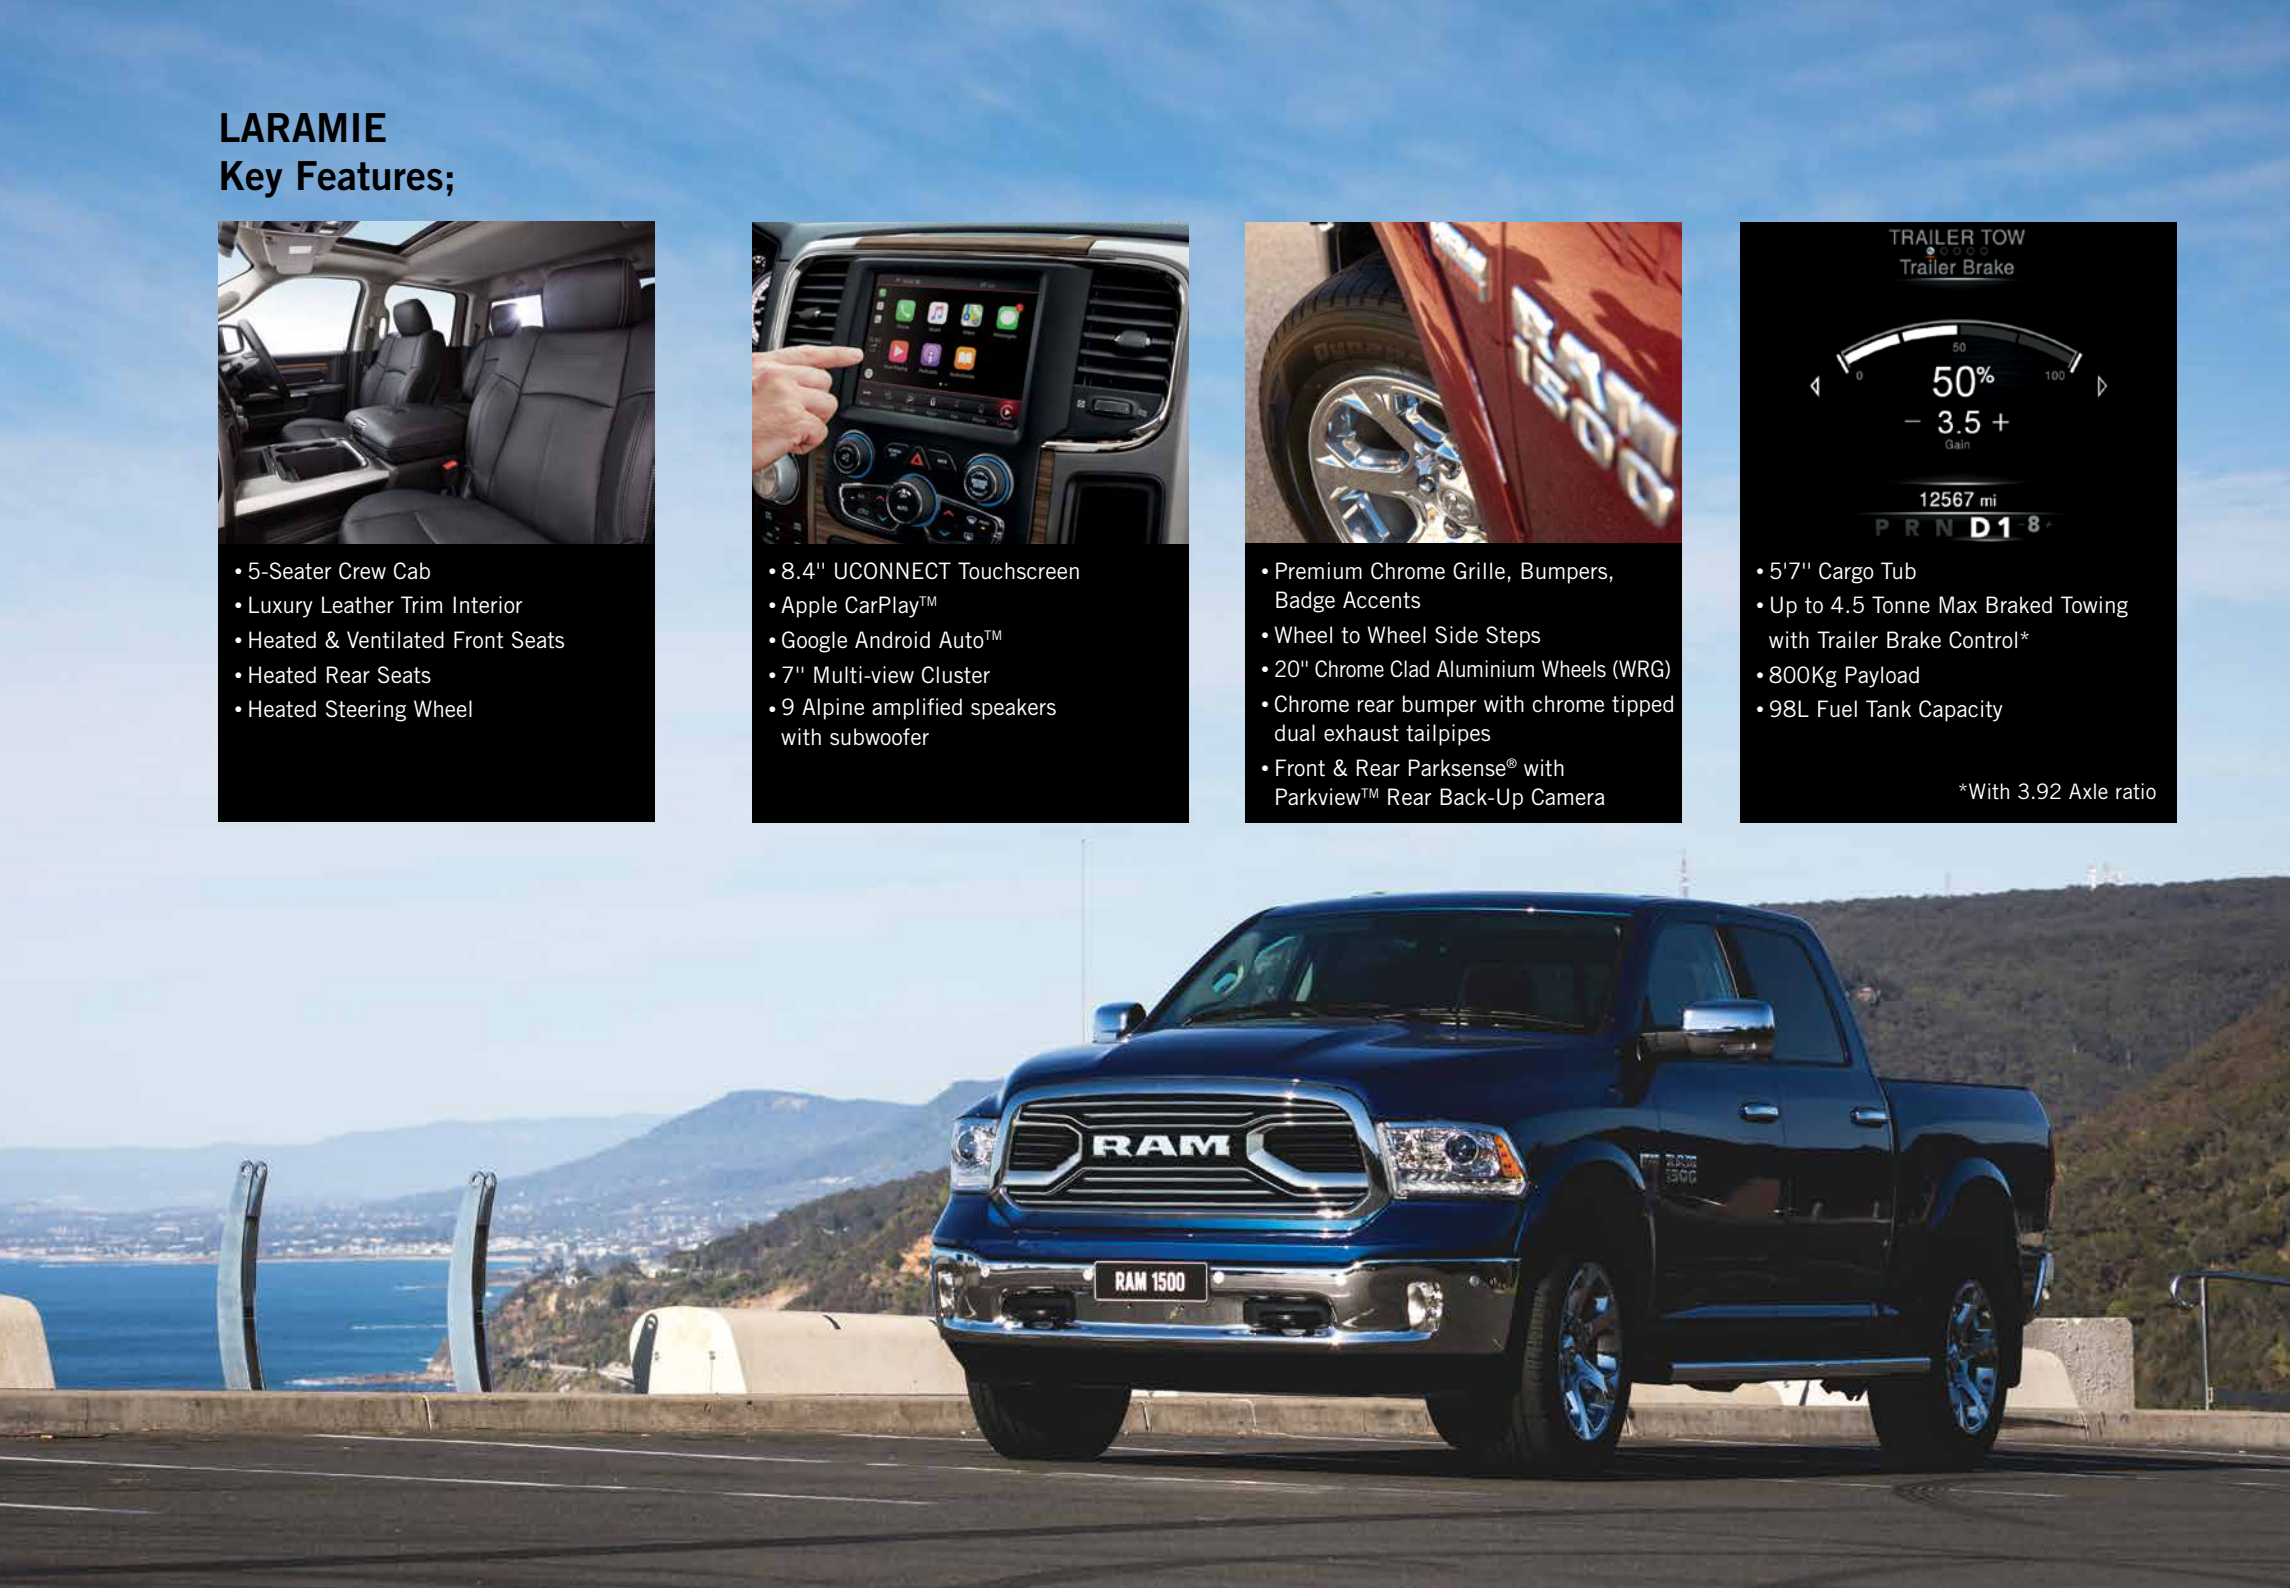

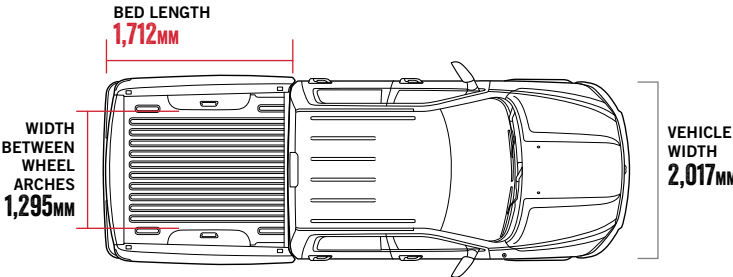

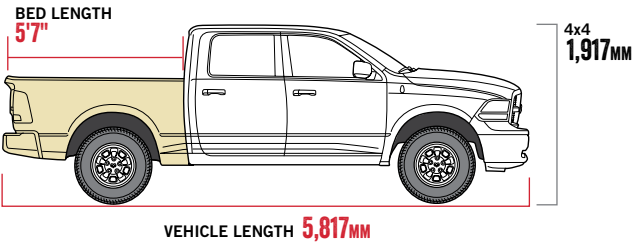

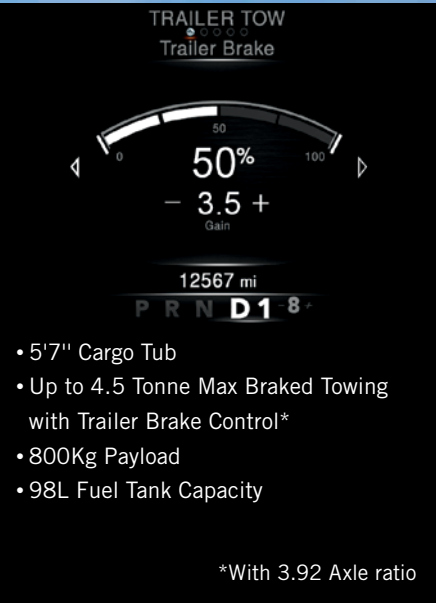

- 5-Seater Crew Cab
- Luxury Leather Trim Interior
- Heated & Ventilated Front Seats
- Heated Rear Seats
- Heated Steering Wheel

- 8.4" UCONNECT Touchscreen
- Apple CarPlay™
- Google Android Auto™
- 7" Multi-view Cluster
- 9 Alpine amplified speakers with subwoofer

- Premium Chrome Grille, Bumpers, Badge Accents
- Wheel to Wheel Side Steps
- 20" Chrome Clad Aluminium Wheels (WRG)
- Chrome rear bumper with chrome tipped dual exhaust tailpipes
- Front & Rear Parksense® with Parkview™ Rear Back-Up Camera

RAM 1500 EXPRESS

RAM 1500 EXPRESS 4X4 QUAD CAB

UNRIVALLED CAPABILITY, BUILT FOR ANY CHALLENGE

Standing out for exceptional style and value the Express is designed and built with performance and functionality at its core. With a durable interior that will withstand the toughest conditions, combined with a massive 6'4" cargo tub, the Express is equipped with plenty of space to accommodate both work and play. The Express will take a full-size pallet with ease and you'll still have space left over, thanks to the cargo tub length of almost 2 meters (1,939mm), and a width between the wheel arches of 1,295mm. No corners have been cut, no sacrifices made. Just one smart package that's been purpose-built with the flexibility to undertake any challenge. The RAM 1500 Express, will impress!

- Durable Cloth Interior
- Tilt steering column
- Front centre storage
- Rear under seat compartment storage

- UCONNECT 3 with 5" Touchscreen
- Telematic Bluetooth connection
- 3.5" Multiview cluster
- 6 speaker sound system
- Remote keyless entry with AUSECURE®

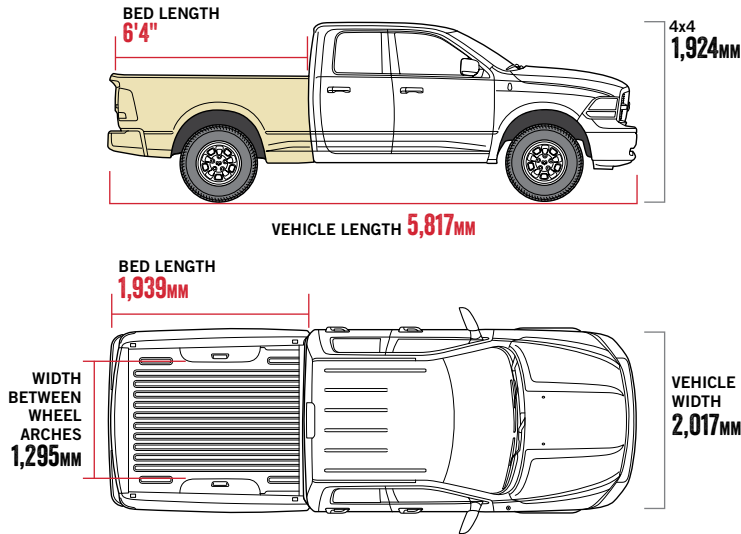

- Colour coded grille & bumpers
- Black Cab-Length Tubular Side Steps
- Fog Lamps
- 20" Chrome Clad Aluminium Wheels (WRG)
- Chrome Badges
- Parkview™ Rear Back-Up Camera

- 6'4" Cargo Tub
- Up to 4.5 Tonne Max Braked Towing with Trailer Brake Control*
- 845Kg Payload
- 121L Fuel Tank Capacity

*With 3.92 Axle ratio

1500 EXPRESS BLACK PACK

The RAM 1500 Black Pack features the exclusive RamBox® and is packed with all the class leading features of the Express model and then dressed to impress. Dark and handsome, the Black Pack features a host of black accents; 20" black painted rims, black badging, black bezel headlamps, black grille, black front and rear bumpers, and brilliant black metallic paint. The Black Pack shown here looks great with the addition of the Sports Performance Hood which is available as a genuine accessory at an additional cost through your Ram Truck dealer. No matter what your needs, the Black Pack will deliver in style.

Key Features;

- RamBox® Cargo Management System
- Black Front & Rear Bumpers
- 20" Black Painted Aluminium Wheels
- Black Exterior Badges
- Black Bezel Headlamps
- Black Grille
- Brilliant Black Metallic Paint

UNRIVALLED EVERYDAY.

RAM EXCLUSIVE FEATURES

More powerful than a ute.

More capable than a ute.

More exclusive features than a ute.

RAM 1500: Eats utes for breakfast.

RamBox®

Active Grille Shutters

RamBox®

Cargo Management System

Genius Design, Genius benefits

Available across the V8 Hemi Laramie and Express Black Pack range, the class-exclusive RamBox® Cargo Management System is more than just a tool box. It features a lit, secure/lockable, durable and drainable storage system incorporated into the side rails of the truck tub. The AllSecure® remote security system allows remote locking and unlocking of the RamBox®, as well as the rest of your RAM Truck with the push of a button. RamBox® vehicles come equipped with a cargo bed extender/divider, cargo bed rails with four adjustable tie-down cleats, as well as cargo box lighting.

The adjustable and lockable bed divider/bed extender fits on the lowered tailgate, increasing the cargo bed length to secure longer loads.

The bed divider creates individual compartments in the tub bed to separate equipment and keep it secure. The cargo rail system on both sides of the tub bed has sliding, adjustable cleats for infinitely adjustable tie-down versatility.

Up to 152cm long on the 6'4" tub, the RamBox® provides 243 litres of storage space on both sides of the tub making them large enough to hold items like golf clubs, helmets, tool boxes, chainsaws, fishing rods and all kinds of gear.

Drain holes inside the RamBoxes allow this space to be used as cool storage with ice and space for up to 140 drink cans on either side of the 6'4" tub. The water resistant/weatherproof and lockable RamBoxes keep items safe and dry.

Overseas models shown.

UNCOMPROMISING. UNRELENTING. FOR A LIFE BEYOND THE ORDINARY.

ACTIVE GRILLE SHUTTERS

The RAM 1500 range breathes on its own! It comes standard with Active Air Grille shutters, which block front-end airflow openings to reduce drag while maintaining optimal engine temperatures. Reduced drag helps improve efficiency. These shutters open and close automatically, based on various inputs from the vehicle. For example, when a vehicle is travelling at highway speeds and producing moderate engine temperatures, the shutters are closed, which directs airflow around the vehicle to reduce drag and improve efficiency. When the vehicle is operating in heavy stop-and-go traffic or pulling a trailer, the shutters remain fully open to allow air to flow into the engine compartment for optimal engine cooling.

FUEL SAVER TECHNOLOGY

Fuel saver technology deactivates half of the engine cylinders when less power is needed resulting in more efficient fuel consumption.

RAM PREMIUM PROTECTION INSIDE AND OUT

SHINE THAT LASTS AND LASTS

Ram Premium Protection surface coating is made from a high performance formula combining Silicon Carbide (SiC) and Ceramic, delivering a protective coating with durability and hardness, and a shine that outlasts others.

DURABILITY TESTED TO LAST A LIFETIME*

The Silicon Carbide (SiC) base gives the highest gloss and hydrophobic properties to help repel anything that gets thrown at it. This coating is a once-off application, eliminating the need to wax or polish your RAM.

PROVEN AND GLOBALLY CERTIFIED

Ram Premium Protection is rated 4 times harder than quartz-based surface protection products readily available in today's market. This enables us to provide a lifetime warranty* against the environmental elements; so you can experience a lifetime of performance.

ENHANCED ALL-ROUND PROTECTION

With Ram Premium Protection, your RAM is protected against fading and loss of gloss, clear coat delamination*, water marks, weather induced oxidation, and damage caused by: bird and bat droppings, tree sap, bug splatter, bore water, sunscreen, rail dust and fallen leaves.

Tested against extreme heat

Advanced hydrophobic properties

PAINT SURFACE COATING

- Delivers a protective coating with durability and hardness, and a shine that outlasts others.
- Reduces vehicle maintenance and saves you time cleaning your RAM.
- Tested, proven and globally certified to the stringent standards set out for Boeing compatible products.
- Hydrophobic properties to help repel anything that gets thrown at it.
- Refractive index greater than diamonds meaning improved levels of gloss & shine.
- Extreme resistance to heat (UV tolerance); very high melting point.
- Outstanding thermal shock resistance (when exposed to temperature changes will not fracture or become brittle).
- Backed by a national Lifetime Warranty*.

COMPLETE INTERIOR PROTECTION COATINGS

- Maximises stain resistance and durability across all interior surfaces.
- Prevents permanent staining of the treated surface from sunscreen, make-up, water, coffee, soda, milk, baby formula and other commonly consumed food and liquids.
- Protects from the damaging effects of UV.
- Key ingredient is a Co-polymer. Co-polymers are an enhanced fluoropolymer, meaning bonds are stronger and more flexible, creating superior repellency to liquids and spills.
- Can be applied to Alcantara, a synthetic suede-like fabric used in many luxury vehicles.
- Interior coating softens and preserves the natural beauty of a leather interior.
- Preserves colour and prevents cracking & splitting of leather & vinyl surfaces.
- Backed by a national Lifetime Warranty*.

* Warranty terms, conditions and exclusions apply

KEEPING IT REAL GENUINE RAM ACCESSORIES.

Individuality, protection and functionality are the key design pillars when developing a range of accessories for any vehicle. The fitment of genuine Mopar Accessories will individualise the look of your Ram Truck, while, at the same time, features such as bonnet protectors or weather shields provide interior and exterior surface protection to ensure your truck stays in top condition.

Each Ram Truck owner has unique requirements and expectations of their vehicle which is why we have developed a range of genuine Mopar Accessories. So, to find out how you can add to the functionality of your Ram Truck, or for further information on our range of Accessories, contact your local authorised Ram Truck dealer today.

THE RAM COLLECTION

POWER & FREEDOM ARE YOURS WITH THE RAM 1500

ABOUT RAM TRUCKS AUSTRALIA

The RAM 2500, and now the RAM 1500, are remanufactured in Australia, by Australians to meet Australian market demands. We provide more than just right hand drive vehicles designed and tuned to tow big loads across our big country, we employ top local engineers, designers and automotive technicians, as well as local component companies to work with us.

The North American-built RAM 1500 arrives in Australia as a left-hand drive (LHD) vehicle and is then remanufactured to right hand drive (RHD) at a purpose-built facility in Melbourne. The chassis and body are first separated before a re-engineered RHD specific steering system is fitted, then a new dashboard which was designed, developed and produced in Australia is installed along with a RHD-specific heating and ventilation system before the body and chassis are re-married to produce the final product. The work is so substantial that it requires production line levels of quality, fit and finish, and a height of engineering excellence way beyond a mere conversion. Our Trucks are offered with a comprehensive three year/100,000* km warranty (whichever occurs first) and backed by a nationwide dealer network.

Ram Trucks Australia are the sole factory-authorised importer and distributor of Ram Trucks for both Australia and New Zealand markets. As at today, we are the only factory-authorised full-volume supplier of right hand drive Ram Trucks in the world.

° Payload and kerb weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Kerb weight includes the vehicle with a full tank of fuel and all standard equipment, excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload.

* Figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.
