ŠKODA
SIMPLY CLEVER

ŠKODA RAPID

ŠKODA RAPID is full of clever surprises that are sure to delight both drivers and passengers. With its dynamic styling and signature sloping roof, the car lends character to anyone willing to grab it by the steering wheel.

The RAPID is packed with all the premium technology you've come to expect from ŠKODA. Whether it's the latest connectivity features, safety systems or Simply Clever touches, there is plenty inside this car to make every journey exciting.

The RAPID is yet another example of our philosophy of making beautifully designed European cars that are a joy to drive and own as well as providing surprising value for money.

That's Simply Clever. That's ŠKODA.

EXTERIOR DESIGN

The RAPID turns heads which ever way it turns. With its sharp, angular aesthetics and one-of-a-kind styling, the RAPID has something for everyone.

SIDE-VIEW MIRRORS

The side indicators, placed in the external side-view mirror caps, represent an attractive as well as highly functional detail.

FRONT VIEW

The wide air intake grid, with integrated fog lamps as well as a chrome strip, feature at the front of the car.

SIDE VIEW

SunSet tinted windows underscore the elegance of the exterior and protect rear passengers from sunshine.

**DARKENED REAR LIGHTS**

The car offers the familiar C-shaped illumination, which is a typical feature of the ŠKODA brand.

INTERIOR DESIGN

Space gets a beautiful makeover inside the RAPID.
A refined yet uncluttered dashboard means that everything has a perfect place.

DECOR

The interior of the RAPID features sleek sports seats, a glossy piano black dash panel as well as sports pedals which give the interior a racy edge.

INFOTAINMENT

Your car is the hub for all things work or play. The infotainment systems bring top-level connectivity so you can enjoy the best functions of your mobile devices on-the-go.

SMARTLINK^^

Your car and smartphone are now in perfect sync. The SmartLink system delivers a seamless connection between your car and selected apps from your smartphone using, Apple CarPlay® and Android Auto™ interfaces. Whether you want to select and listen to music on your smartphone or receive turn-by-turn directions, selected apps are mirrored and can be controlled via the RAPID's infotainment unit.

STEERING WHEEL

The multifunctional leather steering wheel lets you control the radio and phone.

ŠKODA SURROUND

Turn your car into an amphitheatre. The ŠKODA Surround sound system employs six speakers. Special software can additionally employ two virtual speakers in the front and rear. The system can also create a virtual yet impressive subwoofer.

SIMPLY CLEVER

Everywhere you look, there are little and big thoughtful features neatly tucked away, ready for use whenever you need them.

CAPACITY

The luggage compartment has a capacity of 384 litres, and 1,349 litres after folding down the rear seats. If necessary, you can fold down one or two backrests and get more storage space, while there remains a place for seating in the rear.

TICKET HOLDER

When you need to display a parking ticket in a visible place, the solution is simple. The car is equipped with a parking ticket holder under the windscreen.

WASTE BIN IN DOOR PANEL

Thanks to this clever little waste bin in the driver's side door, the interior of your RAPID can always be clean and clutter-free.

UMBRELLA STORAGE BOX

A box with the original ŠKODA umbrella can be found under the passenger seat.

SAFETY

Various active and passive assistant systems ensure that every drive in the RAPID is safe and totally hassle-free. These assistants allow you to respond promptly to whatever the road throws at you.

FRONT ASSIST WITH CITY EMERGENCY BRAKE^o

Using a radar in the front bumper, the Front Assist monitors the distance from the vehicle ahead and responds with an audio/visual signal, using the multi functional display, to warn about an impending collision. If the driver fails to respond, the system initiates braking to minimise any possible impact.

^oSafety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

REAR-VIEW CAMERA[°]

Located on the tailgate handle, this camera monitors the space behind the car and indicates driving lanes, based on the vehicle width. Integrated washers improve the camera's functionality.

FATIGUE DETECTION[°]

This clever assistant system evaluates data from the power steering sensors to detect any driver fatigue behaviour. In such cases, the multi functional display warns the driver to take a break.

AIRBAGS

Besides the front and front side airbags, the head airbags, which create a wall when activated, protect passengers from potential injuries.

[°]Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

PERFORMANCE

Just like the rest of the ŠKODA family, what you find under the RAPID's hood will impress you just as much as the exterior design and aesthetics. A potent yet economical engine will fulfil the expectations of all kinds of drivers.

GREEN TECH™

This system saves fuel by automatically switching off the engine when idle, for example while waiting at the traffic lights or when moving slowly in a queue of cars. By releasing the brake pedal, the engine restarts automatically. Engine load reduction and more economical running are further assisted by the energy recovery functionality, which enables the effective use of the car's kinetic energy for battery recharging.

PETROL ENGINE

The RAPID's petrol engine features TSI technology and 92 kW, which gives it a dynamic character.

~The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the Owner's Manual for full operating information.

TRANSMISSION

The engine is coupled with a 7-Speed DSG automatic gearbox which uses two clutches and two sets of gears to preselect your next gear while you're still driving in your current gear. Used in nearly all high-end sports cars, DSG dual-clutch technology is trusted by the world's leading car manufacturers.

WELCOME TO CARE-FREE OWNERSHIP

ŠKODA Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a ŠKODA as fantastic as buying one.

5 YEAR WARRANTY[^] UNLIMITED KMS

After getting behind the wheel of a ŠKODA, it's not hard to see why they're so beloved by their owners. Quite simply, ŠKODA vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. ŠKODA Australia provides a 5 Year/Unlimited Kilometre Warranty[^] across the entire range. Conditions and exclusions apply.

Every new ŠKODA vehicle includes a complimentary one year roadside assistance, from the warranty start date. The complimentary roadside assistance will subsequently be renewed on an annual basis for the second, third, fourth and fifth years, if the vehicle is returned to an Authorised ŠKODA dealer for scheduled maintenance (as per the ŠKODA service program) up to a maximum of five years.

[^]5 Year/Unlimited Kilometre Warranty is available with private, general fleet and government vehicles only. Excludes rental vehicles, hire cars, taxis, courier vehicles, driving school vehicles, security vehicles, bus and tour vehicles which are subject to a 5 Year/150,000 Kilometre Warranty. Warranty on demonstrator vehicles only applies for the balance of the 5 year term. Warranties are provided in addition to, and in some cases overlap with, consumer guarantees under Australian Consumer Law and do not limit or replace them. ***ŠKODA Service Pack covers standard items as contained in each scheduled service interval only. Exclusions apply. For full terms and conditions please visit www.skoda.com.au/skoda-care

ŠKODA Service Pricing

Buying a car is one thing, but owing a car is something else entirely. We're sure you'll want to know the costs of any service before you book it in. The cogs in our heads have been turning and we've come up with a solution we think is pretty clever. Our handy online service calculator can help you find the cost of your next service, scheduled to occur every 12 months/15,000 kms (whichever occurs first)***. No hidden expenses, no nasty surprises.

Genuine Parts

You don't have to be a genius (AKA a ŠKODA technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty on all genuine parts, peace of mind comes easily too. Exclusions apply, please visit skoda.com.au.

Service Packs

Why worry about handling the payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 3 Year/45 000km or a 5 year/75 000km ŠKODA Service Pack*** at any of our ŠKODA dealers. That way you can simply book a service time that suits you, and the costs are already covered. Your car, serviced at your convenience.

ŠKODA CHOICE: GUARANTEED FUTURE VALUE

- ✓ With ŠKODA Choice¹ you can guarantee the minimum future value¹ of your vehicle at the time of purchase – giving you peace of mind.
- ✓ ŠKODA Choice¹ is a flexible finance solution that gives you the freedom to tailor your contract term and kilometre allowance to suit your needs.

At the end of your contract term you can select from the three clever options below.

TRADE-IN

If you plan to upgrade your ŠKODA to the latest model, enjoy the confidence of knowing the Guaranteed Future Value¹ is the minimum trade-in value you'll receive.

RETAIN

If you're planning to keep your ŠKODA, you can either purchase the vehicle outright by simply paying the Guaranteed Future Value¹ amount, or you can apply to refinance it with ŠKODA Financial Services (lending criteria applies).

RETURN

All you need to do is hand your car back and, if the vehicle meets the agreed kilometre and fair wear and tear requirements¹, you will have no more to pay.

For more information on our Guaranteed Future Value program, visit www.skodafinancialservices.com.au/gfv

*The ŠKODA Choice Program consists of an option to return the vehicle to ŠKODA Financial Services (SFS)** at the end of the term and require SFS** to purchase the vehicle at an agreed price known as the Guaranteed Future Value or GFV. At the end of the term, you can elect to (1) trade-in the vehicle; (2) exercise the option to return the vehicle; or (3) retain the vehicle by paying the GFV. The GFV is not a representation by SFS** as to the likely market value of the vehicle as at the end of your contract. The option is available on new and demonstrator ŠKODA vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. The GFV will be reduced, and you will be liable for any loan contract deficit, if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition in accordance with the Fair Wear and Tear Guide available at www.skodafinancialservices.com.au. Other terms and conditions apply. The cost of the ŠKODA Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of SFS**. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating ŠKODA dealers. **SFS is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.
