Subaru BRZ tS

## a classic sports car by Subaru

At Subaru, we're passionate about driving. It's in our DNA. That's why we made the Subaru BRZ. A classic sports car designed to sit low and deliver a driving experience that's exhilarating and a whole lot of fun. We made it for us. Now it's over to you.

With a legendary low centre of gravity Boxer engine at the core, and rear wheel drive dynamics, you'll love it the moment you get behind the wheel. Connect your smartphone with Apple CarPlay® and Android Auto™ connectivity<sup>1</sup>. Put your favourite track on. As soon as you put your foot down, it'll be tough to wipe that grin off your face.

1. Compatible Apple® or Android™ device required.

# Subaru spirit

The Subaru BRZ is powered by Subaru's famous horizontally-opposed Boxer engine. Its low centre of gravity is a major reason why BRZ sits low and grips the road so effectively. The high-revving 2.0-litre four cylinder Boxer engine features both direct and port injection technology for a throaty engine roar that's pure adrenaline-pumping fun. Loaded with cutting-edge technology and infotainment to up the fun factor.

Subaru BRZ Premium steps it up a level with heated driver and front passenger seats and the appeal of high-end Alcantara® seats with leather<sup>1</sup> accents and BRZ branding.

# why BRZ?

## Boxing clever

### Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine helps to deliver better handling. Sitting horizontally in the engine bay, the pistons move like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

## Finest safety

### 5 star ANCAP safety across the BRZ range

With spirit, quality and imagination comes some serious safety innovation. We want every Subaru BRZ to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. The Subaru BRZ carries the maximum 5 star ANCAP<sup>1</sup> safety rating.

## Eyes in the back of your head

### Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. A rear view reverse camera is standard across the Subaru BRZ range.

## Control you can count on

### Vehicle Dynamics Control

Enjoy having the confidence of precision engineering that helps to maintain control in sticky situations. Subaru's Vehicle Dynamics Control (VDC) utilises a range of sophisticated vehicle sensors and advanced safety technologies, which automatically act to help to maintain stability and control. This electronic Driver Assist system incorporates Subaru's Electronic Stability Control (ESC), Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD), Brake Assist and Traction Control System (TCS).

1. The Australasian New Car Assessment Program (ANCAP) gives consumers consistent information on the level of occupant protection provided by vehicles in serious front and side crashes.

# welcome to the family

There are cars that simply get you from A to B, and then there are cars that empower you. Buying a Subaru is like embracing life with both hands and knowing that nothing is going to stop you. When you buy a new Subaru you

are welcomed into an owner's program that gives you access to a number of benefits.

## Subaru New Car Warranty – 5 Year/Unlimited Kilometres

Every new Subaru purchased for private use is covered by a 5 Year/Unlimited Kilometre manufacturer's national warranty<sup>1</sup>. Visit [www.subaru.com.au/warranty](http://www.subaru.com.au/warranty) or ask your Subaru Retailer for more information.

## Subaru Capped Price Servicing

With our Subaru BRZ 63 Month/105,000 Kilometre Capped Price Servicing Program<sup>2</sup>, you'll now know the maximum amount you will have to pay for your next scheduled

service during the Program period. You'll also have peace of mind knowing that specialist

Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

## DataDotDNA®

Every Subaru is fitted with advanced engine immobilisers and the DataDotDNA<sup>®3</sup> Theft Deterrent System. Microscopic dots are laser-etched with each vehicle's unique Vehicle Identification Number – making it a less attractive target for thieves.

## Three Year Rebate on Theft Insurance Excess

DataDot Technology (Australia) Pty Ltd will pay your theft insurance excess<sup>4</sup> (up to a maximum of \$800 including GST) should your new Subaru be stolen in the first three years of purchase and not recovered within 45 days despite the presence of DataDotDNA<sup>®3</sup> and warning labels.

## 1-Month Health Check and Chat

The 1-Month Health Check and Chat is a free consultation within the first month after delivery of your new Subaru. It allows our factory-trained technicians to provide quick vehicle checks, and one of our Service Advisors will answer any of your questions to help ensure an ongoing, worry-free experience.

## Subaru's Map Updates

If your new Subaru is fitted with a factory line fit navigation unit your unit will be covered by Subaru's Map Update Program<sup>5</sup> – guaranteeing you'll have access to the latest maps for the first 3 years of ownership.
