

The new Caddy

Commercial
Vehicles

Experts in every field.

The new Caddy and the new Caddy Maxi.

For years

MARKET LEADER

in the light delivery van market.

To be the benchmark of its class – this is the aim of the new Caddy, too. So we have made it even more functional, flexible and versatile than its predecessors. Whether you decide to go for the new Caddy Van or the new Caddy Kombi, both vehicles offer countless innovations and, of course, everything you need to convey a professional image to your customers.

Caddy and Caddy Maxi, 2.0-l-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi). 1) Caddy Delivery Van BlueMotion, 2.0-l-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 4.9 to 4.7, extra-urban from 3.7 to 3.2, combined from 4.1 to 3.8. CO₂ emissions in g/km: combined from 109 to 99. 2) Including driver. The maximum payload for the Caddy Maxi Delivery Van without driver is 930 kg. 3) As an option only available for Caddy and Caddy Maxi with Euro 6 engines. 4) Optional with all models. Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

NEW GENERATION OF ENGINES

with the Euro 6 emissions standard. BlueMotion Technology as standard.

LOWEST FUEL CONSUMPTION

in its class.
3.8 l/100 km in average with the Caddy BlueMotion.¹⁾

NEW STANDARDS IN MATTERS OF SAFETY.

First of its class to include Automatic Post-Collision Braking System, driver and front-seat passenger, and side-head airbags as standard.

EXTENDED LOADING SPACE.

Optional up to 3,070 mm in the Caddy Maxi with the Flex Plus seat package.

ONLY

one of its class with **4MOTION** all-wheel drive ex factory. Superior traction, tracking stability and curve control.

HIGHEST LOAD CAPACITY

in its class. Optional up to 1,005 kg in the new Caddy Maxi Delivery Van.²⁾

NEW DRIVER ASSISTANCE SYSTEMS.

From Adaptive Cruise Control ACC with “Front Assist” area monitoring system³⁾ and City Emergency Braking System³⁾ to the rear view camera “Rear View”⁴⁾.

PROVEN VOLKSWAGEN QUALITY.

Durable materials and high-quality workmanship.

Maximum

FUNCTIONALITY AND FLEXIBILITY.

Folding, double-folding and removable seats, new optional load-through facility and wide sliding door.

SOPHISTICATED STORAGE SYSTEM.

Up to 17 storage possibilities in the entire interior.

Bolder. Sharper. Newer.

The new design.

The new Caddy always exudes maximum competence and dependability. This is provided by its precise, dynamic alignment as well as its new front and redesigned rear. In the new Caddy Delivery Van it has been completely clad in metal sheeting. Additional highlights include the new chrome trim strip on the radiator grille, newly designed rear lights, new protective side strips and new roof rails available on request.

Caddy and Caddy Maxi, 2.0-I-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi). Image includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

More quality. More function.
More convenience.

The new interior.

The new Caddy has been thoroughly enhanced – outside and inside. A new high-quality finish awaits you in the cockpit, with lots of ingenious stowage solutions. Ergonomic seating, improved interior acoustics and a broad selection of radio and infotainment systems bring the interior to a whole new level. The new Caddy Kombi can be fitted with up to seven seats on request. Especially functional are the seats in the passenger compartment, which can be folded, double-folded and removed in no time at all.

The new radio and infotainment systems.

Radio and navigation. The latest-generation devices are available with the new Caddy: the “Composition Audio”¹⁾, “Composition Colour”¹⁾ and “Composition Media”¹⁾ radio systems as well as the “Discover Media” navigation system¹⁾.

Voice recognition. With the voice control system you can operate the telephone, navigation and audio functions without taking your hands off the steering wheel.²⁾

Car-Net App-Connect. You can easily and safely operate special apps using this interface. Therefore, the screen of your smartphone can be shown on the radio system’s display.^{2), 3)}

Connectivity package. External media devices, such as MP3 players, can be connected via the USB port. Additionally, the mobile phone interface offers a Bluetooth hands-free speaking system.⁴⁾

Mobile phone interface “Comfort”. Conveniently charge your smartphone in a storage shelf via the USB port. The wireless external aerial connection also improves the reception of your mobile phone.⁵⁾

Caddy and Caddy Maxi, 2.0-I-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi).
1) Optional in all Caddy models. 2) Only available as an option in conjunction with “Composition Media” radio system or “Discover Media” radio-navigation function.
3) Compatible with MirrorLink™, CarPlay and Android Auto technologies. Please ensure that your end device is compatible with App-Connect. The App-Connect app is utilised exclusively via your mobile telephone. Please note the conditions of your contract with regard to the data and internet connection. 4) Available as an option for the “Composition Audio” or “Composition Colour” radio systems. Standard with the “Composition Media” radio system and the “Discover Media” radio-navigation system.
5) Available as an option for the “Composition Colour” and “Composition Media” radio systems as well as for the “Discover Media” radio-navigation system. Image includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

More innovative. More intelligent. More convenient.

The new driver assistance and safety systems.

01 Automatic Post-Collision Braking System. Included as standard, it triggers braking after a collision, with the aim of preventing secondary collisions.¹⁾

02 Adaptive Cruise Control ACC. Uses a distance sensor to measure the distance (up to 120 m) and speed relative to vehicles driving ahead, and automatically regulates the pre-set distance.^{1), 2), 3)} Already contains the “Front Assist” area monitoring system. **“Front Assist” area monitoring system with City Emergency Braking System.** Detects critical distances and helps to shorten stopping distances. The system can warn the driver in hazardous situations and trigger emergency braking.^{1), 2), 3)}

03 High-beam assistant “Light Assist”. Automatically dips the headlights for oncoming vehicles or vehicles travelling ahead before they are dazzled. Above 60 km/h and in complete darkness, the system automatically switches on the high-beam headlights.^{2), 3)}

Cruise control incl. speed limiter. Maintains the selected speed or limits the top speed to a value selected by the driver.⁴⁾

Rear view camera “Rear View”. Enables a clear view of the area behind the vehicle and helps with parking.^{1), 2)} The rear view camera is only available in combination with a rear lid.

Driver Alert System. Uses visual and acoustic warning signals to recommend that the driver takes a break, for instance if it registers deviation from normal steering patterns.^{1), 2)}

Airbags. Driver, front-seat passenger and, as standard for the first time, side-head airbags offer the occupants of the cockpit the best possible protection in the event of head-on and side impacts. The front-passenger airbag can be deactivated with the vehicle key.

Caddy and Caddy Maxi, 2.0-I-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi). 1) Within the system thresholds. 2) Optional extra in all models. 3) As an option only available for Caddy and Caddy Maxi with Euro 6 engines. 4) As standard with Caddy Kombi. Optional with Caddy Delivery Van. Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

More powerful. More economical. More ecological.

The new engines with the Euro 6 emissions standard.

In the new Caddy you can expect an economical generation of engines with the Euro 6 emissions standard. Every single one of these innovative engines is provided with a BlueMotion Technology Package – consisting of a start-stop system, regenerative braking and rolling-resistance tires. The optimised chassis is perfectly tailored to the needs of day-to-day work and also contributes to a pleasant driving experience.

TDI

The new TDI engines. The economical 2.0 turbo diesel engines with common rail direct injection are offered at various levels of performance. Fitted with the 75 kW version, for instance, the new Caddy Delivery Van BlueMotion consumes in average 3.8 l/100 km with CO₂ emissions of 99 g/km.¹⁾ That is why it is the most economical delivery van in its class.

2.0-l-TDI (75 kW)

Average consumption
4.4 l/100 km; 114 g/km CO₂²⁾

2.0-l-TDI BLUEMOTION (75 kW)

Average consumption
3.8 l/100 km; 99 g/km CO₂¹⁾

Caddy and Caddy Maxi, 2.0-l-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi). 1) Caddy Delivery Van BlueMotion, 2.0-l-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 4.9 to 4.7, extra-urban from 3.7 to 3.2, combined from 4.1 to 3.8. CO₂ emissions in g/km: combined from 109 to 99. 2) Caddy and Caddy Maxi, 2.0-l-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi). Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

More flexible. More comfortable. More spacious.

The new equipment.

Standard for all new

Caddy models.

Exterior

- Radiator grille, embossed, with chrome trim strip
- Protective side strips, embossed
- Sliding door, right, 701 mm wide
- Heat-insulating windows, green-tinted

Interior

- Improved interior acoustics
- Sophisticated storage system including roof shelf
- “Austin” cloth seat upholstery
- Carpet flooring in the driver’s compartment

Function

- Start-stop system in conjunction with Euro 6 emissions standard
- Electronic immobiliser
- Central locking with radio remote control
- Manually controlled heater
- 12 V plug-in centre console

Safety

- Automatic Post-Collision Braking System
- Electronic Stabilisation Programme, EDS, ABS, ASR
- Brake assist system
- Driver, front-seat passenger, side and head airbags
- Power steering (Servotronic)
- Daytime running lights

Caddy and Caddy Maxi, 2.0-l-TDI engine with 75 kW, fuel consumption in l/100 km: urban from 5.9 to 4.7, extra-urban from 4.7 to 3.2, combined from 5.1 to 3.8. CO₂ emissions in g/km: combined from 135 to 99; efficiency class B to A (Caddy Kombi). Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

Additional standard equipment for the new

Caddy Delivery Van.

Exterior

- Steel wheels with centre cap
- Tailgate without window opening, clad in metal sheeting
- Caddy Maxi Delivery Van 47 cm longer in comparison to Caddy Delivery Van

Interior

- Closed cab partition
- Caddy Delivery Van loading space of 3.2 m³
- Caddy Maxi Delivery Van loading space of 4.2 m³

Safety

- Six lashing eyes on the Caddy Delivery Van
- Eight lashing eyes on the Caddy Maxi Delivery Van

Additional standard equipment for the new

Caddy Kombi.

Exterior

- Steel wheels with centre cap
- Tailgate with window, heated
- Side window in passenger compartment, left and right
- Caddy Maxi Kombi 47 cm longer in comparison to the Caddy Kombi

Interior

- 3-seater bench seat in the second row of seats, separate folding, double-folding and removable seats
- Carpeted flooring in passenger compartment

Function

- Cruise control including speed limiter
- Backrest release for left front seat

Safety

- Four lashing eyes on the Caddy Kombi
- Six lashing eyes on the Caddy Maxi Kombi
- Interior rear-view mirror, manually dimmable

Paint finishes and seat upholstery.

Solid paint finishes¹⁾

Metallic paint finishes²⁾

Pearl effect paint finishes²⁾

Seat upholstery

1) As standard with all models. 2) Optional with all models. 3) As standard with the Caddy Delivery Van Trendline.
Please contact your local Volkswagen Commercial Vehicles dealer for details of the standard equipment and optional extras applicable in your country.

*Tank volumes, diesel approx. 60 litres, AdBlue® approx. 9 litres.

The specified fuel consumption and emission values were obtained using the legally required measurement procedure. These figures do not refer to a particular vehicle and do not constitute part of the offer but are purely for comparison purposes between the various types of vehicle. The fuel consumption and CO₂ emissions of a vehicle not only depend on the efficient use of the fuel by the vehicle but are also influenced by the driving behaviour and other non-technical factors (e.g. environmental conditions). Additional equipment and accessories (add-on parts, tyres etc.) may alter relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting consumption and driving performance values beyond the effects of weather and traffic conditions. Where ranges are given, the figures for fuel consumption and CO₂ emissions depend on the selected tyre format and optional extras. Note in accordance with the current version of Directive 1999/94/EC: Further information regarding official fuel consumption and the official, specific CO₂ emissions for new passenger vehicles can be found in the "Guidelines on fuel consumption, CO₂ emissions and electricity consumption of new cars" which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Straße 1, 73760 Ostfildern, Germany, or at www.dat.de. Efficiency classes evaluate vehicles on the basis of CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average, and E, F or G to those below that average.
