CV0857

The perfect shuttle.

Setting the standard for professional passenger transport for over 30 years.

LOW FUEL CONSUMPTION.

Thanks to advanced engine technology.

A SALOON INTERIOR.

High-quality and comfortable interior design.

EFFICIENT BLUEMOTION TECHNOLOGY.

Standard for all engines.

STATE-OF-THE-ART INFOTAINMENT SYSTEMS.¹⁾

Intuitive operation, intelligent functions, excellent connectivity.

UNIQUE DRIVE CONCEPT.

4MOTION all-wheel drive combined with dual clutch gearbox DSG.^{1), 2)}

INNOVATIVE MOBILE ONLINE SERVICES.¹⁾

Thanks to Car-Net App-Connect and Car-Net Guide & Inform.

ADVANCED DRIVER ASSIST SYSTEMS.

From ACC¹⁾ to "Front Assist"¹⁾ and "Light Assist"¹⁾ to the Automatic Post-Collision Braking System.

MOST OFF-ROAD-READY VEHICLE IN ITS CLASS.

Thanks to the combination of 4MOTION all-wheel drive, Hill Descent Assist and mechanical differential lock.¹⁾

MAXIMUM FUNCTIONALITY AND FLEXIBILITY.

Variety of seating and passenger compartment variants.

PERFECTLY THOUGHT-OUT DRIVER WORKING ENVIRONMENT.

Extra robust and use-optimised, with a satisfying variety of storage possibilities.

FORERUNNER FOR YEARS.

In the passenger transport segment.

PROVEN VOLKSWAGEN QUALITY.

Durable materials and high-quality workmanship.

One for all.

The Caravelle moves you
in three equipment variants.

The Caravelle vehicle concept has been meeting the highest standards of professional passenger transport for over 30 years. The Caravelle is optimally tuned to the individual needs of its drivers and passengers.

The Caravelle Trendline and Caravelle Comfortline are your reliable partners for the most demanding standards, while the Caravelle Highline allows you to raise the bar even further. All three variants are available with a long wheelbase upon request, to provide all passengers with a further 40 cm of exclusiveness.

Confidently

on-scene. The design ensures an impeccable appearance.

There are times when everything has to be perfect: the time, the place and the professional appearance. With the Caravelle, you create the ideal conditions the moment you arrive. The sharp design with clear-cut lines and contours allows the Caravelle to make a striking first impression.

Highlights include elegant chrome details, which differ according to the equipment line chosen. For instance, the Caravelle Comfortline (see illustration) comes with three chrome strips on the radiator grille as standard, to warmly welcome discerning passengers.

Versatile

to the smallest detail. The interior with use-optimised storage system.

The Caravelle enables you to concentrate completely on your job. The high-quality materials, carefully combined with top-class finishing, add to the comfortable atmosphere, alongside the modern design and intelligent arrangement of all controls. The clearly thought-out storage system allows for the ordered storing of documents and offers space for tablets, smartphones and all the other important things for a long day of shuttle work. Adding to the driver's comfort is a height-adjustable driver's seat with lumbar support.

The instrument cluster with the "Plus" multifunction display shows all of the important information at a glance, providing current vehicle data such as the range, driving time and average speed and consumption.*

Spacious

dimensions. The variable space concept for up to 9 people including luggage.

The modular mounting system, available as an option, enables seats to be easily repositioned for shuttle journeys or trips with a lot of luggage. The double-folding, 3-seater bench seat is especially practical, and can expand the luggage compartment in a matter of moments. The Caravelle Trendline and Caravelle Comfortline seat seven as standard¹⁾; these can optionally be upgraded to nine. The high-quality leather seats²⁾ in the Caravelle Highline offer space for eight people.

The tailgate's large opening height (fig. 01) provides plenty of space for loading and unloading the luggage compartment. It also serves as a convenient shelter in wet weather. Also optionally available with rear wing doors.

1) Selected engine/gearbox combinations are alternatively supplied with 5 seats as standard. Your local Volkswagen Commercial Vehicles dealer will be happy to inform you. 2) Centre seat panel and inner side bolsters in "Nappa" leather. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Comfortable

no matter where you're sitting.
High-quality materials create a
truly comfortable atmosphere.

The many convenient details in the Caravelle invite passengers to make themselves comfortable. The passenger compartment is the ideal solution for commercial passenger transport, with plenty of space for passengers, and their individual requirements. This includes high-quality materials and the typical excellent workmanship, along with convenient reading lights. The Easy Entry function of the outer seat in the second row at the sliding-door side provides especially comfortable access to the third row of seats. Easy Entry seats can be folded forward in a matter of moments, and are fitted on both sides in vehicles with two sliding doors.

The upholstery immediately creates a comfortable ambience, allowing passengers to sit back and enjoy the journey. In addition, the Caravelle's excellent noise insulation keeps exterior noise where it belongs: outside.

Confident, versatile,
spacious and comfortable.

The Caravelle Trendline.

The Caravelle Comfortline.

The Caravelle Highline.

The seating packages.

Versatile and functional with space for up to nine people.

Two wheelbases and a variety of seating packages. The Caravelle offers high levels of comfort and space. From the 4-seater to the 9-seater package, you will find a suitable configuration for a wide range of shuttling tasks. The Caravelle with a 40 cm longer wheelbase provides additional luggage space or the possibility to integrate a fourth row of seats.

Easy Entry on the sliding door side. The Easy Entry seats can be folded forward in no time at all, allowing passengers in the third row of seats to enter and exit the vehicle faster and more comfortably. Vehicles with two sliding doors now have Easy Entry on both sides. The Caravelle can also transport bulky goods without the need for prior planning. The backrests of all seats can be folded down – even those with the Easy Entry function.

Please bear in mind that these are only approximate figures, and that they may vary due to production tolerances. 2) In the Caravelle Trendline and Caravelle Comfortline selected engine/gearbox combinations are alternatively supplied with 5 seats as standard. Your local Volkswagen Commercial Vehicles dealer will be happy to inform you. 3) For the Caravelle Highline with Easy Entry on both sides. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

The Caravelle **Trendline.**
Your partner for first-class service.

The equipment of the Caravelle Trendline.

Reliable, safe and thought-out right down to the smallest detail.

01 The storage system. The driver's cab in the Caravelle Trendline is equipped to cope with every challenge a busy day has to offer. The intelligent arrangement of the various storage options, compartments and holders make the interior the perfect workplace. Valuables can be stored safely in the lockable glove compartment, documents can be tidily filed away in the A4-size middle compartment, and beverages are kept secure in the bottle and cup holders.

For smartphones and other electrical devices, the Caravelle Comfortline and Highline have a USB connection, while this is optional in the case of the Caravelle Trendline. Upon request, all equipment lines can be equipped with a second 12 V socket.

02 Passenger compartment.²⁾ The high-quality materials and the durable upholstery, along with Volkswagen's typical meticulous workmanship create a truly comfortable atmosphere. The outstanding noise insulation effectively insulates the interior against exterior noise.

03 Roof compartment. Practical storage for objects such as sunglasses.

04 De luxe headlining in the Trendline. Four reading lights, fold-out handles and clothes hooks fulfil individual needs.

THE STANDARD EQUIPMENT of the Caravelle Trendline.

EXTERIOR

- Black radiator grille with a chrome trim strip
- Heat-insulating windows
- Sliding door, right side
- H4 halogen headlights with headlight range adjustment
- 16-inch or 17-inch steel wheels³⁾

INTERIOR

- Driver's seat with height adjustment and lumbar support
- Steering wheel with height and reach adjustment
- Fully lined passenger compartment
- Seven seats⁴⁾, five of which in the passenger compartment, and plenty of space for luggage
- 2-seater bench seat with ISOFIX child seat mountings
- Double-folding 3-seater bench seat in third row of seats
- Rubber floor covering, washable
- De luxe headlining with fold-out handles and clothes hooks
- Integrated step lighting
- Practical luggage compartment light
- Plastic loading sill protection for tailgate lock carriers

OPERATING EQUIPMENT

- Heated rear window and rear windscreen wiper
- 12 V socket in passenger compartment

SAFETY

- Driver and front-passenger airbags with front seat passenger airbag deactivation function
- Electronic Stabilisation Programme with brake assist system, ABS, ASR, EDS, and Hill Start Assist
- Automatic Post-Collision Brake System
- 16-inch or 17-inch running gear with a 17-inch brake system³⁾

1) Option at extra charge for the Caravelle Trendline. 2) Illustration shows the 9-seater package with Easy Entry. The Easy Entry seat has been removed. 3) Depending on the engine/gearbox combination. 4) Selected engine/gearbox combinations are alternatively supplied with 5 seats as standard. Your local Volkswagen Commercial Vehicles dealer will be happy to inform you. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

The Caravelle **Comfortline.**
Your specialist for first-class comfort.

CV0862

The equipment of the Caravelle Comfortline.

Comprehensive, attractive, high-quality and more convincing with every kilometre.

01 Passenger compartment. With its elegant carpet floor covering, the interior immediately creates an inviting atmosphere. The high-quality cloth seat upholstery provides outstanding seating comfort.

02 Sunblinds on the side windows of the passenger compartment. The blinds can be easily pulled out of the side panel trim below the windows, providing both privacy and protection against sunlight.

03 De luxe headlining. Ventilation strips in the headlining supply fresh air to the passenger compartment and help to prevent the side windows misting up.

04 Electric exterior mirrors. The electrically adjustable exterior mirrors can be quickly de-iced on frosty days thanks to the integrated heater.

05 Driver's cab with storage system. Exclusive details round out the functionality of the cleverly thought-out storage system in the Comfortline. These include the instrument cluster with "Plus" multifunction display framed in chrome.

THE ALTERNATIVE STANDARD EQUIPMENT

of the Caravelle Comfortline compared to the Caravelle Trendline.

EXTERIOR

- Radiator grille painted black with three chrome strips
- Colour-coded add-on parts, bumpers, door handles and exterior mirrors
- Silver wheel trim*

INTERIOR

- Driver and front passenger seats with armrests
- Instrument cluster with "Plus" multifunction display framed in chrome
- De luxe headlining with air vents
- Illuminated vanity mirrors
- Sunblinds on the side windows of the passenger compartment
- Carpet floor covering in the driver's cab and passenger compartment

FUNCTION

- "Composition Audio" radio system with four speakers
- Two remote control flip keys for central locking system
- Electrically adjustable and heated exterior mirrors
- "Climatic" semi-automatic air conditioning system
- Additional 12-V socket on the dash panel
- Electric windows

SAFETY

- Driver Alert System
- Dual-tone horn
- H7 halogen headlights

*In conjunction with 16-inch steel wheels. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

The Caravelle **Highline.**
Your expert for the exceptional.

The equipment of the Caravelle Highline.

Demanding, first-class quality and relaxing from the moment you get in.

01 Passenger compartment with two electric sliding doors. These make life particularly easy for your passengers when entering or exiting the vehicle. The sliding doors in the passenger compartment can be opened electrically from the driver's cab as well at the push of a button or using the remote control key.

02 Leather seats.¹⁾ The elegant, high-quality seat upholstery made of “Nappa” leather¹⁾ in Titanium Black combines exclusive seating comfort with outstanding durability.

03 Chrome package. Chrome trim on the radiator grille and at the side and rear enhances the appearance of the Caravelle Highline.

04 De luxe dash panel. The broad centre console of the de luxe dash panel provides even more space for comfort. The closed storage compartment located in the centre can be optionally equipped with connection options for smartphones. Additional special features include two cup holders and a bottle holder for bottles up to 1.0 litre. The steering wheel and gear lever knob are upholstered in leather.

THE ALTERNATIVE STANDARD EQUIPMENT of the Caravelle Highline compared to the Caravelle Comfortline.

EXTERIOR

- 17-inch “Cascavel” alloy wheels in silver
- Additional chrome trim at the rear and sides and on the air intakes
- Two electric sliding doors

INTERIOR

- De luxe dash panel with chrome elements and an attractive decorative insert in “Black Glossy”²⁾
- Driver's cab trim with “Structural X” decorative trim³⁾ and leather-look mirror trim
- Leather-covered multifunction steering wheel and leather gear lever knob
- “Nappa” leather¹⁾ seat upholstery in Titanium Black
- Step lighting with “Highline” lettering
- Easy Entry on both sides for comfortable entry and exit
- Eight seats, six of these in the passenger compartment, and good space for luggage
- Privacy glass in the passenger compartment

FUNCTION

- “Composition Colour” radio system with six speakers in the driver's cab and passenger compartment
- “Air Care Climatronic” 3-zone air conditioning
- Reading lights in the driver's cab and passenger compartment
- Electric closing assist for tailgate

SAFETY

- Fog lights with integrated static cornering light

1) Centre seat panel and inner side bolsters in “Nappa” leather. 2) Additional decorative inserts are also optionally available. 3) Decorative trim in wood-look “Golden Chestnut” is also optionally available. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

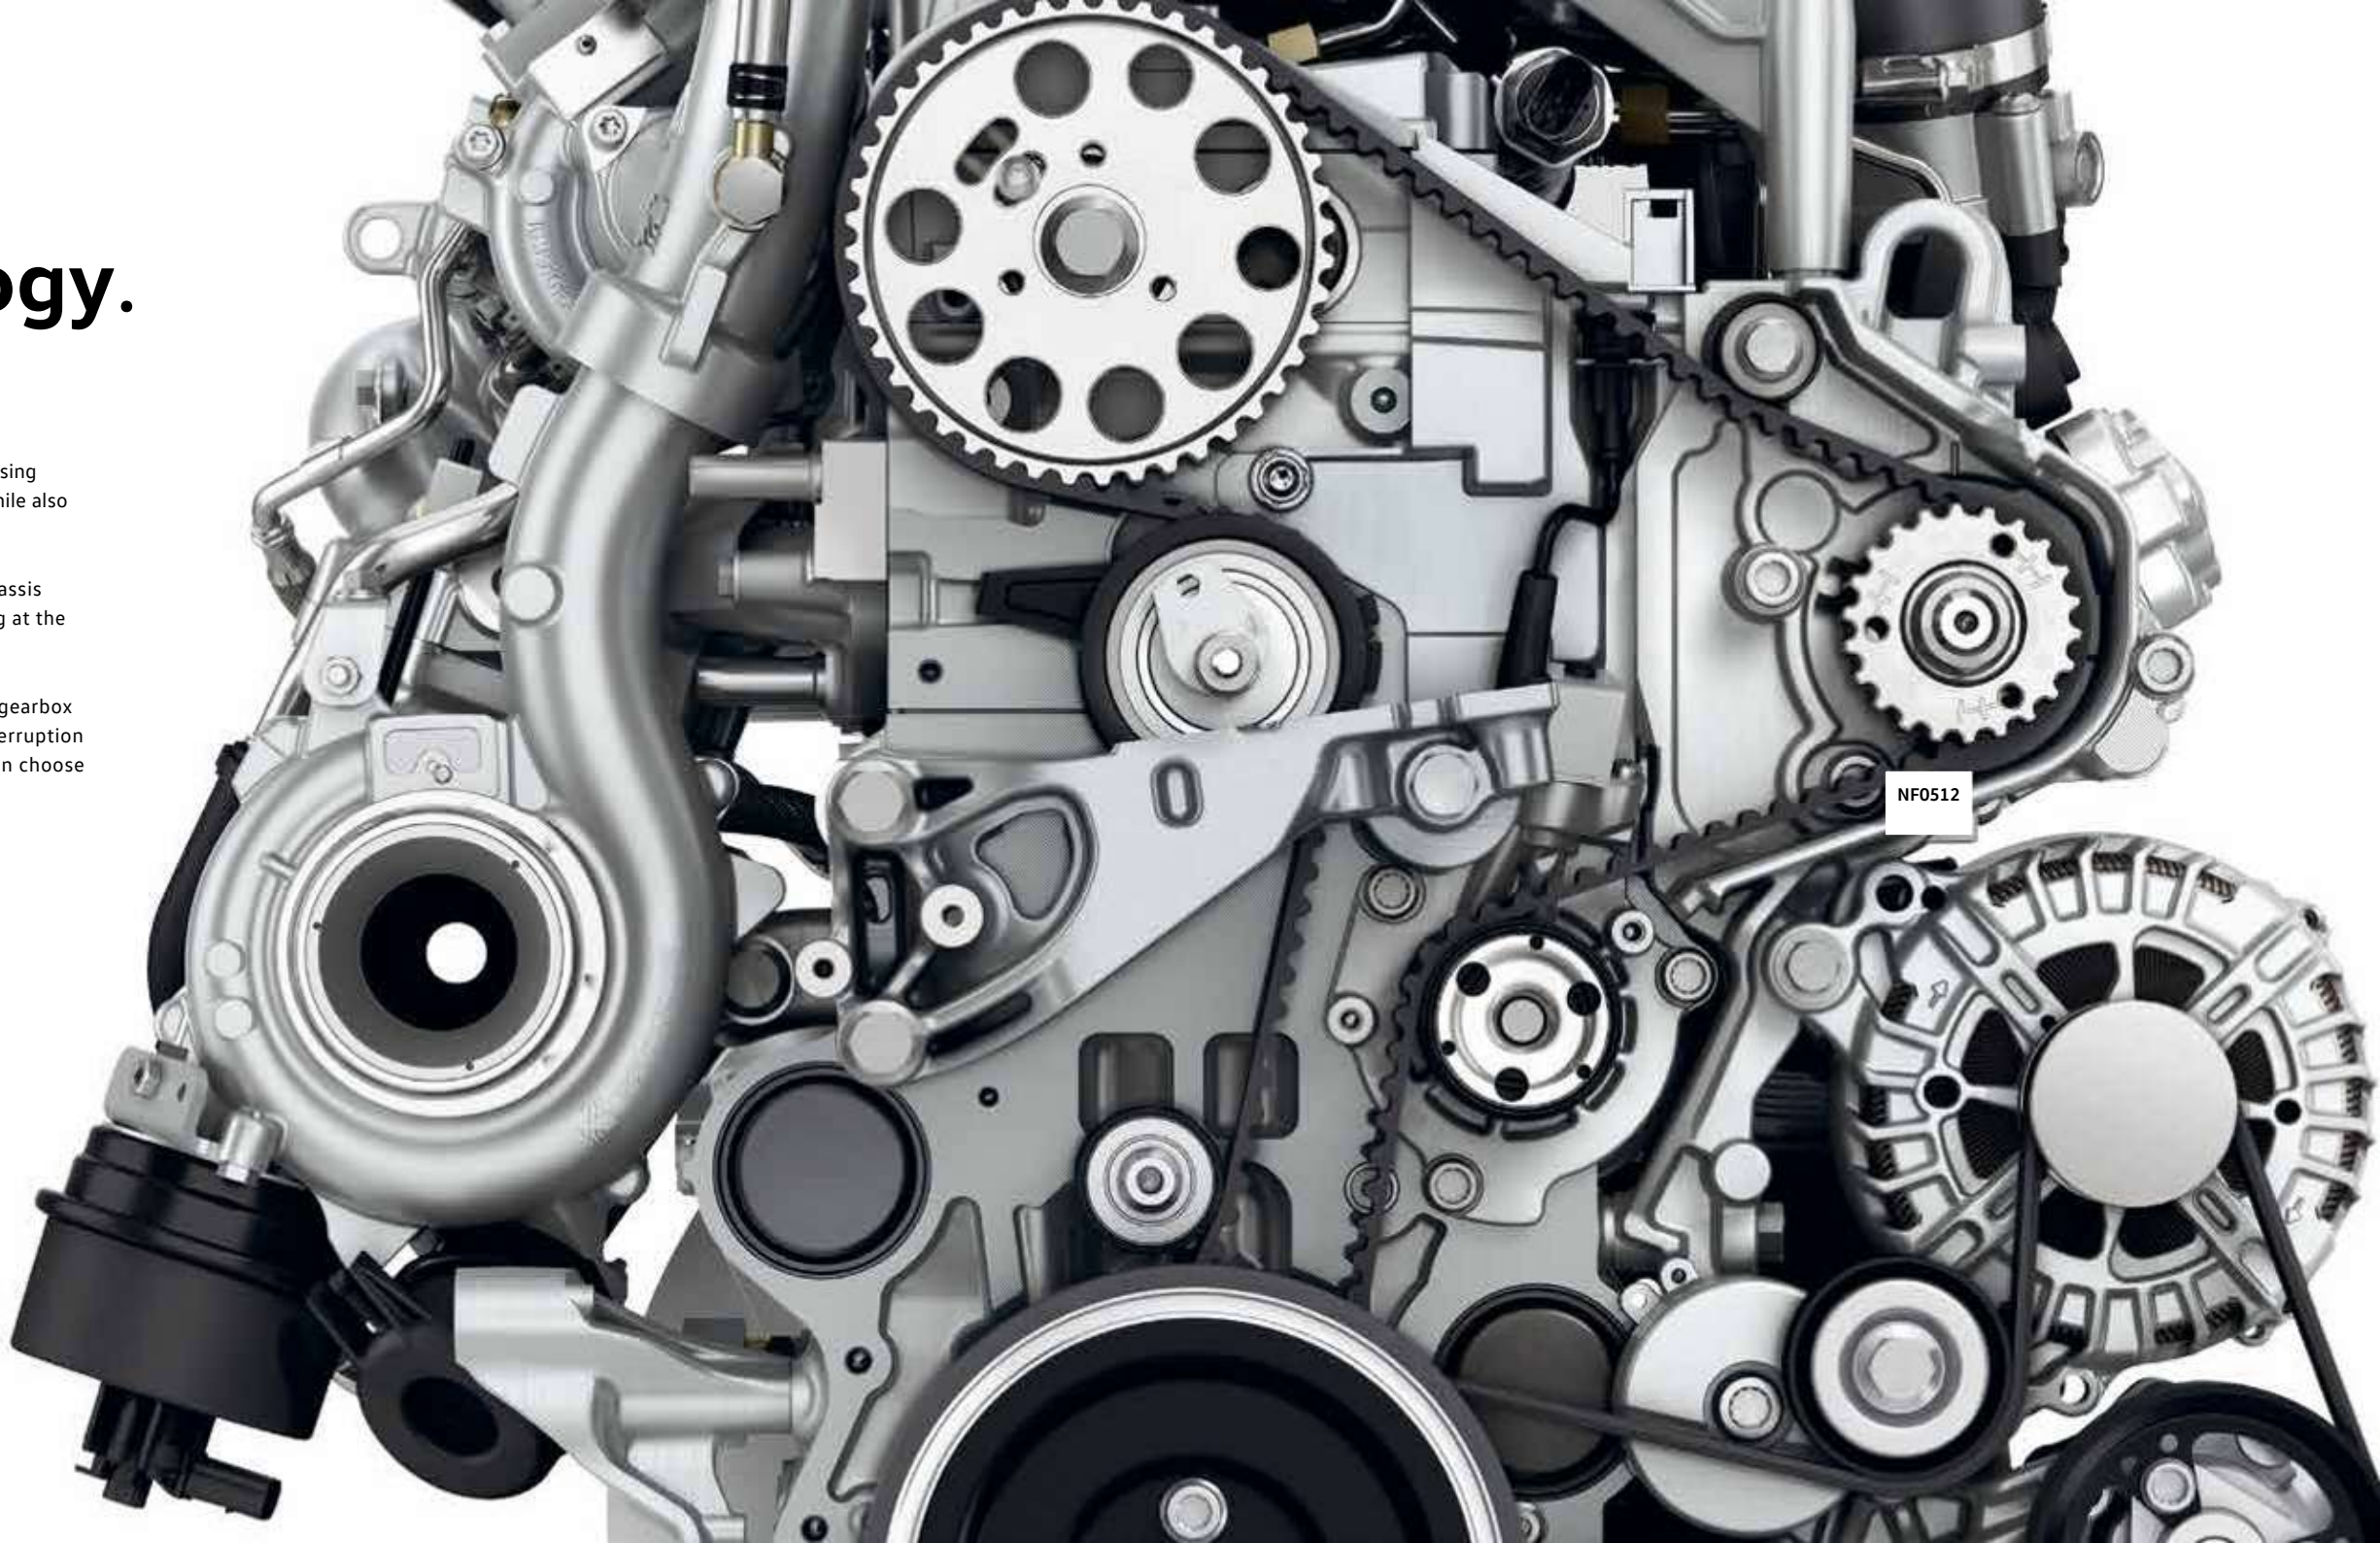

Advanced engine technology. With extra low fuel consumption.

Every engine option features incredibly low fuel consumption without compromising on driving pleasure. The 2.0 TDI engine with 146 kW is particularly powerful, while also boasting low fuel consumption.^{1), 2)}

DCC adaptive chassis control (not illustrated).³⁾ The optional DCC adaptive chassis control improves vehicle handling and can be adjusted to your favourite setting at the touch of a button, simply choose from NORMAL, SPORT or COMFORT.

Dual clutch gearbox DSG (not illustrated).⁴⁾ The optional 7-speed dual clutch gearbox DSG permits fully automatic, almost imperceptible gear changing with no interruption in power flow, which results in significantly increased driving comfort. You can choose between normal and sport mode.

The consumption and emission figures listed have been determined in accordance with the measuring method prescribed by law. Since 1st September 2017, said new vehicles have already been tested in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). This is a more realistic test procedure for measuring fuel consumption and CO₂ emissions. As of 1st September 2018, the WLTP will successively replace the New European Driving Cycle (NEDC). Due to the more realistic testing conditions, the fuel consumption and CO₂ emission values measured using the WLTP test procedure are frequently higher than those measured using NEDC. Further information about the differences between WLTP and NEDC is available at www.volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html.

Diesel engines.

NF0608

2.0 litre TDI (75 kW)⁵⁾

Average fuel consumption: from 6.5 l/100 km
CO₂ emissions: from 171 g/km

2.0 litre TDI (84 kW)⁶⁾

Average fuel consumption: from 6.5 l/100 km
CO₂ emissions: from 170 g/km

2.0 litre TDI (110 kW)⁷⁾

Average fuel consumption: from 6.3 l/100 km
CO₂ emissions: from 165 g/km

2.0 litre TDI (146 kW)^{1), 2)}

Average fuel consumption: from 6.7 l/100 km
CO₂ emissions: from 176 g/km

The consumption and emission values refer to vehicles with passenger vehicle registration.

1) Caravelle, 2.0 litre TDI engine with 146 kW, fuel consumption in l/100 km: 10.9–7.9 (urban), 7.3–6.0 (extra-urban), 8.5–6.7 (combined); CO₂ emissions in g/km: 223–167 (combined); efficiency classes: E–C. 2) Only for vehicles with passenger vehicle registration. 3) Only available in conjunction with the “Plus” multifunction display. 4) Not available for all engine options. 5) Caravelle, 2.0 litre TDI engine with 75 kW, fuel consumption in l/100 km: 9.0–7.6 (urban), 6.4–5.6 (extra-urban), 7.1–6.5 (combined); CO₂ emissions in g/km: 185–171 (combined); efficiency class: C. 6) Caravelle, 2.0 litre TDI engine with 84 kW, fuel consumption in l/100 km: 8.6–7.8 (urban), 6.3–5.8 (extra-urban), 7.1–6.5 (combined); CO₂ emissions in g/km: 186–170 (combined); efficiency class: C. 7) Caravelle, 2.0 litre TDI engine with 110 kW, fuel consumption in l/100 km: 9.8–7.2 (urban), 7.5–5.8 (extra-urban), 8.1–6.3 (combined); CO₂ emissions in g/km: 213–165 (combined); efficiency classes: D–B. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

BlueMotion Technology

as standard. Technologies that save fuel too.

Volkswagen models with BlueMotion Technology follow the “Think Blue” concept: That is why every single Caravelle is equipped with a start/stop system, regenerative braking, Hill Start Assist and roll resistance-optimised tyres.

Regenerative braking (not illustrated). This recharges the vehicle battery during overrun and braking phases, thereby relieving strain on the engine and reducing fuel consumption.

Start/stop system (fig. 01). After shifting into neutral and releasing the clutch*, the engine is switched off automatically, e.g. at red traffic lights. To start the engine again, it is enough to step on the clutch.

Roll resistance-optimised tyres (not illustrated). The Caravelle makes contact with the road via tyres with optimised rolling resistance. Low rolling resistance reduces fuel consumption, and, with it, CO₂ emissions.

*Only applies for manual gearbox. Illustration includes options at extra charge. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

NF0586

CV0927

Unique

in its class. The 4MOTION all-wheel drive in combination with the dual clutch gearbox DSG.*

The Caravelle has various innovative features that ensure excellent traction as well as optimum handling and steering, even in difficult driving conditions.

4MOTION all-wheel drive (not illustrated). The optional 4MOTION all-wheel drive is now fitted with the latest transmission generation all-wheel drive coupling. Advantages include reduced weight and further enhancement of vehicle handling and dynamics.

4MOTION all-wheel drive with dual clutch gearbox DSG (fig. 01).* The Caravelle is the only vehicle in its class available with the optional 4MOTION all-wheel drive and optional 7-speed dual clutch gearbox DSG.

Hill Descent Assist (not illustrated). This optional system allows you to drive down slopes in a safe, controlled way, thanks to the engine management's ability to govern the engine speed and apply the brakes if necessary.

Mechanical differential lock (not illustrated). The mechanical differential lock is available for the rear axle in combination with the optional 4MOTION all-wheel drive.

NF0552

01

Safety systems, prepared for almost anything.

nf0513.eps

Electronic Stabilisation Programme.* Prevents under- or over-steering via targeted braking of individual wheels. | TL | CL | HL |

nf0517.eps

Anti-lock braking system (ABS). Prevents wheel block and, thus, maintains manoeuvrability. | TL | CL | HL |

nf0707.eps

Traction control system (ASR). Prevents wheelspin. | TL | CL | HL |

nf0620.eps

Electronic differential lock (EDL). Distributes the engine torque to the tyres without slippage. | TL | CL | HL |

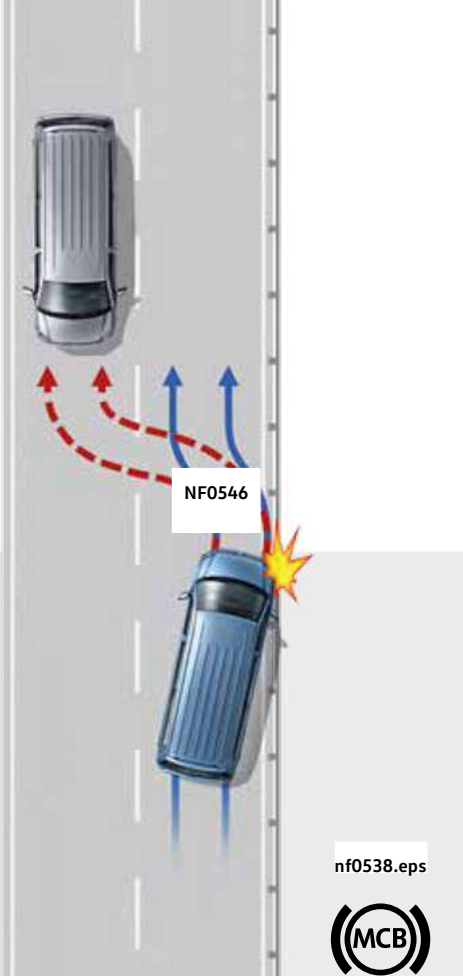

nf0516.eps

Airbags. Provide the best possible protection in the event of head-on and side impacts as standard. The front passenger airbag can be deactivated using the vehicle key. | TL | CL | HL |

nf0521.eps

Seat belt warning. If the seat belt is not fastened, the seat belt warning system reminds the driver to fasten his seat belt with a visual warning when the engine is started, and an acoustic warning after setting off. | TL | CL | HL |

Automatic Post-Collision Braking System.* Triggers braking after a collision, with the aim of preventing secondary collisions. The Automatic Post-Collision Braking System activates when two independent sensors detect an accident. After a short delay, the vehicle begins a phased braking action down to 10 km/h, during which the driver can take over at any time. | TL | CL | HL |

Driver assistance systems, which support you in every situation.

nf0537.eps

Driver Alert System.¹⁾ Uses visual and acoustic warning signals to recommend that the driver take a break as soon as it registers driving behaviour that indicates tiredness. | TL | CL | HL |

nf0702.eps

Brake assist system. Registers the speed at which the brake pedal is pressed. During a reflexive or emergency braking action, it ensures that full brake pressure is built up more quickly. | TL | CL | HL |

nf0524.eps

Daytime running lights. Switch on automatically when the ignition is activated and lower the risk of an accident in day-light. | TL | CL | HL |

nf0519.eps

Tyre monitoring display.¹⁾ Warns when there is a possible loss of tyre pressure and indicates to the driver to check tyre pressure as soon as possible. | TL | CL | HL |

nf0541.eps

Cruise control system. At 30 km/h and above, the system maintains the set speed depending on uphill and downhill inclines. | TL | CL | HL |

Hill Start Assist. Can prevent the vehicle from rolling back on inclines by maintaining the brake pressure for a second or two. This makes it easier to start off on uphill slopes. | TL | CL | HL |

NF0897

ParkPilot.¹⁾ Emits audible warnings when obstacles are detected in front of or behind the vehicle when parking, and also provides a visual display²⁾ of the vehicle's distance from the obstacles. | TL | CL | HL |

NF0896

“Rear View” reversing camera. Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio²⁾ or navigation system. Additional static guidelines aid the parking process. | TL | CL | HL |

NF0544

Adaptive Cruise Control ACC.¹⁾ Automatically adapts the vehicle's speed to that of the vehicle driving in front and maintains the distance set by the driver. At the same time, it remains within the set speed. Includes the “Front Assist” ambient traffic monitoring system. | TL | CL | HL |

NF0703.eps

NF0545

Lane change assist “Side Assist”.¹⁾ Displays a warning signal in the exterior mirror if one of the system's sensors registers a vehicle in the blind spot when changing lanes. | TL | CL | HL |

NF0704.eps

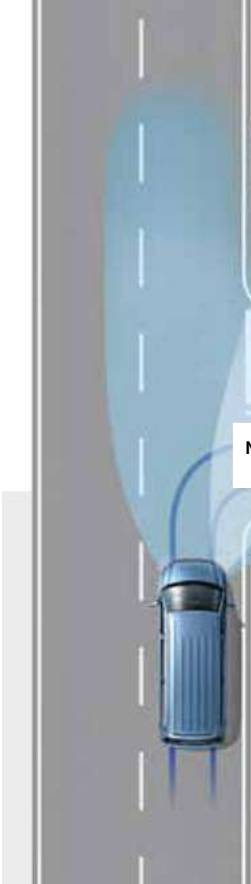

NF0547

High-beam assistant “Light Assist”. Automatically dips the headlights for oncoming vehicles or vehicles travelling ahead before they are dazzled. When activated, the system automatically switches on the high-beam headlights when the vehicle is travelling above 60 km/h in complete darkness. | TL | CL | HL |

nf0527.eps

NF0548

Fog lights with integrated static cornering light. Ensure optimum visibility in poor weather conditions. The headlight nearest to the corner illuminates the roadside when turning. | TL | CL | HL |

NF0706.eps

Innovative

for good entertainment. The infotainment system with intuitive operation and excellent connectivity.

Thanks to state-of-the-art technology, you can stay connected while out on the road in your Caravelle. For example, the touchscreen displays in the optional navigation systems feature intuitive controls and a good overview of all the information you need. With Car-Net App-Connect¹⁾ and Car-Net Guide & Inform²⁾, you can add many other mobile online services to these top-quality systems. A detailed description of the services is available at www.vwn.de/mod. The “Comfort” mobile phone interface provides crystal clear reception for your smartphone³⁾, improving both the call quality and data transfer rate for Car-Net.

1) Option at extra charge, in conjunction with the “Composition Media” radio system and “Discover Media” navigation system. Car-Net App-Connect is already included in the optional navigation system “Discover Media Plus”. Compatible with MirrorLink™, CarPlay™ and Android Auto™. Please ensure that your end device is compatible with Car-Net App-Connect. The Car-Net App-Connect apps are operated exclusively via your mobile phone. Please note the conditions of your contract with regard to the data and Internet connection. Further infor-

mation is available at www.vwn.de/mod 2) Only available in conjunction with the “Discover Media” and “Discover Media Plus” navigation systems. From the fourth year, usage carries an extra charge. In order to establish an Internet connection, the customer will require their own mobile wireless router (e.g. a smartphone with hotspot capability) or a suitable USB dongle (e.g. Volkswagen CarStick LTE) that works with their own SIM card with an Internet data tariff. 3) Optional equipment at extra charge in conjunction with the “Composition Colour” and “Composition Media” radio systems, and the “Discover Media” navigation system. Illustration includes options at extra charge. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

Car-Net Guide & Inform.

With Car-Net Guide & Inform¹⁾, you expand your navigation system to include numerous additional onboard information services. This ensures you are better informed about the current traffic situation, free parking spaces and the filling stations with the lowest prices. A total of 11 services are available to you, free of charge for the first three years.²⁾ For further information, go to www.vwn.de/mod.

NF0671

NF0675

02 Online POI Search. Find your destination in the navigation system with a Google search, without even knowing the exact address, and also obtain a broad range of additional information.

NF0673

NF0672

04 Filling Stations. Find the cheapest petrol station in your vicinity along with its opening hours. Your vehicle's fuel type is automatically identified.

Car-Net App-Connect.

With Car-Net App-Connect⁴⁾, you can operate many features of your iPhone or Android smartphone even while on the move – conveniently and safely through your Infotainment system's touchscreen. And you can also simply connect your smartphone to the system using the USB cable. Apple CarPlay™, Android Auto™ and MirrorLink™ then mirror all compatible apps on the display. More information and services are available at www.vwn.de/mod.

01 Siri and Google Assistant. Apple CarPlay™ enables the use of Siri voice commands while driving. Siri helps you make and take calls, will read out text messages to you and more. Android smartphone users can access Google Assistant.

02 Messages. This function transfers text messages sent to an Android smartphone or iPhone to the infotainment system screen, where they are easily legible. WhatsApp messages are also shown on the display.

1) Car-Net Guide & Inform can only be used with the "Discover Media" and "Discover Media Plus" optional equipment. You will also require a mobile device (e.g. smartphone) that is capable of acting as a mobile wireless hotspot, or a Volkswagen CarStick LTE with a SIM card from any mobile network provider, which must be paid for separately. Guide & Inform services are only available in conjunction with an existing mobile phone contract between you and your mobile phone provider or with a contract concluded separately for this purpose, and only where coverage is available. Depending on your mobile phone tariff, receiving data from the Internet may incur additional charges, particularly if you are using the device abroad (e.g. roaming charges). Due to the amount of data needed when using Car-Net services, we strongly recommend signing up for a flat rate data plan with your mobile phone provider. The use of Car-Net is governed in a separate agreement concluded online with Volkswagen AG. After taking possession of the vehicle, the customer has 90 days in which to register the vehicle at www.volkswagen-car-net.com/portal. From the 90th day, the length of time for which the service may be used free of charge is shortened. The availability of Car-Net services may vary by country. These services are available for the duration of the contract term agreed, and may be subject to changes in terms of content during the contract period. More detailed information on Car-Net is available at www.vwn.de/mod and from your Volkswagen dealership; contact your mobile phone provider for information on your mobile network tariff conditions. 2) The free three-year period begins once the customer registers for Car-Net, and 90 days after handover of the vehicle at the latest. 3) Available for car parks with suitable technical infrastructure. There is currently no information available regarding entry heights for the car parks in question. 4) Optional equipment at extra charge, in conjunction with the "Composition Media" radio system and "Discover Media" navigation system. Please check whether your device is compatible with the MirrorLink™, CarPlay™ and Android Auto™ apps, which form part of Car-Net App-Connect. The Car-Net App-Connect apps are operated exclusively via your mobile phone. Please note the conditions of your contract with regard to the data and Internet connection. Further information is available at www.vwn.de/mod Car-Net Guide & Inform and Car-Net App-Connect are optional extras. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

Infotainment.

01 “Discover Media” navigation system. The system, compatible with Car-Net Guide & Inform and App-Connect, consists of a 16.5 cm (6.33-inch) TFT colour display, a touchscreen with proximity sensor, an MP3- and WMA-compatible CD drive, a 4 x 20 watt output with six speakers, an AUX-IN interface, a USB port compatible with devices such as iPhones in the glove compartment, a Bluetooth connection for mobile phones, a dual tuner with phase diversity, two SD card slots and an SD card with map material for optionally Western Europe or Eastern Europe. Free updates for the installed maps are available from Volkswagen MapCare on the Volkswagen website. | TL | CL |

“Discover Media Plus” navigation system (not illustrated). In addition to the functions of the “Discover Media” navigation system, the equipment also includes DAB+ digital radio reception, voice control, Car-Net App-Connect, Volkswagen Media Control, electronic voice amplifier and the “Comfort” mobile phone interface with MEDIA-IN and wireless internet interfaces. | TL | CL | HL |

02 “Composition Media” radio system. The system, compatible with Car-Net App-Connect, consists of a 16.5 cm (6.33-inch) TFT colour display, a touchscreen with proximity sensor, an MP3- and WMA-compatible CD drive, a 4 x 20 watt output with six speakers, an SD card slot, an AUX-IN interface and a USB port compatible with devices such as iPhones in the glove compartment, a Bluetooth connection for mobile phones and a dual tuner with phase diversity. | TL | CL | HL |

Volkswagen Media Control (not illustrated).¹⁾ Turn your mobile device into a remote control²⁾ for the navigation system and control the audio system using a wireless connection from the comfort of the passenger compartment. Or mirror a navigation route from your tablet onto the colour touchscreen display. | TL | CL | HL |

Additional USB port (not illustrated). External media devices, such as MP3 players, can be connected via the second USB port integrated into the upper storage compartment on the front passenger side (also compatible with iPods, iPhones, iPads and Apple CarPlay™). | TL | CL | HL |

03 “Composition Colour” radio system. This system consists of a 12.7 cm (5 inch) TFT colour display with touchscreen, an MP3 and WMA-compatible CD drive, 4 x 20 watt output with six loudspeakers, an SD card slot, an AUX-IN interface, a USB port compatible with devices such as iPhones, a Bluetooth connection for mobile phones and a dual tuner with PhaseDiversity for optimum radio reception. | TL | CL | HL |

04 “Composition Audio” radio system. The system consists of a TFT monochrome display, a 4 x 20 watt output with four loudspeakers, an SD-card slot, an AUX-IN interface, a USB port, and a Bluetooth connection for mobile phones. | TL | CL |

05 Rear seat entertainment system. The 39.1 cm (15.4-inch) flat screen mounted in the headliner offers multimedia entertainment in the passenger compartment. It folds out and away electronically, and is controlled via a remote. Numerous file formats on external data storage devices can be played. End devices are connected via three USB and two HDMI ports, with one of each conveniently situated in the lower passenger compartment. Miracast can also be used to mirror a compatible mobile device directly onto the screen. Two sets of infrared headphones are included. | TL | CL | HL |

06 Voice control.³⁾ Operate telephone, navigation and audio functions via voice commands, without ever having to take your hands off the steering wheel. | TL | CL | HL |

07 “Comfort” mobile phone interface.⁴⁾ The special compartment for your mobile phone has a wireless external aerial connection to optimise the quality of your mobile phone reception. A USB port in the storage compartment can be used to charge your phone. | TL | CL | HL |

08 Electronic Voice Enhancer.³⁾ When activated, this projects the driver's voice through the rear speakers. There is no need for the driver to turn around or strain his voice to communicate clearly with occupants in all seating rows. | TL | CL | HL |

09 Volkswagen CarStick LTE. It utilises a separate SIM card⁵⁾ to provide a wireless hotspot in the vehicle. Your devices and the “Discover Media” and “Discover Media Plus” navigation systems can connect to the Internet via this hotspot. | TL | CL | HL |

1) Only available in conjunction with the “Composition Media” and “Composition Colour” radio systems, as well as the “Discover Media” and “Discover Media Plus” navigation systems. 2) The driver is obliged by law not to operate the Volkswagen Media Control functions while driving. 3) Only available in conjunction with the “Composition Media” radio system and the “Discover Media” navigation system and “Discover Media Plus”. 4) Only available in conjunction with the “Composition Media” and “Composition Colour” radio systems, and the “Discover Media” navigation system. Illustration shows the storage compartment of the de luxe dash panel. On the dash panel, the storage compartment is located above the glove compartment. 5) This SIM card is not included in the scope of delivery and must be supplied, if necessary, by your mobile network provider. Additional costs may be incurred. Illustrations of the radio or navigation systems may deviate from the original. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

Comfort and interior.

01 Leather-covered multifunction steering wheel. Adjustable height and reach provide for excellent grip and also make it extremely user-friendly. The radio or navigation system, a mobile phone and the cruise control system can all be controlled using its buttons. | TL | CL | HL |

Leather-covered multifunction steering wheel with paddles (not illustrated).¹⁾ In vehicles featuring the dual clutch gearbox DSG, the paddles can be used to manually shift gears if required, without ever having to take your hands off the steering wheel. | TL | CL | HL |

02 Heated windscreen.²⁾ Heating elements in the windscreen ensure particularly rapid visibility to the front even in damp and cold weather. | TL | CL | HL |

Auxiliary heating system (not shown). This works independently of the heating and ventilation systems, and can be controlled via the centre console or remote control. Alternatively, an auxiliary water heater is also available. | TL | CL | HL |

03 “Climatic” air conditioning system. The semi-automatic air conditioning system has an interior monitoring system that enables it to constantly compare the interior temperature with the desired temperature for the driver’s cab. It also provides optimal air distribution in the passenger compartment. | TL | CL |

04 “Air Care Climatronic” air conditioning. This system offers 3-zone temperature control for the driver, front passenger, and passengers in the passenger compartment. It detects the intensity of the sun’s rays and the outside temperature and adds more or less cool air accordingly. The automatic air recirculation function, the air quality sensor, additional air vents in the roof lining of the rear passenger compartment and an auxiliary heater all work together to create a pleasant interior climate. The coating of the allergen filter keeps out even very small particles such as allergenic substances. | TL | CL | HL |

05 Armrests on the individual seats in the driver’s cab can be folded up. The adjustment wheel enables every occupant to find their perfect seat position. The armrests can also be folded up completely, allowing easy access to all of the front row seats. | TL | CL | HL |

Electric 12-way seat adjustment (not illustrated). The driver’s seat is equipped with seat heating, and is electrically adjustable. The lumbar support, backrest tilt, seat height and seating surface tilt and length are all adjustable, so that everyone can find their ideal seating position. Three different seat configurations can be saved using the memory function. Electric 12-way seat adjustment³⁾ includes seat heating for the driver and front passenger seats. | CL | HL |

06 Front passenger bench seat. A 2-seater bench seat can be ordered for the front passenger side instead of a single seat. The seat surface lifts to reveal an additional storage compartment. On the Caravelle Trendline, the backrest is available with an optional fold-out storage compartment, complete with two integrated cup holders and a pen holder. | TL | CL |

ISOFIX child seat mountings (not shown). Child seats can be safely attached to the ISOFIX mounting points in the second row of seats. | TL | CL | HL |

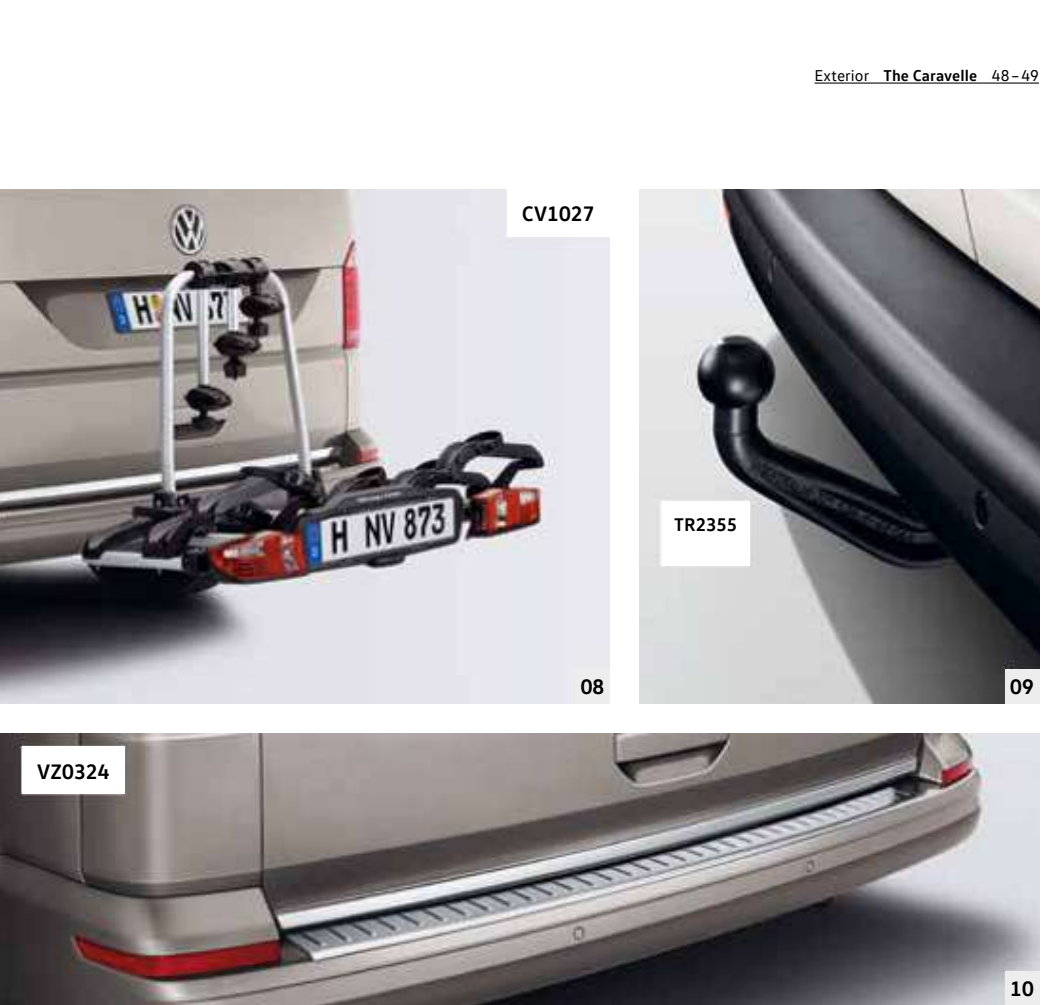

07 Electric tailgate.⁴⁾ The electric tailgate features a variety of control options that make it even more convenient to use: via the remote control key for the central locking system (opening), via the button⁵⁾ on the driver’s door trim (opening), via the tailgate handle (opening), through a short pull on the tailgate (closing) and via the button on the tailgate cladding (closing and stopping). The parking assistant’s sensors check whether there is enough space to open the tailgate. | TL | CL | HL |

08 Lashing eyes. There are six lashing eyes in the passenger compartment and luggage compartment to help you secure your load safely. Depending on the seating package selected, the Caravelle with a long wheelbase is fitted with up to eight lashing eyes. | TL | CL | HL |

09 Sliding window. Just reach for the handle to let fresh air in quickly and easily – with sliding windows on both the left and right sides of the passenger compartment. Please bear in mind that the sliding windows cannot be made with acoustic glass. | TL | CL | HL |

1) Not available for all engine options. 2) The heated windscreen is only available in conjunction with the Light & Sight package. 3) Only in conjunction with “Nappa” seat upholstery. 4) Only available in conjunction with the central locking system, heated rear window, rear window wiper and ParkPilot. Illustration includes options at extra charge. 5) Only available for the Caravelle Highline. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Exterior.

01 LED headlights. Modern LED technology for dipped and high beams gives the vehicle an attractive lighting signature at the same time as providing ample light. The LEDs in the headlights also stand out on account of their excellent energy efficiency and long service life. | TL | CL | HL |

02 LED tail lights.¹⁾ Modern LED technology gives the side and braking lights an attractive lighting signature and also optimises visibility. | TL | CL | HL |

03 Headlight cleaning system. The washer jets for the headlight cleaning system extend as needed and then retract back into the bumper. This system, which is linked to the windscreen washer system, works when high or dipped beams are switched on. The headlight housing glass is washed once every five windscreen washes. | TL | CL | HL |

04 “Bulli” badge. The “Bulli” badge is available as an alternative to the model designation lettering at the rear. It is fitted on the driver’s and front passenger’s doors, together with the chrome-look turn signals. Any lettering on the step is replaced with “Bulli”. | TL | CL | HL |

05 Bicycle carrier for the tow bar.²⁾ The sturdy and convenient carrier is fitted onto the tow bar and still allows the tailgate to be opened after fitting. The carrier enables up to two bicycles to be carried. | TL | CL | HL |

06 Loading ramp for bicycle carrier.²⁾ Simplifies the loading of bicycles in conjunction with the bicycle carrier for the tow bar. | TL | CL | HL |

07 Tailgate bicycle carrier. The bicycle carrier mounted on the tailgate is ideal for bicycles with a tubular frame diameter of up to 55 mm. The carrier is a particularly convenient feature with an electric tailgate. The electric tailgate can still be opened automatically when the bicycle carrier is fitted and no bikes are attached. The carrier with 50 mm wide wheel rails can carry up to 60 kg and accommodate up to four bicycles. Tensioning straps and four lockable spacers are used to secure the bicycles. | TL | CL | HL |

Roof-mounted indicators (not illustrated).³⁾ Offer greater protection against rear-end collisions due to their highly visible position. | TL | CL | HL |

08 Bicycle carrier expansion.²⁾ Used in conjunction with the bicycle carrier for the tow bar, the easy-to-fit expansion kit enables three bicycles to be carried. | TL | CL | HL |

09 Tow hitch, detachable. The tow hitch is particularly quick and easy to fit, lockable, and also features a trailer stabilisation function. | TL | CL | HL |

Fixed tow hitch (not illustrated). Depending on the engine version, loads of up to 2.5 t can be towed. The tow hitch features a trailer stabilisation function as part of the Electronic Stabilisation Programme. | TL | CL | HL |

10 Loading sill protection for the rear bumper.²⁾ The loading sill protection protects the bumper from scratches that may occur when loading and unloading the load compartment. It is available in black and in silver. | TL | CL | HL |

1) Not available in conjunction with rear wing doors. 2) May result in longer delivery periods. 3) Due to roof-mounted indicators, the mounting points cannot be used for external roof systems. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Equipment packages.

Light & Sight package (not illustrated). Designed to improve visibility, this package consists of an automatically dimming rear view mirror, which protects against dazzling from traffic to the rear, and a rain sensor, which activates the windscreen wipers. The driving light assistant illuminates the path to the vehicle, providing an extra layer of safety at night. | TL | CL | HL |

De luxe package (not illustrated). A de luxe package is available for the Caravelle Trendline. It comprises two reading lights in the cab, a dual-tone horn, a storage compartment on the right-hand side of the individual seat, sun visors and vanity mirrors on the left and right and grab handles on the A pillars for the driver and front passenger. A 12 V socket is integrated into the upper storage compartment on the dash panel for further electrical appliances such as mobile phones and notebooks. | TL |

Insulating glass package (not illustrated). It reduces exterior noise by up to 6 dB (A). The front windscreen is specially coated and made from insulated glass, while the side windows are also reinforced. All windows in the passenger compartment are tinted (privacy glass). An automatically dimming rear view mirror and rain sensor round out the package for the Caravelle Trendline. These are already standard features for the Comfortline and Highline. The optionally available sliding windows cannot be supplied with acoustic glass. | TL | CL | HL |

01 Chrome package. Let your guests travel in particular style with the Chrome package. Elegant chrome details accentuate the lower air intake grille and the sides and rear of the vehicle. | CL | HL |

02 Light & Sight package “Plus”. In addition to the features of the standard Light & Sight package, this package also includes powerful H7 halogen headlights and fog lights. | TL |

Electric package I (not illustrated). Consists of electrically adjustable and heated exterior mirrors and electric windows. The corresponding switches are integrated into the driver’s and front passenger’s doors. | TL | CL | HL |

03 Electric package II. In addition to the features of the electric package I, the exterior mirrors can also be folded inwards electrically using the exterior mirror adjuster in the cab door trim or the central locking system remote control. | TL | CL | HL |

EDITION package.

EDITION package.¹⁾ This equipment package gives the Caravelle an individual look. The 17-inch “Cascavel”²⁾ alloy wheels in black, fog lights and H7 double headlights and tinted LED tail lights are particularly striking³⁾. The passenger compartment also boasts black decorative film⁴⁾ on the B-pillars and privacy glass, emphasising the sporty character while also providing effective protection from the sun’s rays. Further details include the roof and exterior mirrors in glossy black as well as colour-coded door handles and bumpers. The black decorative film⁴⁾ with “EDITION” lettering on the side sills and at the rear completes the package. Tailored to the equipment package, you can choose between solid paint finishes in Candy White, Cherry Red and Grape Yellow as well as optional metallic paint finishes in Turmeric Yellow, Mojave Beige, Reflex Silver, Indium Grey, Bamboo Garden Green, Acapulco Blue and Oryx White. | TL | CL |

1) Only available for the short wheelbase. 2) The 18-inch “Springfield” alloy wheels in Black are exclusively available for the EDITION package on request. See pages 52–53 for the alloy wheels. 3) Tinted standard tail light cluster for vehicles with wing doors. 4) Decorative film may show signs of wear and tear or ageing, in particular when subjected to direct sunlight, after a period of 1 to 3 years or even within 1 year in very hot climates. If the decorative film remains on the vehicle for an extended period of time, visual differences may appear between the area protected by the film and the paint finish that is not covered by film. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

Wheels.

Winter tyres (not illustrated). Vehicles with commercial vehicle approval can also be fitted with winter tyres ex works. Winter tyres are available for the 16-inch and 17-inch steel wheels as well as the “Clayton” and “Devonport” alloy wheels. This additional tyre set significantly improves driving characteristics in wintry driving conditions and shortens the braking distance on slippery surfaces. | TL | CL | HL |

Roll resistance-optimised tyres (not illustrated). All wheels have roll resistance-optimised tyres as a BlueMotion Technology measure. Low rolling resistance reduces fuel consumption, and with it, CO₂ emissions. | TL | CL | HL |

Volkswagen Accessories.

01 Boot lid bicycle carrier.* This custom-fit bicycle carrier transports four bicycles safely on the boot lid. The easy-to-secure frame is made from an anodised aluminium profile, can carry up to 60 kg and is suitable for round tube frames of up to 80 mm in diameter. The sliding bicycle bars, attachment arms that can be removed with one hand and securing feet with quick-release fasteners are particularly handy when loading. The boot lid can still be opened when the bicycle carrier is fitted and no bikes are attached. | TL | CL | HL |

02 Roof box. The High Gloss Black box, with a capacity of either 340 or 460 litres, is easy to secure thanks to the quick-release fasteners on the roof bars. The impressive DuoLift system enables the box to be opened from either side. The box can be comfortably sealed with a 3-point central locking system. | TL | CL | HL |

03 Basic carrier. The lockable, city-crash-tested roof bars made of anodised aluminium profile bars are available for the Caravelle. It is designed for loads of up to 94 kg, and can be fitted with different carrier systems. | TL | CL | HL |

04 Ski and snowboard carrier. The lockable ski carrier can be easily mounted onto the roof bars, and allows you to transport up to six pairs of skis, four snowboards or one wakeboard. The wide opening buttons and the convenient pull-out function make loading and unloading as easy as possible, even when wearing thick gloves. | TL | CL | HL |

05 Wind and rain deflector. The deflector effectively reduces spray and wind noise when driving with the window slightly open. It also provides shade when the sun shines in from the side. The deflector's shape is customised to fit the vehicle and can be attached without drilling or adhesives. | TL | CL | HL |

06 Luggage net. The tear-resistant, elastic net is simply secured to the lashing eyes in the luggage compartment using the integrated hooks. This ensures that small and medium-sized objects remain in place. | TL | CL | HL |

07 Luggage compartment liner. This light, flexible, made to measure liner fits the contours of the Caravelle exactly. A raised rim of approx. 5 cm around the edge provides protection from moisture and dirt. The diamond pattern on the liner has a non-slip effect. When not in use, the luggage compartment liner can be rolled up to save on space. | TL | CL | HL |

08 Boot liner. This robust insert is ideal for everything that could soil the luggage compartment during transport. With a 20 cm high rim all round, the tub is acid-resistant, protects against dirt and is easy to clean. | TL | CL | HL |

General information.

Return and recycling of end-of-life vehicles.

Volkswagen meets the challenges of modern society and takes them into consideration in all new products of the Volkswagen brand. This naturally also applies to protection of the environment and resources. All new Volkswagen vehicles can, therefore, be recycled in an environmentally-friendly way and, subject to fulfilment of national legal prerequisites, can be returned free of charge. You can obtain further details of this from your local Volkswagen dealership, on our website www.volkswagen-commercial-vehicles.com and under the telephone number 0800 Volkswagen (0800 86 55 79 24 36), which is free of charge in the Federal Republic of Germany.

DSG®, TDI® and 4MOTION® are registered trademarks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a trademarked name is not illustrated with an ® sign in this document cannot be interpreted as meaning that this is not a registered trademark and/or that it may be used without prior approval in writing from Volkswagen AG.

Some of the vehicles shown are equipped with optional equipment at extra charge. Decorations contained in the illustrations are not included in the standard specification. The standard and optional equipment cannot be shown in full in this brochure. Some options may result in longer delivery periods for the vehicle.

Quality guaranteed.

In addition to the statutory warranty, you receive a 2-year Volkswagen warranty for all new Volkswagen vehicles, a 3-year warranty for paintwork and a 12-year warranty against rusting through. All details of the Volkswagen warranty and of the Volkswagen paintwork warranty apply solely to vehicles of the Volkswagen brand in accordance with the current range of vehicles offered for the Federal Republic of Germany, and which are issued with a service schedule from Volkswagen AG for the German market. The data given here on specifications, equipment, appearance, technical data, and operating costs of the vehicles is based on the features of the German market and is in accordance with the information available at the time of going to print. Your Volkswagen dealership will be pleased to inform you of the differences in your specific country. Subject to change without notice.

The consumption and emission figures listed have been determined in accordance with the measuring method prescribed by law. Since 1st September 2017, said new vehicles have already been tested in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). This is a more realistic test procedure for measuring fuel consumption and CO₂ emissions. As of 1st September 2018, the WLTP will successively replace the New European Driving Cycle (NEDC). Due to the more realistic testing conditions, the fuel consumption and CO₂ emission values measured using the WLTP test procedure are frequently higher than those measured using NEDC. Further information about the differences between WLTP and NEDC is available at www.volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html.

Currently, specification of the NEDC values is still mandatory. In the case of new vehicles with type approval as per WLTP, the NEDC values are derived from the WLTP values. The additional specification of the WLTP values is voluntary until their use becomes mandatory. If the NEC values are specified as ranges, they do not refer to a particular, individual vehicle and do not constitute part of the offer. They are purely for comparison purposes between the various types of vehicle. Additional equipment and accessories (attachments, tyres etc.) may change relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting fuel consumption, electricity consumption, CO₂ emissions and driving performance values beyond the effects of weather, traffic conditions and personal driving style.

Further information regarding official fuel consumption and the official, specific CO₂ emissions for new passenger vehicles can be found in the "Guidelines on fuel consumption, CO₂ emissions and electricity consumption of new cars" which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen or www.dat.de.

Efficiency classes evaluate vehicles on the basis of CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average. Vehicles that are below the average are classed as E, F or G.

The coolant R134a is utilised in the vehicle class N1. The T6 with the vehicle class M1 utilises the coolant R1234yf in combination with an air conditioning system. The GWP value of the coolant utilised is 1,430 (coolant R134a) and 4 (coolant R1234yf). The filling quantity is 585 to 615 g.

RZ_VW_5_Jahre_Garantie_Logo_CMYK_quer_ohne_stern_engl.ai

Protected for up to five years – with the extended warranty.

With the Volkswagen Commercial Vehicles extended warranty, you can extend the two-year warranty on your Caravelle by up to an additional three years. When purchasing a new vehicle, there are several variants with different terms and mileages to choose from. Depending on which offer you go for, you enjoy all of the benefits of the manufacturer's warranty for three, four or five years – with no excess. Your Volkswagen Commercial Vehicles dealer will be happy to advise you.

The benefits for you

- Best possible all-round protection for up to five years
- All of the benefits of the two-year manufacturer's warranty
- No excess
- Choose the term/mileage combination that works for you:
 - + one year, max. 60,000 km
 - + two years, max. 80,000 km
 - + three years, max. 100,000 km
- Personal support from your authorised dealer
- Choose from any authorised workshop at home or abroad*
- All repairs with genuine parts
- Value retention and higher resale value
- Can be ordered at any stage prior to vehicle handover

*Applies to the EU, Norway and Switzerland. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.
