

# The Multivan

Volkswagen

# Uniquely original: The Multivan.

## **LOW FUEL CONSUMPTION.**

Thanks to state-of-the-art engine technology.

## **EFFICIENT BLUEMOTION TECHNOLOGY.**

Standard for all engines.

## **UNIQUE DRIVE CONCEPT.**

4MOTION all-wheel drive combined with dual clutch gearbox DSG.<sup>1), 2)</sup>

## **MOST OFF-ROAD-READY VEHICLE IN ITS CLASS.**

Thanks to the combination of 4MOTION all-wheel drive, Hill Descent Assist and a mechanical differential lock.<sup>1)</sup>

## **ADVANCED DRIVER ASSIST SYSTEMS.**

From ACC<sup>1)</sup> and "Front Assist"<sup>1)</sup> to "Light Assist"<sup>1)</sup> and the Automatic Post-Collision Braking System.

## **MAXIMUM FLEXIBILITY.**

Intelligent rail system for optimum use of space.

## **ONE OF THE MOST POPULAR PEOPLE CARRIERS.**

With decades of success and multiple awards.

## **STATE-OF-THE-ART INFOTAINMENT SYSTEMS.<sup>1)</sup>**

Intuitive operation, intelligent functions, top connectivity.

## **INNOVATIVE MOBILE ONLINE SERVICES.<sup>1)</sup>**

Thanks to Car-Net App-Connect and Car-Net Guide & Inform.

## **WIDEST RANGE OF CUSTOMISATION OPTIONS IN ITS CLASS.**

Four specification packages, countless engine/gearbox combinations and two wheelbases.

## **HIGH-QUALITY INTERIOR DESIGN.**

Electrical 12-way seat<sup>1)</sup>, wood-look flooring in the passenger compartment<sup>1)</sup>.

Comfortline.

Trendline.

## Captivating, even in its sixth generation.

The Multivan has been the perfect travel companion for over 70 years, accompanying drivers through the endless demands of everyday life. Its versatility and quality have always been impressive, right down to the finest detail. And its generous dimensions and flexible space concept are tailor-made to support you in all your day-to-day

plans. The striking design, high-quality interior features and state-of-the-art infotainment systems are proof of the vehicle's individuality and style. The advanced driver assistance systems and exceptionally efficient engines are just two more examples of what makes the Multivan great.

# A bold design that sets new standards.

— Precise lines and powerful contours for an unmistakeable appearance.

Demonstrating greatness, while staying true to your roots – this is what makes the Multivan so exciting. The refined design is marked by precise lines and contours, giving the MPV's clear shape an even more impressive appearance that people won't forget in a hurry. The LED headlights\* are a brilliant design highlight. The advanced LED technology provides a large light volume, durability and a light spectrum similar to daylight with exceptionally low energy consumption. For additional shine on any street, the Multivan is available with 17-inch "Cascavel" alloy wheels in Silver\*, plus an extensive selection of attractive solid, metallic, effect and two-tone paint finishes.

\*As standard in the Multivan Highline, option at extra charge in the Trendline and Comfortline. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

## First class comfort and infotainment.

High-quality cockpit and innovative mobile online services.

The perfect view provided from every seat in the vehicle isn't the only way you'll notice the Multivan's high standards. The exceptional interior is also distinguished by high-quality materials and top class finishing, which are particularly noticeable in the de luxe dash panel.

The infotainment systems stand out from the crowd, too. For example, the touch screen displays in the optional navigation systems feature intuitive controls and a good overview of all the information you need. And if you add Car-Net App-Connect<sup>1)</sup> and Car-Net Guide & Inform<sup>2)</sup>, you will enhance the premium systems with a range of other mobile online services. Please visit [www.vwn.de/mod](http://www.vwn.de/mod) for an in-depth description of all services.

The "Comfort" mobile phone interface<sup>3)</sup> provides crystal clear reception for your smartphone. The electronic voice amplifier<sup>4)</sup> makes it easier to communicate with passengers in the passenger compartment. And these are just a few of examples of how you can make journeys in the Multivan even more comfortable and entertaining.

1) Optional equipment at extra charge, in conjunction with the "Composition Media" radio system and "Discover Media" navigation system. Car-Net App-Connect is already included in the optional navigation system "Discover Media Plus". Please check whether your device is compatible with the MirrorLink™, CarPlay™ and Android Auto™ apps, which form part of Car-Net App-Connect. The Car-Net App-Connect apps are operated exclusively via your mobile phone. Please note the conditions of your contract with regard to the data and Internet connection. Further information is available at [www.vwn.de/mod](http://www.vwn.de/mod) 2) Only available in conjunction with the "Discover Media" and "Discover Media Plus" navigation systems. From the fourth year, usage carries an extra charge. In order to establish an Internet connection, the customer will require their own mobile wireless router (e.g. a smartphone with hotspot capability) or a suitable USB dongle (e.g. a Volkswagen CarStick LTE) that works with

their own SIM card with an Internet data tariff. 3) Optional equipment at extra charge in conjunction with the "Composition Colour" and "Composition Media" radio systems, and the "Discover Media" navigation system. 4) Optional equipment at extra charge, in conjunction with the "Composition Media" radio system and "Discover Media" navigation system. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

## An eye-catcher from any angle.

— A rear design that leaves other vehicles in the dark.

Even from the back, the Multivan shows the world just how exciting a large, dynamic vehicle can be. Horizontal lines emphasise the width of the rear. The extra-large rear window lets in the perfect amount of light to provide a good view. The tail lights add to the vehicle's unmistakeable look.

01

# Space for maximum flexibility.

From the ingenious rail system to the individual seats that can be rotated by 360 degrees.

The Multivan offers a whole lot more than a whole lot of space. Its unparalleled flexibility is perfect for lives that are always on the move. With up to seven comfortable seats<sup>1)</sup>, you and your passengers will appreciate the ample head and leg room, even in the second and third rows of seats. Unique: The individual seats in the second row of seats<sup>2)</sup> can be rotated by 360 degrees, which enables a rearward facing seating arrangement – no complicated reassembly needed (fig. 01). To create more space for luggage or shopping, you can remove the individual seats and the bench seat, while the numerous sets of lashing eyes prevent your luggage from sliding around during the journey.

1) Up to eight seats in the Multivan Comfortline with long wheelbase. 2) As standard in the Multivan Comfortline, PanAmericana and Highline, option at extra charge in the Trendline. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

# Safety systems that are prepared for almost anything.

— Maximum protection for every journey.

Safety systems support the driver, helping to improve the safety and comfort of all vehicle occupants and other road users. Where necessary, the systems intervene in the driving process, and thereby help to reduce the risk of accidents on the road.

**Electronic Stabilisation Programme.<sup>1)</sup>** Prevent under- or over-steering via targeted braking of individual wheels. | TL | CL | PA | HL |

**Anti-lock braking system (ABS).** Prevents wheel block and, thus, maintains manoeuvrability. | TL | CL | PA | HL |

**Traction control system (TCS).** Prevents wheelspin. | TL | CL | PA | HL |

**Electronic differential lock (EDL).** Distributes the engine torque to the individual wheels to prevent them from slipping. | TL | CL | PA | HL |

**Airbags.** Provide the best possible protection in the event of head-on and side impacts as standard. The front passenger airbag can be deactivated using the vehicle key if a child seat is fitted. Optional curtain airbags provide additional protection for those in the passenger compartment.<sup>2)</sup> | TL | CL | PA | HL |

**Seat belt warning.** The seat belt warning system reminds the driver to fasten their seat belt with a visual warning when the engine is started, and an audible warning after setting off. | TL | CL | PA | HL |

**Automatic Post-Collision Braking System.<sup>1)</sup>** Triggers braking after a collision with the aim of preventing secondary collisions. The Automatic Post-Collision Braking System activates when two independent sensors detect an accident. After a short delay, the vehicle begins phased braking down to 10 km/h, during which the driver can take over at any time. | TL | CL | PA | HL |

1) Within the system's limits.   2) Not available in the Multivan Comfortline with long wheelbase.   Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

# Driver assistance systems for added comfort.

## — Support in critical situations.

Advanced driver assistance systems aid the driver in the event of critical situations by being able to temporarily assume brake and engine control.

**“Rear View” reversing camera.** Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio<sup>1)</sup> or navigation system. Additional static guidelines aid the parking process. The reversing camera is only available in combination with the tailgate.  
| TL | CL | PA | HL |

**ParkPilot.**<sup>2)</sup> Emits audible warnings when obstacles are detected in front of or behind the vehicle when parking, and also provides a visual display<sup>1)</sup> of the vehicle’s distance from the obstacles. | TL | CL | PA | HL |

**Driver Alert System.**<sup>2)</sup> Uses visual and acoustic warning signals to recommend that the driver take a break as soon as it registers driving behaviour that indicates tiredness. | TL | CL | PA | HL |

**Brake assist system.** Registers the speed at which the brake pedal is pressed. During reflexive or emergency braking, it ensures that full brake pressure is built up more quickly. | TL | CL | PA | HL |

**Daytime running lights.** Switch on automatically when the ignition is activated and lower the risk of an accident in daylight. | TL | CL | PA | HL |

**Tyre monitoring display.**<sup>2)</sup> Warns when there is a loss of tyre pressure and requests the driver to check tyre pressure as soon as possible. | TL | CL | PA | HL |

**Cruise control system.** At 30 km/h and above, the system maintains the set speed depending on uphill and downhill inclines. | TL | CL | PA | HL |

**Hill Start Assist.** Can prevent the vehicle from rolling back on inclines by maintaining the brake pressure for up to two seconds. This makes handling easier when starting up on uphill slopes. | TL | CL | PA | HL |

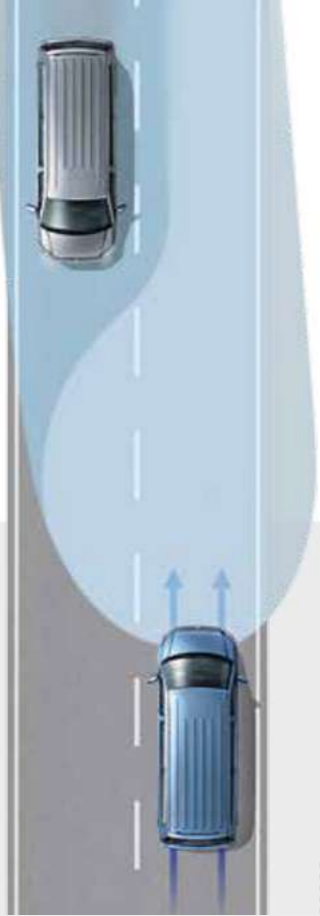

**Adaptive Cruise Control ACC.**<sup>2)</sup> Automatically adapts the vehicle’s speed to that of the vehicle driving in front and maintains the distance set by the driver. At the same time, it remains within the set speed. Includes the “Front Assist” ambient traffic monitoring system. | TL | CL | PA | HL |

**“Front Assist” ambient traffic monitoring system with City Emergency Braking System.**<sup>3), 2)</sup> Uses a radar system to detect situations where the distance to the vehicle in front is critical and reduce the vehicle’s stopping distance. In dangerous situations, the system alerts the driver by means of visual and acoustic signals, and with warning jolt of the brakes. | TL | CL | PA | HL |

**Lane change assist “Side Assist.”**<sup>2)</sup> Displays a warning signal in the exterior mirror if one of the system’s sensors registers a vehicle in the blind spot when changing lanes. | TL | CL | PA | HL |

**High-beam assistant “Light Assist”.** Automatically dips the headlights for oncoming vehicles or vehicles travelling ahead before they are dazzled. When activated, the system automatically switches on the high-beam headlights when the vehicle is travelling above 60 km/h in complete darkness. | TL | CL | PA | HL |

**Fog lights with integrated static cornering light function.** Ensure optimum visibility in poor weather conditions. The headlight nearest to the corner illuminates the road-side when turning. | TL | CL | PA | HL |

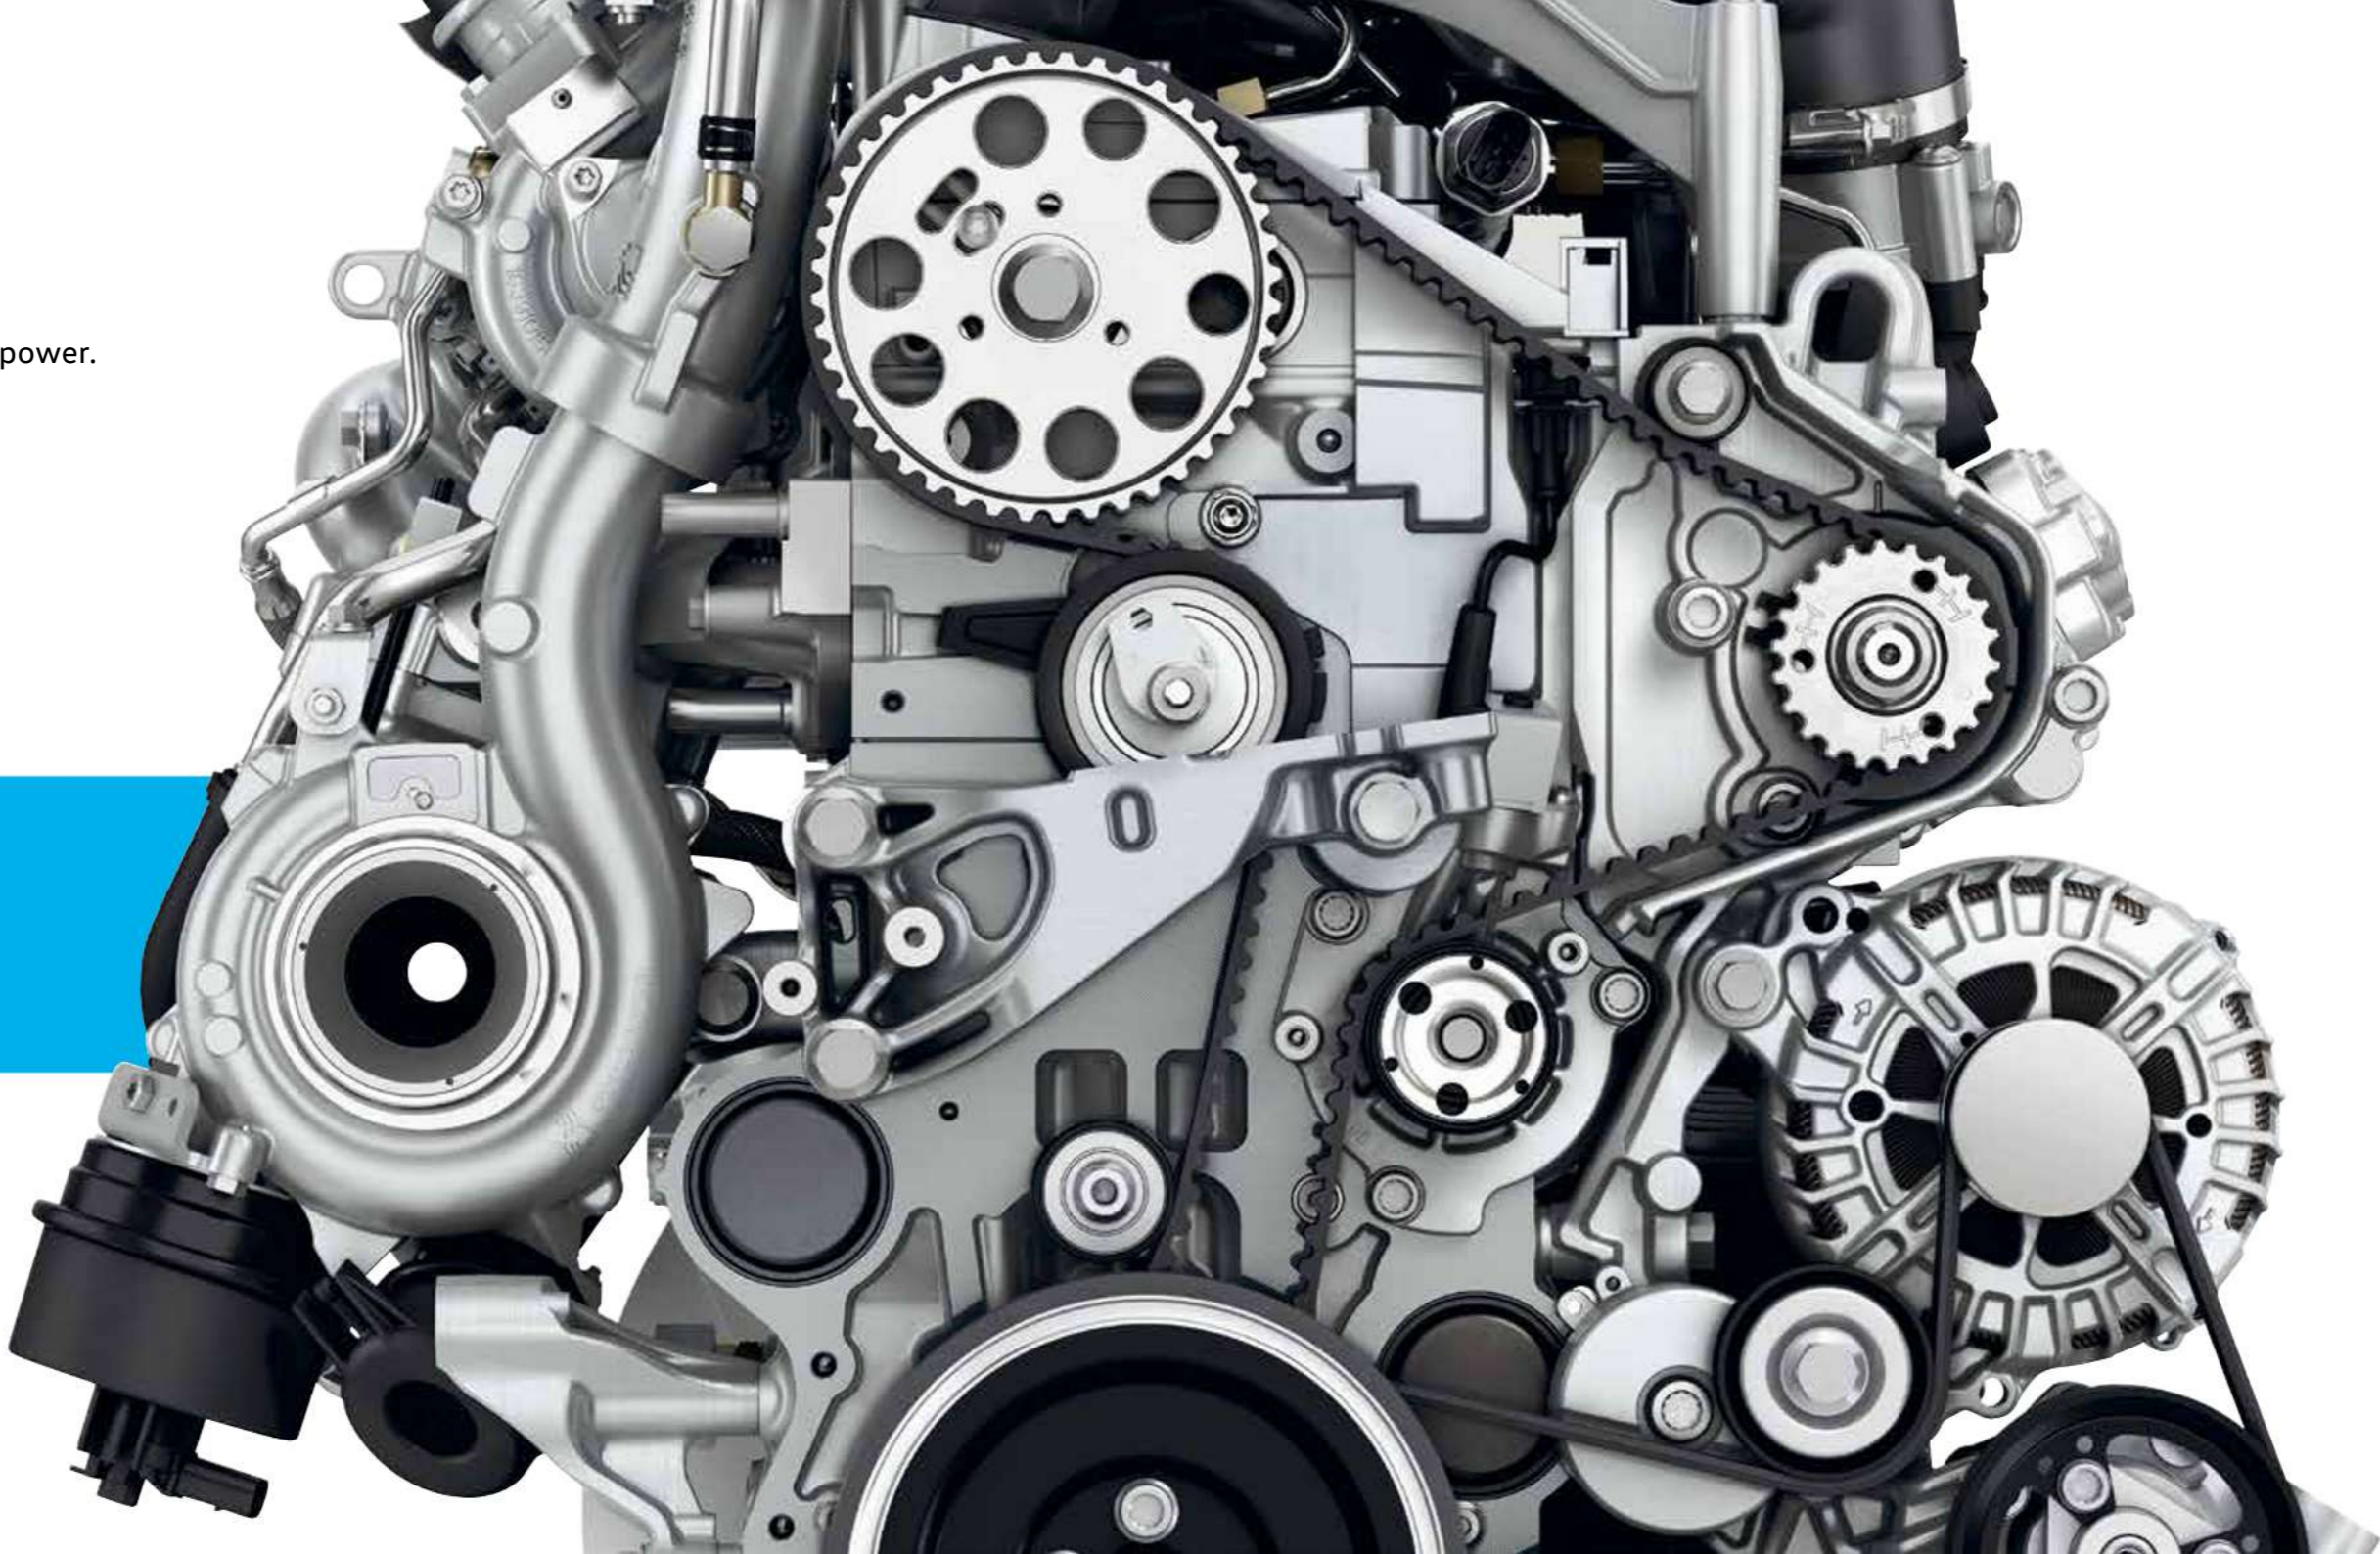

# Efficient engines with cutting-edge technology.

— Extra low fuel consumption with even more power.

These engines offer impressively low fuel consumption without compromising on driving pleasure. The 2.0 l TDI engine with 146 kW is particularly powerful, while also boasting low fuel consumption<sup>1)</sup>. The engine options are equipped with a direct injection system and an exhaust turbocharger.

**Dual clutch gearbox DSG** (not illustrated). The optional 7-speed dual clutch gearbox DSG permits fully automatic, almost imperceptible gear changing with no interruption in power flow, which results in significantly increased driving comfort. The driver can choose between normal and sport mode.<sup>2)</sup>

**DCC adaptive chassis control** (not illustrated). The optional DCC adaptive chassis control improves vehicle handling, and can be adjusted to your favourite setting at the touch of a button: simply choose from NORMAL, SPORT or COMFORT.<sup>3)</sup>

## Diesel engines.

### 2.0 litre TDI (75 kW)<sup>4)</sup>

Average fuel consumption: from 6.6 l/100 km  
CO<sub>2</sub> emissions: from 173 g/km

### 2.0 litre TDI (84 kW)<sup>5)</sup>

Average fuel consumption: from 6.6 l/100 km  
CO<sub>2</sub> emissions: from 172 g/km

### 2.0 litre TDI (110 kW)<sup>6)</sup>

Average fuel consumption: from 6.4 l/100 km  
CO<sub>2</sub> emissions: from 168 g/km

### 2.0 litre TDI (146 kW)<sup>1)</sup>

Average fuel consumption: from 6.9 l/100 km  
CO<sub>2</sub> emissions: from 182 g/km

The current engine technology complies with the Euro 6d Temp EVAP emission standard.

1) Multivan, 2.0 l TDI engine with 146 kW, fuel consumption in l/100 km: 10.9–8.1 (urban), 7.4–6.2 (extra-urban), 8.6–6.9 (combined); CO<sub>2</sub> emissions in g/km: 226–182 (combined); efficiency classes: D–B. 2) Not available for all engine options. 3) Only available in conjunction with the “Plus” or “Premium” multifunction displays. Not available in the Multivan Comfortline with long wheelbase. 4) Multivan, 2.0 l TDI engine with 75 kW, fuel consumption in l/100 km: 9.4–7.7 (urban), 6.5–5.8 (extra-urban), 7.3–6.6 (combined); CO<sub>2</sub> emissions in g/km: 190–173 (combined); efficiency classes: C–B. 5) Multivan, 2.0 l TDI engine with 84 kW, fuel consumption in l/100 km: 8.9–7.9 (urban), 6.4–5.9 (extra-urban), 7.2–6.6 (combined); CO<sub>2</sub> emissions in g/km: 189–172 (combined); efficiency classes: C–B. 6) Multivan, 2.0 l TDI engine with 110 kW, fuel consumption in l/100 km: 9.9–7.3 (urban), 7.7–5.9 (extra-urban), 8.3–6.4 (combined); CO<sub>2</sub> emissions in g/km: 217–168 (combined); efficiency classes: D–B. The consumption and emission figures listed have been determined in accordance with the measuring method prescribed by law. Since 1st September 2017, said new vehicles have already been tested in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). This is a more realistic test procedure for measuring fuel consumption and CO<sub>2</sub> emissions. As of 1st September 2018, the WLTP will successively replace the New European Driving Cycle (NEDC). Due to the more realistic testing conditions, the fuel consumption and CO<sub>2</sub> initial values measured using the WLTP test procedure are frequently higher than those measured using NEDC. Further information about the differences between WLTP and NEDC is available at [www.volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html](http://www.volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html). Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

# High efficiency thanks to BlueMotion Technology.

Standard technologies that save fuel, too.

Volkswagen models with BlueMotion Technology follow the “Think Blue” concept: That is why every single Multivan is equipped with a start/stop system, regenerative braking, Hill Start Assist and optimised rolling resistance tyres as standard.

**01 Start/stop system.** After shifting into neutral and releasing the clutch\*, the engine is switched off automatically, e.g. at red traffic lights. To start the engine again, it is enough to step on the clutch.

**Regenerative braking** (not illustrated). This recharges the vehicle battery during overrun and braking phases, thereby relieving strain on the engine and reducing fuel consumption.

**Roll resistance-optimised tyres** (not illustrated). The Multivan makes contact with the road via roll resistance-optimised tyres. Low rolling resistance reduces fuel consumption and with it, CO<sub>2</sub> emissions.

\*Only applies for manual gearbox. Illustration includes options at extra charge. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

# More off-road ready than any other.

Unique combination of the 4MOTION all-wheel drive and dual clutch gearbox DSG.

With the Multivan, drivers will have the ideal driving companion that can master the most challenging routes with ease, even when venturing off normal paved roads. Its optional 4MOTION permanent all-wheel drive distributes the torque between the front and rear axle to all four wheels as needed. The result? Perfect hold on the road, no matter what the surface.

**4MOTION all-wheel drive.** With the optional 4MOTION all-wheel drive, the Haldex clutch is now fitted with the state-of-the-art generation of gearboxes. Advantages include reduced weight and further enhancement of the vehicle's handling and dynamics.

**4MOTION all-wheel drive with DSG.\*** The Multivan is the only vehicle of its class available with the optional 4MOTION all-wheel drive and 7-speed dual clutch gearbox DSG (fig. 01). So you can enjoy a smooth ride with fully automatic gear changes, even on rugged, mountainous terrain.

**Hill Descent Assist.** This optional system allows you to drive down slopes in a safe, controlled way, thanks to the engine management's ability to regulate the engine speed, and apply the brakes if necessary. The vehicle's speed is maintained at a constant crawling pace without the driver having to intervene.

**Mechanical differential lock.** The mechanical differential lock is optionally available for the rear axle in conjunction with the optional 4MOTION all-wheel drive. It makes starting up in adverse conditions, such as driving off-road, much easier.

01

\*Not available for all engine options. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

## Not only practical, but cherished too.

— Still an original after all these years.

The launch of the classic Camper Van – the T1 – was the start of a success story like no other. Now, the new Multivan – the T6 – has opened up a brand new chapter. In Germany, the T1 was known as the “Bulli”, formed from the words for bus and delivery van, perfectly reflecting the vehicle’s unique level of versatility. The Multivan takes this concept and translates into a more modern form, perhaps putting it on course to become the next icon on four wheels.

Page 28

Page 40

Highline.

## The most versatile vehicle in its class.

The Multivan is as diverse as the requirements and demands of the people who drive it. The interior is not only generously proportioned, it also has a cosy, welcoming atmosphere. This makes the Multivan an easy choice. Just like when it comes to choosing your favourite equipment line.

# Ideal for those who are always on the go.

— The Multivan Trendline.

Ideal for families whose day-to-day lives are anything but everyday: The Multivan Trendline – shown here with the optional Starlight Blue metallic paint finish – brings the widest array of requirements all under one roof. On the one hand, it is sturdy enough to deal with any ideas cooked up by your little ones, but is still flexible enough to cope with all your plans, too.

Large luggage compartment with maximum flexibility, with up to 5.8 m³ (when the seats have been removed).

5 seats  
as standard.

02

01

Take a seat in one of the five seats, each of which is fitted with the easy-care “Kutamo” fabric. You can also order one or two optional individual seats for the passenger cabin, both of which are equipped with integrated child seats. The robust materials used in the fully-lined interior mean that any little mishaps can be cleaned up easily. While the cockpit features the “Climatic” air conditioning system, the new “Composition Audio” radio system and a number of handy storage and stowage options.

**01 Instrument cluster.** Always in sight, and easy to read: the multifunction display.

**02 Folding table.\*** The easy-to-use table can simply be hooked onto one of the side rails in the passenger compartment, and can also be set up outside of the vehicle too. After use, it can be stowed away in the sliding door trim to save space.

## The equipment in the Multivan Trendline.

Please refer to pages 44–45 for an overview of the standard equipment.

Ingenious rail system with rotating seats for unlimited flexibility.

## Perfect for those looking for more comfort.

— The Multivan Comfortline.

Perfect for anyone looking for an even more comfortable driving experience. With the Multivan Comfortline – shown here in the new optional Chestnut Brown metallic paint finish – every journey is so comfortable that you won't even care about your destination: whether you're going away for the weekend, taking a spontaneous city break, or visiting family and friends.

# 40 cm extra for even more possibilities.

The Multivan Comfortline with long wheelbase.

Expand the passenger compartment by 40 centimetres, and expand your options. On request, the vehicle can comfortably transport up to eight people\* on their own individual seats – ideal for group trips, for instance. To achieve this, the Multivan Comfortline with long wheelbase foregoes details such as the folding table built into the sidewall and the storage compartments in the side trim. A multifunction table with additional guide rails is available as an option. And for the rare occasion that you don't have any passengers on board, there is plenty of space for large items of luggage, thanks to the generous space concept.

8 seats, optional.\*

7 seats as standard.

7 seats as standard.

Difference between the short and long wheelbase: 0.9 m³ more loading volume (when the seats in the passenger compartment have been removed).

40 cm

7 seats  
as standard.

02

Space for seven people on seats covered with "Pandu" fabric in Titanium Black or Moonrock. The two individual seats in the passenger compartment can rotate by 360 degrees, and the folding table can be stowed in the side panel to save space. The "Dark Silver Brushed" decorative inserts, and high-quality carpet add a more sophisticated touch to the passenger compartment. The cockpit is fitted with the de luxe dash panel with the leather-covered multifunction steering wheel, "Climatic" air conditioning and "Composition Colour" radio system, plus a number of handy storage and stowage options.

**01 De luxe headlining.** Ventilation strips in the headlining supply fresh air to the passenger compartment and help to stop the side windows from misting up.

**02 Instrument cluster with "Plus" multifunction display.** The TFT display shows up-to-date information, including exterior temperature, range, average speed, and fuel consumption.

## The equipment in the Multivan Comfortline.

Please refer to pages 44–45 for an overview of the standard equipment.

# Made for all those who like to seek the great outdoors.

— The Multivan PanAmericana.

Follow the call of the wild in the Multivan PanAmericana. It has everything that up to seven globe trotters and their luggage need for an expedition, be it long or short – such as exclusive design elements for the interior and exterior and convenient features, such as the standard “Air Care Climatronic” air conditioning system. And you’ll enjoy even more freedom if you equip the Multivan PanAmericana with the optional 4MOTION all-wheel drive.

02

03

## The equipment in the Multivan PanAmericana.

Please refer to pages 44–45 for an overview of the standard equipment.

01

All of the seats can be fitted with the “Nappa”\* two-colour leather upholstery option in Marrakesh/Titanium Black with tobacco-coloured stitching. In addition, the passenger compartment can be fitted with optional tough aluminium chequer plate or homely “Dark Wood” effect flooring (p. 59, fig. 07).

**01 Cockpit.** The cockpit is distinguished by its high quality equipment, including the leather-covered multifunction steering wheel and the leather gear lever with Moonrock-coloured stitching, “Air Care Climatronic” air conditioning and the “Plus” multifunction display (fig. 03) with Driver Alert System. The footwell features additional highlights with its stainless steel effect pedals and entry lights with “PanAmericana” lettering.

**02 Exterior.** A robust look for true explorers: design trims for the side sills, designer underide guard, high-quality “PanAmericana” badges on both sides, privacy glass, tinted LED tail lights, and 17-inch “Cascavel” alloy wheels in anthracite with optimised rolling resistance all-weather tyres all combine to heighten your desire for adventure.

# Designed for people looking for something extra special.

— The Multivan Highline.

Ideal for people that expect only the best from an MPV. The Multivan Highline – shown here in the new optional Mojave Beige metallic paint finish – features an extensive range of high-quality equipment and a particularly stylish appearance, creating a brilliant unique look, no matter what the reason for your journey.

Both sliding doors can be opened and closed electronically, either using the switch in the centre console or using the remote control key.

7 seats  
as standard.

The seven seats are fitted with Alcantara upholstery<sup>1)</sup> in Titanium Black or in Moonrock. The two individual seats in the passenger compartment can be rotated by 360 degrees. The optional multi-function table runs on its own separate rails and can be folded up, and stored between the individual seats to save space. The privacy glass protects you from prying eyes, while the anti-theft alarm system protects your possessions from sticky fingers. The cockpit is fitted with the de luxe dash panel with a leather-covered multi-function steering wheel, 3-zone “Air Care Climatronic” air conditioning, and new “Composition Colour” radio system, plus a number of handy storage and stowage options.

**01 Electronic voice amplifier.**<sup>2)</sup> This function makes sure that passengers in the rear seats can hear the driver easily. The voice input is recorded through a hands-free microphone, amplified, and then transmitted over the loudspeakers in the rear.

**02 Instrument cluster with “Premium” multifunction display.** The colour display shows up-to-date journey information, including outside temperature, range, average speed and fuel consumption.

01

02

## The equipment in the Multivan Highline.

Please refer to pages 44–45 for an overview of the standard equipment.

## Standard equipment at a glance.

### Standard equipment in the following Multivan model variants.

#### Exterior

- 16-inch or 17-inch running gear with a 17-inch braking system<sup>1)</sup>
- Colour-coded bumper
- Sliding door, right side
- Heat-insulating windows

#### Interior

- De luxe seating in the 1<sup>st</sup> row of seats, height adjustable with lumbar support, and with 2 armrests for each of the front seats
- 3-seater bench seat, reclining function with ISOFIX child seat fixtures on the outer seats for two child seats and a load-through hatch
- 4-rail system in the passenger compartment
- Carpet flooring in the cab
- Lockable glove compartment
- Handrails on the driver and front passenger doors

#### Operating equipment

- Electrically adjustable and heated exterior mirrors
- Electric windows
- De luxe headlining in passenger compartment with 2 air duct trims and integrated lights
- 2 folding remote control keys for central locking system with radio remote control
- 12 V socket
- Dust and pollen filter
- Steering wheel, height- and reach-adjustable
- Additional heater for passenger compartment

#### Safety

- Driver and front-passenger airbags with front seat passenger airbag deactivation function
- Driver and front passenger side and head airbags
- Electronic Stabilisation Programme with braking assist system, ABS, ASR, EDS, and Hill Start Assist
- Child lock on sliding door in passenger compartment
- Interior rear view mirror, dimmable
- Daytime running lights
- 6 lashing eyes for securing items of luggage

### Additional standard equipment for the Multivan Trendline.

#### Exterior

- 16-inch steel wheel with full wheel cover
- H4 halogen headlights
- Exterior mirror housing and attachment parts, unpainted
- Radiator grille with a chrome trim, unpainted

#### Interior

- 5 seats
- “Kutamo” cloth seat upholstery
- Folding table (for interior and exterior use)
- Dash panel with a range of open storage compartments
- Easy-to-clean plastic floor covering in passenger compartment

#### Operating equipment

- “Climatic” air conditioning system
- “Composition Audio” radio system with mobile phone preparation
- 4 speakers
- Power steering

#### Safety

- Electronic immobiliser

### Additional standard equipment for the Multivan Comfortline.

#### Exterior

- 17-inch “Devonport” alloy wheels
- H7 halogen headlights
- Exterior mirror housing and attachment parts, colour-coded
- Radiator grille, black with chrome trims

#### Interior

- 7 seats
- “Pandu” cloth seat upholstery in Titanium Black or Moonrock
- Folding table, can be lowered into side panel trim<sup>2), 3)</sup>
- De luxe dash panel
- “Plus” multifunction display with Driver Alert System
- Central storage compartment with a cover, upper glove box with a cover
- 2 rotatable seats, length adjustable, and ISOFIX child seat anchor points in the passenger compartment
- High-quality carpeted flooring in the passenger compartment
- Decorative trim in “Dark Silver Brushed”
- Cloth inserts in side trim panels

#### Operating equipment

- “Climatic” air conditioning system
- “Composition Colour” radio system with mobile phone preparation
- 6 speakers
- Power steering
- Leather-covered multifunction steering wheel and leather gear lever knob

#### Safety

- Electronic immobiliser
- Automatic headlights with Coming Home/Leaving Home function
- Rain sensor and interior rear view mirror, automatically dimmable

### Additional standard equipment for the Multivan PanAmericana.

#### Exterior

- Ride height increased by 20 mm (can be omitted)
- 17-inch “Cascavel” alloy wheels in Anthracite with all-weather tyres
- Tinted LED tail lights
- Structure-coated bumpers at the lower front and rear bumpers
- Designer underride guard, front and rear, design trims for the side sills, along with designer film<sup>4)</sup> featuring “PanAmericana” lettering on the lower sides of the vehicle
- High-quality “PanAmericana” badges on the B-pillars
- Privacy glass in the passenger compartment

#### Interior

- 7 seats
- “Black & White” seat upholstery with Alcantara pads and Moonrock stitching
- Folding table, can be lowered into side panel trim<sup>3)</sup>
- Entry lights with “PanAmericana” lettering
- Robust rubber floor mats at the front
- Stainless steel pedals and footrest
- De luxe dash panel
- “Plus” multifunction display with Driver Alert System
- Central storage compartment with a cover, upper glove box with a cover
- 2 rotatable seats, length adjustable, and ISOFIX child seat anchor points in the passenger compartment
- High-quality carpeted flooring in the passenger compartment
- Decorative trim in “Dark Silver Brushed”

#### Operating equipment

- “Air Care Climatronic” 3-zone air conditioning
- “Composition Colour” radio system with mobile phone preparation
- 6 speakers
- Power steering
- Leather-covered multifunction steering wheel and gear lever knob with Moonrock stitching

#### Safety

- Electronic immobiliser
- Automatic headlights with Coming Home/Leaving Home function
- Rain sensor and interior rear view mirror, automatically dimmable

### Additional standard equipment for the Multivan Highline.

#### Exterior

- 17-inch alloy wheel “Cascavel” in silver
- LED headlights and LED tail lights
- Exterior mirror housing and attachment parts, colour-coded
- Radiator grille, black with chrome trims
- Chrome package (chrome trims on the sides and rear plus chrome strip on the ventilation grille)
- Fog lights with integrated static cornering light function
- Sliding doors, right and left
- Dynamic running gear (lowering by up to approx. 20 mm)
- Privacy glass in the passenger compartment

#### Interior

- 7 seats
- Alcantara<sup>5)</sup> seat upholstery in Titanium Black or Moonrock
- De luxe dash panel
- “Premium” multifunction multicolour display with Driver Alert System
- Central storage compartment with a cover, upper glove box with a cover
- 2 rotatable seats, length adjustable, and ISOFIX child seat mounting fixtures in the passenger compartment
- High-quality carpeted flooring in the passenger compartment
- “Structural X” decorative trims
- 3-seater bench seat with folding centre armrests
- Flip-out, chrome-plated coat hook in tailgate
- Step with stainless steel inserts
- Stainless steel loading sill protection for tailgate lock carrier

#### Operating equipment

- “Air Care Climatronic” 3-zone air conditioning
- “Composition Colour” radio system with mobile phone preparation
- 6 speakers
- Servotronic speed-dependent power-assisted steering
- Leather-covered multifunction steering wheel and leather gear lever knob
- Electric closing assist for tailgate
- Seat heating for front seats
- Electric sliding doors

#### Safety

- Automatic headlights with Coming Home/Leaving Home function
- Rain sensor and interior rear view mirror, automatically dimmable
- Anti-theft alarm system with interior monitoring, back-up horn and tow-away protection

1) Depending on the engine/gearbox combination. 2) For short wheelbase only. 3) Not available in conjunction with a sliding door on the left. 4) Decorative film may show signs of wear and tear or ageing, in particular when subjected to direct sunlight, after a period of 1 to 3 years or even within 1 year in very hot climates. If the decorative film remains on the vehicle for an extended period of time, visual differences may appear between the area protected by the film and the paint finish that is not covered by film. 5) Centre seat panel and inner side bolsters in Alcantara.

# Multivan Colour Concept.

— Selected colour combinations to suit every taste.

The unique colour concept adds a special flourish to the Multivan's versatility. As well as a variety of single-colour exterior paintwork options, there are also eight attractive two-tone paint finishes to choose from. Selected two-tone paint finishes can also be combined with harmonising colour variants for the decorative panel in the interior. The illustrations on this page show particularly appealing colour combinations. Please refer to pages 70 to 75 for further information on the paint finishes and interior colours.

Two-tone paint finish:

**Indium Grey/Deep Black**

Decorative inserts<sup>1)</sup>:  
**Black Glossy**

1) Only available in conjunction with the de luxe dash panel. 2) Only available for selected exterior paint finishes. Please refer to page 75 for an overview of the possible colour options. 3) In the colour combination shown, the decorative panel for the Multivan Highline is available in Black Glossy. The illustrations on these pages are only intended as a general guide as the printing process cannot render the colours with absolute accuracy. Illustration includes optional equipment at extra charge. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

CONNECT THE WHOLE FAMILY.

# THE NEW MULTIVAN JOIN.

The family is at the heart of the new Multivan JOIN. This limited edition model not only comes with seven comfortable seats featuring the exclusive “Cushion” upholstery, but is also equipped with a whole host of details that will bring young and old together. The standard “Discover Media” navigation system forms the heart of the vehicle. Using the optional “JOIN Plus” package, it can be expanded to create a multimedia connectivity module, including Car-Net App-Connect, a second USB port and Volkswagen Media Control. This allows the entire to connect with one another. And the new Multivan JOIN looks good from the outside, too: with 17-inch “Woodstock” alloy wheels, a number of chrome features and privacy glass in the passenger compartment.

JOIN

## Equipment features in the new Multivan JOIN.

### EXTERIOR

- 17-inch “Woodstock” alloy wheels
- Chrome package
- Fog lights with integrated static cornering light function
- High-gloss black B-pillar with “JOIN” badge
- Heat-insulating glass package with improved noise insulation
- Privacy glass in the passenger compartment

### INTERIOR

- “Cushion” seat upholstery in Titanium Black with Cherry Red stitching
- De luxe dash panel with “Black Glossy” decorative trim
- Stainless steel step and tailgate lock carrier\*
- Steps with illuminated “JOIN” lettering
- De luxe lighting

### OPERATING EQUIPMENT

- “Discover Media” navigation system
- Leather-covered multifunction steering wheel, gear lever boot and floor mats with Moonrock Grey stitching
- “Premium” multifunction display
- Seat heating for front seats
- Cruise control
- Electric folding exterior mirrors

### OPTIONAL “JOIN PLUS” PACKAGE

- 18-inch “Palmerston” alloy wheels
- LED headlights
- Tinted LED tail lights
- App-Connect mobile online services
- Second USB port
- Volkswagen Media Control
- Digital radio DAB+
- Voice control
- Electronic voice amplifier

The new Multivan JOIN is based on the Multivan Comfortline. Please refer to pages 44–45 for more standard equipment features in the Multivan Comfortline.

\*Only available in conjunction with short wheelbase. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

- 09 Oryx White mother-of-pearl-effect paint finish<sup>3)</sup>

09

**SEAT UPHOLSTERY**

Exclusive upholstery in Titanium Black with coloured stitching (fig. 10). Centre seat panel and inner side bolsters in “Clip Uni” cloth, side seat bolsters in “Carbon A” leatherette.

10

Sporty elegance in black and white.

# The Multivan Edition.

The Multivan Edition celebrates its individual appearance with comprehensive standard equipment. It is based on the Multivan Comfortline and conveys sporty elegance in its own unique way. Selected paint finishes include black surfaces and add-on parts. The privacy glass in the passenger compartment protects you from prying eyes and the sun’s strong rays. And the engines with BlueMotion Technology as standard deliver you to any destination with efficiency and dynamics.

The Multivan Edition is based on the Multivan Comfortline. Please refer to pages 44–45 for more standard equipment features in the Multivan Comfortline.

1) The 18-inch “Springfield” alloy wheels in black are an exclusive option for “Edition” models. 2) Decorative film may show signs of wear and tear or ageing, in particular when subjected to direct sunlight, after a period of 1 to 3 years or even within 1 year in very hot climates. If the decorative film remains on the vehicle for an extended period of time, visual differences may appear between the area protected by the film and the paint finish that is not covered by film. 3) Option at extra charge. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

AN ICON. NOW IN ITS SIXTH GENERATION.

# THE MULTIVAN GENERATION SIX.

Once again, the Multivan has reinvented itself with its sixth generation – and still the Multivan Generation Six pays a clear visual tribute to the Multivan’s true roots. The distinctive design is inspired by the two-tone paintwork of Volkswagen’s iconic Camper Van. There are a number of attractive colour combinations to choose from. The interior also reflects the design’s exceptional appearance with matching decorative inserts. On request, the 18-inch “Disc” alloy wheels provide a bold touch to the vehicle’s appearance. With its comprehensive, high-quality, standard equipment, based on that of the Multivan Comfortline, and the latest engines, the Multivan Generation Six is already well on its way to becoming an icon of the future.

## Equipment in the Multivan Generation Six.

### EXTERIOR

- 17-inch “Devonport” alloy wheels<sup>1)</sup>
- LED headlights and LED tail lights
- Fog lights with integrated static cornering light function
- Chrome package
- Privacy glass in the passenger compartment
- “Generation Six” badge on the B-pillars

### INTERIOR

- Leather-covered multifunction steering wheel and gear lever knob with coloured stitching
- Heat-insulating glass package with improved noise insulation
- Alcantara<sup>2)</sup> seat upholstery in Titanium Black or Moonrock
- Textile floor mats with coloured seam
- Steps with stainless steel inserts and illuminated “Generation Six” lettering

### OPERATING EQUIPMENT

- Adaptive Cruise Control ACC and “Front Assist” ambient traffic monitoring system
- “Composition Media” radio system
- “Air Care Climatronic” 3-zone air conditioning
- Seat heating in driver’s compartment
- “Premium” multifunction multicolour display with Driver Alert System
- ParkPilot for the front and rear
- Lane change assist “Side Assist”
- Cruise control
- Folding, electrically adjustable and heated exterior mirrors
- Rain sensor and rear view mirror with automatic dimming function
- Automatic headlights with Coming Home/Leaving Home function
- Headlight cleaning system

The Multivan Generation Six is based on the Multivan Comfortline. Please refer to pages 44–45 for more standard equipment features in the Multivan Comfortline.

1) The 18-inch “Disc” alloy wheel is available in two optional versions. Illustration shows the “Disc” alloy wheel with white spokes. 2) Centre seat panel and inner side bolsters in Alcantara. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

## Car-Net Guide & Inform.

With Car-Net Guide & Inform<sup>1)</sup>, you can expand your navigation system to include an array of additional onboard information services. This means you can access even more information while you're out and about, such as traffic updates, free parking spaces and cheap filling stations. You will be able to access eleven extra services in total, all of which are free-of-charge for the first three years.<sup>2)</sup> Find out more at [www.vwn.de/mod](http://www.vwn.de/mod).

**01 Online Traffic Information.** Avoid traffic jams in real time thanks to up-to-date traffic information and dynamic route adaptation.

**02 Online POI Search.** Find your destination in the navigation system with a Google search – even without knowing the exact address. You will also have access to a wealth of extra information.

**03 Parking Spaces.** Save time with an optimised parking space search and display the empty parking spaces nearby, including prices and opening hours.<sup>3)</sup>

**04 Filling Stations.** Find the cheapest petrol station in your vicinity along with its opening hours. Your vehicle's fuel type is automatically identified.

## Car-Net App-Connect.

With Car-Net App-Connect<sup>4)</sup>, you can operate many features of your iPhone or Android smartphone even while on the move – conveniently and safely through your infotainment system's touchscreen. And you can also simply connect your smartphone to the system using the USB cable. Apple CarPlay™, Android Auto™ and MirrorLink™ then mirror all compatible apps on the display. More information and services are available at [www.vwn.de/mod](http://www.vwn.de/mod)

**01 Siri and Google Assistant.** Apple CarPlay™ enables the use of Siri voice commands while driving. Siri helps you make and take calls, will read out text messages to you and more. Android smartphone users can access Google Assistant.

**02 Spotify.** Apple CarPlay™ and Android Auto™ support selected apps on your smartphone. Stream music over the infotainment system speakers with the Spotify app, for example. Or launch songs from your Amazon Music Library using the Amazon Music app.

1) Car-Net Guide & Inform can only be used with the "Discover Media" and "Discover Media Plus" optional equipment. You will also require a mobile device (e.g. smartphone) that is capable of acting as a mobile wireless hotspot, or a Volkswagen CarStick LTE with a SIM card from any mobile network provider, which must be paid for separately. Guide & Inform services are only available in conjunction with an existing mobile phone contract between you and your mobile phone provider or with a contract concluded separately for this purpose, and only where coverage is available. Depending on your mobile phone tariff, receiving data from the Internet may incur additional charges, particularly if you are using the device abroad (e.g. roaming charges). Due to the amount of data needed when using Car-Net services, we strongly recommend signing up for a flat rate data plan with your mobile phone provider. The use of Car-Net is governed in a separate agreement concluded online with Volkswagen AG. After taking possession of the vehicle, the customer has 90 days in which to register the vehicle at [www.volkswagen-car-net.com/portal](http://www.volkswagen-car-net.com/portal). From the 90<sup>th</sup> day, the length of time for which the service may be used free of charge is shortened. The availability of Car-Net services may vary by country. These services are available for the duration of the contract term agreed, and may be subject to changes in terms of content during the contract period. More detailed information on Car-Net is available at [www.vwn.de/mod](http://www.vwn.de/mod) and from your Volkswagen dealer; contact your mobile phone provider for information on your mobile network tariff conditions. 2) The free three-year period begins once the customer registers for Car-Net, and 90 days after handover of the vehicle at the latest. 3) Available for car parks with suitable technical infrastructure. There is currently no information available regarding entry heights for the car parks in question. 4) Optional equipment at extra charge, in conjunction with the "Composition Media" radio system and "Discover Media" navigation system. Car-Net App-Connect is already included in the optional navigation system "Discover Media Plus". Please check whether your device is compatible with the MirrorLink™, CarPlay™ and Android Auto™ apps, which form part of Car-Net App-Connect. The Car-Net App-Connect apps are operated exclusively via your mobile phone. Please note the conditions of your contract with regard to the data and Internet connection. Further information is available at [www.vwn.de/mod](http://www.vwn.de/mod) Car-Net Guide & Inform and Car-Net App-Connect are optional extras. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

**01 “Composition Audio” radio system.** This system consists of a TFT monochrome display, a 4 x 20 watt output with four speakers, an SD card slot, AUX-IN interface, USB port and Bluetooth connection for mobile phones. | TL |

**Volkswagen Media Control** (not illustrated).<sup>1)</sup> Turn your mobile device into a remote control<sup>2)</sup> for the navigation system and control the audio system using a wireless connection from the comfort of the passenger compartment. Or mirror a navigation route from your tablet onto the colour touchscreen display. | TL | CL | PA | HL |

**02 “Composition Colour” radio system.** This system consists of a 12.7 cm (5 inch) TFT colour display with touchscreen, an MP3 and WMA-compatible CD drive, 4 x 20 watt output with six loudspeakers, an SD card slot, an AUX-IN interface, a USB port compatible with devices such as iPhones, a Bluetooth connection for mobile phones and a dual tuner with PhaseDiversity for optimum radio reception. | TL | CL | PA | HL |

**03 “Composition Media” radio system.** The system, compatible with Car-Net App-Connect, consists of a 16.5 cm (6.33 inch) TFT colour display, a touchscreen with proximity sensor, an MP3 and WMA-compatible CD drive, a 4 x 20 watt output with six loudspeakers, an SD card slot, an AUX-IN interface and USB port compatible with devices including iPhones in the glove compartment, a Bluetooth connection for mobile phones and a dual tuner with phase diversity. | TL | CL | PA | HL |

**Voice Enhancer** (see figure on p. 43).<sup>3)</sup> When activated, this projects the driver’s voice through the rear speakers. There is no need for the driver to turn around or strain his voice to communicate clearly with occupants in all seating rows. | TL | CL | PA | HL |

**04 “Discover Media” navigation system.** The system, compatible with Car-Net Guide & Inform and App-Connect, consists of a 16.5 cm (6.33-inch) TFT colour display, a touchscreen with proximity sensor, an MP3- and WMA-compatible CD drive, a 4 x 20 watt output with six speakers, an AUX-IN interface, a USB port compatible with devices including iPhones in the glove compartment, a Bluetooth connection for mobile phones, a dual tuner with phase diversity, two SD card slots and an SD card with map material for optionally Western Europe or Eastern Europe. Free updates for the installed maps are available from Volkswagen MapCare on the Volkswagen website. | TL |

**“Discover Media Plus” navigation system** (not illustrated). In addition to the functions of the “Discover Media” navigation system with six loudspeakers, the equipment also includes: DAB+ digital radio reception, voice control, Car-Net App-Connect, electronic voice amplifier, Volkswagen Media Control, and the “Comfort” mobile phone interface with MEDIA-IN port and wireless internet interface. | TL | CL | PA | HL |

**05 Voice control.**<sup>3)</sup> Enables you to operate the telephone, navigation and audio functions without taking your hands off the steering wheel. And call up virtually all the menus and notifications on the radio or avigation system display using voice commands. | TL | CL | PA | HL |

**06 Volkswagen CarStick LTE.** It utilises a separate SIM card<sup>4)</sup> to provide a wireless hotspot in the vehicle. Your devices and the “Discover Media” and “Discover Media Plus” navigation systems can connect to the Internet via this hotspot. | TL | CL | PA | HL |

**07 “Comfort” mobile phone interface.**<sup>5)</sup> The special compartment for your mobile phone has a wireless external aerial connection to optimise your mobile phone reception. Charging is straightforward too: the phone simply has to be connected to the USB port in the storage compartment. | TL | CL | PA | HL |

**08 “DYNAUDIO” sound system.**<sup>6)</sup> Eleven carefully tuned loudspeakers, including a central one in the dash panel, combined with an 11-channel amplifier to deliver full, rich sound – with an output of up to 600 watts. | CL | PA | HL |

**09 Rear seat entertainment system.** The 39.1 cm (15.4-inch) flat screen mounted in the headliner offers multimedia entertainment in the passenger compartment. It folds out and away electronically, and is controlled via a remote. It can display a variety of file formats from external data sources and connect to a wide range of devices via the three USB and two HDMI ports, one of each of which is positioned conveniently in the lower part of the passenger compartment. Miracast can also be used to mirror a compatible mobile device directly on the screen. Two sets of infrared headphones are included. | TL | CL | PA | HL |

<sup>1)</sup> Only in conjunction with the “Discover Media” and “Discover Media Plus” navigation systems.   <sup>2)</sup> The driver is obliged by law not to operate the Volkswagen Media Control functions while driving.   <sup>3)</sup> Only available in conjunction with the “Composition Media” radio system and the “Discover Media” and “Discover Media Plus” navigation systems.   <sup>4)</sup> This SIM card is not included in the scope of delivery and must be supplied, if necessary, by your mobile network provider. Additional costs may be incurred.   <sup>5)</sup> Only available in conjunction with the “Composition Colour” and “Composition Media” radio systems and the “Discover Media” navigation system. Illustration shows the storage compartment of the de luxe dash panel. On the dash panel, the storage compartment is located above the glove compartment.   <sup>6)</sup> Only available in conjunction with the “Composition Colour” and “Composition Media” radio systems and the “Discover Media Plus” navigation system. Not available for the Multivan Comfortline with long wheelbase.   Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

# Interior and comfort.

**01 De luxe dash panel.**<sup>1)</sup> The horizontal lines of the exterior design are mirrored inside by the de luxe dash panel. The harmonious interplay of the decorative inserts, decorative trim and interior colour creates a cosy atmosphere. And a variety of practical storage and stowage options round out the package. | CL | PA | HL |

- A Upper storage pocket in the driver and front passenger doors.**
- B Middle storage pocket with lid.**<sup>2)</sup>
- C Glove compartment, above, with lid and integrated MEDIA-IN and AUX-IN interfaces.**
- D Glove compartment, below, with lockable lid.**
- E Storage compartment with lid, 12 V socket and (optional) “Comfort” mobile phone interface.**
- F 2 cup holders.**
- G Bottle compartment with lid, 1.0 l, with cooling function.**

**02 Rail system.** The intelligent rail system allows you to slide the 3-seater rear bench seat and individual seats to any position, quickly and easily. The rail cover is simple to remove, making it even easier to take out and reinstall the 3-seater bench and individual seats. | TL | CL | PA | HL |

**03 Electrical 12-way seat adjustment**<sup>3)</sup>. Electrical 12-way seat adjustment is the perfect way to adapt the lumbar support, backrest angle, seat height, seat cushion angle and length to suit your needs. It includes a seat heating function and enables the settings for up to three different drivers to be stored. | CL | PA | HL |

**Seat heating** (not illustrated). Desired level of warmth can be controlled separately for the driver and front passenger seats. | TL | CL | PA | HL |

**Multifunction table** (see figure on p. 42). This table not only provides a round surface, but also several drawers for small and large utensils. The multifunction table in the passenger compartment can be flexibly positioned on two separate rails and can be pushed between the seats to save space. When not in use, the table top can be rotated 90°, folded down and lowered into the base. | CL | PA | HL |

**04 Rotating seat with integrated child seat.** This single seat with armrests can easily and quickly be converted from a fully fledged adult seat with three-point seat belt to a robust child seat, and turned as required. | TL | CL | PA | HL |

**05 Lashing eyes.** There are six lashing eyes to secure your load safely in the passenger compartment and luggage compartment. | TL | CL | PA | HL |

**Load guard** (not illustrated). The tear-resistant luggage partition net offers passive protection. It can be stretched to the attachment points behind the B pillar or in front of the D pillar. | TL | CL | PA | HL |

**06 Seat upholstery on the 3-seater bench seat.** When combined with the seat upholstery in “Nappa” leather<sup>4)</sup> and Alcantara<sup>5)</sup> the seat’s contours are made even sharper to provide better lateral support. | CL | PA | HL |

**07 Wood look passenger compartment floor.**<sup>6)</sup> The durable and washable “Dark Wood” floor creates a comfortable ambience in the passenger compartment. | CL | PA | HL |

**08 Multiflex board.** When combined with the 3-seater bench seat, a sturdy multiflex board with an upholstery cover is available. It can be secured to the rail system, provides a divider for the luggage compartment, creates an additional storage surface and extends the loading surface area. The luggage compartment cover is removed in this case. | TL | CL | PA | HL |

**09 Good Night package.** The Good Night Package is available in conjunction with the multiflex board. The package is made up of fabric blinds for the windows, a mini reading lamp, a washable cover, and three drawers underneath the 3-seater bench seat. | TL | CL | PA | HL |

**10 Insulated box.** It is electrically operated, and can be used to cool and warm the contents. The anthracite-coloured 32 litre insulation box can hold 1.5-l bottles lying down and 1.0-l bottles standing up. | TL | CL | PA | HL |

**Centre armrest** (not illustrated). It can be folded down easily, making the 3-seater rear bench even more comfortable. When combined with the “Nappa” leather<sup>4)</sup> and Alcantara<sup>5)</sup>, the armrest is integrated into the 3-seater rear bench as standard. | CL | HL |

**11 Rubber floor mats.** They protect the cab floor from dirt and damp. They can easily be removed and cleaned with water. | TL | CL | PA | HL |

**12 Carpet floor mats.** The robust velours carpet floor mats create a more homely feeling in the driver’s cab. | TL | CL | PA | HL |

**De luxe headlining** (p. 34, fig. 01). Ventilation strips in the headlining supply fresh air to the passenger compartment, and help to prevent the side windows from misting up. | TL | CL | PA | HL |

1) Illustration shows Multivan Highline. 2) Illustration shows optional “DYNAUDIO” sound system. 3) Only in conjunction with “Nappa” leather and Alcantara. 4) Centre seat panel and inner side bolsters in “Nappa” leather. 5) Centre seat panel and inner side bolsters in Alcantara. 6) Not available in conjunction with rear wing doors and long wheelbase. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

01

**01 Leather-covered multifunction steering wheel.** It gives you good grip and is extremely user friendly. The radio or navigation system, a mobile phone and the cruise control can be controlled using the buttons. Servotronic speed-dependent power-assisted steering can be ordered as an option. It enhances handling when manoeuvring and parking. With the aid of the electronics, the power assistance is decreased at higher speeds. In this way, the driver can control the vehicle at high speed and keep it on the chosen line even more accurately than with conventional power steering. | TL | CL | PA | HL |

**Leather-covered multifunction steering wheel with paddles** (not shown).<sup>1)</sup> In vehicles equipped with a dual clutch gearbox DSG, the optional paddles enable the gear to be changed manually without having to take your hands off the steering wheel. | TL | CL | PA | HL |

**Anti-theft warning system** (not shown). Audible and visual signals warn of unauthorised entry. The system is also available with interior monitoring. This can be deactivated via a separate switch if necessary. | TL | CL | PA | HL |

# Interior and comfort.

02

03

**02 “Climatic” air conditioning system.** The semi-automatic air conditioning system has an interior monitoring system that enables it to constantly compare the interior temperature with the desired temperature for the driver’s cab. It also provides optimal air distribution in the passenger compartment. Illustration shows Multivan Trendline. | TL | CL |

**03 “Air Care Climatronic” air conditioning system.** This system offers 3-zone temperature control for the driver, front passenger and passengers in the passenger compartment. It detects the intensity of the sun’s rays and the outside temperature and adds more or less cool air accordingly. The automatic air recirculation function, the air quality sensor, additional air outlet in the roof lining of the rear passenger compartment and an auxiliary heater all work together to create a pleasant interior climate. The coating of the allergen filter keeps out even very small particles such as allergenic substances. | TL | CL | PA | HL |

04

**04 Cruise control system.** As of speeds of approx. 30 km/h, the cruise control system maintains the speed you have selected. This means you can take your foot off the accelerator, while the even driving style helps reduce fuel consumption. | TL | CL | PA | HL |

05

**05 Auxiliary heating system.** This works independently of the heating and ventilation systems, and can be controlled via the central console or by remote control. Alternatively, an auxiliary water heater is also available. | TL | CL | PA | HL |

**Heated windscreen** (not illustrated).<sup>2)</sup> Heating elements in the windscreen clear it quickly in damp and cold weather. | TL | CL | PA | HL |

**Heated rear window** (not illustrated). Quickly enables a good view to the rear – even in damp and cold weather. | TL | CL | PA | HL |

06

07

**06 Sliding/tilting roof.** The sliding sun roof can be opened, tilted and closed via the automatic preselection or the turn switch on the headliner (fig. 06). If it meets resistance, an electronic protection system stops the process immediately. | TL | CL | PA | HL |

**07 Sun blinds.** Blinds in the passenger compartment shield passengers from bright sunlight and inquisitive passers-by. They pull out easily from the cladding at the bottom of the side windows and attach to the top. | TL | CL | PA | HL |

**01 Light and Sight package.** Designed to improve visibility, this package consists of an **automatic anti-dazzle interior mirror**, which protects against dazzling from traffic to the rear, and a **rain sensor**, which activates the windscreen wipers. The automatic headlight control with **Coming Home and Leaving Home functions** illuminates the area around the vehicle for improved safety and convenience. | TL | CL | PA | HL |

**Light and Sight package "Plus".** In addition to the features of the standard Light and Sight package, this version also includes powerful H7 halogen headlights and fog lights. | TL |

**02 Entry light.** The step plate features illuminated lettering. This makes it easier to get in and out of the vehicle, and adds a touch of elegance to the interior. | TL | CL | PA | HL |

## Interior and comfort.

**03 Comfort lighting.** Enjoy the cosy atmosphere of the interior thanks to the indirect lighting. The following components are fitted with LEDs: Sun visors, roof console in the cab, headlining in the passenger compartment, footwells, door handles and upper storage compartments in the cab doors. | CL | HL |

## EXECUTIVE package.

**EXECUTIVE package.** The premium materials and outstanding level of comfort offered by the EXECUTIVE specification package will satisfy every need. Transforming the Multivan into a mobile business lounge, all seats are fitted with two-tone "Nappa"\* leather upholstery in Marrakesh/Titanium Black including tobacco-coloured stitching, while the decorative trim comes in Golden Chestnut. You can enjoy the perfect working atmosphere, be it summer or winter. This is thanks to the insulated glass package with improved noise insulation, privacy-glass in the passenger compartment, which protects against the sun's rays, and auxiliary heating system. While you're out and about, the DCC adaptive chassis control, front seats with electrical 12-way adjustment, the "Discover Media Plus" navigation system and the "Dynaudio" sound system increase comfort even further. What's more, the "Comfort" mobile phone interface makes sure you enjoy a standard of quality during phone calls. Safety levels get a boost from the ACC Adaptive Cruise Control and lane change assist "Side Assist". The EXECUTIVE package is rounded off by ParkPilot and "Rear View" rear view camera system, the 18-inch "Springfield" alloy wheels, electric folding exterior mirrors and an electric tailgate. | HL |

Exterior.

**01 LED headlights.** Modern LED technology for dipped and high beams gives the vehicle an attractive lighting signature at the same time as providing ample light. The LEDs in the head lights also stand out on account of their excellent energy efficiency and long service life. | TL | CL | PA | HL |

**LED number plate lighting** (not illustrated). High reliability with long-lasting LED technology. | TL | CL | PA | HL |

**02 LED tail lights.**<sup>1)</sup> Modern LED technology gives the side and braking lights an attractive lighting signature and also optimises visibility. | TL | CL | PA | HL |

**03 Headlight cleaning system.** When the dipped or high beam headlights are turned on, the headlight housing glass is washed once every five windscreen washes. | TL | CL | PA | HL |

**04 Electric folding exterior mirrors.** The electrically adjustable and heated exterior mirrors fold in when the exterior mirror adjustment switch in the driver's door cladding is pushed, or when activated via the remote control for the central locking system. | TL | CL | PA | HL |

**05 "Bulli" badge.** The "Bulli" badge is available as an alternative to the model designation lettering at the rear. It is fitted on the driver's and front passenger's doors, together with the chrome-look turn signals. Any lettering on the step is replaced with "Bulli". | TL | CL | PA | HL |

**Tow hitch** (not illustrated). It is lockable, removable and includes a trailer stabilisation system. | TL | CL | PA | HL |

**06 Chrome package.** This package is perfect for those who prefer a more stylish appearance. Elegant chrome details accentuate the lower air intake grille as well as the sides and rear of the vehicle. | CL | HL |

**Insulating glass package** (not illustrated). It reduces exterior noise by up to 6 dB (A). The front windscreen is specially coated and made from insulated glass, while the side windows are also reinforced. All windows in the passenger compartment are tinted (privacy glass). The optionally available sliding windows cannot be supplied with acoustic glass. | TL | CL | PA | HL |

**Electric sliding doors** (not illustrated). Equipped with a number of electronic trapping protectors, the sliding doors are easy to operate using either the remote control or a button in driver's cab. Only one electric sliding door is available for the Multivan Trendline. | TL | CL | PA | HL |

**07 Black solar protection film.**<sup>1)</sup> It allows just 39% of solar radiation to enter the passenger compartment; 54% is absorbed and 7% reflected. When combined with privacy glass, the windows present an almost opaque appearance. | TL | CL | PA | HL |

**08 Sliding windows.** Just reach for the handle to let fresh air in, quickly and easily – with the new sliding windows on both the left and right sides. | TL | CL | PA | HL |

**09 Loading sill protection for the rear bumper.**<sup>2)</sup> The loading sill protection protects the bumper from scratches that may occur when loading and unloading the load compartment. It is available in black or silver. | TL | CL | PA | HL |

# Exterior.

**01 Tailgate bicycle carrier.**<sup>1), 2)</sup> The bicycle carrier mounted on the tailgate is ideal for bicycles with a tubular frame diameter of up to 55 mm. The carrier is a particularly convenient feature with an electric tailgate. The electric tailgate can still be opened automatically when the bicycle carrier is fitted and no bikes are attached. The carrier with 50 mm wide wheel rails can carry up to 60 kg and accommodate up to four bicycles. Tensioning straps and four lockable spacers are used to secure the bicycles. | TL | CL | PA | HL |

**02 Bicycle carrier for the tow bar.**<sup>1), 2)</sup> The sturdy and convenient carrier is fitted onto the tow bar and still allows the tailgate to be opened after fitting. The carrier enables up to two bicycles to be carried. | TL | CL | PA | HL |

**03 Loading ramp for bicycle carrier.**<sup>1), 2)</sup> Simplifies the loading of bicycles in conjunction with the bicycle carrier for the tow bar. | TL | CL | PA | HL |

**Bicycle carrier extension** (not illustrated).<sup>1)</sup> Used in conjunction with the bicycle carrier for the tow bar, the expansion kit enables three bicycles to be carried. | TL | CL | PA | HL |

**04 Electric tailgate.**<sup>3)</sup> The electric tailgate features a variety of control options that make it even more convenient to use: via the remote control key for the central locking system (opening), via the button<sup>4)</sup> on the driver's door trim (opening), via the tailgate handle (opening), via the button on the tailgate cladding (closing and stopping) and through a short pull on the tailgate (closing). The parking assistant's sensors check whether there is enough space to open the tailgate. | TL | CL | PA | HL |

**Rear wing doors** (not illustrated). Simplify access to the luggage compartment when there is little space available at the rear of the vehicle. The loading sill cover on the Multivan Highline has the same design as the Multivan Comfortline and the coat hook in the rear area is omitted. | TL | CL | HL |

# Exterior sports package.

**Exterior sports package.**<sup>5)</sup> The equipment package really helps the Multivan turn up the sporty dial. The sense of agility begins with optimised roadholding thanks to the dynamic running gear with 20 mm lowering and continues right through to the design. Black 18-inch "Springfield" alloy wheels, a diffuser at the rear that can be combined with ParkPilot and a towing bracket (fig. 05), a front spoiler and side sills make the Multivan conspicuously dynamic. Topping off the exterior sports package, there are tinted LED tail lights<sup>6)</sup>, front fog lights, privacy glass in the passenger compartment and black exterior mirrors. | CL | HL |

1) May result in longer delivery periods.   2) The vehicle shown is a Caravelle.   3) Only available in conjunction with ParkPilot. Illustration includes options at extra charge.   4) Not available in conjunction with the Trendline.   5) Only available in conjunction with a short wheelbase, 100 kW engines and above and painted bumpers and exterior mirrors.   6) Only available in conjunction with a tailgate.   Illustration includes options at extra charge.   Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Wheels.

16"

**Steel wheel with full wheel cover<sup>1)</sup>**  
6 1/2 J x 16. With 215/65 R 16 tyres.  
| TL |

**“Clayton” alloy wheel**  
6 1/2 J x 16. With 215/65 R 16 tyres.  
| TL |

**Roll resistance-optimised tyres** (not illustrated). All wheels have roll resistance-optimised tyres as a BlueMotion Technology measure. Low rolling resistance reduces fuel consumption, and with it, CO<sub>2</sub> emissions. | TL | CL | PA | HL |

18"

**“Toluca” alloy wheel**

# General information.

### Return and recycling of end-of-life vehicles.

Volkswagen meets the challenges of modern society and takes them into consideration in all new products of the Volkswagen brand. This naturally also applies to protection of the environment and resources. All new Volkswagen vehicles can, therefore, be recycled in an environmentally-friendly way and, subject to fulfilment of national legal prerequisites, can be returned free of charge. You can obtain further details of this from your local Volkswagen dealer, on our website [www.volkswagen-commercial-vehicles.com](http://www.volkswagen-commercial-vehicles.com) and under the telephone number 0800 Volkswagen (0800 86 55 79 24 36), which is free of charge in the Federal Republic of Germany.

DSG®, TDI® and 4MOTION® are registered trademarks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a trademarked name is not illustrated with an ® sign in this document cannot be interpreted as meaning that this is not a registered trademark and/or that it may be used without prior approval in writing from Volkswagen AG.

Some of the vehicles shown are equipped with options at extra charge. Decorations contained in the illustrations are not included in the standard specification. The standard and optional equipment cannot be shown in full in this brochure. Some options may result in longer delivery periods for the vehicle.

### Quality guaranteed.

In addition to the statutory warranty, you receive a 2-year Volkswagen warranty for all new Volkswagen vehicles, a 3-year warranty for paintwork and a 12-year warranty against rusting through. All details of the Volkswagen warranty and of the Volkswagen paintwork warranty apply solely to vehicles of the Volkswagen brand in accordance with the current range of vehicles offered for the Federal Republic of Germany, and which are issued with a service booklet from Volkswagen AG for the German market. The services offered on these pages apply only to the German market. The data given here on specifications, equipment, appearance, technical data, and operating costs of the vehicles is based on the features of the German market and is in accordance with the information available at the time of going to print. Your Volkswagen dealership will be pleased to inform you of the differences in your specific country. Subject to change without notice.

The consumption and emission figures listed have been determined in accordance with the measuring method prescribed by law. Since 1st September 2017, said new vehicles have already been tested in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). This is a more realistic test procedure for measuring fuel consumption and CO<sub>2</sub> emissions. As of 1st September 2018, the WLTP will successively replace the New European Driving Cycle (NEDC). Due to the more realistic testing conditions, the fuel consumption and CO<sub>2</sub> initial values measured using the WLTP test procedure are frequently higher than those measured using NEDC. Further information about the differences between WLTP and NEDC is available at [www.volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html](http://www.volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html).

Currently, specification of the NEDC values is still mandatory. In the case of new vehicles with type approval as per WLTP, the NEDC values are derived from the WLTP values. The additional specification of the WLTP values is voluntary until their use becomes mandatory. If the NEC values are specified as ranges, they do not refer to a particular, individual vehicle and do not constitute part of the offer. They are purely for comparison purposes between the various types of vehicle. Additional equipment and accessories (attachments, tyre size, etc.) may change relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting fuel consumption, electricity consumption, CO<sub>2</sub> emissions and driving performance values beyond the effects of weather, traffic conditions and personal driving style.

Further information regarding official fuel consumption and the official, specific CO<sub>2</sub> emissions for new passenger vehicles can be found in the "Guidelines on fuel consumption, CO<sub>2</sub> emissions and electricity consumption of new cars" which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen, Germany or at [www.dat.de](http://www.dat.de).

Efficiency classes evaluate vehicles on the basis of CO<sub>2</sub> emissions, taking into account the vehicle's kerb weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average. and E, F or G to those below that average.

The coolant R134a it is utilised in the vehicle class N1. The T6 with the vehicle class M1 utilises the coolant R1234yf in combination with an air conditioning system. The GWP value of the coolant utilised is 1,430 (coolant R134a) and 4 (coolant R1234yf). The filling quantity is 585 to 615 g.

# Volkswagen Accessories.

Volkswagen Accessories offers a broad range of equipment options, perfectly designed for the Multivan. All of the accessories are developed through close cooperation with our Development and Design Department, provide top quality, and are only available at your Volkswagen dealer. This allows functions and usage options to be enhanced to meet your specific needs. To see the full range, please ask your Volkswagen Dealer for the complete accessory catalogue for commercial vehicles.

**01 Travel and comfort system.** This consists of a basic module, which is secured between the headrest braces of the front seats, and several auxiliary modules: there is a tablet holder for a Samsung Galaxy, a second to fourth generation iPad, a first generation iPad Air and an iPad mini. There is also a folding table with a cup holder, a clothes hanger and a sturdy bag hook. The auxiliary modules are simply attached to the basic module and are easily interchangeable. | TL | CL | PA | HL |

**02 Tailgate bicycle carrier.\*** This custom-fit bicycle carrier transports four bicycles safely on the tailgate. The easy-to-secure frame is made from an anodised aluminium profile, can carry up to 60 kg and is suitable for round tube frames of up to 80 mm in diameter. The sliding bicycle bars, attachment arms that can be removed with one hand and securing feet with quick-release fasteners all come in particularly useful during loading. The tailgate can still be opened when the bicycle carrier is fitted and no bikes are attached. | TL | CL | PA | HL |

**03 Wind and rain deflector.** The deflector effectively reduces spray and wind noise when driving with the window slightly open. It also provides shade when the sun shines in from the side. The deflector's shape is customised to fit the vehicle and can be attached without drilling or adhesives. | TL | CL | PA | HL |

**04 Basic carrier.** The lockable, city-crash-tested roof bars made of anodised aluminium profile bars are available for the Multivan. They are designed for loads of up to 45 kg, and can be fitted with different carrier systems. | TL | CL | PA | HL |

**05 Roof box.** These large high-gloss black boxes are easy to secure to the roof bars with the quick-release fasteners, and have a capacity of 340 or 460 litres. The DuoLift system enables the boxes to be opened from either side. Both boxes can be conveniently sealed with a 3-point central locking system. | TL | CL | PA | HL |

**06 Ski and snowboard carrier.** The lockable ski holder can be easily mounted onto the roof bars and allows you to transport up to six pairs of skis, four snowboards or one wakeboard. The wide opening buttons and convenient pull-out function make loading and unloading as easy as possible, even when wearing thick gloves. | TL | CL | PA | HL |

**07 Luggage net.** The tear-resistant, elastic net is simply secured to the lashing eyes in the load compartment using the integrated hooks. This ensures that small and medium-sized objects remain in place. | TL | CL | PA | HL |

**08 Luggage compartment lining.** The light, flexible insert precisely fits the contours of the Multivan. A raised rim of approx. 5 cm around the edge provides protection from moisture and dirt. The diamond pattern on the liner has a non-slip effect. When not in use, the luggage compartment lining can be rolled up to save on space. | TL | CL | PA | HL |

**09 G0 infant carrier plus ISOFIX.** This seat system offers newborn babies and infants up to 15 months old (or weighing up to 13 kg) a high level of comfort and optimum protection. The seat's frame, which is firmly secured to the vehicle using the ISOFIX anchor points, is a base for the portable seat shell. The individual seat adjustment options and the height-adjustable 5-point harness ensure that the infant is safely secured in the seat shell. This seat system also has a removable sunshade, an adjustable carrying handle and a fabric cover that can easily be removed and washed. | TL | CL | PA | HL |

**10 G1 child seat ISOFIX DUO plus Top Tether.** This comfortable seat system offers children from 8 months up to 4 years old (or 9 to 18 kg) optimal support. The individually adjustable seat function and height-adjustable harness ensure that the child is safely secured in the seat shell. The seat is secured to the ISOFIX mounting points and to an additional top tether anchor point on the rear bench seat. | TL | CL | PA | HL |

**11 G2-3 ISOFIT child seat.** Children aged between three and twelve years (15 to 36 kg) can safely and comfortably travel thanks to height-adjustable sleep supports and by adjusting the height and angle of the seat to suit the individual needs of the child. The seat is attached using the vehicle's ISOFIX mounting points. The child is securely strapped into the child seat with the three-point safety belt. The backrest is removable. Additional child safety seats are of course also available for the Multivan. Your Volkswagen Commercial Vehicles dealership will be pleased to inform you about the complete range. | TL | CL | PA | HL |

\*The bicycle carrier for the boot lid shown is only available via Volkswagen Zubehör GmbH. Alternatively, for bicycles with a tubular frame diameter up to 55 mm, another bicycle carrier for the boot lid is available ex works. Bicycle carriers for the tow bar can be found on page 66. Volkswagen Accessories are offered by Volkswagen Zubehör GmbH, An der Trift 67, 63303 Dreieich, <https://shops.volkswagen.com>, and are only available from your Volkswagen dealership. Please contact your local Volkswagen dealership for details of the standard and optional equipment available in your country.

# Protected for up to five years – with the extended warranty.

With the Volkswagen Commercial Vehicles extended warranty, you can extend the two-year warranty on your Multivan by up to an additional three years. When purchasing a new vehicle, there are several variants with different terms and mileages to choose from. Depending on which offer you go for, you enjoy all of the benefits of the manufacturer's warranty for three, four or five years – with no excess. Your Volkswagen dealer will be pleased to advise you.

## Your benefits

- Best possible all-round protection for up to five years
- All of the benefits of the two-year manufacturer's warranty
- No excess
- Choose the term/mileage combination that works for you:
  - + one year, max. 60,000 km
  - + two years, max. 80,000 km
  - + three years, max. 100,000 km
- Personal support from your authorised dealer
- Choose from any authorised workshop at home or abroad\*
- All repairs with genuine parts
- Value retention and higher resale value
- Can be ordered at any stage prior to vehicle handover

\*Applies to the EU, Norway and Switzerland. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.
